Independent Auditor's Report

To the Plan Administrator of
Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established by Wheeler Trigg O'Donnell LLP (the "Company" or "Employer") effective February 1, 1998 and most recent amended and restated for regulatory purposes on January 1, 2021. The Plan is a contributory, defined contribution 401(k) profit-sharing plan available to qualifying employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Administration of the Plan

The Company administers the Plan. Vanguard Fiduciary Trust Company ("Vanguard") serves as trustee and manages Plan assets and maintains the Plan's records. Individual accounts are invested in the various investment options at the direction of the participants. The Retirement Plan Committee determines the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible immediately upon hire. Leased employees and independent contractors are not eligible to participate in the Plan.

Contributions

Participants may make pre-tax or after-tax Roth contributions subject to certain Internal Revenue Code ("IRC") limitations. Employee contributions to the Plan are generally made through regular payroll deductions. The Plan also allows catch-up contributions for participants age 50 or over based on IRC limitations. Newly eligible participants are automatically enrolled at 5%, unless they elect not to participate or elect otherwise.

Rollover contributions from other qualified plans are also allowed if certain criteria are met.

The Employer makes a Safe Harbor non-elective employer contribution to all eligible employees equal to 3% of compensation.

The Employer may also make a discretionary profit-sharing contribution to each eligible employee equal to their compensation multiplied by the contribution percentage as determined by the Employer applicable to the participation group in which the participant is a member. The Plan provides for eight designated employee participation groups which establishes the amount of employer profit-sharing contributions as noted below:

- Group one - Individuals who have attained the age of 40 as of the last day of the Plan year and are partners or "of counsel" employees who were formerly partners;
- Group two - Partners who have attained the age of 36 but have not yet attained the age of 40 as of the last day of the Plan year;

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

- Group three - Partners who have not yet attained the age of 36 as of the last day of the Plan year;
- Group four - Attorneys who are designated by the Employer to be on track to become partners of the Employer;
- Group five - Attorneys who regularly practice in the Employer's New York office;
- Group six - Highly compensated employees who are attorneys who are not included in any other participation group;
- Group seven - All employees eligible to share in employer profit-sharing contributions who are not in another allocation group;
- Group eight - Senior Counsel and Counsel Emeritus.

The Plan made a discretionary profit-sharing contribution of approximately \$1.5 million for the year ended December 31, 2021.

The Employer may also make a discretionary matching contribution of up to 6% of compensation each year. The Employer did not make a discretionary matching contribution for the year ended December 31, 2021.

Participants' Accounts and Investment Options

Each participant's account is credited with the participant's pre-tax and Roth contributions, rollover contributions, catch-up contributions, the Employer's contributions and an allocation of net plan investment earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various investment options offered by the Plan, including a self-directed brokerage account option.

Notes Receivable from Participants

Participants may borrow from their account a maximum equal to the lesser of \$50,000 or 50% of their account balance. The maximum term of the loans is five years, unless used for the purchase of a residence, which may have a longer loan period. The loans are secured by the balances in the participants' accounts and bear interest at rates which are commensurate with local prevailing rates as determined on the date of issuance and are fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

Vesting and Forfeitures

Participants are immediately vested in their accounts. Any forfeited non-vested amounts, which can result from excess-contributions which are forfeited, may be used to reduce future Employer contributions or pay Plan expenses. For the year ended December 31, 2021, \$1,532 of forfeitures were used to reduce Employer contributions and no forfeitures were used to pay Plan expenses. The balance of forfeitures at December 31, 2021 and 2020 was de minimis.

Payment of Benefits

Upon death, attaining retirement (age 62), or termination of service, a participant may receive a lump-sum payment in the amount equal to the participant's vested account balance. Balances less than \$1,000 upon a distributable event are disbursed as a lump-sum payment.

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

The Plan allows participants to receive hardship withdrawals to satisfy certain immediate and heavy financial needs. Certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation (depreciation) in the fair value of investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Net earnings or losses from the investments in the self-directed brokerage accounts are shown as other income.

Contributions

Employee contributions and related employer contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation, and when the amounts are due to the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid to participants.

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

Administrative Expenses

The Employer has full discretionary authority to allocate to participants' accounts any reasonable plan expenses that are not paid by the Employer. For the year ended December 31, 2021, expenses of \$120,457 were paid by the Plan. Certain other investment management fees in the form of an expense ratio are net with earnings. All other expenses related to administering the Plan were paid by the Company, and are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' accounts will be distributed according to the Plan agreement and ERISA.

Concentrations, Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and participant accounts.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

At December 31, 2021 and 2020, there was one investment, which individually represented more than 10% of investments held. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

3. Information Certified by the Trustee

The Company has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments (excluding investment amounts held in the self-directed brokerage account) and notes receivable from participants as shown in the accompanying Statements of Net Assets Available for Plan Benefits;
- Interest earned on notes receivable from participants and net investment income, excluding other income, as shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits;
- Investment amounts, excluding amounts held in the self-directed brokerage account, included in the Notes to Financial Statements;
- Investment information in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2021, excluding the self-directed brokerage account.

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund or security. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: The Vanguard Retirement Savings Trust III (the "RS Trust") is a collective investment trust fund sponsored by Vanguard Fiduciary Trust Company. The RS Trust's objective is to protect principal while providing a higher rate of return than shorter maturity investments, however there is no assurance this objective can be met. The RS Trust is composed primarily of fully-benefit responsive investment contracts. The RS Trust is valued at the net asset

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

value of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. This investment is a direct filing entity.

Self-Directed Brokerage Accounts: These accounts are comprised of common stock, exchange traded funds, money market mutual funds, and registered investment companies. Common stock and exchange traded funds (ETFs) are valued at the published market price on an active market. Registered investment companies (mutual funds) and money market mutual funds are valued at the NAV that is quoted on an active market and is determined based on the fair value of the underlying assets at the end of each day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 71,549,296	\$ -	\$ -	\$71,549,296
Self-directed brokerage account	8,086,533	-	-	8,086,533
Total assets in the fair value hierarchy	\$ 79,635,829	\$ -	\$ -	\$79,635,829
Investments measured at net asset value (a)				1,153,917
Total investments at fair value				\$80,789,746

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 67,407,784	\$ -	\$ -	\$ 67,407,784
Self-directed brokerage account	7,334,522	-	-	7,334,522
Total assets in the fair value hierarchy	\$ 74,742,306	\$ -	\$ -	\$ 74,742,306
Investments measured at net asset value (a)				1,178,682
Total investments at fair value				\$ 75,920,988

- (a) In accordance with Subtopic ASC 820-10, certain investments that were measured at NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Wheeler Trigg O'Donnell LLP 401(k) Profit-Sharing Plan

Notes to Financial Statements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>As of December 31,</i>	<i>Investment Type</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
2021	Collective Investment Trust- RS Trust	\$1,153,917	None	Daily	12 months for full liquidation
2020	Collective Investment Trust- RS Trust	\$ 1,178,682	None	Daily	12 months for full liquidation

5. Income Taxes

The Plan has adopted a Vanguard prototype plan document. The prototype plan document received an IRS opinion letter dated February 21, 2019 that the form of the prototype plan, as then designed, was acceptable under Section 401 of the IRC and therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The Plan administrator believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan and related trust continue to be tax-exempt; therefore, no provision for income taxes have been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

Vanguard is the recordkeeper and trustee, as defined by the Plan. The Plan holds various investments in Vanguard mutual funds and a collective investment trust as offered as investment options of the Plan and also held within the self-directed brokerage account. Transactions with Vanguard funds qualify as party-in-interest. Fees of \$120,457 were paid to the recordkeeper and investment advisor out of Plan assets during 2021. Certain other investment management fees may be paid by the Plan in the form of an expense ratio and are shown net of earnings. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions are party-in-interest transactions which are exempt from the prohibited transaction rules.
