Independent Auditor's Report

To the Plan Administrator of
The Lanier Law Firm, P.C. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Lanier Law Firm, P.C. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of The Lanier Law Firm, P.C. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2005, as amended and restated effective January 1, 2016. The Plan, sponsored by The Lanier Law Firm, P.C. (the "Plan Sponsor"), has an income deferral feature under Section 401(a) of the Internal Revenue Code (the "IRC") and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and its subsequent amendments.

The Plan has been adopted by the Plan Sponsor, as well as the following related employers under common control (collectively, the "Employer"), for the benefit of their employees:

- The Lanier Law Firm PLLC (New York Law Firm)
- The Lanier Law Firm, P.C. (Los Angeles Law Firm)
- Lanier Law Firm Management Corporation (F.K.A. Don Quijote Management Corporation)
- BL Interests, Inc. (formerly known as Becky's Janitorial Services, Inc.)
- Fly Becky's Air, LLC
- The Lanier Foundation
- The Lanier Theological Library Foundation
- Becky's Land Development
- Becky's Ranch Development, LTD.
- Becky's Office Development, LTD.
- Becky's Investment, LTD.
- Mud & Wood, Inc. (Potter's Wheel)
- Lanier & Associates, LLC
- Christian Trial Lawyers Association

Administration of the Plan

The Plan Sponsor is the plan administrator. Voya Retirement Insurance and Annuity Company (the "Custodian" or "Voya") is the investment custodian and record keeper for the Plan's participant directed assets. July Business Services is the third-party administrator of the Plan.

Eligibility

All employees of the Employer are eligible to participate in the Plan upon attaining 21 years of age and completion of six months of service. After satisfying the minimum age and service requirements, participants are able to enter the Plan coinciding with or on the next following entry date which occurs on the first day of the 1st, 4th, 7th and 10th month of the plan year.

Contributions

Participants may make salary deferral contributions in whole percentage increments during the plan year, as defined in the plan document, on a pretax or after-tax ("Roth contributions") basis. Deferral contributions and after-tax Roth contributions shall not exceed certain limits set forth by the IRC (up to $19,500 for 2021). Participants who have attained age 50 before the end of the plan year are eligible to make additional tax deferred catch-up contributions (up to $6,500 for 2021).

The Plan permits the Employer to make discretionary matching contributions during each plan year. Furthermore, the Employer may make additional discretionary profit sharing contributions on behalf of eligible participants at its sole discretion. The Employer made discretionary matching contributions during the year ended December 31, 2021, which matches 50% of the first 6% of eligible compensation. The Employer did not make any discretionary profit sharing contributions during the year ended December 31, 2021. The amount of a participant's annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed the amount permitted annually by Internal Revenue Service ("IRS") limits, which was $290,000 for 2021.

The Plan provides for an automatic deferral election feature for all participants hired subsequent to January 1, 2011. Under the automatic deferral feature, all such participants will automatically have 3% of their compensation withheld and contributed to the Plan as a salary deferral contribution, unless the participant affirmatively elects not to have such automatic deferral take effect. For participants who have not entered into a salary deferral election, each plan year the automatic deferral percentage will increase by 1% of the participant's compensation, up to a maximum of 6% of the participant's compensation.

Vesting

Participants are 100% vested in their salary deferral contributions and any rollover contributions, as well as earnings on those amounts. Vesting in the Plan Sponsor's discretionary matching contributions and discretionary profit sharing contributions and related earnings are based on completion of years of service and commences after completion of three years of service, at which time participants become 100% vested. Participants will automatically become vested upon death or disability.

Participant Accounts

The Plan provides for participant-directed investment programs for individual participants as provided by the Custodian. Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's discretionary matching contributions and discretionary profit sharing contributions and (b) plan earnings (or losses), as well as an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options daily. Currently, the Plan offers pooled separate accounts and a guaranteed interest account as investment options for participants.

Notes Receivable from Participants

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of their vested account balance not to exceed $50,000, and may have only one note receivable outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with the published prime rate plus 1% on the day of the note request. Principal and interest is repaid by the participant through payroll deductions in accordance with the plan document. Notes are to be repaid within five years unless the note is used for the purchase of the participant's primary residence, which has a repayment term up to ten years.

During 2020, the Company elected to enable the Coronavirus Aid, Relief, and Economic Security ("CARES") Act notes receivable provisions, which expanded maximum borrowing from a participant's investment account.

Payment of Benefits

Benefits are generally paid upon normal retirement, death, full or permanent disability, or termination of employment, as defined in the plan document. Upon normal retirement, death, full or permanent disability, a participant is entitled to receive 100% of their account balance. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. Employees whose vested account balance is less than or equal to $5,000 upon termination of employment will have an involuntary cash-out distribution. Benefits are paid in lump-sum amounts.

If a participant is age 59½ or older, a participant may withdraw all or a portion of their account balance in the Plan. In-service distributions will only be permitted if the participant is 100% vested in the amounts being withdrawn.

If a participant has a "financial hardship" (as that term is defined by the IRS guidelines), it is possible to withdraw all or portion of their deferred compensation in the Plan up to the amount needed to satisfy the hardship, regardless of age.

During 2020, the Company elected to enable the CARES Act withdrawal provisions which expanded hardship distributions related to the coronavirus.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to employer discretionary matching and profit sharing contributions. Forfeitures are used to first pay plan expenses in the plan year in which the forfeiture occurs and then are used to reduce future employer contributions. Forfeitures occur upon the earlier of when the participant takes their distribution or has been terminated for a period of at least five years. At December 31, 2021 and 2020, the forfeited unallocated non-vested accounts were $1,483 and $12,357, respectively. For the year ended December 31, 2021, $22,206 of forfeitures were used to pay plan expenses. For the year ended December 31, 2021, no employer contributions were funded using forfeitures.

CARES Act

On March 27, 2020, President Trump signed into law the CARES Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year; and
- Suspended required minimum distributions for 2020.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are held by the Custodian pursuant to a group annuity contract, which provides for self-directed investment programs for individual participants. A significant portion of the investments held by the Custodian are related to insurance contracts characterized as pooled separate accounts. The pooled separate accounts are stated at net asset value as reported at fair value to the Plan by the Custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

The Plan also invests in a guaranteed interest account, which is a fully benefit-responsive investment contract characterized as a fixed account. The fixed account is not a separate account investment choice, but it is an investment in the Custodian's general account, which seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. treasury bills. The fixed account is stated at net asset value as reported at contract value to the Plan by the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of pooled separate accounts includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon terms of the plan document. No allowance for credit losses have been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation of fair value of pooled separate accounts investments.

3. Information Certified by the Investment Custodian

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, the plan administrator has obtained certifications from the Custodian that the investments held by the Custodian (stated at contract value or fair value) together with all other transactions related to those investments, are complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

The following represents the certified data as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

December 31,	2021	2020
Pooled separate accounts	$ 25,609,642	$ 22,289,255
Guaranteed interest account	676,499	538,249

Year Ended December 31,	2021
Net appreciation in fair value of pooled separate accounts	$ 3,138,633
Interest income	6,093

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The Plan follows the standards related to fair value measurement for its investments recognized at fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The standard establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

The three levels of the fair value hierarchy as defined by the standard are as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2*: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description for the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2021 and 2020.

- *Pooled Separate Accounts*: These accounts are valued on a net unit basis as determined by Voya on the last business day of the plan year. The Plan follows Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") Per Share (or its Equivalent)* ("ASU 2015-07"), which removes the requirement to categorize and disclose investments for which fair value is measured using the NAV per share as the practical expedient within the fair value hierarchy. The pooled separate accounts are valued as a practical expedient. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged. The underlying investments held by each pooled separate account are traded on an active market. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions. These investments also allow for daily redemptions and redemption notices up to 5 business days. Furthermore, the underlying investments of these pooled separate accounts consist solely of mutual funds, each of which follows the investment strategies of those underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed Interest Account

The Plan has an investment in a guaranteed interest account offered by the Custodian. The Custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the Custodian. Contract value is equal to contributions received plus interest credited, less payments, withdrawals or transfers. The interest rate credited on the contract varies based on a formula determined by the Custodian, but will not be less than a guaranteed floor interest rate determined annually. The interest rate credited for 2021 and 2020 was 1.0%. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan Sponsor believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Custodian may not terminate the contract at any amount less than contract value.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statement of changes in net assets available for benefits are prepared on a contract value basis. The fair value of the Plan's interest in the contract is based on information reported by the issuer at year end. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

6. Plan Termination

Although it has not expressed any intent to terminate the Plan, the Plan Sponsor has a right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances and would be distributed in accordance with the plan document.

7. Income Tax Status

The Plan is based on a Non-Standardized Pre-Approved Profit Sharing Plan ("Profit Sharing Plan") sponsored by July Business Services, which received a favorable opinion letter from the IRS on June 30, 2020. The letter indicated that the form of the Profit Sharing Plan is acceptable for use by employers for the benefit of their employees. An adopting employer may generally rely on this letter as evidence that the Profit Sharing Plan is qualified under section 401(a) of the IRC. The Plan Sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires the plan administrator to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to and including 2018.

8. Parties-In-Interest

The Custodian receives contributions, manages the investments of the Plan, and makes payments to participants in accordance with the plan document. July Business Services is the third-party plan administrator and manages the operations of the Plan; therefore, the transactions between the Custodian and the third-party administrator qualify as party-in-interest. The Plan Sponsor has approved these transactions and functions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan to the Custodian and July Business Services for the investment and administrative services were $29,228 for the year ended December 31, 2021.

9. Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

10. Subsequent Events

The Plan has evaluated all subsequent events and transactions through October 3, 2022, the date the financial statements were available for issuance and has determined that no subsequent events have occurred which would require recognition in the financial statements or discourse in the notes to the financial statements.
