INDEPENDENT AUDITORS' REPORT

To the Administrator of the
UCB, Inc. 401(k) Retirement Plan
Smyrna, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the UCB, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the UCB, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the UCB, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the UCB, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the UCB, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the UCB, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UCB, Inc. 401(k) Retirement Plan
Smyrna, Georgia

We were engaged to audit the accompanying statement of net assets available for benefits of the UCB, Inc. 401(k) Retirement Plan, as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the 2020 Financial Statement

Management is responsible for the preparation and fair presentation of the 2020 financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2020 Financial Statement

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2020 Financial Statement

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the Plan administrator that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. UCB, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of plan:

The following description of the UCB, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Primary Sponsor of the Plan is UCB Holdings, Inc. The Plan is a defined contribution plan covering substantially all employees of UCB Holdings, Inc., UCB, Inc., UCB Biosciences, Inc., UCB Pharco, Inc., UCB Pharma, Inc., UCB Manufacturing, Inc., UCB Technologies, Inc., and RA Pharmaceuticals, Inc. (collectively known as the Company, Plan Sponsor, UCB, or Plan Administrator).

The Plan's eligibility requirements are as follows: for eligible employees classified as full-time and scheduled to work at least 24 hours per week, completion of one hour of service, and for each other eligible employee, completion of 12 consecutive months of service during which the employee completes no less than 1,000 hours of service. Employees must be at least 18 years of age to participate in the Plan. Plan entry is immediate upon completion of the preceding eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). See Note 7.

Amendments

Effective March 1, 2020 the Plan was amended to allow for in-Plan Roth rollover contributions and in-Plan Roth conversions. Additionally, this amendment modified the allowable forms of distribution to include monthly, quarterly, and annual installment options in addition to the existing lump-sum distribution option.

The Plan Sponsor adopted the provisions of the CARES Act in April 2020. The major provisions affecting the Plan that were adopted are as follows:

- The 10% penalty relating to distributions made before age 59 1/2 is not applicable for coronavirus-related distributions.
- Any coronavirus-related distributions may be repaid by participants within three years at the discretion of the participant. Repayment of these distributions will be treated as rollover contributions.
- The 20% withholding requirement is waived for coronavirus-related distributions.

Note 1 - Description of plan - continued:

Amendments - continued

- The maximum loan amount for qualified loans is increased from the lesser of \$50,000 or 50% of the participant's vested account balance to the lesser of \$100,000 or 100% of the participant's vested balance. The modification of the loan provisions extends for 180 days after the adoption of the CARES Act amendment.
- For participants who meet the coronavirus-related distribution definition who have an outstanding loan balance on or after the enactment date and loan payments due from the date of enactment through December 31, 2020 may delay payments on those loans for one year. The five-year loan repayment limit period may be disregarded for the purpose of payment of any accrued and delayed loan interest payments.
- Required minimum distributions may be forgone for the 2020 Plan year.

Effective October 1, 2020, the Plan was amended to allow for RA Pharmaceuticals, Inc. (RA Pharm) employees to begin participating in the Plan. This entity was acquired by the Plan Sponsor during 2020. This amendment also made RA Pharm a participating employer in the Plan. The assets and associated employee notes receivable in the RA Pharm plan were transferred into the Plan on October 1, 2020. All participants who were actively participating in the RA Pharm plan were automatically enrolled in the Plan on that date. See note 7.

Effective January 1, 2021, the Plan Sponsor executed a restated Plan document. The restated Plan document is essentially the same as the previously existing Plan document but is updated for various changes in laws pertaining to employee benefit plans. The restated Plan document also explicitly excludes employees of The RNA Medicines Co., Inc. and employees of RA Pharm from participation in the Plan. See Note 7.

Contributions

Participants classified as non-highly compensated employees may elect to contribute from 1% to 75% of eligible compensation on a pre-tax or after-tax basis, through payroll deductions. Participants classified as highly compensated employees may elect to contribute from 1% to 13% of eligible compensation on a pre-tax or after-tax basis, through payroll deductions. Participants who have attained age 50 before the end of the Plan year are permitted to make catch-up contributions. The Company provides a non-discretionary employer matching contribution equal to 100% of each participant's pre-tax or after-tax contribution up to a maximum of 5% of eligible compensation contributed, as defined.

The Company provides a year-end employer match true-up contribution for all participants. The Company made employer matching and match true-up contributions of \$14,457,427 for the 2021 Plan year. Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

The Plan also has a retirement savings contribution benefit in an amount equal to a percentage of the participant's compensation based upon the participant's age on the last day of the Plan year, and is allocated in accordance with the following schedule:

<u>Age</u>	<u>Retirement Savings Contribution Percentage</u>
21 - 24	3.5%
25 - 34	4.0%
35 - 44	5.0%
45 - 49	6.0%
50 - 54	7.0%
55 - 59	8.0%
60 or older	9.0%

An additional retirement savings contribution is allocated to each participant who (i) was age 45 or older as of December 31, 2005, and (ii) had at least seven years of vesting service as determined under the UCB, Inc. Defined Benefit Pension Plan as of December 31, 2005, in accordance with the following schedule:

To receive a retirement savings contribution, a participant must be employed on the last day of the Plan year, or must have retired, died, become permanently disabled, terminated due to a reduction of workforce, or attained age 60 prior to termination of employment during the Plan year. The Company made retirement savings contributions of \$18,343,674 for the 2021 Plan year, of which \$1,743,317 was funded from forfeited accounts. This contribution was made in the subsequent Plan year. Contributions are subject to certain limitations under the IRC.

Participants may direct both employee and employer contributions in 1% increments to any of the Plan's fund options. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's retirement savings contribution, Plan expenses, and Plan earnings.

Allocations are based on a combination of the participant's compensation, age and service, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeited accounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$1,602,403 and \$2,010,389, respectively, and are included in the common/collective trust fund on the statements of net assets available for benefits. During 2021, forfeitures totaling \$1,898,404 were used to reduce employer contributions to the Plan.

Note 1 - Description of plan - continued:

Payment of benefits

A participant is entitled to a distribution of the vested value of his or her account upon termination of service, disability, death, or retirement. Distributions are made in lump-sum payments. Upon attainment of age 59 1/2, a participant may elect to withdraw all or part of their deferral account and vested employer matching contribution account. In-service withdrawals of a participant's pre-tax contribution account and vested employer matching contribution account are permitted in cases of proven financial hardship. Participants may request distribution of their after-tax and rollover accounts at any time. If a participant's account balance is between \$1,000 and \$5,000 upon termination of service, the Plan Sponsor has the option to rollover the participant's account to an individual retirement account. If a participant's account balance is less than \$1,000 upon termination of service, a distribution of the participant's account will be made automatically in a single lump-sum cash distribution.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, excluding their retirement savings account. Note receivable terms range from one to five years, or up to ten years for the purchase of a primary residence. Participants may have two notes outstanding at any given time. Notes receivable are secured by the participant's account and bear interest at the prime rate published in *The Wall Street Journal* plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may prepay their notes at any time.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

UCB, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 1 - Description of plan - continued:

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, as determined by the Plan Sponsor. The Company absorbs a portion of the administrative expenses of the Plan. A flat fee per participant is charged quarterly to participant accounts. Additional fees charged for processing notes receivable from participants, as well as other account transaction fees, are charged directly to the accounts of applicable participants. The remaining expenses of the Plan are paid either by the Plan Sponsor or through the expense budget account (see Note 4). Plan expenses primarily consist of fees charged for loans, distributions, recordkeeping, investment consulting, auditing, and legal fees.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Common/collective trust fund

The Plan has an investment in the Vanguard Retirement Savings Trust which is a stable value investment. This type of investment is reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rates less withdrawals and administrative expenses.

This investment stipulates that if the Plan Sponsor initiates an event such as a merger, mass layoffs, plan termination, implementation of early retirement incentive programs, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the fund, all withdrawals attributable to these events that exceed a specified level are payable at fair value rather than at contract value. It is at least reasonably possible that one of these events could occur.

UCB, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Common/collective trust fund - continued

However, this investment is fully benefit-responsive at contract value. Participant-directed withdrawals in accordance with the Plan document are payable at contract value even if the withdrawal is precipitated by a Plan Sponsor initiated event, so long as the employee experiences a bona fide job loss. In the event of a spin-off or sale of a division where the employee does not experience a bona fide job loss, the issuer will make a clone contract available to the successor employer's plan.

In the event that the Plan is terminated, there is a material adverse change to the provisions of the Plan, or the employer elects to withdraw from a contract in order to switch to a different investment provider, the amount withdrawn from the investment would be payable at fair value rather than at contract value. The Plan's investment in the Vanguard Retirement Savings Trust is considered to be fully benefit-responsive.

Investment valuation and income recognition

The Plan's registered investment company fund investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

	Fair Value Measurements at December 31, 2021		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
			Total

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 23, 2022, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2021, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustee:

Certain information related to investments and notes receivable from participants disclosed in the accompanying 2021 financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, Reliance Trust Company.

For the 2020 plan year, the Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information disclosed in the accompanying 2020 financial statement, including investments held at December 31, 2020, was obtained or derived from information supplied to the Plan Administrator by the trustee, Reliance Trust Company.

Investments that represent 10% or more of the Plan's investments at December 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Fidelity Growth Company Fund	\$ 80,756,845	\$ 64,980,067

Note 4 - Related party transactions:

The trustee and its affiliates perform services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. The Plan pays a portion of the administrative expenses. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules.

UCB, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 4 - Related party transactions - continued:

The Plan had a services agreement with ADP, LLC whereby the Plan received revenue from contract asset charge fees related to certain investments of the Plan which was placed into an Expense Budget Account (EBA). The funds in the EBA can either be allocated to participants or used to offset amounts owed to the Plan's service providers for administrative and other services provided to the Plan. Effective January 1, 2017, the Plan Sponsor terminated this arrangement. The Plan Sponsor has indicated that the remaining amount left in the EBA is to be used to pay administrative expenses of the Plan until the funds are exhausted. During the year ended December 31, 2021, \$52,511 of the Plan's expenses were paid out of the EBA and are included in administrative expenses on the statement of changes in net assets available for benefits. As of December 31, 2021 and 2020, the Plan had available \$16,477 and \$68,228, respectively, of these monies for payment of future expenses or allocation to participants. The EBA is included in the Vanguard Retirement Savings Trust investment.

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts will become fully vested.

Note 6 - Tax status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 11, 2022 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2018.
