Independent Auditor's Report

Plan Administrator and Plan Oversight Committee
National Machinery LLC Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of National Machinery LLC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the National Machinery LLC Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of National Machinery LLC and NM Group Global LLC (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan upon their date of hire. Employees may receive a discretionary employer matching contribution upon completion of three months of service.

Contributions: Each eligible employee (participant), as defined in the Plan, may elect to contribute, through payroll deductions, a percentage of their compensation limited to the maximum allowable under the Internal Revenue Code for such plan year. Plan participants may contribute from 1% to 70% of their annual salary on a pre-tax or after-tax basis. Eligible employees are automatically enrolled in the Plan with an elective pre-tax deferral rate of 5% of compensation, increasing 1% annually (up to 10%), unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. Participants may change their contribution amount at any time. The Plan allows participants who have attained age 50 by the end of the plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts on a pre-tax basis representing distributions from other qualified plans. In addition, the Company may make a discretionary employer matching contribution to the Plan. The discretionary employer matching contributions formula was 100% of the first 1% and 50% of the next 4% of eligible compensation deferred. Effective July 4, 2021, the discretionary employer matching contribution formula was 100% of the first 2% and 50% of the next 5% of eligible compensation deferred.

Participant accounts: Each participant's account is credited with the participant's own contributions and an allocation of any Company contributions and an allocation of plan earnings and losses and is charged with his or her own benefit payments and an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices more fully described in the Plan's literature. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in all employee and employer discretionary contributions plus actual earnings thereon.

Notes receivable from participants: Effective May 4, 2020, participants may borrow from their accounts subject to certain minimum and maximum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Participants are limited to one outstanding note at any given time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: A participant may receive the vested interest of his or her account upon retirement, total disability, or termination of service. Upon death of a participant, the beneficiary shall be entitled to the vested interest of the account. Distributions are made in either a lump-sum or installment payments. Participants who have attained the age 59½ may request voluntary withdrawals of all or part of their account balances. Hardship withdrawals, as defined in the Plan, are also available to the participants and limited to participant deferral account balances.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions and Company discretionary matching contributions are recognized when the participant contributions are withheld from the participant's earnings.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Risk and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan is responsible for certain administrative expenses, which are recognized when incurred. A portion of the administrative expenses are paid by the Company, at the Company's discretion.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 30, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets.

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 60,699,241	\$ 59,712,705
Common/collective trust	6,250,333	9,765,229
Self-directed brokerage accounts	3,847,790	3,397,476
Notes receivable from participants	130,150	49,364
	<u>\$ 70,927,514</u>	<u>\$ 72,924,774</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$4,745,260 of net appreciation in the fair value of investments, \$5,039,863 of interest and dividend income related to investments, and \$3,907 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchanges.

Shares of common/collective trust: The common/collective trust is valued at the NAV of the units held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$60,699,241	\$ -	\$ -	\$60,699,241
Self-directed brokerage accounts	3,847,790	-	-	3,847,790
Total assets in fair value hierarchy	\$64,547,031	\$ -	\$ -	64,547,031
Investments measured at net asset value ^(a)				6,250,333
Investments at fair value				<u>\$70,797,364</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$59,712,705	\$ -	\$ -	\$59,712,705
Self-directed brokerage accounts	3,397,476	-	-	3,397,476
Total assets in fair value hierarchy	\$63,110,181	\$ -	\$ -	63,110,181
Investments measured at net asset value ^(a)				9,765,229
Investments at fair value				<u>\$72,875,410</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfers relative to total net assets available for benefits.

Investments measured using net asset value per share as a practical expedient: The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

	Fair Value	Unfunded Commitment	Redemption Frequency	Notice Period
Common/collective trust	\$ 6,250,333	\$ -	Daily	None
2020				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 9,765,229	\$ -	Daily	None

Note 5. Party-In-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee and, therefore, these transactions qualify as party-in-interest transactions. During 2021, the Plan paid administrative fees of \$20,007 to Fidelity and their affiliates.

Note 6. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Fidelity. The non-standardized pre-approved plan provider has received an opinion letter from the Internal Revenue Service as to the non-standardized pre-approved plan's qualified status. The non-standardized pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. COVID-19 Pandemic, Economic Uncertainty

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Secure Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan implemented certain provisions allowed by the CARES Act.

Independent Auditor's Report

Plan Administrator and Plan Oversight Committee
National Machinery LLC Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of National Machinery LLC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the National Machinery LLC Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of National Machinery LLC and NM Group Global LLC (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan upon their date of hire. Employees may receive a discretionary employer matching contribution upon completion of three months of service.

Contributions: Each eligible employee (participant), as defined in the Plan, may elect to contribute, through payroll deductions, a percentage of their compensation limited to the maximum allowable under the Internal Revenue Code for such plan year. Plan participants may contribute from 1% to 70% of their annual salary on a pre-tax or after-tax basis. Eligible employees are automatically enrolled in the Plan with an elective pre-tax deferral rate of 5% of compensation, increasing 1% annually (up to 10%), unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. Participants may change their contribution amount at any time. The Plan allows participants who have attained age 50 by the end of the plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts on a pre-tax basis representing distributions from other qualified plans. In addition, the Company may make a discretionary employer matching contribution to the Plan. The discretionary employer matching contributions formula was 100% of the first 1% and 50% of the next 4% of eligible compensation deferred. Effective July 4, 2021, the discretionary employer matching contribution formula was 100% of the first 2% and 50% of the next 5% of eligible compensation deferred.

Participant accounts: Each participant's account is credited with the participant's own contributions and an allocation of any Company contributions and an allocation of plan earnings and losses and is charged with his or her own benefit payments and an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices more fully described in the Plan's literature. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in all employee and employer discretionary contributions plus actual earnings thereon.

Notes receivable from participants: Effective May 4, 2020, participants may borrow from their accounts subject to certain minimum and maximum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Participants are limited to one outstanding note at any given time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: A participant may receive the vested interest of his or her account upon retirement, total disability, or termination of service. Upon death of a participant, the beneficiary shall be entitled to the vested interest of the account. Distributions are made in either a lump-sum or installment payments. Participants who have attained the age 59½ may request voluntary withdrawals of all or part of their account balances. Hardship withdrawals, as defined in the Plan, are also available to the participants and limited to participant deferral account balances.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions and Company discretionary matching contributions are recognized when the participant contributions are withheld from the participant's earnings.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Risk and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan is responsible for certain administrative expenses, which are recognized when incurred. A portion of the administrative expenses are paid by the Company, at the Company's discretion.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 30, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets.

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 60,699,241	\$ 59,712,705
Common/collective trust	6,250,333	9,765,229
Self-directed brokerage accounts	3,847,790	3,397,476
Notes receivable from participants	130,150	49,364
	<u>\$ 70,927,514</u>	<u>\$ 72,924,774</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$4,745,260 of net appreciation in the fair value of investments, \$5,039,863 of interest and dividend income related to investments, and \$3,907 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchanges.

Shares of common/collective trust: The common/collective trust is valued at the NAV of the units held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$60,699,241	\$ -	\$ -	\$60,699,241
Self-directed brokerage accounts	3,847,790	-	-	3,847,790
Total assets in fair value hierarchy	<u>\$64,547,031</u>	<u>\$ -</u>	<u>\$ -</u>	<u>64,547,031</u>
Investments measured at net asset value ^(a)				6,250,333
Investments at fair value				<u>\$70,797,364</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$59,712,705	\$ -	\$ -	\$59,712,705
Self-directed brokerage accounts	3,397,476	-	-	3,397,476
Total assets in fair value hierarchy	<u>\$63,110,181</u>	<u>\$ -</u>	<u>\$ -</u>	<u>63,110,181</u>
Investments measured at net asset value ^(a)				9,765,229
Investments at fair value				<u>\$72,875,410</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

National Machinery LLC Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfers relative to total net assets available for benefits.

Investments measured using net asset value per share as a practical expedient: The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

	Fair Value	Unfunded Commitment	Redemption Frequency	Notice Period
Common/collective trust	\$ 6,250,333	\$ -	Daily	None
2020				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 9,765,229	\$ -	Daily	None

Note 5. Party-In-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee and, therefore, these transactions qualify as party-in-interest transactions. During 2021, the Plan paid administrative fees of \$20,007 to Fidelity and their affiliates.

Note 6. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Fidelity. The non-standardized pre-approved plan provider has received an opinion letter from the Internal Revenue Service as to the non-standardized pre-approved plan's qualified status. The non-standardized pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. COVID-19 Pandemic, Economic Uncertainty

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Secure Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan implemented certain provisions allowed by the CARES Act.
