REPORT OF INDEPENDENT AUDITORS

PLAN ADMINISTRATOR
LIBERTY STEEL PRODUCTS, INC. DEFINED BENEFIT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Liberty Steel Products, Inc. Defined Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Liberty Steel Products, Inc. Defined Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Liberty Steel Products, Inc. Defined Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Liberty Steel Products, Inc. Defined Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Liberty Steel Products, Inc. Defined Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Liberty Steel Products, Inc. Defined Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Liberty Steel Products, Inc. Defined Benefit Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information include in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Liberty Steel Products, Inc. Defined Benefit Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A – DESCRIPTION OF PLAN

The following description of Liberty Steel Products, Inc. (the “Company”) Defined Benefit Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to become participants upon completion of one year of continuous service and attaining the age of 21.

Contributions

The Company has agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. The actuarial cost method utilized by the Plan is the projected unit credit cost method. This method considers expected future pay increases in the calculation of liability and normal cost.

The Company's present intention is to make the required minimum annual contributions and such additional contributions as the Company may decide to make. The Plan has met the ERISA minimum funding requirements in 2021 and 2020.

Vesting

A participant becomes vested as follows:

Years of Service	Vested Percentage of Employer Contributions
Less than 5	0%
5 or more	100%

Payment of Benefits

Benefits for retired or terminated employees are based on the employee's highest consecutive 5-year average salary over the ten years prior to retirement age. Compensation is limited in accordance with Section 401(a) (17) of the Internal Revenue Code. In the event of the death of an active employee, the monthly benefit payable to the beneficiary is equal to the survivor's portion of the participant's joint and 50% survivor benefit, calculated at earliest retirement age, reduced on an actuarially equivalent basis for early commencement and for the 50% joint and survivor form of payment.

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's guaranty while other benefits may not be provided for at all.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at the discretion of the Board of Directors at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value, as determined by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative and recordkeeping fees of the Plan are paid by the Plan. The Plan Sponsor pays the audit fee.

Actuarial Present Value of Accrued Plan Benefits

Accrued plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accrued plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances--retirement, death, disability, and termination of employment--are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020 and net change in investment income and expenses for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's custodian, BNY Mellon, N.A.

NOTE D – FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Liberty Steel Products, Inc. Defined Benefit Plan
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE D – FAIR VALUE MEASUREMENTS (continued)

Level 2 fair value inputs are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted market prices in active markets for similar assets, quoted prices in markets that are not active for identical or similar assets and other market observable inputs such as interest rate, credit spread and foreign currency exchange rates observable in the marketplace or derived from market transactions.

Level 3 fair values are based on at least one significant unobservable input for the asset. Level 3 securities contain unobservable market inputs and as a result considerable judgment may be used in determining the fair values.

Certain investments are measured at fair value using the net asset value (NAV) per share, or its equivalent, as a practical expedient. These investments include commingled funds which may include money market funds, common collective trusts and pooled separate accounts which are typically valued using the NAV provided by the administrator of the fund. The Plan assets include money market funds. In accordance with accounting guidance, these investments have not been classified in the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market: As a practical expedient, valued at the net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Valued at quoted market prices on the last business day of the Plan year.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

U.S. federal agency securities: Valued on the basis of market valuations primarily furnished by an independent pricing service which employs various evaluation methods, utilizing the most appropriate method of each security. Such market valuations may represent the last quoted price on the securities' major trading exchange, quotes received from dealers or market makers in the relevant securities, or matrix pricing.

Corporate bonds: Valued using pricing models using observable inputs for similar securities. This includes basing value on yields available on comparable securities of issuers with similar credit ratings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE E – TAX STATUS

The Plan obtained its latest determination letter on September 17, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Certain parties provide services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. These services are parties-in-interest transactions. The Plan also invested in certain mutual funds and money market funds which are owned and managed by the Custodian. These transactions also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$37,425 and \$31,870 for the years ended December 31, 2021 and 2020, respectively.

NOTE G – RISKS AND UNCERTAINTIES

The Plan provides various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE H – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations were (a) life expectancy of participants; the 2012 Employee and Healthy Annuitant tables (with separate rates for contingent survivors) from the Pri-2012 mortality study projected generationally from 2012 using scale MP-2020 at January 1, 2021, the Pri-2012 mortality study projected generationally from 2012 using scale MP-2019 at January 1, 2020; (b) retirement age assumptions - for 2021 and 2020 it is assumed that 50% of the participants will have retired at age 65, 67% at age 66, and 100% at age 67; (c) the assumed salary increase was 3.00% per year for 2021 and 2020; (d) expected return on assets for 2021 and 2020 is 5.30% and 6.50%, respectively and (e) single equivalent discount rates of 2.36% and 3.10% at January 1, 2021 and 2020, respectively. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accrued plan benefits.

Decrement Timing	Beginning of year decrements
Surviving Spouse Benefit	It is assumed that 100% of males and 100% of females have an eligible spouse, and that males are three years older than their spouses.
Valuation Compensation	2020 pensionable earnings as provided by Liberty Steel Products, Inc.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$230,000 and the IRC section 401(a)(17) compensation limit of \$290,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior year, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

For ERISA Requirements

Decrement Timing	Beginning of year decrements
Surviving Spouse Benefit	It is assumed that 100% of males and 100% of females have an eligible spouse, and that males are three years older than their spouses.
Valuation Compensation	2020 pensionable earnings as provided by Liberty Steel Products, Inc.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$230,000 and the IRC section 401(a)(17) compensation limit of \$290,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior year, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2019 Plan Year	7.00%, limited to 6.11%
2020 Plan Year	6.50%, limited to 5.94%
2021 Plan Year	5.30%
Trust Expenses Included in Target Normal Cost	The normal cost for funding purposes includes assumed expenses equal to the actual general administrative expenses paid by the trust in the previous year. Examples of general administrative expenses include trustee and actuarial fees.
Actuarial Method	Standard unit credit cost method
Valuation Date	January 1, 2021

Schedule SB, Part V—Summary of Plan Provisions

General Information

Original Effective Date:	April 15, 1972
Effective Date of Last Amendment:	March 31, 2015
Plan Year:	January 1st to December 31st
Employer Fiscal Year:	January 1st to December 31st
Employer ID Number:	25-1148253
Plan Administrator's ID Number:	25-1148253
Plan Number:	001
Plan Administrator:	Liberty Steel Products, Inc.

Eligibility

All employees of the Employer are eligible to participate in the Plan as of the January 1 or July 1 next following the completion of one qualifying year of service and attainment of age 21. Those employed prior to January 1, 2002 had prior eligibility requirements.

Service

Service shall equal total years of service with the Employer. A year of service is credited for each plan year in which an employee works 1,000.

A break in service occurs at the start of any plan year in which the employee works 500 Hours or less for the Employer in such year. Service will not be interrupted by:

- (1) A leave of absence granted by the Employer.
- (2) A period of service in the Armed Forces of the United States under which employment rights are granted.
- (3) Transfer of employment from one participating Employer to another.
- (4) Maternity/paternity leave.

An employee will be given credit for his pre-break service if either of the following occurs:

- (1) The employee had a vested interest in his accrued benefit at the time of his break in service, or
- (2) The employee's period of absence was less than the greater of his pre-break service or 5 years.

Normal Retirement Date

Normal Retirement Date is the later of the first day of the month coincident with or next following of attainment of age 65 and the 5th anniversary of participation.

Normal Retirement Benefit

The amount of annual benefit based on service to Normal Retirement Date is one percent of Average Compensation multiplied by years of service, up to 25 years of service. For employees hired prior to July 1, 1994, the Normal Retirement Benefit is 25% of Average Compensation.

The maximum benefit payable from the Plan is \$1,500 per month.

Delayed Retirement

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement the benefit based on service and compensation as of actual Retirement Date. Suspension of benefits notices are distributed upon the attainment of normal retirement age.

Average Compensation

The average of the highest five consecutive plan years of basic compensation paid during the 10 years preceding actual retirement date. Compensation for each year shall not exceed the IRC Section 401(a)(17) limit.

Accrued Benefit

The Accrued Benefit at any time prior to a participant's Normal Retirement Date shall be the Normal Retirement Benefit calculated using Average Compensation as of the accrual date and service as of the Normal Retirement Date. This benefit is then multiplied by a fraction, not to exceed one, the numerator of which is the years of service as of the date of determination and the denominator of which is the years of service at the Normal Retirement Date.

Early Retirement Benefit

Upon the completion of 10 years of Credited Service and the attainment of age 55, a participant may elect to retire. He may receive an immediate benefit equal to the Normal Retirement Benefit based on service at early retirement and actuarially reduced for early retirement.

Disability Retirement Benefit

A participant who ceases to be employed on account of disability before his Normal Retirement Date is eligible to receive a disability benefit equal to the Accrued Benefit reduced actuarially for payment before the Normal Retirement Date.

Death Benefit

In the event of a participant's death, the beneficiary shall receive a benefit based on the participant's vested Accrued Benefit as of the date of death, but payable as if the participant had separated from service on the date of death, survived to his Normal Retirement Date, elected a Joint and 50% Survivor Annuity, and died on the day. An equivalent benefit is payable the month following death.

Severance Benefit

Upon the termination of employment after 5 or more Years of Service a participant shall have a vested interest in his Accrued Benefit which will be payable at Normal Retirement Date. The percentage vested shall be:

<u>Years of Service</u>	<u>Vested Percent</u>
Fewer than 5	0%
5 or more	100%

In the event that a participant has met the service requirements for Early Retirement at the date of termination, he may elect to receive his vested interest at age 55. Such benefit will be reduced as described under Early Retirement Benefit.

Employees hired prior to January 1, 2002 are automatically vested.

Normal Form of Payment

The Normal Form of Payment is an annuity paid in monthly installments for life with 120 payments guaranteed.

Optional Methods of Settlement

All Optional Methods of Settlement are actuarially equivalent to the Normal Form of Payment. If a married participant does not elect the Normal Form of Payment or does not elect one of the Optional Methods of Settlement described below, then the participant's Retirement Benefit shall automatically be paid under option [1] below. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with one-half of the reduced benefit to be continued to his spouse for her lifetime after his death.
- (2) A reduced benefit to be paid during the participant's lifetime with three-fourths of the reduced benefit to be continued to his spouse for her lifetime after his death.
- (3) A reduced benefit to be paid during the participant's lifetime with the same reduced benefit to be continued to his spouse for her lifetime after his death.
- (4) An increased benefit to be paid for the life of the participant.
- (5) A one-time lump sum payment.

All Optional Methods of Settlement are actuarially equivalent to the Normal Form of Payment on a unisex basis based on the blended GAM83 mortality table and an interest rate of 8%. Lump sum payments are determined using the applicable mortality table and the applicable interest rate for the October preceding the plan year of payment.

Schedule SB, Part V—Summary of Plan Provisions

General Information

Original Effective Date:	April 15, 1972
Effective Date of Last Amendment:	March 31, 2015
Plan Year:	January 1st to December 31st
Employer Fiscal Year:	January 1st to December 31st
Employer ID Number:	25-1148253
Plan Administrator's ID Number:	25-1148253
Plan Number:	001
Plan Administrator:	Liberty Steel Products, Inc.

Eligibility

All employees of the Employer are eligible to participate in the Plan as of the January 1 or July 1 next following the completion of one qualifying year of service and attainment of age 21. Those employed prior to January 1, 2002 had prior eligibility requirements.

Service

Service shall equal total years of service with the Employer. A year of service is credited for each plan year in which an employee works 1,000.

A break in service occurs at the start of any plan year in which the employee works 500 Hours or less for the Employer in such year. Service will not be interrupted by:

- (1) A leave of absence granted by the Employer.
- (2) A period of service in the Armed Forces of the United States under which employment rights are granted.
- (3) Transfer of employment from one participating Employer to another.
- (4) Maternity/paternity leave.

An employee will be given credit for his pre-break service if either of the following occurs:

- (1) The employee had a vested interest in his accrued benefit at the time of his break in service, or
- (2) The employee's period of absence was less than the greater of his pre-break service or 5 years.

Normal Retirement Date

Normal Retirement Date is the later of the first day of the month coincident with or next following of attainment of age 65 and the 5th anniversary of participation.

Normal Retirement Benefit

The amount of annual benefit based on service to Normal Retirement Date is one percent of Average Compensation multiplied by years of service, up to 25 years of service. For employees hired prior to July 1, 1994, the Normal Retirement Benefit is 25% of Average Compensation.

The maximum benefit payable from the Plan is \$1,500 per month.

Delayed Retirement

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement the benefit based on service and compensation as of actual Retirement Date. Suspension of benefits notices are distributed upon the attainment of normal retirement age.

Average Compensation

The average of the highest five consecutive plan years of basic compensation paid during the 10 years preceding actual retirement date. Compensation for each year shall not exceed the IRC Section 401(a)(17) limit.

Accrued Benefit

The Accrued Benefit at any time prior to a participant's Normal Retirement Date shall be the Normal Retirement Benefit calculated using Average Compensation as of the accrual date and service as of the Normal Retirement Date. This benefit is then multiplied by a fraction, not to exceed one, the numerator of which is the years of service as of the date of determination and the denominator of which is the years of service at the Normal Retirement Date.

Early Retirement Benefit

Upon the completion of 10 years of Credited Service and the attainment of age 55, a participant may elect to retire. He may receive an immediate benefit equal to the Normal Retirement Benefit based on service at early retirement and actuarially reduced for early retirement.

Disability Retirement Benefit

A participant who ceases to be employed on account of disability before his Normal Retirement Date is eligible to receive a disability benefit equal to the Accrued Benefit reduced actuarially for payment before the Normal Retirement Date.

Death Benefit

In the event of a participant's death, the beneficiary shall receive a benefit based on the participant's vested Accrued Benefit as of the date of death, but payable as if the participant had separated from service on the date of death, survived to his Normal Retirement Date, elected a Joint and 50% Survivor Annuity, and died on the day. An equivalent benefit is payable the month following death.

Severance Benefit

Upon the termination of employment after 5 or more Years of Service a participant shall have a vested interest in his Accrued Benefit which will be payable at Normal Retirement Date. The percentage vested shall be:

<u>Years of Service</u>	<u>Vested Percent</u>
Fewer than 5	0%
5 or more	100%

In the event that a participant has met the service requirements for Early Retirement at the date of termination, he may elect to receive his vested interest at age 55. Such benefit will be reduced as described under Early Retirement Benefit.

Employees hired prior to January 1, 2002 are automatically vested.

Normal Form of Payment

The Normal Form of Payment is an annuity paid in monthly installments for life with 120 payments guaranteed.

Optional Methods of Settlement

All Optional Methods of Settlement are actuarially equivalent to the Normal Form of Payment. If a married participant does not elect the Normal Form of Payment or does not elect one of the Optional Methods of Settlement described below, then the participant's Retirement Benefit shall automatically be paid under option [1] below. The options are:

- (1) A reduced benefit to be paid during the participant's lifetime with one-half of the reduced benefit to be continued to his spouse for her lifetime after his death.
- (2) A reduced benefit to be paid during the participant's lifetime with three-fourths of the reduced benefit to be continued to his spouse for her lifetime after his death.
- (3) A reduced benefit to be paid during the participant's lifetime with the same reduced benefit to be continued to his spouse for her lifetime after his death.
- (4) An increased benefit to be paid for the life of the participant.
- (5) A one-time lump sum payment.

All Optional Methods of Settlement are actuarially equivalent to the Normal Form of Payment on a unisex basis based on the blended GAM83 mortality table and an interest rate of 8%. Lump sum payments are determined using the applicable mortality table and the applicable interest rate for the October preceding the plan year of payment.
