Colorado Springs, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of IntelliTec College, 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matter that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements, themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any audit procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INTELLITEC COLLEGE, 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021

Note 1: Description of the Plan

The following description of the IntelliTec College, 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of DVMD, LLC dba IntelliTec College (the Company). All Company employees who complete three months of service and are age 21 or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. Plan management adopted the CARES Act distribution provision which allowed a withdrawal of up to \$100,000 (or 100% of the vested account balance if less than \$100,000) from the account without the 10% penalty on withdrawals prior to reaching age 59 ½. Additionally, Plan management adopted the provision allowing 401(k) loan payment deferrals through December 31, 2020.

Contributions

Each year, participants may contribute up to 90% of their annual compensation up to the federal maximum, whichever is less, as defined in the Plan. Participants may make pre-tax elective deferral and Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides automatic enrollment for participants at a rate of 3% of pre-tax eligible compensation.

The Company may contribute discretionary matching and/or profit sharing contributions, the amount of which are determined annually. To be eligible for the discretionary matching contribution, the participants must be contributing to the plan and must complete one year of service. Total discretionary matching contributions made for the year ended December 31, 2021 was \$29,395. The Company did not elect to make any discretionary profit sharing contributions for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan, Continued

Vesting

Participants are immediately vested in their participant and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and/or profit sharing contribution portion of their accounts is based on years of continuous service. Participants are 25% vested after one year of service and are 100% vested after two years of eligible service.

Investment Options

The Plan provides participants with various registered investment companies and common collective trust investment options. Plan participants may direct the change of their investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to \$500 and a maximum equal to the lesser of \$50,000 or 50% of the vested interest in their account. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years, or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear a reasonable rate of interest equal to the prime rate as published in the Wall Street Journal plus one percent. Principal and interest is paid ratably through payroll deductions. An outstanding note receivable can be paid in full, at any time and participants may not have more than one note receivable outstanding at any time.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or deferment over a period not exceeding the participant's age of 59 ½. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum or substantially equal annual distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeitures

Forfeitures can be made available to pay Plan expenses or to reduce employer contributions under the Plan. During the year ended December 31, 2021, there were no forfeitures applied to pay Plan expenses or to reduce employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and are not reflected in the accompanying financial statements of the Plan. Certain transaction and processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2020 financial statement have been reclassified to conform to the 2021 presentation.

Note 3: Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (Reliance), the Plan's trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividend income and interest income on notes receivable from participants for the year ended December 31, 2021, as included on the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of December 31, 2021, as shown on Schedule H, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

INTELLITEC COLLEGE, 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2021

Note 4: Fair Value Measurement, Continued

The following is a description of the valuation methodologies used for the investments measured at fair value.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents values of the shares held by the Plan at year-end and the Plan has concluded that these investments should be classified as Level 1.

Common collective trusts - These investments are valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the common collective trust funds underlying assets. Unit value or net asset value per unit is determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Net asset value is used to estimate fair value. Investments in the common collective trust are categorized as Level 2. The collective trusts are invested in mutual funds, separate accounts and collective trusts. The investment objectives and underlying investments of the common collective trusts vary with the objective of long term growth of capital and current income with the investment strategy within a specified expected retirement age. There were no unfunded commitments and the investment can be redeemed on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows:

		<u>Fair Value Measurement Using:</u>	
		Quoted Market Price (Level 1)	Significant Other Observable Inputs (Level 2)
		<u>Fair Value</u>	<u>(Level 2)</u>
<u>December 31, 2021</u>

Total assets at fair value	<u>\$ 228,419</u>	<u>\$ 228,419</u>	<u>\$ 136</u>

Note 5: Party-in-interest Transactions

Certain Plan investments are managed by Reliance, trustee, as defined by the Plan and is a party-in-interest. ADP Retirement Services (ADP) is the record-keeper and the administrative provider for the Plan. The Plan incurred certain administrative expenses of \$3,121 for the year ended December 31, 2021. The Company pays any other fees related to the Plan's operations.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

INTELLITEC COLLEGE, 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2021

Note 7: Tax Status

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan that has received a favorable opinion letter from the Internal Revenue Service (IRS) letter dated July 16, 2014. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Pandemic

In March 2020, the World Health Organization designated COVID-19 a pandemic. COVID-19 had a significant effect on overall economic conditions in nearly all regions around the world. The COVID-19 pandemic has caused volatility in financial markets and may continue to affect the market price of the Plan's investments and other plan assets. Due to the uncertainty of the duration and the continued effects of this pandemic, the near and long-term financial effects cannot be reasonably estimated at this time.
