Hamlin, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Lincoln County Primary Care Center, Inc. 403(b) Defined Contribution Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by the ERISA

The supplemental schedule, schedule of assets held at end of year, as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

LINCOLN COUNTY PRIMARY CARE CENTER, INC. 403(b) DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a brief description of the Lincoln County Primary Care Center, Inc. 403(b) Defined Contribution Plan (Plan) and provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan, effective July 1, 1989, is a 403(b) plan established for the benefit of the employees of Lincoln County Primary Care Center, Inc. (Organization and Plan Sponsor). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Plan Sponsor oversees governance of the Plan. The Administrative Committee of the Plan Sponsor determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors. The Plan was most recently amended and restated effective January 1, 2018.

Eligibility: Employees are eligible to participate in the Plan immediately upon being hired by the Organization, except non-resident aliens and students performing services described in IRC Section 3121(b)(10) who are excluded from the Plan. Employees are eligible to receive employer contributions after attaining 16 years of age and completing one year of service. Participants who have completed at least 1,000 hours of service during the Plan year and have attained the age of 16 are eligible to receive the profit sharing contribution.

Contributions: Eligible employees may contribute a pre-tax portion of their annual compensation as defined in the Plan up to the maximum allowed by the IRC. Participants who have attained age 50 or who have 15 years of service before the end of the Plan year are eligible to make catch-up contributions. The Organization is required to make a matching contributions equal to the employee's elective deferral contributions up to 3% of an employee's annual compensation. Catch-up contributions are not eligible for employer match. The Organization may also elect to make non-elective profit sharing contributions. Profit sharing contributions, if any, are determined annually by the Board of Directors. The Organization did not declare a profit sharing contribution for the year ended December 31, 2021. Participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant accounts: Each participant's account is (a) credited with the participant's contributions, (b) credited with the Organization's contributions, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, and (d) reduced by the participant's withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, rollover contributions, and the Organization's matching contributions as defined by the Plan document plus actual earnings thereon.

Payment of benefits: On termination of service due to death, disability, retirement, or other reason, a participant (or beneficiary) whose Plan balance is \$1,000 or more at the time of termination may elect to remain in the Plan or receive a lump-sum distribution equal to the vested value of his or her account. The Plan Sponsor may initiate an involuntary distribution for those terminated participants whose account balance is less than \$1,000 at the time of termination. Hardship and rollover distributions are permitted per the Plan document.

Notes receivable from participants: Effective August 22, 2019, a participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Loan terms may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term not to exceed ten years. The interest rate for these loans is fixed for the life of the loan. The interest rate is based on The Wall Street Journal Prime Rate plus 1%. Principal and interest are paid by participants via certified check or online single deductions. No more than three loans shall be outstanding for any participant at any time.

LINCOLN COUNTY PRIMARY CARE CENTER, INC. 403(b) DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on a daily basis, except for certain limits imposed by TIAA and CREF to eliminate day trading.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Corrective distributions: Corrective distributions represent amounts that are either paid to or payable to employees for excess contributions made during the Plan year. Such corrective distributions are recorded on the statement of changes in net assets available for benefits as an offset to either the employer's or participants' contributions.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value (Note 5)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded for the years ended December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions per the Plan documents.

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan Sponsor. Certain transaction fees charged by the Custodians are paid from Plan assets.

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through October 4, 2022, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by TIAA and CREF

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA for 2021 and 2020. Accordingly, TIAA and CREF, the Custodians of the Plan, have certified to the completeness and accuracy reported on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Part IV, Line 4i - schedule of assets held at end of year as of December 31, 2021, and the related investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 or 2020:

Registered investment companies: Valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market account holdings are generally valued at amortized cost.

Pooled separate account: Valued at the net asset value (NAV) of units. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Fixed annuity contract: The reported value for the fixed annuity option is reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Total	Level I	Level II	Level III
Registered investment companies	\$ 8,181,355	\$ 8,181,355	\$ -	\$ -
Fixed annuity contract	1,456,572	1,456,572	-	-
Investments measured at net asset value (a):				
Pooled separate account	371,360	-	-	-
Total assets at fair value	\$ 10,009,287	\$ 9,637,927	\$ -	\$ -

Assets at Fair Value as of December 31, 2020				
	Total	Level I	Level II	Level III

Fixed annuity contract	1,358,138	1,358,138	-	-
Investments measured at net asset value (a):				
Pooled separate account	224,039	-	-	-
Total assets at fair value	\$ 8,405,612	\$ 8,181,573	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Transfers Between Levels

For years ended December 31, 2021 and 2020, there were no transfers between Level I and II and no transfers in or out of Level III.

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

LINCOLN COUNTY PRIMARY CARE CENTER, INC. 403(b) DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment Contract with Insurance Company

The Plan offers one benefit-responsive investment account called TIAA Traditional Benefit Responsive. The investment is a guaranteed fixed annuity account through TIAA, an insurance company. Each participant's contributions (i.e., principal), plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional guaranteed interest rate is 3.0% during the accumulation phase and 2.5% during the payout phase. Additional amounts of interest above the guaranteed minimum may be declared by the TIAA Board of Trustees on a year-by-year basis for the investment. TIAA maintains the contributions in its General Account, which investments are restricted to securities that carry high ratings.

The investment is carried at contract value (which approximates fair value) as reported by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6. Party-in-Interest Transactions

Certain Plan investments are registered investment companies, a pooled separate account, and fixed annuity contracts managed by TIAA and CREF. TIAA and CREF are the Custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for the administrative expenses amounted to \$25 for the year ended December 31, 2020. Certain administrative functions are performed by officers or employees of the Organization. No such officers or employees receive compensation from the Plan. Administrative expenses are paid directly by the Organization for which it is not reimbursed.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants' entire account balances would be distributed.

Note 8. Tax Status

The Plan is a qualified volume submitter plan under the Internal Revenue Code as per opinion letter dated August 7, 2017. The Plan has since been amended; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended December 31, 2018, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
