September 21, 2022

To the Plan Administrator of
RPM xConstruction 401(k) Plan

RPM xConstruction
5208 Tennyson Parkway, Suite 130
Plano, TX 75024

We have audited the financial statements of RPM xConstruction 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the year ended December 31, 2021, and we will issue our report thereon dated September 21, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 3, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by RPM xConstruction 401(k) Plan are described in Note 2 to the financial statements.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Plan Management's estimate of the fair value of investments. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the information that we did not audit based on your election under 29 CFR 2520.103-8, as described in Note 3 to the financial statements. The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Maintenance of Board Minutes

Issue: No formal minutes are maintained for actions taken by the trustees. With the significant number of investment failures within benefit plans, the complexity of investment alternatives, and the complexity of the tax laws covering the qualifications of the plan and fiduciary responsibilities of the trustees, it is important that the trustees adequately document the due diligence they exercise over operations of the plan, including selection of an investment policy and investment alternatives to offer participants who defer their earnings into the plan's investments and monitor investment performance against the plan's objectives.

The Plan's Administrative Committee (or similar group) should meet at least annually to review the investment returns, review the soundness of the investments, select investment managers, determine investment strategies, approve benefit payments, monitor tax and qualification compliance, and approve plan amendments.

For responsibility for asset management to shift to the participants, the plan must give the participants the opportunity to exercise control on an informed basis over those assets by selecting investments from a broad range of investment alternatives. For the plan administrator to escape this responsibility, the participant must be informed that he or she is responsible for these decisions.

Recommendation: We recommend the trustees and plan administrator establishes procedures for carrying out the preceding and document the establishment of those procedures in formal minutes. Procedures should include performance and documentation in the minutes of (a) an annual review of investment performance of each investment offered in light of the objectives established for that investment option, compared with market benchmarks for each related market sector; (b) a periodic review of the operations of the plan as carried out by the plan administrator, TPA, and investment manager; and (c) review and approval of all benefit distributions. If the plan is amended to modify or change certain elections on operating the plan, the company is already documenting its approval of the board resolution; documentation of any actions taken or recommendations made by the trustees leading to the modification of such operations should be included.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 21, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the ERISA-required supplemental schedules accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplemental schedules to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of those charged with governance, management and administrators, as appropriate, of RPM xConstruction 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Cornwell Jackson, PLLC
