INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
Alliance Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Alliance Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Alliance Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alliance Group Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alliance Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule: Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

1. Description of Plan

The following description of the Alliance Group Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees, with the exclusion of Union employees and Nonresident aliens of The Alliance Group (hereafter referred to as the “Company”) and the employer organizations who have adopted the Plan (see “Participating Employer” as described below), who have met the eligibility requirements established by their respective Participating Employer. Entry dates are the first day of the Plan year quarter. The Plan was established on April 1, 2001 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan is a “multiple employer” plan as described in Section 413(c) of the Internal Revenue Code (the “Code”). The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resource services to its clients. Each client of the Company has the option of adopting this plan for the benefit of its employees. A client that adopts this plan is known as a “Participating Employer”. Each Participating Employer establishes its eligibility requirements relating to age and length of service for its employees in accordance with the provisions of the Plan and the Code.

A client that does not adopt this plan may adopt its own retirement plan. Any client adopting its own retirement plan is subject to its plan’s regulations and not those of this Plan. Therefore, their plan information is not included in these financial statements.

Contributions

Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals up to the dollar limit set by law and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan does not include auto-enrollment provisions. Eligible employees must enroll if they wish to participate in the Plan.

The Company and each participating employer may elect to make matching, safe harbor, profit sharing, or other discretionary contributions to the Plan.

Participant and Company contributions are invested as directed by the participant.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

1. Description of Plan (continued...)

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the plan may be allocated to participant accounts or distributed in such a manner as the Company may determine.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's or the participating employer's, matching and discretionary contributions, as well as allocations of Plan earnings and expenses. Plan expenses are allocated pro rata to all participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company or Participating Employer's Safe Harbor contributions plus actual earnings on the contributions. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after meeting the service requirement established by the participating employer not to exceed the ERISA maximum of 6 years or attaining the retirement age of 65, or upon death or disability.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate shall be the Prime Lending Rate plus 1% determined as of the date of the loan request or such other rate of interest as would be commercially reasonable. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements

1. Description of Plan (continued...)

Payment of benefits

On termination of service, death, disability or retirement, a participant, or their beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals may be taken after attaining age 59-1/2. Hardship withdrawals are allowed.

Forfeited accounts

In the event that funds are forfeited, those forfeitures may be used to pay plan administrative expenses and/or used to reduce the Company's or the Participating Employers' matching or discretionary contributions. Forfeited account balances were \$29,360 and \$13,000 as of December 31, 2021, and 2020, respectively.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America which require Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. The fair value of these investments is determined using the net asset value of the underlying securities in the fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021, or 2020. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees charged directly to the participant's account are included in administrative expenses. Fund investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated events and transactions that occurred between December 31, 2021, and September 29, 2022, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

3. Information Certified by the Plan Custodian

The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on a participant's risk tolerance. The fair and contract value of investments as of December 31, 2021, and 2020, and all investment transactions for the year ended December 31, 2021, including interest and dividends and net appreciation in fair values are reported to the Plan and certified as complete and accurate by the Plan's custodian, John Hancock Life Insurance Company.

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Plan's custodian, except for comparing such certified information with information included in the plan's financial statements and supplemental Schedule H, line 4i — Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

4. Fair Value Measurements (continued...)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts. Investments in pooled separate accounts are valued using the unadjusted NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. Pooled separate accounts are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal Financial Group. While the majority of the underlying assets values are based on quoted prices, NAV of the pooled separate accounts are not publicly quoted.

Collective Trust Funds: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner as discussed below.

John Hancock Stable Value Fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

4. Fair Value Measurements (continued...)

The fair value of the Plan's participant-directed investments as of December 31, 2021, and 2020 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>12/31/2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accts	34,569,690	-		34,569,690
Total assets in the fair value hierarchy	34,569,690	-	-	34,569,690
Investments measured at net asset value*				497,251
Investments at fair value	34,569,690	-	-	35,066,941

<u>12/31/2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	-	29,834,504		29,834,504
Total assets in the fair value hierarchy	-	29,834,504	-	29,834,504
Investments measured at net asset value*				1,287,426
Investments at fair value	-	29,834,504	-	31,121,930

The Plan uses NAV to determine the fair value of investments which (a) do not have readily determinable fair value and (b) prepare the financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021.

<u>Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
John Hancock Stable Value Fund	497,251	N/A	Daily	N/A

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

5. Investments Recorded at Contract Value

The Plan did not hold any investments recorded at contract value as of December 31, 2021 and 2020.

6. Rollover Contributions

The Plan may accept a "rollover," provided the "rollover" will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Employer. The amounts rolled over shall be separately accounted for in a "Participant's Rollover Account." For purposes of this Section, the term Participant shall include any Eligible Employee who is not yet a Participant, if, pursuant to the Adoption Agreement, "rollovers" are permitted to be accepted from Eligible Employees.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company, the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 2021, fees were also paid to Benefit Plans Inc, Wealthplan Partners LLC, Wealth Plan Investment Mgt LLC, and Skibbie CPA Inc. for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

8. Tax Status

The Alliance Group Retirement Plan received a “favorable” determination letter from the Internal Revenue Service on April 3, 2009 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

ALLIANCE GROUP RETIREMENT PLAN

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Company, its performance, and its financial results. The COVID 19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact and the duration of COVID 19 is difficult to assess or predict.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of December 31, 2021 and 2020 or for the year ended December 31, 2021.
