INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Olympus Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Olympus Group, Inc. 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 3, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

OLYMPUS GROUP, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Olympus Group, Inc. 401 (k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through September 6, 2022, which is the date the financial statements were available to be issued.

Key parties of the plan - Olympus Group, Inc. is the plan sponsor/employer and the plan administrator. OCG Denver, LLC is a participating employer. Great-West Life & Annuity Insurance Company is the third party administrator that maintains participant records and tax counsel that performs various compliance tests and prepares the Form 5500. Great-West Trust Company, LLC is the plan trustee that holds custody of the plan's investment assets. The two Great-West entities operate under the Empower Retirement brand name and are collectively referred to as "Great-West". UBS Financial Services Inc. was the plan's investment advisor. During 2021, Principal Securities Inc. assumed the plan's investment advisor responsibilities.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings from investments bought, sold, and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - The plan invests in the Putnam Stable Value Fund which invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The fund generally maintains at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the fund. The fund is a direct filing entity valued at NAV based on the underlying unit value as reported by the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$8,667,686	\$ -	\$ -	\$8,667,686
Total investments in the fair value hierarchy	<u>\$8,667,686</u>	<u>\$ -</u>	<u>\$ -</u>	<u>8,667,686</u>
Investments measured at NAV (a)				<u>505,913</u>
Total investments at fair value				<u><u>\$9,173,599</u></u>

Investments at fair value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$7,291,580	\$ -	\$ -	\$7,291,580
Total investments in the fair value hierarchy	<u>\$7,291,580</u>	<u>\$ -</u>	<u>\$ -</u>	<u>7,291,580</u>
Investments measured at NAV (a)				<u>518,785</u>
Total investments at fair value				<u><u>\$7,810,365</u></u>

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on January 1, 1975 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees that are defined as full-time and have reached 19 years of age are eligible to make elective deferral contributions and receive employer matching contributions. Limited term and part-time employees with regularly scheduled service time of less than 1,000 hours of service per year are generally not considered eligible. In the event a limited term or part-time employee completes 1,000 hours of service during a plan year, the employee will become eligible to make elective deferral contributions and receive employer matching contributions. Employees defined as interns are not eligible to participate in the plan. An employee will be allowed to enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages or a set amount per pay period, subject to certain limitations (elective deferral contributions). The plan also allows Roth elective deferrals.
- b. Participants may make rollover contributions to the plan.
- c. Employer matching contributions may be made at the employer's discretion. When an employer matching program is in place, the contributions are funded weekly coinciding with the employer's payroll. The employer matching contribution was equal to 25% of the first 8% of the employee compensation contributed as elective deferral contributions from January 1, 2020 through March 13, 2020. The employer matching program was then suspended March 14, 2020 through April 17, 2020. Effective April 18, 2020, the employer matching program was reinstated at a rate of 100% of the first 8% of the employee compensation contributed as elective deferral contributions through June 12, 2020. Effective June 13, 2020, the employer matching contribution was then decreased to 25% of the first 8% of the employee compensation contributed as elective deferral contributions. Effective October 30, 2020, the employer matching program was again suspended through February 6, 2021. Effective February 7, 2021, the employer matching program was reinstated at a rate of 100% of the first 8% of the employee compensation contributed as elective deferral contributions through July 16, 2021. Effective July 17, 2021, the employer matching contribution was then decreased to 25% of the first 8% of the employee compensation contributed as elective deferral contributions through the rest of 2021.
- d. Employer nonelective contributions may be made at the employer's discretion. No such contributions were made in 2021 or 2020.

Participant accounts - Earnings, including fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings upon two years of service at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or attaining qualified retirement while still employed, participants become 100% vested.

Payment of benefits - Benefit payments may commence upon death, disability, retirement or termination of employment. Participants may receive the distribution of their accrued benefits in the form of a single lump sum payment or installments. In-service withdrawals can commence upon reaching age 59 ½. Hardship withdrawals are also permitted under certain circumstances. During 2020, the plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Securities ("CARES") Act, which allowed participants to take Coronavirus-related distributions. These distributions were allowed through December 31, 2020. There were approximately \$142,000 of Coronavirus-related distributions during 2020. The CARES Act allows participants up to three years to redeposit the withdrawn money into a retirement account to avoid the mandatory tax liability required on early distributions. There were no redeposits of withdrawn money during 2021.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. Forfeitures used to reduce employer matching contributions were \$22,000 in 2021 and \$4,000 in 2020. Unapplied forfeitures were insignificant as of December 31, 2021 and 2020.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer and not included in these financial statements. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in these financial statements. Such expenses include participant directed charges for distribution and loan processing fees and non-participant directed charges for service, administrative and asset management fees. Non-participant directed charges are allocated to participants on an account value basis.

Notes receivable from participants - Participants may obtain loans from their accounts with approval of the plan administrator. Each participant may have up to three loans outstanding at any time. The minimum loan amount is \$1,000 and the loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. Loans must generally be paid back over a period not to exceed five years, unless used to purchase a primary residence. As of December 31, 2021, loans outstanding had various repayment schedules through November 2026 with interest rates ranging from 4.25% to 5.75%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions and related earnings.

4. INCOME TAX STATUS

The plan adopted a Great-West Trust Company, LLC prototype profit sharing plan. This prototype plan received a favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

5. INFORMATION CERTIFIED BY GREAT-WEST

Management has obtained certifications from Great-West, a qualified institution under the Department of Labor's rules and regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the fair values of such as of December 31, 2021 and 2020;
- b. Interest and dividend income on investments and net appreciation (depreciation) in fair value of investments during 2021 and 2020;
- c. Contributions to, withdrawals from, purchases, sales and transfers between investment accounts during 2021 and 2020; and
- d. The report of individual participant accounts as of and for the years ended December 31, 2021 and 2020.

6. PARTY-IN-INTEREST TRANSACTIONS AND ADMINISTRATIVE EXPENSES

The plan invests in certain Putnam funds that are managed by Great-West. Great-West is the plan trustee that holds custody of the plan's investment assets and, therefore, any transactions between the plan and Great-West qualify as party-in-interest transactions.

In addition, the plan entered into an administrative service agreement with Great-West in which Great-West provides certain administrative services to the plan. Direct fees paid to Great-West, recorded as a component of administrative expenses were \$31,000 in 2021 and \$21,000 in 2020. The plan also receives positive monthly asset fees from mutual fund providers pursuant to the administrative service agreement. Beginning in 2021, such positive asset fees received are recorded as other income in these financial statements. Prior to 2021, such positive asset fees were recorded as a reduction of administrative expenses in these financial statements. Positive asset fees totaled \$16,000 in 2021 and \$13,000 in 2020. Direct investment advisory fees provided by another outside party, recorded as a component of administrative expenses, were \$7,000 in 2021 and \$12,000 in 2020.

Great-West also receives revenue, in the form of indirect compensation, from mutual fund service providers for services Great-West provides to the funds. Under the administrative service agreement, this revenue is used to reduce fees that would otherwise be owed by the plan to Great-West for its administrative services.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
