INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants,
Huntington Learning Corp. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the 2021 financial statements of Huntington Learning Corp. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Huntington Learning Corp. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of Huntington Learning Corp. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained the age of 21 and have one year of credited service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company serves as the “Trustee” of the Plan.

Participant Accounts

Each participant’s account is credited with their elective and rollover contributions, any matching Company contribution and allocation of Plan earnings (losses). Allocations are based on participants’ earnings (losses) or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Contributions

Participants may make elective contributions of up to 75% of their annual compensation, as defined in the Plan Document. Employee contributions are based on specified percentages of gross pay. Tax deferred contributions were limited to a maximum of \$19,500 for 2021. Participants may also contribute amounts to the Plan on an after-tax basis (that are Roth contributions). Certain participants (age 50 or older) can make an additional catch-up contribution of \$6,500 for 2021.

The Plan has an automatic enrollment election for all eligible employees providing for a contribution of 3% of their pretax annual compensation unless the employee opts out within a 30 day period.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company’s contributions are allocated in the same manner as that of the participant’s elective contributions.

During 2020, certain employees made contributions in excess of what was determined as allowable under non-discrimination rules. As a result, these participants were refunded a portion of their contributions in the subsequent year. Amounts refunded to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The refunded amounts are reflected in the statements of net assets available for benefits as accrued excess contributions and totaled \$8,373 at December 31, 2020. The Plan distributed the excess contribution to the applicable participants in 2021.

Employer Contributions

The Company, at its discretion, may match participant contributions to the Plan. Additionally, the Company may make other discretionary contributions to its employees. If applicable, employees are eligible to receive an allocation of all discretionary employer contributions if they are employed by the Company at year-end and have met the same eligibility requirements as above. For the Plan’s year ended December 31, 2021, Company management elected not to fund a matching or discretionary contribution.

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

A participant may request a loan to be made from the value of the vested portion of the participant's account, not to exceed the lower of 50% of the vested balance or \$50,000, subject to authorization of the Company and other provisions of the Plan. Loans to participants generally have a five year term with extended periods (up to ten years) for purchasing a home. Loans are secured by an equivalent lien on the participant's nonforfeitable interest in the Plan and bear interest at rates of 4.25% through 6% at December 31, 2021 and mature at various dates through March 2026. Principal and interest are paid ratably through bi-weekly payroll deductions.

Distributions

The benefit to which a participant is entitled upon termination of employment is equal to the vested benefit in the participant's account. Participants are entitled to distributions of their vested benefits upon retirement, death, disability or termination of the Plan. Generally, such payments are required to be taken in a lump sum. Additionally, the Plan allows participants to elect in-service distributions in the forms of hardship or reservist distributions (if qualified), or if the participant has attained age 59 1/2.

Vesting

Participants are vested immediately in their own contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service, as defined in the Plan Document. Company contributions begin vesting upon completion of the second year of credited service and vest at the rate of 20% per year for the next five years of credited service. A participant is 100% vested in Company contributions after six years of credited service.

Forfeitures

Forfeited balances of Company contributions of terminated participants are first used to pay Plan administrative expenses and then to reduce Company matching contributions. At December 31, 2021 and 2020, forfeitures available for future use were \$131 and \$115, respectively. Forfeitures of \$8,617 were used to pay Plan administrative expenses during the year ended December 31, 2021.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. In the event the Plan should terminate, the Company will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed by the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued on the last business day of the year based on published market values in active markets. The common collective trusts' fair values are determined by the fund managers using Net Asset Value ("NAV") as a practical expedient. The NAV is based on the value of the underlying assets owned by the funds, minus their liabilities, and then divided by the number of shares outstanding.

The common collective trusts are collective trust funds that invest their assets in the Wells Fargo Stable Value Fund and the Morley Stable Value Fund (collectively the "Stable Value Funds"). The existence of certain conditions can limit the Plan's ability to transact at contract value with the Stable Value Funds. Specifically, any event outside the normal operation of the Plan that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to the withdrawal. Examples of such events include, but are not limited to: (a) partial or complete Plan termination, (b) tax disqualification of the Plan, and (c) certain Plan amendments if the Stable Value Funds' consents are not obtained. As of December 31, 2021, the occurrence of an event outside the normal operation of the Plan that would cause a withdrawal from an investment contract is not considered probable.

There were no significant unfunded commitments or restrictions on redemptions related to the Stable Value Funds as of December 31, 2021 and 2020. The common collective trusts can be redeemed daily.

Investment appreciation (depreciation) for each participant-directed investment fund is allocated to each participant in the same ratio that the participant's account balance in the fund bears to the total account balances for all participants in that fund.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balance plus accrued, but unpaid, interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans, as defined, are recorded as distributions on the basis of the terms of the Plan Document.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Huntington Learning Corp. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and Trustee fees. Certain investment related expenses are recorded in investment income (loss) and are not readily determinable. Other than the aforementioned use of forfeitures in 2021, all other administrative expenses of the Plan are paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks, and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying December 31, 2021 statement of net assets available for benefits.

The Plan is also exposed to credit loss in the event of non-performance by the Stable Value Funds with whom guaranteed investment contracts are placed. However, the Company does not anticipate non-performance and believes that the risk to Plan assets from credit loss is remote due to the amount of the related investments and diversified nature of the assets held by the funds.

Fair Value Measurements (See Note 4)

Authoritative guidance relating to fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Huntington Learning Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

An asset's (or liability's) fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Shares of mutual funds held are valued at quoted market prices which represent the NAV of shares held at year end and are classified within Level 1 of the valuation hierarchy.

Common Collective Trusts: The common collective trusts invest their assets in the Stable Value Funds and the underlying investments are valued at NAV, as provided by the administrators of the funds. The fair value of the investments in the common collective trusts are measured using the net asset value practical expedient. Investments that use NAV as a practical expedient to estimate fair value are excluded from the fair value hierarchy described in Note 4.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the Trustee, who has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

- a. Participant directed investment balances in mutual funds and the common collective trusts and notes receivable from participants, as presented in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- b. Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants, as presented in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- c. Participant directed investment balances and notes receivable from participant balances as presented on the schedule of assets held at end of year (December 31, 2021), as presented in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, by class of asset, as of December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,485,072	\$ -	\$ -	\$ 12,485,072
Common collective trusts measured at NAV*				90,662
Total investments, at fair value				<u>\$ 12,575,734</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,571,451	\$ -	\$ -	\$ 11,571,451
Common collective trusts measured at NAV*				85,889
Total investments, at fair value				<u>\$ 11,657,340</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds managed by the Trustee as defined in the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company.

6. INCOME TAX STATUS

The Plan is intended to be qualified under 401(a) of the Internal Revenue Code of 1986 (the "Code") and is intended to be exempt from taxation under 501(a) of the Code. The Company adopted a non-standardized prototype plan which received an IRS opinion letter dated June 30, 2022, stating that the Plan, as designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Authoritative guidance requires the Company and Plan to evaluate tax positions taken by the Plan and recognize a related tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the financial statement date through the date of September 26, 2022, which is the date the financial statements were available to be issued, and has determined that no subsequent events have occurred which require recognition, or disclosure in, these financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants,
Huntington Learning Corp. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the 2021 financial statements of Huntington Learning Corp. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Huntington Learning Corp. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of Huntington Learning Corp. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained the age of 21 and have one year of credited service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company serves as the “Trustee” of the Plan.

Participant Accounts

Each participant’s account is credited with their elective and rollover contributions, any matching Company contribution and allocation of Plan earnings (losses). Allocations are based on participants’ earnings (losses) or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Contributions

Participants may make elective contributions of up to 75% of their annual compensation, as defined in the Plan Document. Employee contributions are based on specified percentages of gross pay. Tax deferred contributions were limited to a maximum of \$19,500 for 2021. Participants may also contribute amounts to the Plan on an after-tax basis (that are Roth contributions). Certain participants (age 50 or older) can make an additional catch-up contribution of \$6,500 for 2021.

The Plan has an automatic enrollment election for all eligible employees providing for a contribution of 3% of their pretax annual compensation unless the employee opts out within a 30 day period.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company’s contributions are allocated in the same manner as that of the participant’s elective contributions.

During 2020, certain employees made contributions in excess of what was determined as allowable under non-discrimination rules. As a result, these participants were refunded a portion of their contributions in the subsequent year. Amounts refunded to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. The refunded amounts are reflected in the statements of net assets available for benefits as accrued excess contributions and totaled \$8,373 at December 31, 2020. The Plan distributed the excess contribution to the applicable participants in 2021.

Employer Contributions

The Company, at its discretion, may match participant contributions to the Plan. Additionally, the Company may make other discretionary contributions to its employees. If applicable, employees are eligible to receive an allocation of all discretionary employer contributions if they are employed by the Company at year-end and have met the same eligibility requirements as above. For the Plan’s year ended December 31, 2021, Company management elected not to fund a matching or discretionary contribution.

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

A participant may request a loan to be made from the value of the vested portion of the participant's account, not to exceed the lower of 50% of the vested balance or \$50,000, subject to authorization of the Company and other provisions of the Plan. Loans to participants generally have a five year term with extended periods (up to ten years) for purchasing a home. Loans are secured by an equivalent lien on the participant's nonforfeitable interest in the Plan and bear interest at rates of 4.25% through 6% at December 31, 2021 and mature at various dates through March 2026. Principal and interest are paid ratably through bi-weekly payroll deductions.

Distributions

The benefit to which a participant is entitled upon termination of employment is equal to the vested benefit in the participant's account. Participants are entitled to distributions of their vested benefits upon retirement, death, disability or termination of the Plan. Generally, such payments are required to be taken in a lump sum. Additionally, the Plan allows participants to elect in-service distributions in the forms of hardship or reservist distributions (if qualified), or if the participant has attained age 59 1/2.

Vesting

Participants are vested immediately in their own contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service, as defined in the Plan Document. Company contributions begin vesting upon completion of the second year of credited service and vest at the rate of 20% per year for the next five years of credited service. A participant is 100% vested in Company contributions after six years of credited service.

Forfeitures

Forfeited balances of Company contributions of terminated participants are first used to pay Plan administrative expenses and then to reduce Company matching contributions. At December 31, 2021 and 2020, forfeitures available for future use were \$131 and \$115, respectively. Forfeitures of \$8,617 were used to pay Plan administrative expenses during the year ended December 31, 2021.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. In the event the Plan should terminate, the Company will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed by the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued on the last business day of the year based on published market values in active markets. The common collective trusts' fair values are determined by the fund managers using Net Asset Value ("NAV") as a practical expedient. The NAV is based on the value of the underlying assets owned by the funds, minus their liabilities, and then divided by the number of shares outstanding.

The common collective trusts are collective trust funds that invest their assets in the Wells Fargo Stable Value Fund and the Morley Stable Value Fund (collectively the "Stable Value Funds"). The existence of certain conditions can limit the Plan's ability to transact at contract value with the Stable Value Funds. Specifically, any event outside the normal operation of the Plan that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to the withdrawal. Examples of such events include, but are not limited to: (a) partial or complete Plan termination, (b) tax disqualification of the Plan, and (c) certain Plan amendments if the Stable Value Funds' consents are not obtained. As of December 31, 2021, the occurrence of an event outside the normal operation of the Plan that would cause a withdrawal from an investment contract is not considered probable.

There were no significant unfunded commitments or restrictions on redemptions related to the Stable Value Funds as of December 31, 2021 and 2020. The common collective trusts can be redeemed daily.

Investment appreciation (depreciation) for each participant-directed investment fund is allocated to each participant in the same ratio that the participant's account balance in the fund bears to the total account balances for all participants in that fund.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balance plus accrued, but unpaid, interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans, as defined, are recorded as distributions on the basis of the terms of the Plan Document.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Huntington Learning Corp. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and Trustee fees. Certain investment related expenses are recorded in investment income (loss) and are not readily determinable. Other than the aforementioned use of forfeitures in 2021, all other administrative expenses of the Plan are paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks, and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying December 31, 2021 statement of net assets available for benefits.

The Plan is also exposed to credit loss in the event of non-performance by the Stable Value Funds with whom guaranteed investment contracts are placed. However, the Company does not anticipate non-performance and believes that the risk to Plan assets from credit loss is remote due to the amount of the related investments and diversified nature of the assets held by the funds.

Fair Value Measurements (See Note 4)

Authoritative guidance relating to fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Huntington Learning Corp. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

An asset's (or liability's) fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Shares of mutual funds held are valued at quoted market prices which represent the NAV of shares held at year end and are classified within Level 1 of the valuation hierarchy.

Common Collective Trusts: The common collective trusts invest their assets in the Stable Value Funds and the underlying investments are valued at NAV, as provided by the administrators of the funds. The fair value of the investments in the common collective trusts are measured using the net asset value practical expedient. Investments that use NAV as a practical expedient to estimate fair value are excluded from the fair value hierarchy described in Note 4.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the Trustee, who has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

- a. Participant directed investment balances in mutual funds and the common collective trusts and notes receivable from participants, as presented in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- b. Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants, as presented in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- c. Participant directed investment balances and notes receivable from participant balances as presented on the schedule of assets held at end of year (December 31, 2021), as presented in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, by class of asset, as of December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,485,072	\$ -	\$ -	\$ 12,485,072
Common collective trusts measured at NAV*				90,662
Total investments, at fair value				<u>\$ 12,575,734</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,571,451	\$ -	\$ -	\$ 11,571,451
Common collective trusts measured at NAV*				85,889
Total investments, at fair value				<u>\$ 11,657,340</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of mutual funds managed by the Trustee as defined in the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company.

6. INCOME TAX STATUS

The Plan is intended to be qualified under 401(a) of the Internal Revenue Code of 1986 (the "Code") and is intended to be exempt from taxation under 501(a) of the Code. The Company adopted a non-standardized prototype plan which received an IRS opinion letter dated June 30, 2022, stating that the Plan, as designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Authoritative guidance requires the Company and Plan to evaluate tax positions taken by the Plan and recognize a related tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the financial statement date through the date of September 26, 2022, which is the date the financial statements were available to be issued, and has determined that no subsequent events have occurred which require recognition, or disclosure in, these financial statements.
