Report of Independent Auditors

The Participants and Plan Administrative Committee
Pendleton Woolen Mills, Inc. Profit Sharing Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pendleton Woolen Mills, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Schedule H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pendleton Woolen Mills, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pendleton Woolen Mills, Inc. Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of Pendleton Woolen Mills, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pendleton Woolen Mills, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Pendleton Woolen Mills, Inc. Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Pendleton Woolen Mills, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following brief description of the Pendleton Woolen Mills, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution salary deferral and profit sharing plan for salaried employees of Pendleton Woolen Mills, Inc. (the Company and Plan Sponsor). Administration of the Plan is performed by an Administrative Committee composed of employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – All salaried employees of the Company are eligible to participate in the Plan upon hire. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any profit sharing contributions and any allocation of forfeitures. In addition, the plan was amended effective January 1, 2022 to expand eligibility, excluding only temporary, as defined by the Company, and union employees. Note 10 provides further disclosure of certain subsequent events that did not result in recognition in the financial statements.

Contributions

Participant contributions – Each year, participants may contribute a portion of their calendar year compensation, subject to annual individual deferral limitations under the Internal Revenue Code (IRC). Following 45 days of employment, eligible participants are automatically enrolled to contribute 3% of calendar year compensation and may opt out of contributions at their discretion. Unless an eligible participant elects otherwise, contributions for each active participant having automatic enrollment contributions made on their behalf shall be increased by 1% annually, not to exceed 10% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer profit sharing contributions – The Company may elect to make discretionary annual profit sharing contributions in an amount determined by the Board of Directors. Profit sharing contributions are allocated to participants in the same proportion as a participant's eligible compensation bears to the total of all eligible participants' compensation, as adjusted based on the terms of the integrated formula defined by the Plan. For the years ended December 31, 2021 and 2020, the Company made profit sharing contributions of \$750,000 and \$771,383, respectively, which were paid subsequent to the plan year ends.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's profit sharing contributions, forfeitures, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of all contributions into various investment options offered by the Plan.

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides that the Company's profit sharing contributions vest at the rate of 10% for the participant's first two years of qualified service and 20% for each additional year after the first two years of qualified service until the participant is fully vested after six years of qualified service. In addition, the Company's profit sharing contribution fully vests in the event of death, termination as a result of permanent and total disability, or retirement at age 65 or older.

Notes receivable from participants – Participants may borrow from their Plan accounts a minimum of \$1,000 or up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding note balance in their account during the prior 12-month period. The loans are issued by the Plan and secured by the balance in the participant's account. Participants may have two notes outstanding at any given time. Principal and interest are paid ratably through payroll deductions. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed twenty years. Under the terms of the Plan, plan loans will bear a reasonable interest rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. As of December 31, 2021, the rate of interest on all outstanding loans ranged from 3.25% to 5.50% with various maturities through August 2036.

Payment of benefits – On termination of service for any reason, a participant is eligible to receive benefit payments in the amount equal to the value of the participant's vested interest in his or her account. A participant may elect to receive either a lump-sum amount equal to their account, or monthly, quarterly, or annual installments over a period of time that shall not exceed the life expectancy of the participant or designated beneficiary. A participant is also eligible to receive benefit payments up to the value of the participant's deferral account upon reaching age 59 ½. Unless a participant timely elects otherwise, for vested account balances of \$1,000 or less, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. For vested account balances between \$1,000 and \$5,000, the value of the vested interest will be rolled over to an individual retirement plan designated by the Plan administrator.

Hardship withdrawals – In the event of financial hardship, as defined, a participant is entitled to withdraw a specified portion of the balance in the participant's elective deferral account. No withdrawal in any portion may be made from the participant's balance from employer contributions or from any earnings on the account.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan at the close of the plan year and allocated to participants in the subsequent period. Forfeitures are allocated to participants in the same proportion as a participant's eligible compensation bears to the total of all eligible participants' compensation. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$50,921 and \$29,520, respectively, and were allocated to participants subsequent to year end.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. The Plan's trustee, Fidelity Management Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year-end to comply with regulatory contribution limitations.

Payments of benefits – Benefits are recorded when paid.

Expenses – Although not required, administrative expenses of operating and maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. Note 10 provides disclosure of certain subsequent events that did not result in recognition in the financial statements.

The Plan has evaluated subsequent events through August 30, 2022, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund – Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus the liabilities, and then divided by the number of the units outstanding. There are no redemption restriction or redemption notice periods for the CTs, and the CTs can be redeemed daily.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31:

Fair Value Measurement at December 31, 2021				
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

Note 4 – Tax Status

The Plan is a pre-approved defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. It is reasonably possible, given the level of risk associated with investment securities, that changes in the value of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 6 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividends and interest, revenue sharing agreement income, and interest income from notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2021.

Notes to Financial Statements

Note 7 – Party-in-Interest Transactions

Plan investments include shares of registered investment company and collective trust funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, transactions with these entities represent exempt party-in-interest transactions.

Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 9 – Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits, per the financial statements	\$ 78,882,820	\$ 68,534,729
Adjustment from NAV practical expedient to fair value	<u>24,346</u>	<u>-</u>
Net assets per the Form 5500	<u><u>\$ 78,907,166</u></u>	<u><u>\$ 68,534,729</u></u>

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on the Form 5500 for the year ended December 31, 2021:

Change in net assets available for benefits	
per the financial statements	\$ 10,348,091
Change in adjustment from NAV practical expedient to fair value	<u>24,346</u>
Net income per the Form 5500	<u><u>\$ 10,372,437</u></u>

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

Note 10 – Subsequent Events

Subsequent to December 31, 2021, the Board of Directors approved an amendment to the Plan effective January 1, 2022 to allow discretionary employer matching contributions, subject to a 2 year cliff vesting schedule, expanded eligibility to include all but temporary (as defined by the Company) and union employees, and amended the retirement age from 65 to 62. For the year ending December 31, 2022, the Board approved a 3.5% employer match on 6% employee contribution (or 100% of the first percent and 50% of the next 5% of employee contributions). In addition, the Plan name was amended to Pendleton Woolen Mills, Inc. 401(k) and Profit Sharing Plan.
