REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Isagenix International LLC 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Isagenix International LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of schedule H, line 4(i) – schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or

is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Isagenix International LLC 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document, which is available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Isagenix International LLC 401(k) Profit Sharing Plan and Trust (the "Plan") is a defined contribution plan covering substantially all employees of Isagenix Worldwide, LLC (the "Company" or "Plan Sponsor"). The Company is the Plan administrator. Fidelity Management Trust Company ("Fidelity") is the Trustee of the Plan. Fidelity Workforce Services LLC is the recordkeeper and third-party administrator. The Board of Managers is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan was established effective January 1, 2004, in accordance with the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees of the Company who have attained age 18 and are not covered by a collective bargaining agreement, a leased employee or a nonresident alien are immediately eligible to participate in the Plan through deferred contributions.

Employees of the Company who do not voluntarily elect to enroll in the employee deferred contributions portion of the Plan are automatically enrolled in the employee deferred contributions portion of the Plan with a deferred amount equal to 4% of the employee's compensation. If an employee does not want to be automatically enrolled in the employee deferred contributions portion of the Plan, the employee must affirmatively elect not to participate. If the employee is contributing less than 10% of their annual compensation, the contribution will automatically increase each year on January 2nd until a contribution of 10% of annual compensation is reached.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum allowed under the Code. The maximum contribution allowed for 2021 and 2020 was \$19,500. The Company determined that effective for the 2021 Plan year, the employer would match 100% of participant contributions up to 4% of an employee's compensation after three months of eligible service. All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the calendar year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code. The maximum catch-up contribution for 2021 and 2020 was \$6,500.

Rollover Contributions

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. An aggregate of \$285,001 was rolled into the Plan during the year ended December 31, 2021 and is included in rollovers on the Statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and Plan earnings, and (b) charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant compensation or account balance as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the balance in their account into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles.

Vesting

Participants are immediately 100% vested in their participant account, including employer matching contributions, and actual earnings thereon.

Benefits and Withdrawals

Benefits are available to Plan participants upon reaching retirement age (65), death or after termination of service for any other reason. The participant's account shall be available to be distributed in a single lump-sum payment or in installments, as defined by the Plan.

Participant contributions to the Plan may be withdrawn upon approval by the Plan Administrator in cases in which a participant has suffered a financial hardship.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed a maximum of one loan outstanding at any given time. The loan terms require that repayment of principal and interest be amortized in equal payments, not less frequently than quarterly, over a period not to extend beyond five years unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the balance in the participant's account. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on outstanding loans at December 31, 2021 range from 4.25% to 6.50% with various maturity dates through July 2031.

Forfeited Accounts

Any employer contributions in excess of allowable limits are retained within the Plan as forfeitures. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,333 and \$6,899, respectively. Forfeitures can be used to reduce future employer contributions. During 2021, no forfeitures were used to reduce employer contributions.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain benefit plan provisions of the March 2020 Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act includes funding relief for defined benefit plan sponsors, distribution and Plan loan changes for participants and beneficiaries, and delay of minimum required distributions otherwise required in 2020.

Isagenix International LLC 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The following provisions of the CARES Act were implemented:

- Added an in-service withdrawal option for “coronavirus-related distributions” of up to \$100,000. Participants may repay all or a portion of distributions within three years, and repayments will not count toward annual contribution limits. Distributions under this option will not have tax withheld and for those under 59½ will not be subject to a 10% early withdrawal penalty.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America (“US GAAP”), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Managers determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments and therefore, reported in net depreciation in fair value of investments on the accompanying Statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties

Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of net assets available for benefits. Certain investments held by the Plan invest in the securities of foreign companies, which involve special risks and considerations not typically

associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

The global outbreak of the Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization in March 2020, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments, including the duration of the pandemic and the pace of economic recovery.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain management, legal, and administrative expenses of the Plan, including management fees incurred in administering the Plan, are paid by the Company. Administrative expenses are charged to participants that elect to obtain a loan from the Plan and are included in administrative expenses. Expenses are deducted from the participant's account balance at the loan date.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants, as reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments and notes receivable from participants, as reflected in the supplemental schedule, Schedule H, line 4 (i) - schedule of assets (held at end of year) as of December 31, 2021.

Accordingly, the Plan administrator instructed the Plan's independent certified public accountants not to perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of funds managed by Fidelity. Fidelity is the Plan's Trustee; therefore, these transactions qualify as party-in-interest transactions. In addition, administrative expenses paid by the Plan and participant loans qualify as party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - TAX STATUS

Effective January 1, 2016, the Company adopted a prototype non-standardized profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on January 1, 2014 that stated that the form of the plan is acceptable under section 401 of the Internal Revenue Code (IRC). Effective October 15, 2021, the plan was restated using a prototype non-standardized profit sharing plan document. The pre-approved plan obtained an opinion letter dated June 30, 2020, in which the IRS stated the plan is acceptable for use under IRC Section 401. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - FAIR VALUE DISCLOSURES

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund

The investments include a stable value fund. The stable value collective trust fund is valued at the net asset value ("NAV") of units held by the Plan at year end, as determined by the fair value of the underlying assets, which includes investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV is used as a practical expedient for fair value. The stable value fund generally permits redemptions daily. There are no unfunded commitments or plan level restrictions for transacting with the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments measured at fair value consisted of the following types of instruments, classified according to US GAAP fair value hierarchy:

Investments at Fair Value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,058,224	\$ -	\$ -	\$ 45,058,224
Investments measured at NAV				450,946
Investment at fair value				\$ 45,509,170

Investments at Fair Value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,987,035	\$ -	\$ -	\$ 38,987,035
Investments measured at NAV				679,261

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator

Isagenix International LLC 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Isagenix International LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of schedule H, line 4(i) – schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or

is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document, which is available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Isagenix International LLC 401(k) Profit Sharing Plan and Trust (the "Plan") is a defined contribution plan covering substantially all employees of Isagenix Worldwide, LLC (the "Company" or "Plan Sponsor"). The Company is the Plan administrator. Fidelity Management Trust Company ("Fidelity") is the Trustee of the Plan. Fidelity Workforce Services LLC is the recordkeeper and third-party administrator. The Board of Managers is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan was established effective January 1, 2004, in accordance with the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees of the Company who have attained age 18 and are not covered by a collective bargaining agreement, a leased employee or a nonresident alien are immediately eligible to participate in the Plan through deferred contributions.

Employees of the Company who do not voluntarily elect to enroll in the employee deferred contributions portion of the Plan are automatically enrolled in the employee deferred contributions portion of the Plan with a deferred amount equal to 4% of the employee's compensation. If an employee does not want to be automatically enrolled in the employee deferred contributions portion of the Plan, the employee must affirmatively elect not to participate. If the employee is contributing less than 10% of their annual compensation, the contribution will automatically increase each year on January 2nd until a contribution of 10% of annual compensation is reached.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum allowed under the Code. The maximum contribution allowed for 2021 and 2020 was \$19,500. The Company determined that effective for the 2021 Plan year, the employer would match 100% of participant contributions up to 4% of an employee's compensation after three months of eligible service. All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the calendar year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code. The maximum catch-up contribution for 2021 and 2020 was \$6,500.

Rollover Contributions

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. An aggregate of \$285,001 was rolled into the Plan during the year ended December 31, 2021 and is included in rollovers on the Statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and Plan earnings, and (b) charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant compensation or account balance as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the balance in their account into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles.

Vesting

Participants are immediately 100% vested in their participant account, including employer matching contributions, and actual earnings thereon.

Benefits and Withdrawals

Benefits are available to Plan participants upon reaching retirement age (65), death or after termination of service for any other reason. The participant's account shall be available to be distributed in a single lump-sum payment or in installments, as defined by the Plan.

Participant contributions to the Plan may be withdrawn upon approval by the Plan Administrator in cases in which a participant has suffered a financial hardship.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed a maximum of one loan outstanding at any given time. The loan terms require that repayment of principal and interest be amortized in equal payments, not less frequently than quarterly, over a period not to extend beyond five years unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by the balance in the participant's account. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on outstanding loans at December 31, 2021 range from 4.25% to 6.50% with various maturity dates through July 2031.

Forfeited Accounts

Any employer contributions in excess of allowable limits are retained within the Plan as forfeitures. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,333 and \$6,899, respectively. Forfeitures can be used to reduce future employer contributions. During 2021, no forfeitures were used to reduce employer contributions.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain benefit plan provisions of the March 2020 Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act includes funding relief for defined benefit plan sponsors, distribution and Plan loan changes for participants and beneficiaries, and delay of minimum required distributions otherwise required in 2020.

The following provisions of the CARES Act were implemented:

- Added an in-service withdrawal option for “coronavirus-related distributions” of up to \$100,000. Participants may repay all or a portion of distributions within three years, and repayments will not count toward annual contribution limits. Distributions under this option will not have tax withheld and for those under 59½ will not be subject to a 10% early withdrawal penalty.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America (“US GAAP”), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Managers determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments and therefore, reported in net depreciation in fair value of investments on the accompanying Statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties

Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of net assets available for benefits. Certain investments held by the Plan invest in the securities of foreign companies, which involve special risks and considerations not typically

associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

The global outbreak of the Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization in March 2020, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments, including the duration of the pandemic and the pace of economic recovery.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain management, legal, and administrative expenses of the Plan, including management fees incurred in administering the Plan, are paid by the Company. Administrative expenses are charged to participants that elect to obtain a loan from the Plan and are included in administrative expenses. Expenses are deducted from the participant's account balance at the loan date.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants, as reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments and notes receivable from participants, as reflected in the supplemental schedule, Schedule H, line 4 (i) - schedule of assets (held at end of year) as of December 31, 2021.

Accordingly, the Plan administrator instructed the Plan's independent certified public accountants not to perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of funds managed by Fidelity. Fidelity is the Plan's Trustee; therefore, these transactions qualify as party-in-interest transactions. In addition, administrative expenses paid by the Plan and participant loans qualify as party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - TAX STATUS

Effective January 1, 2016, the Company adopted a prototype non-standardized profit sharing plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on January 1, 2014 that stated that the form of the plan is acceptable under section 401 of the Internal Revenue Code (IRC). Effective October 15, 2021, the plan was restated using a prototype non-standardized profit sharing plan document. The pre-approved plan obtained an opinion letter dated June 30, 2020, in which the IRS stated the plan is acceptable for use under IRC Section 401. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - FAIR VALUE DISCLOSURES

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund

The investments include a stable value fund. The stable value collective trust fund is valued at the net asset value ("NAV") of units held by the Plan at year end, as determined by the fair value of the underlying assets, which includes investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV is used as a practical expedient for fair value. The stable value fund generally permits redemptions daily. There are no unfunded commitments or plan level restrictions for transacting with the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments measured at fair value consisted of the following types of instruments, classified according to US GAAP fair value hierarchy:

Investments at Fair Value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,058,224	\$ -	\$ -	\$ 45,058,224
Investments measured at NAV				450,946
Investment at fair value				\$ 45,509,170

Investments at Fair Value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,987,035	\$ -	\$ -	\$ 38,987,035
Investments measured at NAV				679,261
