Independent Auditor's Report

Board of Trustees
Teamsters Union Local 293 Pension Plan

Opinion

We have audited the financial statements of Teamsters Union Local 293 Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits in liquidation for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefit of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available for be issued.

To the Board of Trustees
Teamsters Union Local 293 Pension Plan

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user made based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Board of Trustees
Teamsters Union Local 293 Pension Plan

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021 and of Schedule H, Line 4j – Schedule of Reportable Transactions, for the year ended December 31, 2021 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Teamsters Union Local 293 Pension Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of Plan

The following description of Teamsters Union Local 293 Pension Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a multiemployer collectively bargained defined benefit pension plan covering individuals represented by Teamsters Local Union No. 293 (the “Local”). In addition, the Plan covers administrative personnel employed by the Local. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by a Board of Trustees. The Plan’s Board of Trustees has overall responsibility for the operation and administration of the Plan. The Plan’s Board of Trustees determines the appropriateness of the Plan’s investments and monitors investment performance. Effective December 31, 2009, the Plan’s Board of Trustees declared a mass withdrawal under the provisions set forth in ERISA and terminated the Plan.

Funding Policy

The Plan was funded by employer contributions pursuant to collective bargaining agreements and a participation agreement. The contributions were designed to fund the Plan’s current service costs on a current basis and to fund the past service liabilities arising from qualifying service. Due to the mass withdrawal, employers ceased contributions to the Plan and a withdrawal liability was assessed. The Plan’s funding is achieved through investment earnings and payments of principal and interest made by employers subject to the withdrawal liability.

Pension Benefits

Participants are eligible to receive normal retirement benefits at the age of 65 and after five years of vesting service. The retirement benefit is reduced proportionately if a participant has less than 30 years of credited service at retirement.

Participants are eligible to receive an early retirement benefit at age 50 but must have 10 years of vesting service. This benefit is reduced by an actuarial equivalence, but is not reduced for participants at age 62 and after five years of vesting service.

Death Benefits

If an active or separated participant becomes deceased with a deferred vested benefit before the age of 50, and has completed 10 years of vesting service, a death benefit equal to the amount that was due to the participant under a joint survivor 50% pre-retirement annuity would be payable to the surviving spouse. If death is after the age of 50, they must have had at least five years of vesting service for the surviving spouse to receive benefits as the participant’s beneficiary.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (FASB), which established the FASB Accounting Standards Codification (ASC) as the single source of authoritative accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by its investment adviser and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Withdrawal Liability Receivable

The Plan's actuary has calculated a net withdrawal liability for each employer. The estimated net withdrawal liability owed to the Plan was \$27,282,958 and \$29,026,847 at December 31, 2021 and 2020, respectively. This amount is received from employers in monthly or quarterly installment payments. During the years ended December 31, 2021 and 2020, \$0- and \$630,859 of the outstanding withdrawal liability receivable was written off as being uncollectible, respectively.

Subsequent to year-end, an employer settled its entire withdrawal liability obligation with the Plan in a lump-sum payment. The amount of the balance at December 31, 2021, which was settled, was \$574,599.

Note 2: Summary of Significant Accounting Policies (continued)

Property and Equipment

Purchased property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives ranging from 5 to 10 years.

Cash

The Plan considers all highly liquid investments with original maturities of three months or less to be cash. The Plan maintains its cash account at a national financial institution. The balance, at times may exceed federally insured limits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Plan management has evaluated subsequent events for the Plan through August 3, 2022, the date the financial statements were available to be issued.

Note 3: Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. The accumulated plan benefits for active participants are based on their accrued credited service as of the benefit information date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to participant service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Note 3: Actuarial Present Value of Accumulated Plan Benefits (continued)

The following reflects the actuarial present value of accumulated plan benefits as of December 31, 2020:

Actuarial present value of accumulated plan benefits:	
Pensioners and beneficiaries	\$ 95,539,749
Vested participants and eligible spouses	39,602,146
Expense loading	<u>847,761</u>
Total actuarial present value of accumulated plan benefits	\$ <u>135,989,656</u>

The following reflects the changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2020:

Actuarial present value of accumulated plan benefits, at beginning of year	\$ 124,313,917
Increase (decrease) during the year attributable to:	
Change in actuarial assumptions to those prescribed by the Pension Benefit Guaranty Corporation (PBGC)	18,190,267
Benefits paid	<u>(6,514,528)</u>
Actuarial present value of accumulated plan benefits, at end of year	\$ <u>135,989,656</u>

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2021. Had the valuation been performed as of December 31, 2020 there would be no material difference.

The significant actuarial assumptions used in the valuation as of December 31, 2020 were as follows:

- Interest rate: 1.62% for 20 year and 1.40% thereafter
- Mortality rate: Rates published by the PBGC for December 31, 2020 under ERISA Section 4044 for healthy and disabled lives.
- Retirement age: Participants currently eligible to begin receiving benefits but not yet in pay status are assumed to retire on the valuation date. Other participants not yet in pay status are assumed to retire at the earliest date that a benefit could be elected (earliest age per ERISA Section 4281.12(b)).
- Benefit election: All participants are assumed to elect the life annuity.
- Administrative expense: \$10,000 plus \$200 per vested participant, plus a percentage (defined by statute) of the excess of the value of benefits over \$200,000.

Note 4: Plan Termination

At January 1, 2009, the Plan was certified as seriously endangered under the Pension Protection Act of 2006 (PPA). The Plan was in seriously endangered status because its funded percentage was less than 80% and a funding deficiency was projected in seven years. In accordance with the PPA, the Plan was required to either (1) adopt a “Funding Improvement Plan” aimed at improving the funded status of the Plan over a funding improvement period of up to 15 years, or (2) elect to freeze the “Zone Status” of the Plan for 2009 at the level it was assigned for 2008 (i.e., Green Zone) under the Worker, Retiree and Employer Recovery Act of 2008 (WRERA). The Plan’s Board of Trustees elected to freeze the “Zone Status” for 2009 under WRERA.

In response to the projected seriously endangered status of the Plan under the PPA for 2010 and the inability of the Local and the remaining contributing employers to reach a consensus on a plan to obtain Green Zone Status on a long-term basis, the remaining contributing employers individually decided to discontinue contributions to the Plan as of December 31, 2009. As a result, the Plan’s Board of Trustees declared a mass withdrawal under the provisions set forth in ERISA and terminated the Plan effective December 31, 2009. Thereafter, the Plan’s Board of Trustees agreed to amend the Plan to effectuate the Plan termination based on a mass withdrawal. The amendment, effective December 31, 2009, allowed the remaining contributing employers to withdraw from participation in the Plan.

Additional provisions of the amendment were as follows:

- (i) Effective December 31, 2009, no participant shall accrue any further benefits under the Plan. The accrued benefit for each participant shall be frozen as of December 31, 2009.
- (ii) No employer shall have any further obligation under any collective bargaining agreement or participation agreement to make any contributions to the Plan.
- (iii) No participant shall be credited with any service for employment after December 31, 2009.
- (iv) As of December 31, 2009, all participants in the Plan are vested in their accrued benefits earned as of such date and these benefits shall not be forfeited.
- (v) No participant shall earn any further years of eligibility service or further hours of service related to the Plan.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination.

The PBGC’s guarantee of benefits in a terminated, multiemployer plan, payable as financial assistance to the Plan, only starts if and when the Plan is unable to make payments at the statutorily guaranteed levels. Whether all participants receive their benefits will depend on the sufficiency of the Plan’s net assets to provide for accumulated benefit obligations and the level of benefits guaranteed by the PBGC.

Note 5: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market fund: Valued at cost plus accrued interest, which approximates fair value.

Common collective trusts and real estate investment trust: Valued at the net asset value (NAV) of units of the trust. The NAV, as provided by the investment's manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption, the issuer reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly manner.

Equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Notes to Financial Statements

December 31, 2021 and 2020

Note 5: Fair Value Measurements (continued)

Registered investment companies: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>2021</u>

*In accordance with the "Fair Value Measurement" topic of the FASB ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits in liquidation.

Note 5: Fair Value Measurements (continued)

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2021 and 2020, respectively.

Investment	Fair Value		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2021	2020		
AFL-CIO Equity Index Fund	\$ 36,642,901	\$ 34,117,043	Daily	N/A

	<u>\$ 49,835,408</u>	<u>\$ 46,104,705</u>		

(a) The purpose of the fund is to acquire, own, hold for investment and ultimately dispose of investments in real estate and real estate related assets with the intention of achieving current income, capital appreciation or both. The fund has elected to be treated as a real estate investment trust.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits in liquidation.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In early calendar 2020, the Plan began dealing with the effects of the Coronavirus pandemic (COVID-19). Disruptions to business operations, including government mandated actions and employee, supplier and customer related challenges have impacted many businesses. The financial markets have experienced high volatility. The effects of COVID-19 has continued subsequent to year-end and management is unable to determine the impact it will have on the Plan.

Teamsters Union Local 293 Pension Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 7: Tax Status

The Plan obtained its latest determination letter on August 9, 2011, in which the Internal Revenue Service (IRS) states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Related-Party and Party-in-Interest Transactions

The Local is subject to a withdrawal liability owed to the Plan. The total withdrawal liability receivable totaled \$447,744 and \$469,362 at December 31, 2021 and 2020, respectively. Interest on employer withdrawal liability earned from the Local was \$22,606 and \$23,634 for the years ended December 31, 2021 and 2020, respectively.

The Plan pays contributions to Teamsters Union Local 293 Welfare Fund (the "Welfare Fund") in order to obtain benefit coverage for its employee. Total contributions made to the Welfare Fund during the years ended December 31, 2021 and 2020 was \$14,161 and \$12,367 respectively.

The Plan received reimbursements from the Local and the Welfare Fund for postage. Reimbursements received during the years ended December 31, 2021 and 2020 from these entities was \$6,781 and \$7,692, respectively.

The Plan received reimbursements from the Welfare Fund, Dairy Union Employees Benefit Fund, and Dairy Union Employees' Welfare Fund for expenses incurred by the Plan's employee in administering them. These expenses are based upon time spent by the Plan's employee. For the years ended December 31, 2021 and 2020, the Plan received reimbursements of \$33,325 and \$35,097, respectively.

The Plan subleases space from and pays rent and common area expenses to the Local. Total rent and common area expenses paid to the Local for the years ended December 31, 2021 and 2020 was \$8,117 and \$8,265, respectively.

Note 8: Related-Party and Party-in-Interest Transactions (continued)

Future minimum rental commitments to the Plan's sublease with the Local are as follows for the years ending December 31:

2022	\$	4,677
2023		4,677
2024		1,169

Certain Plan investments are managed by custodians of the Plan. Therefore, these investments and transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. In addition, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

Note 9: Administrative Expenses

Administrative expenses incurred by the Plan consisted of the following for the years ended December 31:

	<u>2021</u>	<u>2020</u>
