Independent Auditor's Report

To the Plan Administrator
Sheridan Production Operating Company, LLC 401(k) Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Sheridan Production Operating Company, LLC 401(k) Savings Plan (formerly, Sheridan Production Company, LLC 401(k) Savings Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of Sheridan Production Operating Company, LLC 401(k) Savings Plan (formerly, Sheridan Production Company, LLC 401(k) Savings Plan) (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution, voluntary employee savings plan qualified under Section 401(a) of the Internal Revenue Code (the “Code”). All employees, except leased employees and interns, of Sheridan Production Operating Company, LLC (formerly Sheridan Production Company, LLC) (the “Company” or “Employer” or “Plan Sponsor”) are entitled to participate in the Plan. The Plan is for the exclusive benefit of the participants and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

Fidelity Management Trust Company (“Fidelity” or “Trustee”) is the trustee of the Plan and acts as the investment custodian for the Plan’s participant-directed accounts. The recordkeeper of the Plan is Fidelity Workplace Service LLC.

Contributions

Immediately upon their date of hire, participants may elect to contribute up to 60% of their compensation to the Plan, limited by Internal Revenue Service (“IRS”) regulations. Effective January 1, 2021, participants are automatically enrolled in the Plan 35 days after their hire date at 2% with an annual increase of 1% until a deferral rate of 4% is reached, unless they elect otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company matches 100% of the first 6% of participant contributions annually. The Company may also make additional optional contributions at its discretion. For the year ended December 31, 2021, the Company made discretionary contributions totaling \$276,742. All contributions are participant-directed into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on the participant’s compensation or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon.

Sheridan Production Operating Company, LLC

401(k) Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow money from the vested value of their account with a minimum loan of \$1,000 and a maximum loan of the lower of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on or the before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) 50% of the participant's vested account balance. The loan repayment terms are up to five years unless the loan is used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan's administrator. The interest rate on outstanding notes as of December 31, 2021 was from of 3.50% to 6.50%.

Payment of Benefits

Upon retirement at age 59½, or in the event of death or disability, a participant is eligible to receive a lump-sum amount or equal installment payments of the participant's account. In the event of termination of employment with the Company for any other reason, the participant is entitled to the balance in their account.

Subject to Code limitations, participants may make hardship withdrawals from a portion of their participant accounts to pay for an immediate and heavy financial need.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions and related employer contributions are recognized in the plan year during which the Company makes the respective payroll deductions from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Sheridan Production Operating Company, LLC

401(k) Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded as a deduction to net assets available for benefits when paid.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Dividends are recorded on the ex-dividend date and interest is accrued as earned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

Administrative Expenses

Certain administrative fees and expenses are paid by the Plan. The Employer may, at its discretion, pay other administrative fees and expenses related to the Plan. Fees related to the administration of notes receivables and distributions to participants and other participant-directed expenses are charged directly to the participant's account balance and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the Master Services Agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to participant accounts. For the year ended December 31, 2021, the excess amount deposited into the participants' accounts was \$62,246 and the revenue credit used to pay for the Plan's expenses totaled \$71,572.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) is complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Investment income, revenue sharing and interest earned on notes receivable from participants as reported in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2021;
- Investment information included in the Notes to Financial Statements;

Sheridan Production Operating Company, LLC

401(k) Savings Plan

Notes to Financial Statements

- All investment information included in the Supplemental Schedule of Assets (Held at End of Year) - As of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability; and
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Sheridan Production Operating Company, LLC

401(k) Savings Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during December 31, 2021 and 2020.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded;
- *Common Collective Trust ("CCT"):* Units held in the CCT are valued at the net asset value ("NAV") based on fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The CCT invests in stable value products, including traditional guaranteed investment contracts ("GICs"), synthetic GICs, separate account GICs and money market instruments;
- *Self-Directed Brokerage Accounts:* The Plan allows participants to self-direct their funds into a wide range of investment options available through self-directed brokerage accounts. The Plan's self-directed brokerage accounts consist of interest-bearing cash, non-interest-bearing cash, common stock, and mutual funds. These investments are valued at their carrying values which approximate fair value, or the closing prices reported on the active market on which the individual securities and funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$36,026,024	\$ -	\$ -	\$ 36,026,024

Notes to Financial Statements

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
December 31, 2021				
Common collective trust fund	\$ 3,059,009	N/A	Daily	Daily
December 31, 2020				
Common collective trust fund	\$ 3,671,814	N/A	Daily	Daily

5. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the plan agreement to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will remain 100% vested in their accounts.

6. Tax Status

The Plan is a Volume Submitter Profit Sharing Plan sponsored by Fidelity Management & Research Co, as adopted by the Employer. The Volume Submitter Profit Sharing Plan obtained its latest Advisory Letter on June 30, 2020, in which the IRS stated that the form of the Plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Plan has not requested its own determination letter. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter to comply with IRS guidelines and other requirements. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. No provision for income taxes, therefore, has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Sheridan Production Operating Company, LLC

401(k) Savings Plan

Notes to Financial Statements

7. Related-Party Transactions

Fidelity is trustee of the Plan's investments as well as record keeper and engages in certain transactions that qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions. Notes receivable from participants also qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee, record keeper, and other service providers amounted to \$76,810 for the year ended December 31, 2021. All of these transactions are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan provides for various investments in mutual funds and a common collective trust. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of December 31, 2021 and 2020, there were three and five investments held, respectively, which individually accounted for more than 10 percent of net assets available for benefits. See the Supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

9. Subsequent Events

The Plan has evaluated all events and transactions subsequent to the statement of net assets available for benefits through October 4, 2022, the date which the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
