Report of Independent Auditors

To the Administrator of InterSystems Corporation 401(k)
Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of InterSystems Corporation 401(k) Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Administrator of InterSystems Corporation 401(k)
Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of InterSystems Corporation 401(k) Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

InterSystems Corporation 401(k) Profit Sharing Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following brief description of the InterSystems Corporation (the “Company” or “Plan Sponsor”) 401(k) Profit Sharing Retirement Plan (the “Plan”) is provided for general information purposes only. The disclosures herein are not intended to be an all-inclusive description of the Plan provisions which may affect individual accounts. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established effective March 1, 1984. Effective January 1, 2006, the Plan was changed from a standard prototype plan to a volume-submitter plan, which is similar to a prototype plan, but allows the Plan Sponsor to make certain minor changes without invalidating the Plan’s determination letter. The Plan covers all full-time, non-union U.S. employees of the Company who are age 21 or older. It is subject to the provisions of the Internal Revenue Code (“IRC”) and the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Sponsor

The Company, as the Plan Administrator, has the authority to appoint person(s) or entities to carry out the operations of the Plan.

Trustee of the Plan

Vanguard Fiduciary Trust Company (“Vanguard”) is the trustee of the Plan. The trustee holds the Plan’s investment assets, executes investment transactions, and makes distributions in accordance with instructions from the Plan Administrator.

Participant Contributions

Each year, participants may make pre-tax deferral contributions to the Plan of up to fifty percent of their eligible compensation, as defined in the Plan Document, or the amount allowable by law, whichever is lower. Participants whose pre-tax contributions are limited by statutory requirements may make additional catch-up contributions starting in the calendar year during which they reach the age of 50. Participants may also contribute amounts representing distributions from other qualified defined retirement savings plans, termed “rollover contributions”. Effective January 1, 2020, the Plan Sponsor amended the Plan Document to allow participants to contribute Roth 401(k) after-tax contributions into the Plan. Upon qualified distribution, participants will not be taxed on Roth 401(k) withdrawals, provided the participant has attained age 59½ or the withdrawal is made on account of death or disability. In order to be a “qualified distribution,” the distribution cannot be made prior to the expiration of a five-year participation period.

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage of participant salary deferrals. The Company did not make a matching contribution to the Plan for the year ended December 31, 2021.

The Company may also make an annual nonmatching discretionary contribution. The Company’s annual nonmatching discretionary contribution is divided into two equal parts with the resulting amounts then allocated to eligible participants. Fifty percent is allocated using a fixed dollar amount based on service points, as defined in the Plan Document. The remaining fifty percent is allocated to each participant based on the proportion of his or her eligible compensation, as defined in the Plan Document, to the total compensation pool. The nonmatching discretionary contribution for the year ended December 31, 2021 was \$6,797,235.

InterSystems Corporation 401(k) Profit Sharing Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Contributions are subject to certain limitations necessary to comply with the IRC.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions or withdrawals and earnings and losses thereon and an allocation of (a) the Company's discretionary matching contribution, if any, (b) the Company's discretionary nonmatching contribution, if any, and (c) Plan earnings or losses, less Plan administrative expenses, to the extent that forfeitures are not adequate to cover such expenses. Allocations are based on participant earnings or losses or account balances, as defined. The benefit to which a Plan participant is entitled is the amount that can be provided from the participant's vested balance.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers twenty-one different investment options, all of which are Vanguard registered mutual funds.

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings or losses thereon. Allocations of Company contributions and earnings or losses thereon become twenty percent vested after two years of service and vest an additional twenty percent each year thereafter until fully vested.

Notes Receivable from Participants

Effective January 1, 2017, Participant loans are not available. Participant loans taken prior to January 1, 2017 will continue to be administered under the terms in effect at the time the Participant loan was taken. Under the previous terms in effect, Participants were permitted to borrow up to a maximum amount equal to the lesser of \$50,000 or fifty percent of their vested account balance. A participant with loans previously in effect is permitted to have up to two loans outstanding at any one time. Loan terms are up to five years or longer for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions in periodic installments. All loans are considered party-in-interest transactions as defined by ERISA.

Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of his or her account either in a lump-sum distribution or in installments. Any balance less than \$5,000 is paid out as a lump-sum.

Forfeitures

Forfeitures of employer contributions are used to reduce the Plan's administrative expense or to fund future employer contributions. At December 31, 2021 and 2020, unallocated forfeitures totaled \$36,530 and \$3,726, respectively. The amount of unallocated forfeitures used to reduce employer contributions was \$558,322 for the Plan year ended December 31, 2021.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, and are in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

InterSystems Corporation 401(k) Profit Sharing Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in registered mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. Refer to Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged against the participant's account at the time the loan is extended. No allowance for credit losses has been deemed necessary as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded by the Plan upon deduction from the participants' pay. Company contributions are recorded by the Plan when declared.

Benefit Payments

Benefit payments to participants or beneficiaries are recorded when paid.

Administrative Expenses

All expenses incurred in the administration of the Plan are charged to and paid by the Company or the Plan, except for participant account maintenance fees, which are deducted from the individual participant accounts, and fees relating to participant loans, which are paid by the individual accounts of the participants utilizing the loan feature. The Company pays certain administrative costs relating to the Plan (e.g. audit, accounting, etc.) which are not reflected in these financial statements. For the year ended December 31, 2021, the Plan paid for \$5,426 of expenses related to the Plan's administration. Investment expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The Plan follows the provisions detailed within the guidance on fair value measurements for all financial assets and liabilities. Accounting Standards Codification 820, *Fair Value Measurement* ("ASC 820"), defines fair value, establishes a framework for measuring fair value in accordance with U.S. GAAP and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 requires that assets carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Each asset was assigned a level based on the hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

- Mutual funds – Valued at quoted market prices.

There has been no change in the valuation methodologies used at December 31, 2021 and 2020.

InterSystems Corporation 401(k) Profit Sharing Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following tables present information about the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total at December 31, 2021
Mutual funds	\$ 258,787,689	\$ -	\$ -	\$ 258,787,689
Total mutual funds	<u>\$ 258,787,689</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 258,787,689</u>

	Level 1	Level 2	Level 3	Total at December 31, 2020
Mutual funds	\$ 216,162,442	\$ -	\$ -	\$ 216,162,442
Total mutual funds	<u>\$ 216,162,442</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 216,162,442</u>

There were no transfers between the Level 1, 2, or 3 fair value categories during the years ended December 31, 2021 and 2020.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Vanguard Fiduciary Trust Company has certified to the Plan Administrator that the following information is complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021. This information has been relied on by the Plan Administrator in preparation of the Plan's financial statements and related supplemental schedule in accordance with ERISA:

- Investments, individually and in the aggregate, held by the Plan at fair value and cost, as of December 31, 2021 and 2020;
- Dividend income, interest income, and the net appreciation (depreciation) in the fair value of investments, individually and in the aggregate, for the year ended December 31, 2021;
- Notes receivable from participants, individually and in the aggregate, valued at unpaid principal plus accrued interest as of December 31, 2021 and 2020;
- Interest income earned on notes receivable from participants for the year ended December 31, 2021;

InterSystems Corporation 401(k) Profit Sharing Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

- All investment purchase and sales activity for the year ended December 31, 2021; and
- All information reported on the schedule of assets (held at end of year) as of December 31, 2021.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their employer contributions.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a determination letter dated June 3, 2011, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Party-in-Interest Transactions

The Plan invests in shares of certain investments managed by an affiliate of Vanguard Fiduciary Trust Company, which acts as the trustee for those investments as defined by the Plan Document, and therefore, these transactions qualify as party-in-interest transactions. Fees paid from the Plan to Vanguard Fiduciary Trust Company, the Plan's trustee, amounted to \$5,426 for the year ended December 31, 2021. Notes receivable from participants and fees paid for the audit of the Plan also qualify as party-in-interest transactions. The Plan Sponsor performs certain administrative and accounting functions on behalf of the Plan at no cost to the Plan.

8. Subsequent Events

The Plan has evaluated subsequent events through September 29, 2022, the date the financial statements were available to be issued. There were no events that require disclosure in the financial statements.
