Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Klarquist Sparkman, LLP 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution"). Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

YEAR ENDED DECEMBER 31, 2021

1. Description of Plan

The following description of the Klarquist Sparkman, LLP 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Klarquist Sparkman, LLP (the "Plan Sponsor"), Ryan A Heck, P.C., Kyle B. Rinehart, P.C. and J. Christopher Carraway, P.C. (collectively "the Company") who have 60 days of service, are age 21 or older and are not in an excluded employee group. The following employee groups are not covered under the Plan: union employees; leased employees; nonresident aliens with no U.S. source income; and independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's management committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Plan amendment and restatement

During 2021, the Plan was amended and restated effective March 2, 2021, to change the vesting for employer contributions to vest upon deposit. The amendment did not have a material effect on the presentation or disclosure in the 2021 or 2020 financial statements.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act allowed retirement plans to provide participants who are impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. The Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions, an increase in Plan loan amounts, deferral of loan payments and waiver of 2020 required minimum distributions. Written amendments to the Plan to reflect these operational changes have been adopted in 2021, in accordance with applicable law and regulatory guidance.

The following descriptions reflect the Plan as amended and restated.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

The Company makes a non-elective Safe Harbor contribution equal to 3% of each participant's eligible compensation for the Plan year. In addition, the Company may make discretionary profit sharing contributions which are allocated based on the ratio of eligible participants' compensation to their employee allocation group. Employee allocation groups are determined based on employee category and years of service. In order to be eligible for employer non-elective Safe Harbor or discretionary profit sharing contributions, participants must complete one year and 1,000 hours of service. In addition, participants must be employed on the last

Contributions (continued)

day of the Plan year to receive discretionary profit sharing contributions that are not funded during the Plan year. For the year ended December 31, 2021, the Company contributed approximately \$1,916,000 and \$622,000 in discretionary profit sharing and non-elective Safe Harbor contributions.

For the Plan year ended December 31, 2021, the Company failed the top-heavy test and was considered a top-heavy Plan. The Company remitted 2021 top-heavy contributions in the amount of \$53,882 on August 22, 2022.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Employer contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the respective participant's account during the prior twelve months or 50% of their vested account balances. As a result of the CARES Act, the maximum size of loans issued between March 27, 2020 and September 22, 2020 increased to the lesser of \$100,000 or 100% of the participants' vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 4.25% and 6.50%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, participants may elect to receive either a lump sum amount equal to the value of the participants' vested interest in their accounts or annual installments. For terminations of service for other reasons, participants may receive the value of the vested interest in their accounts as lump sum distributions.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

YEAR ENDED DECEMBER 31, 2021

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment, based on the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 26, 2022, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

YEAR ENDED DECEMBER 31, 2021

4. Fair value measurements (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020:

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of investments in registered investment companies and publicly traded common stocks that are deemed to be actively traded and are valued on the basis of readily determinable market prices.

Common/collective trust fund: A stable value fund, composed primarily of fully benefit-responsive investment contracts, valued at the NAV of units of a collective trust. The NAV, as provided by Fidelity Management Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2021, there were no unfunded commitments nor were there any restrictions on payments or redemptions.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair value measurements (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at fair value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 53,131,835			\$ 53,131,835
Self-directed brokerage accounts	6,629,028			6,629,028
	59,760,863			59,760,863
Investments measured at net asset value				6,488,777
Total investments at fair value	\$ 59,760,863	\$ -0-	\$ -0-	\$ 66,249,640

	Investments at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 43,011,464			\$ 43,011,464
Self-directed brokerage accounts	5,817,248			5,817,248
	48,828,712			48,828,712
Investments measured at net asset value				6,560,603
Total investments at fair value	\$ 48,828,712	\$ -0-	\$ -0-	\$ 55,389,315

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Party-in-interest transactions

Certain Plan investments are shares in registered investment companies and self-directed brokerage accounts managed by Fidelity Management Trust Company. Purchases, sales and related fees incurred qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than direct payment. Fees paid by the Plan for the administrative or investment management services that were not paid through revenue sharing amounted to approximately \$26,000 for the year ended December 31, 2021. The Company pays directly any other fees related to the Plan's operations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer discretionary profit sharing contributions and top heavy contributions.

YEAR ENDED DECEMBER 31, 2021

7. Tax status

The Plan operates under a volume submitter plan. The volume submitter plan is designed to be qualified and exempt from income taxes under Sections 401(a), 401(k) and 501(a) of the IRC. The volume submitter plan obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The volume submitter plan has been amended and restated since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 68,869,590	\$ 57,719,801
Deemed loan distributions	(5,304)	(5,304)
Interest accrued on deemed loan distributions	(2,856)	(2,518)
Net assets available for benefits per Form 5500	\$ 68,861,430	\$ 57,711,979

The following is a reconciliation of changes in net assets per the financial statements at December 31, 2021 to Form 5500:

	2021
Change in net assets per the financial statements	\$ 11,149,789
Interest accrued on deemed loan distributions	(338)
Change in net assets per Form 5500	\$ 11,149,451

YEAR ENDED DECEMBER 31, 2021

10. Delinquent participant contribution

Certain employee contributions were not remitted to the Plan within the time frame specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company. The Company expects corrective measures to be acceptable to the Department of Labor and does not believe the Plan is at risk for disqualification.
