Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of International Brotherhood of Electrical Workers Local Unions Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Trustees, Plan Administrator, and Plan Participants
International Brotherhood of Electrical Workers
Local Unions Savings and Retirement Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of participant delinquent contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Trustees, Plan Administrator, and Plan Participants
International Brotherhood of Electrical Workers
Local Unions Savings and Retirement Plan

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of the International Brotherhood of Electrical Workers Local Unions Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a plan established by the Local Unions of the International Brotherhood of Electrical Workers (IBEW) on March 1, 1975 to provide for an opportunity for regular savings by pooling the contributions of a larger group of members in a joint trust where they will have the benefit of higher rates of return. This account would be available for the purchase of a supplementary retirement annuity, severance payment, or for other such purposes. Any member of a participating Local Union of the IBEW is eligible to participate or the designated beneficiary of an eligible participant shall become a participant upon the death of such participant.

Contributions

Participants in the Plan can make after-tax contributions through payroll deductions or a lump sum nonpayroll contribution in any amount. Beneficiaries of death benefits also have the option to keep the death benefit in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) Plan earnings (income less general operating expenses) and (b) less any withdrawals made. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. If a participant withdraws his total accumulation account, they cannot resume participation in the Plan for one year.

Vesting

All contributions made to the Plan are fully vested and nonforfeitable at all times.

Benefit Payments

On termination of participation, a participant may elect to either (a) receive a lump sum amount equal to the value of his or her accumulation account, (b) purchase a nontransferable annuity contract of the form and type obtainable from a legal reserve life insurance company if the amount exceeds \$3,500 or (c) receive installment payments of a specified level amount over a period not to exceed the participant's life or life expectancy. Death benefits are available to beneficiaries as a lump sum payment, or various annuity options.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the unallocated insurance contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Death Benefit Rollovers

For the years ended December 31, 2021 and 2020, beneficiaries of death benefits totaling \$838,733 and \$721,664, respectively, chose to retain their portion of the proceeds in the Plan. These amounts are not included in distributions or contributions on the statements of changes in net assets available for benefits.

Administrative Expenses

The Plan's recordkeeping, accounting, and investment management fees are paid by the Plan and are reported on the statements of changes in net assets available for benefits as administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2022, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Security Benefit Life Insurance Company, the insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2021.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Variable Annuity Account: The fair values of purchase units held in the variable annuity account of Security Benefit Life Insurance Company Variable Annuity Account XI are updated daily based upon the net asset value (NAV) reported for the contract and the underlying subaccounts of the contract. Security Benefit Life Insurance Company Variable Annuity Account XI separate account is comprised of numerous subaccounts which each invest in a single mutual fund. Participants direct their investments to certain of the underlying "subaccounts" of Security Benefit Life Insurance Company Variable Annuity Account XI available to them under the Plan. Each subaccount provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's NAV per unit.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021				
	Level 1	Level 2	Level 3	Total
Variable Annuity Account	\$ -	\$ 12,895,516	\$ -	\$ 12,895,516
2020				
	Level 1	Level 2	Level 3	Total
Variable Annuity Account	\$ -	\$ 11,227,540	\$ -	\$ 11,227,540

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Security Benefit Life Insurance Company (SBL). SBL maintains the contributions in a fixed and variable annuity account. The separate account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is set on a semiannual basis and reflects the performance of the fixed account assets. SBL reserves the right to reset the current interest rate more frequently. The guaranteed investment contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

**INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS
LOCAL UNIONS SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

This fixed account meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by SBL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of the Plan. In the event of such termination, the value of each participant's accumulation account shall be distributed in accordance with any of the methods described in the Plan.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS
LOCAL UNIONS SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 8 TAX STATUS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has not applied for tax-exempt status. Plan management is not aware of Plan activity that would be subject to taxation.

Plan management is also not compliant with certain requirements of ERISA and the Internal Revenue Code (IRC) related to updated Plan documents, Summary Plan Description, IRS determination letter, compliance testing, etc. The effects of the noncompliance is not determinable.

NOTE 9 RELATED PARTY (PARTY-IN-INTEREST) TRANSACTIONS

Certain Plan investments are managed by Security Benefit Life Insurance Company, the insurance company as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in administrative expenses on the statements of changes in net assets available for benefits. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Security Benefit Life Insurance Company Variable Annuity Account XI, as classified in the financial statements included herein did not file a Form 5500 for the direct filing entity, therefore, the underlying assets have been reported on Form 5500, Schedule H.

NOTE 11 NONEXEMPT TRANSACTIONS

During 2021, one local failed to remit employee deferral contributions for two payroll periods within the time frame prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC. The Local self-corrected the late remittances by depositing lost earnings into the Plan in 2021.
