Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: KKDLY, LLC

(2) EIN: 99-0292355

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Independent Auditors' Report

The Board of Trustees
American Marine Services Group 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the American Marine Services Group 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to financial statements - modified cash basis (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) - modified cash basis as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN MARINE SERVICES GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

(1) Description of Plan

The following description of the American Marine Services Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of American Workboats, Inc., American Marine Corporation, Pacific Environmental Corporation, and American Hyperbaric Centers (collectively the Company), who have completed a year of service (at least 1,000 hours) and are age 18 or older. Employees covered by collective bargaining agreements, except for employees of the Seafarers International Union (SIU), are excluded from participation in the Plan. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective as of December 31, 2019, the Plan was amended to reflect American Hyperbaric Centers ceasing participation in the Plan.

Administration of Plan Assets

The Company appointed a plan administrator to manage the operations and administration of the Plan. The Board of Trustees is responsible for oversight of the Plan. Transamerica Financial Life Insurance Company, Inc. (Transamerica) acts as the custodian and an affiliate of Transamerica acts as the third-party administrator to process and maintain the participant data records.

COVID-19

Beginning in the first quarter of 2020, many countries experienced an outbreak of the novel strain of coronavirus (COVID-19). The COVID-19 pandemic has adversely affected the global economy by, among other things, reducing air travel demand to historically low levels, disrupting supply chains and operations, increasing unemployment levels, and causing indirectly significant volatility in financial markets. The extent of the impact of the COVID-19 pandemic on the economy, the Company, and on the Plan is uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. Plan management adopted certain relief provisions included in the CARES Act as discussed further below. These adopted provisions were temporary and expired on December 31, 2020.

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Contributions

Each year, participants may contribute up to a specified percentage of their annual eligible pre-tax or Roth after-tax compensation, as defined in the Plan, up to a maximum allowable under the IRC, which was \$19,500 in 2021. Employees becoming participants after January 1, 2017 are automatically enrolled in the Plan upon eligibility and contribute 6% of their eligible pre-tax compensation for each payroll period with no escalation requirements, unless directed otherwise. The automatic enrollment provisions do not apply to employees who became participants prior to the January 1, 2017 effective date. Additionally, participants who attain age 50 before the close of the year are allowed to make additional pre-tax catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations, which amounted to \$6,500 in 2021.

Participants are allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with each participant's direction and the Plan's provisions.

The Company may make discretionary employer matching contributions at a percentage or dollar amount determined by the Company on a uniform basis for all participants. The Company could also make a discretionary profit sharing contribution to the Plan, which is allocated based on a non-integrated allocation formula as defined by the Plan. To be eligible for the Company discretionary profit sharing contribution, participants must have completed a year of service as defined in the plan agreement and be employed on the last date of the Plan year. The Company did not make discretionary employer matching contributions or discretionary profit sharing contributions for the years ended December 31, 2021 and 2020.

Effective January 1, 2020, the Company makes safe harbor matching contributions of up to 3% of the participant's compensation, plus 50% of the participant's elective deferrals, not to exceed 5% of the participant's compensation. The Company made safe harbor matching contributions of \$268,172 for the year ended December 31, 2021 in January 2022.

The Company also makes fixed dollar profit sharing contributions. To be eligible for the fixed dollar profit sharing contributions, a participant must be a member of the SIU. Contributions are subject to certain limitations. The Company made fixed dollar profit sharing contributions of \$49,984 for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary employer and safe harbor matching contributions, and fixed dollar profit sharing contributions, if any, and allocations of (a) the Company's discretionary profit sharing contribution, if any, and (b) plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings or losses thereon. Participants become 100% vested in discretionary employer matching and profit sharing contributions plus earnings or losses thereon in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Upon termination of service due to retirement, disability, or death, or any other reason, a participant or beneficiary can elect to receive his or her total benefits in (a) a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or (b) installments. Upon separation from service, the Plan requires the automatic distribution of participant account balances that do not exceed \$5,000 if a participant fails to elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution directly. Additionally, under certain circumstances, a participant is allowed to withdraw funds from the Plan while still employed.

Under the CARES Act, management adopted provisions that provided for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions. A participant was permitted to take a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g., severance from employment, disability, or attainment of age 59½). Under the adopted provision, the 10% additional federal tax on early distributions did not apply to any coronavirus-related distribution.

Notes Receivable from Participants

Participants can borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rates of notes receivable from participants at December 31, 2021 range from 4.25% to 7.75%. Loan repayments are generally made ratably through payroll deductions over a period not to exceed five years, unless loans are used to purchase a primary residence in which case the plan administrator could permit a longer repayment term of up to 30 years. Participants are allowed to have only one loan outstanding at a time.

AMERICAN MARINE SERVICES GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Under the CARES Act, management adopted provisions which increased loan limits to the lesser of \$100,000 or 100% of the participant's vested account balance, increased the number of loans outstanding by one, and allowed loan repayments for both new and existing loans to be deferred through December 31, 2020. During this deferment period, the loan continued to accrue interest on the outstanding balance.

Forfeitures

Forfeiture account balances may first be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions, including qualified nonelective contributions, qualified matching contributions, and safe harbor contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$0 and \$16,640, respectively. During the year ended December 31, 2021, forfeitures of \$24,867 were used to reduce plan expenses.

Administrative Expenses

All reasonable administrative costs and expenses will be paid from plan assets, unless some or all are paid by the Company. Administrative expenses charged directly to the respective participants' accounts during the year ended December 31, 2021 totaled \$41,260 and generally included loan fees, distribution fees, contract asset charges, and overnight check fees. Forfeitures were used to pay professional fees amounting to \$24,867 during the year ended December 31, 2021. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become fully vested in their accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, income (other than net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants) is recognized when received, rather than when earned and expenses are recognized when paid rather than when the obligation is incurred.

AMERICAN MARINE SERVICES GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Board of Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, other than interest income on notes receivable from participants, and dividends are recorded when received.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

(3) Information Certified by Transamerica

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31:	2021	2020
Investments at fair value	\$ 10,044,724	\$ 8,543,875
Investment at contract value	1,426,170	1,851,686
Notes receivable from participants	171,812	190,574

Year Ended December 31:	2021
Net appreciation in fair value of investments	\$ 1,279,779
Interest and dividends	12,728
Interest income on notes receivable from participants	9,278

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

AMERICAN MARINE SERVICES GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled separate accounts. These investments are valued using the net asset value (NAV) of units held by the Plan at year end as provided by the insurance company. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments or redemption restrictions.

The preceding measurement described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

The following tables set forth the Plan's investments at fair value as of December 31, 2021 and 2020.

^[a] Certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

(5) Insurance Company General Account – Stable Value Fund

Transamerica offers a stable value fund that the participant may elect to transfer all or part of its funds. The stable value fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Transamerica, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses, a measurement, which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was \$1,426,170 and \$1,851,686, respectively. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. The Transamerica Stable Value Option is not a separate account investment choice; it is an investment in Transamerica's general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

AMERICAN MARINE SERVICES GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

The average yield of the stable value fund was 0.75% and 0.80% for the years ended December 31, 2021 and 2020, respectively.

Certain events may limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator is not aware of any events, which would limit the Plan's ability to transact at contract value with participants that are probable of occurring.

(6) Party-In-Interest Transactions

All plan investments represent units of pooled separate accounts and a general account managed by Transamerica and therefore these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against investment income in the accompanying statement of changes in net assets available for benefits - modified cash basis.

(7) Tax Status

The Plan is based on the volume submitter profit sharing plan with CODA sponsored by Transamerica Retirement Solutions, an affiliate of the custodian. The Internal Revenue Service (IRS) informed Transamerica Retirement Solutions by a letter dated March 31, 2014, that the volume submitter profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter and has subsequently been amended; however, in the opinion of the plan administrator, the Plan is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
