Axel Johnson Inc. Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Axel Johnson Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and schedule of reportable transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedules, we evaluated whether the 2021 supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Axel Johnson Inc. Retirement Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Axel Johnson Inc. Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a noncontributory defined benefit pension plan. Effective December 31, 2003, accrued benefits were frozen. Prior to December 31, 2003, eligible employees of Axel Johnson Inc. (the "Company") became eligible to participate in the Plan as of the first month following one year of service. Individuals who were members of any collective bargaining unit that did not provide for participation of such employees in the Plan were excluded. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and is administered by the administrative committee of the Plan. All of the assets of the Plan are held by Wells Fargo Bank, NA (the "Trustee").

In April 2021, the Company sold its interest in Sprague Resources GP LLC ("Sprague"), a participating company in the Plan. Effective as of April 20, 2021, the Plan was amended so that Sprague ceased to be a participating company in the Plan and all Sprague participants who continue to be employed by Sprague after that date will not be entitled to commence distributions under the Plan until he or she terminates employment with Sprague.

Vesting

Prior to December 31, 2003, employees had to be credited with five years of service to be vested under the Plan. A year of service is any calendar year in which an employee is credited with 1,000 or more hours. Effective December 31, 2003, all participants were 100% vested in their accrued benefit. Non-vested benefits include subsidized early retirement, death and disability benefits that have not yet been accrued since the participant has not yet met the eligibility for such benefit.

Retirement Benefits

Plan benefits, regardless of when participants begin to receive them, are based on a formula using the participant's final average compensation (also known as final average pensionable earnings), credited service and Social Security-covered compensation prior to December 31, 2003. A participant's years of credited service (both before and after the Plan became frozen) and age determine when the participant qualifies for retirement benefits under the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting except for benefit payments, which are recorded when paid.

Investment Valuation and Income Recognition

Investments in highly liquid instruments (cash and short-term securities) with original maturities of three months or less are classified as cash equivalents.

Mutual funds are valued at the last reported quoted price on the last business day of the year. Mutual funds purchased or sold are recorded as of the trade date. Investments in the private investment funds and limited partnerships are carried at estimated fair value, which is determined by the aggregate estimated values of assets held by the fund as reported by the fund's manager (see Note 3).

Axel Johnson Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Interest income is recorded by the Plan as earned. Dividends are recorded by the Plan on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Administrative Expenses

Administrative expenses consist primarily of the Trustee, custodian and investment advisor fees, and Pension Benefit Guaranty Corporation ("PBGC") premium and are generally paid from the Plan assets.

Funding Policy

The Company's policy is to annually fund at least the minimum contribution required by ERISA as determined by actuarial computation utilizing the unit credit method. For the years ended December 31, 2021 and 2020, the Plan has satisfied the minimum funding requirements of ERISA.

On March 11, 2021, the American Rescue Plan Act of 2021 ("ARPA") was signed into law to provide funding relief for single employer pension plans. The Plan elected to implement the fresh start 15-year amortization provision in plan year 2020 and adopt the new stabilized segment rates for plan year 2021.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to employees or their beneficiaries in the event of retirement, death, disability or termination of employment.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The more significant actuarial assumptions used in the valuations as of December 31, 2020 and 2019 are as follows:

Discount rate	6.00% in 2020; 6.25 % in 2019
Mortality basis	2020: Pri-2012 Total Employee and Healthy Annuitant Mortality tables projected with Mortality Improvement Scale MP-2020; 2019: Pri-2012 Total Employee and Healthy Annuitant Mortality tables projected with Mortality Improvement Scale MP-2019.
Retirement age	55 - 70

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the accumulated plan benefits.

Axel Johnson Inc. Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

The table below sets forth the accumulated plan benefits as of December 31, 2020:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving benefit payments	\$ 61,801,991
Other participants	<u>32,851,737</u>
Total vested benefits	94,653,728
Non-vested benefits	<u>61,901</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 94,715,629</u></u>

The table below sets forth the changes in accumulated plan benefits for the year ended December 31, 2020:

Actuarial present value of accumulated plan benefits, beginning of year	\$ 94,103,809
Increase (decrease) during the year attributable to:	
Increase for interest due to decrease in discount period	5,684,051
Benefits accumulated (including the effect of non-investment experience) and other plan experience	(367,728)
Assumption changes	1,710,691
Benefits paid	<u>(6,415,194)</u>
Net increase	<u>611,820</u>
Actuarial present value of accumulated plan benefits, end of year	<u><u>\$ 94,715,629</u></u>

Retirement Benefits

In general, a participant must terminate employment with the Company before commencing his or her benefits. In general, if the cash value of the participant's vested annuity is \$5,000 or less, it can be paid in a single lump sum. However, if the cash value of the benefit is more than \$5,000, only an annuity benefit is payable.

Plan Termination

If the Plan is terminated, the funds held by the Trustee on behalf of the affected employees shall be allocated, subject to provisions for expenses of administration or liquidation, to provide the accrued benefits of members and retired and vested terminated employees based on their credited service to the date of termination of the Plan, in the manner and order specified in Section 4044 of ERISA.

After full satisfaction of all benefits to which members are entitled under the foregoing, any remaining balance shall revert to the Company, subject to the Internal Revenue Code ("IRC").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Axel Johnson Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Risks and Uncertainties

Investments held by the Plan are exposed to various risks, such as interest rate, market volatility and credit risk. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investments may occur in the near term and that changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The ongoing COVID-19 pandemic is having widespread, rapidly evolving, and unpredictable impacts on global society, economies, and financial markets, and business practices and there is substantial uncertainty in the nature and degree of its continued effects over time. The extent to which the COVID-19 pandemic impacts the Plan going forward will depend on numerous evolving factors which cannot be reliably predicted, and management is not able to estimate the impact the pandemic may have on the Plan's financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial assets and liabilities are required to be measured and reported on a fair value basis using the following three categories for classification and disclosure purposes:

- Level 1 - Measurements that are most observable and are based on quoted prices of identical instruments obtained from the principal markets in which they are traded. Closing prices are both readily available and representative of fair value. Market transactions occur with sufficient frequency and volume to assure liquidity;
- Level 2 - Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2; and
- Level 3 - Measurements that are least observable are estimated from significant unobservable inputs determined from sources with little or no market activity for comparable contracts or for positions with longer durations.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Common Trust and limited partnership funds - The Common Trust ("CCT") are investments in international equity securities, debt securities and hedge funds that invest in a variety of investments that are valued using quoted prices in markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Axel Johnson Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The CCT is carried at the estimated fair value, based on the Net Asset Value ("NAV") practical expedient, which is based on the fair value of the underlying assets held by the CCT. Unit values of the CCT is determined by dividing the funds' net assets at fair value by their units outstanding at the valuation dates.

The limited partnership funds are carried at their estimated fair value based on the NAV practical expedient as reported by the fund's manager. This is the value that the Plan would receive upon any redemption request or distribution and, as such, constitutes the exit price for the Plan. The Plan believes that the NAV or partnership interest, as provided by the fund manager, is the best indicator of fair value available. Some of these funds invest in illiquid investments whose value is derived from valuation models which the Plan is not privy to. Therefore, the Plan cannot independently value these assets. These investments are in hedge funds or limited partnerships, which report NAVs based on the aggregate estimated fair value of investments held by the funds in accordance with U.S. GAAP and have annual financial statements audited by independent accounting firms.

The methods described above may produce a fair value calculation that may not be reflective to future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value hierarchy has three levels based on the reliability of the inputs used to determine fair value. The following present the Plan's assets using the fair value hierarchy as of December 31:

- (c) This category consists of hedge funds that pursue multiple strategies to diversify risks and reduce volatility. The fair values of the investments in this category have been estimated using the NAV per share of the investments. Redemptions have been requested for \$0.7 million as of December 31, 2021. It is expected these redemptions will be received over the next year.
- (d) This category consists of hedge funds that pursue multiple strategies to diversify risks and reduce volatility. The fair values of the investments in this category have been estimated using the NAV per share of the investments or of the Plan's ownership interest in partners' capital. Most of these investments can never be redeemed with the fund. Distributions from the funds will be received as the underlying investments are liquidated. It is estimated the underlying assets of the fund generally will be liquidated over the next five to seven years.
- (e) This category consists of real estate funds that invest primarily in U.S. real estate. The fair values of the investments in this category have been estimated using the NAV of the Plan's ownership interest in partners' capital. These investments can never be redeemed with the funds. Distributions from the funds will be received as the underlying investments are liquidated. It is estimated that the underlying assets of the funds will be liquidated over the next five to seven years.

NOTE 4 - INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, NA, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments in money market fund and mutual funds, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Interest and dividend income and net appreciation in fair value of money market fund and mutual funds, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, except for investments in limited partnerships and common trust.
- Schedule H, line 4j - schedule of reportable transactions for the year ended December 31, 2021, except for the limited partnership reportable transactions.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Investments in limited partnerships and common trust and the related investment income are not certified by Wells Fargo Bank, NA (Note 5).

NOTE 6 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated November 14, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Axel Johnson Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's assets are invested in a cash mutual fund managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2021 financial statements for subsequent events through October 4, 2022, the date the financial statements were available to be issued.

In February 2022, Principal Financial Group completed the integration of Wells Fargo's trust and custody business and as a result, Principal Financial Group became the trustee and custodian of the Plan.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Prescribed Funding/PBGC Assumptions and Methods

The following assumptions and methods are prescribed by ERISA, as currently amended.

Funding and 2021 PBGC premium interest rates

For 2021 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.22%	4.75%
Second Segment Rate	3.38%	5.36%
Third Segment Rate	3.92%	6.11%
Effective Interest Rate	3.52%	5.54%

For 2020 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.79%	4.75%
Second Segment Rate	3.92%	5.50%
Third Segment Rate	4.38%	6.27%
Effective Interest Rate	4.03%	5.69%

* Used for maximum tax-deduction, ERISA 4010 reporting and, for 2021 only, PBGC premium purposes.

** Used for minimum funding and benefit restriction purposes.

Mortality

Mortality tables mandated by current legislation as specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2019-67, applied on a static basis.

Actuarial cost method

The Funding Target is the present value of accrued benefits based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan administrative and expenses to be paid from plan assets during the year.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Non-Prescribed Funding Assumptions and Methods

The following assumptions were selected by the plan's enrolled actuary and demographic rates are monitored annually by decrement for gain/loss. The asset valuation method was selected by the plan sponsor and is an acceptable method under PPA.

Expenses

Expected plan expenses of \$1,350,000 were added to the Target Normal Cost. Expected expenses include administrative expenses, investment management expenses, and the estimated PBGC premium.

Frequency of optional payment forms

Form	Rate
Life annuity	40%
Joint and 50% survivor	30%

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Non-Prescribed Funding Assumptions and Methods (continued)

Asset valuation method

The Valuation Assets are determined using a method that spreads asset gains/(losses) over two years. The gain/(loss) for each period is determined as the actual return during the period less the expected return based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The actuary's expected rate of return was selected after a review of an analysis performed by the plan's investment consultant, which was based on the plan's asset allocation and forward-looking expected rates of return by asset category. The resulting value is constrained to be within a corridor of 90% to 110% of market value. The discounted value of accrued contributions, if any, is included in the Valuation Assets.

	Actuary's Assumption	Third Segment Rate	Reflecting PPA Limit
2021 Expected Return	6.00%	6.11%	6.00%
2020 Expected Return	6.25%	6.27%	6.25%
2019 Expected Return	7.25%	6.11%	6.11%

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the economic and demographic assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report.

Summary of Changes from the January 1, 2020 Valuation

- The current year interest rate basis was updated as specified in IRS Regulation 1.430(h)(2)-1. These rates are constrained in accordance with relevant legislation.
- The mortality assumption was updated according to the projections specified in in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2019-67, applied on a static basis.
- The rate of return assumption was decreased from 6.25% to 6.00%. The impact will be first realized beginning with the 2022 valuation.
- These prescribed changes decreased the plan's funding target by approximately \$2.2 million.

EIN/PN: 06-1600707 / 001

Schedule SB, Part V – Summary of Plan Provisions (continued)

Accrued benefit

Using average compensation and Social Security covered compensation as of date of termination:

1.1% of average compensation plus 0.4% of average compensation in excess of Social Security covered compensation, the sum of which is multiplied by the lesser of 35 years and service at the date of determination, plus 1.1% of average compensation multiplied by service at the date of determination in excess of 35 years, up to 5 years. All benefit accruals were frozen as of December 31, 2003.

Normal monthly retirement benefit

Monthly accrued benefit as of normal retirement date.

Early monthly retirement benefit

Monthly accrued benefit as of early retirement date, reduced by 5% for each year by which the early retirement date precedes age 62.

Delayed monthly retirement benefit

Monthly accrued benefit as of actual retirement date, crediting service and compensation through delayed retirement date. All benefit accruals were frozen as of December 31, 2003.

Deferred monthly retirement benefit for termination prior to retirement

Monthly accrued benefit as of date of termination, multiplied by the applicable vesting percentage. Benefits that commence prior to age 65 are reduced by 6% for each year by which commencement precedes age 65, but not before age 55. For former ITI Ball Hourly or ITI Bearing Hourly employees, age 65 benefits are reduced by 1/180 for each month that commencement precedes age 65, but not before age 60.

Surviving spouse monthly death benefit

For active participants with 10 or more years of credited service, and have attained age 50, or have attained age 60: 50% of accrued benefit as of date of death of participant, commencing immediately and continuing for the remaining lifetime of the surviving spouse.

For all other vested participants not yet receiving benefits: 50% of the accrued benefit, actuarially adjusted for the joint and 50% survivor payment form and early commencement, if applicable, payable commencing on the earliest date the participant could have retired, to the surviving spouse and continuing for the remaining lifetime of the surviving spouse.

Postretirement death benefit

\$5,000 to a former Bearing Salaried or Ball Salaried employee who retired from active service. \$2,000 to a former ITI Bearing Hourly employee who retired from active service.

Disability benefit

Monthly accrued benefit with service calculated as of later of normal retirement date or date long-term disability benefits cease (assuming continued employment) and final average salary calculated as of date of termination. Payable commencing at later of normal retirement date or date long-term disability benefits cease. At December 31, 2003 all benefits were frozen.

Optional Forms of Benefit

All groups other than former participants in the Industrial Tectonics, Inc. Bearing Division Hourly Employees Retirement Income Plan have the following annuity options.

- (1) 100% joint and survivor annuity.
- (2) 75% joint and survivor annuity.
- (3) 50% joint and survivor annuity (normal form of benefit for married participants).
- (4) 10 years certain and life annuity.
- (5) Straight life annuity (normal form of benefit for unmarried participants).
- (6) Level income option.

Former participants in the Industrial Tectonics, Inc. Bearing Division Hourly Employees Retirement Income Plan have only the life and 50% Joint & Survivor annuity options

Actuarial Equivalence

Optional forms of benefits are converted from the life annuity according to factors set forth in the plan document. Representative factors are as follows:

If the Contingent Annuitant is the Participant's Spouse:			
Spouse Age Relative to Participant's Age	50% Joint and Survivor	75% Joint and Survivor	100% Joint and Survivor
More than 15 years younger	.880	.830	.786
10 to 15 years younger	.890	.844	.802
5 to 10 years younger	.910	.871	.835
5 years younger to 5 years older	.930	.899	.870
5 to 10 years older	.950	.927	.905
10 to 15 years older	.960	.942	.924
More than 15 years older	.970	.956	.942

If the Contingent Annuitant is Not the Participant's Spouse:		
Form of Payment	Reduction Factor	Adjustment Factor for Each Year Contingent Annuitant is Younger/(Older) Than Participant
50% Joint and Survivor	.900	-.0050/.0050
75% Joint and Survivor	.850	-.0075/.0075
100% Joint and Survivor	.800	-.0100/.0100

Conversion Factor for 10-Year Certain and Life Option is 0.93.

The Level Income Option benefit is converted actuarially based on assumptions provided by Section 417(e).

Former participants in the Industrial Tectonics, Inc. Bearing Division Hourly Employees Retirement Income Plan have only the life and 50% Joint & Survivor annuity options, with the conversion factors determined by multiplying the benefit the Employee otherwise would be entitled to receive under the normal form of benefit by 90% if the Employee's and Spouse's age are the same, and increased by one-half of one percent (up to a maximum of 100%) for each 12 months that the Spouse's age exceeds the Employee's age, and decreased by one-half of one percent for each 12 months that the Spouse's age is less than the Employee's age.
