INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
LifeScan Global Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of LifeScan Global Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section (a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103 (a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of LifeScan Global Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 Financial Statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LifeScan Global Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would include the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the LifeScan Global Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LifeScan Global Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the form and content of the supplemental schedule is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of LifeScan Global Corporation 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LIFESCAN GLOBAL CORPORATION
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the LifeScan Global Corporation 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

On October 2, 2018, LifeScan Global Corporation (the "Company" or "Plan Sponsor"), completed its divestiture from Johnson & Johnson and became a stand alone business. In connection with the transaction, the Company adopted a resolution to form the Plan, and Trust established by the Plan, on October 1, 2018. Former employees of Johnson & Johnson LifeScan, Inc. were granted credit for prior service for eligibility and employer contributions. On December 31, 2021, the Plan was merged with and into a Pooled Employer Plan managed by Aon Consulting, Inc.

The Plan was a defined contribution retirement plan covering eligible employees of the Company. Among those employees excluded from participating in the Plan were union employees, leased employees, employees based in Puerto Rico, interns and cooperative employees. A participant became eligible for the Company's discretionary matching contribution on the first day of the month following the completion of two months of service. The Plan contained an automatic enrollment provision at a 6% contribution rate, unless the participant elected not to contribute. The Plan also offered the ability for the Company to contribute additional amount at its discretion.

The Plan's Retirement Plan Committee was responsible for oversight of the Plan, determined the appropriateness of the Plan's investment offerings and monitored investment performance. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants including:

- Distributions up to the lesser of vested account balance or $100,000
- Increased loan limits up to the lesser of 100% of the vested account balance or $100,000
- Loan repayment extension allowing payments to be deferred up to one year
- Waivers of Required Minimum Distributions that would otherwise have been payable during 2020.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

GENERAL (CONTINUED)

The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document. Plan management adopted certain relief provisions included in the CARES Act and will formally amend the Plan no later than December 31, 2025.

CONTRIBUTIONS

Participants could contribute 3% to 50% of their annual compensation or a flat dollar amount provided that in no event shall contributions exceed the maximum dollar amount allowable by the Internal Revenue Code ("IRC" or the "Code"), which was $19,500 for 2021. Participants age 50 by the end of the Plan year were eligible to make a catch up contribution of up to an additional $6,500 in 2021. The catch up contribution was not eligible for the Company's matching contribution. Participants also had the ability to contribute after-tax contributions. Participants could have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover contributions").

The Company made discretionary matching contributions on a payroll-by-payroll basis, of 75% of the first 6% of eligible compensation contributed to the Plan. The Company's matching contribution was $1,287,942, including the use of forfeitures of $13,039, for the Plan year ended December 31, 2021. No additional Company contributions were made during the year ended December 31, 2021.

PARTICIPANT ACCOUNTS

Individual participant accounts were credited with the participants' contributions, the Company's matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts were charged with an allocation of certain administrative expenses that were paid by the Plan. Allocations were based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participants' vested account balance.

VESTING

Participants were fully vested in their participant contributions, and the Company's matching contributions and profit sharing contributions, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

INVESTMENT OPTIONS

Participants directed the investment of their contributions and Company's contributions into various investment options offered by the Plan. The Plan offered mutual funds and an investment contract as investment options to participants. Participants could change their investment elections at any time.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants could borrow from their accounts a minimum of $1,000 up to a maximum to the lesser of $50,000 or 50% of participant's vested account balance, whichever was less.

Each note was secured by the balance in the participant's vested account and bore interest at a reasonable rate as determined by the plan administrator on the date of the note. The term of the note was limited to five years. Repayment of principal and interest were paid through level payroll deductions over the life of the note. A participant was limited to three loans outstanding at any given time.

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, severance of employment, or the attainment of age 59 ½, a participant could elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, equal installment payments over a certain period, or a partial withdrawal. Terminated participants with balances of less than $5,000 would receive lump-sum distributions.

If the participant instructions were not received otherwise, the Plan allowed for automatic rollovers of account balances of terminated participants into an Individual Retirement Account designated by the plan administrator if the distribution amount exceeds $1,000, but not in excess of $5,000. Balances of $1,000 or less were paid as a lump sum distribution.

The Plan allowed rollover contributions to be withdrawn from the Plan at any time.

In the event of financial hardship, a participant could elect to withdraw all or a portion of their account balance to satisfy their financial need.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES

Forfeitures were used to decrease the amount of Company contributions, pay expenses or allocated to participants. Given the participants were fully vested in employer contributions, forfeitures arose from excess employer matching contributions. Upon the merger of the Plan at December 31, 2021, forfeitures of $168,555 were transferred to the new custodian. As of December 31, 2020 the Plan do not hold any forfeited accounts. During the year ended December 31, 2021, forfeitures of $13,039 were used to reduce the employer's contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments were reported at fair value (except for the fully benefit-responsive investment contract, which was reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determined the Plan's valuation polices utilizing information provided by the custodian. See Note 4 for fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses as incurred. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. Delinquent notes were reclassified as distributions based upon the terms of the Plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") were recorded as a liability with a corresponding reduction to contributions.

ADMINISTRATIVE EXPENSES

Certain expenses incurred in the administration of the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

PAYMENTS OF BENEFITS

Benefits were recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2020 and net appreciation of fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Financial Life Insurance Company, the custodian of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1 - Inputs to the valuation methodology were unadjusted quoted prices in active markets that the Plan had the ability to access for identical assets or liabilities.

Level 2 - Inputs to the valuation methodology were quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that were not active, inputs other than quoted prices that were observable and market-corroborated inputs which were derived principally from or corroborated by observable market data. If the asset or liability had a specified (contractual) term, the level 2 must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value prior to the merger of the Plan and at December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the SEC. These funds were required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The mutual fund investments of $17,782,671 at December 31, 2020, have been classified as Level 1 investments in the fair value hierarchy.

NOTE 5 - GROUP ANNUITY CONTRACT WITH TRANSAMERICA

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica totaling $947,333 at December 31, 2020. Transamerica maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. There was no minimum guaranteed interest rate. The crediting rate was reviewed on a semi-annual basis. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The merger of the Plan did not have limit the ability of the Plan to transact at contract value with the contract issuers and the Plan merger did not limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - TAX STATUS

The IRS had determined that the volume submitter 401(k) profit sharing plan was designed in accordance with the applicable sections of the IRC and informed the third party administrator of such in a letter dated March 31, 2014. The plan administrator had adopted the Plan and believed that the Plan was currently being operated in compliance with the applicable requirements of the IRS. The plan administrator took the appropriate actions to maintain the Plan's qualified status.

U.S. GAAP required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan had taken no uncertain positions as of December 31, 2021 and 2020. The Plan was subject to routine audits by IRS; however, there were currently no audits for any tax periods pending or in progress.

NOTE 7 - PARTIES-IN-INTEREST

Certain Plan investments were managed by Transamerica. Transamerica was the custodian and recordkeeper for the Plan and, therefore, those transactions qualified as party in interest transactions. At times, revenue received by Transamerica from mutual funds could exceed the amount owed ("Revenue Sharing"). Should this excess occur, Transamerica would periodically remit the Revenue Sharing amount to the Plan's trust. Such amounts could be applied to pay plan administrative expenses or allocated to the accounts of the participants. During the year ended December 31, 2021, $10,791 was received by the Plan, from the Revenue Sharing arrangement to pay Plan expenses. This amount is presented net of administrative expenses in the statement of changes in net assets available for benefits.

The Plan or Plan Sponsor could make payments for administrative expenses not covered by revenue sharing. During 2021, the Plan paid $47,645 of administrative expenses to parties-in-interest.

The Plan allowed participants to take loans from their accounts in the Plan. These notes receivable from participants qualified as party-in-interest transactions and totaled $0, and $217,989 as of December 31, 2021 and 2020, respectively.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although it had not expressed any intent to do so, the Company had the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 10 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company determined that certain remittances of employee deferrals and loan repayments made during the period from October 1, 2018 (inception) through December 31, 2018, and for the year ended December 31, 2020 were not made in accordance with DOL guidelines. Although participant contributions and loan repayments have been contributed to the Plan, the delinquent contributions from the year ended December 31, 2020 have not been fully corrected as of December 31, 2021. During 2021, the plan administrator fully corrected the year ended December 31, 2018 delinquent contributions and loan repayments in accordance with the DOL's Voluntary Fiduciary Correction Program ("VFCP"). On July 22, 2021, the plan administrator received a letter from the DOL acknowledging the VFCP corrections for the 2018 amounts and its decision to take no further action on the matter.

NOTE 11 - OPERATIONAL ERRORS

During 2018 and 2019, the plan administrator determined that certain Plan operational errors had occurred. On June 21, 2021, the plan administrator filed an application under the Voluntary Correction Program ("VCP") within Revenue Procedure 2019-19 with the IRS containing proposing corrections that plan management and counsel believed were consistent with the VCP. The corrections occurred in August 2021, which included distributions of $133,690 representing excess participant contributions and earnings, which is included in the Statement of Net Assets Available for Benefits as excess contributions payable as of December 31, 2020. The Plan received a signed compliance statement on October 28, 2021 from the IRS agreeing with the corrective actions and changes made to administrative procedures taken to resolve the operational errors.

NOTE 11 - OPERATIONAL ERRORS (CONTINUED)

During 2021, the Plan administrator discovered that the Plan erroneously allowed matching contributions prematurely from the Plan's inception on October 1, 2018. On December 15, 2021, the Board of Directors of the Company resolved to correct the Plan using the Self-Correction Program of the IRS' Employee Plans Compliance Resolution System and retroactively amended the matching provision to allow for the matching methodology utilized.

NOTE 12 - TRANSFER OF NET ASSETS TO AON POOLED EMPLOYER PLAN

On December 31, 2021, the Company's Board of Directors passed a resolution to merge the Plan with and into a Pooled Employer Plan sponsored by Aon Consulting, Inc. Net assets transferred to the Pooled Employer Plan included the following:

Cash	$ 25,654,683
Unallocated accounts, forfeitures and revenue sharing	170,725
Notes receivable from participants	129,467
Excess contributions payable	(9,942)
Net assets transferred to the Pooled Employer Plan	$ 25,944,933

NOTE 13 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued.
