Plan Trustees and Participants
Ingersoll Machine Tools, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Ingersoll Machine Tools, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 20, 2021, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following description of the Ingersoll Machine Tools, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan was formed January 1, 1994. The Plan is a defined contribution plan covering substantially all employees of Ingersoll Machine Tools, Inc. (the Company), except for those who are non-resident aliens with no United States source income, independent contractors, or leased employees. Employees are eligible to enroll in the Plan on the first day of each month following the completion of 30 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees are responsible for oversight of the Plan.

Contributions: Participant contributions are limited to the lesser of 100% of eligible compensation or the maximum contribution dollar amount allowed by the Internal Revenue Service (IRS). Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The employer provides a fixed matching contribution of 100% of a participant's salary reduction contribution capped at \$2,000 per year to all employees who have completed 30 days of service.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's matching contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participant contributions, including rollover contributions, and earnings thereon vest immediately. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited services.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may elect to change their investment options on a daily basis.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note maturities are not to exceed five years, unless the note is used to acquire a primary residence of the individual, in which case the note maturities may extend to 10 years. The notes are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or direct payment.

Payment of benefits: Upon termination of service for any reason, participants may elect to receive their vested account balance in a lump-sum distribution or in installments based on various annuities. A lump-sum distribution is mandatory if their vested account balance is \$1,000 or less. In-service withdrawals at age 59½ and hardship withdrawals are permitted.

Ingersoll Machine Tools, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: At December 31, 2021 and 2020, forfeited nonvested account balances were \$3,800 and none, respectively. Forfeited accounts are used to reduce future employer contributions or pay Plan expenses. During 2021, employer contributions were reduced by approximately \$20,000 from forfeited nonvested accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess participant contributions: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan can be paid by either the Company or the Plan. The expenses of maintaining the Plan, that are paid directly by the Company are excluded from these financial statements.

Subsequent events: Plan management has evaluated subsequent events through September 30, 2022, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by Mutual of America Life Insurance Company, the Plan Custodian

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2021	2020
Investments:		
Group Annuity Contract:		
Pooled separate accounts, at fair value	\$ 23,985,135	\$ 21,090,109
General account—interest accumulation account, at contract value	2,101,445	2,815,210

Mutual of America Life Insurance Company also certified to the completeness and accuracy of \$3,263,424 of net appreciation in fair value of investments and \$24,423 of interest related to the aforementioned assets for the year ended December 31, 2021.

Ingersoll Machine Tools, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Insurance company general account: The Plan's investment in the insurance company general account is valued at fair value using a discounted cash flow approach based on current yields of similar instruments with comparable durations while considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

Insurance company pooled separate accounts: The Plan's investments in the insurance company's pooled separate accounts are valued at the net asset value (NAV) per share as determined by the insurance company, which represents the fair value of the underlying investments held in the pooled separate accounts. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the issuer will sell the investment for an amount different than the reported NAV.

Ingersoll Machine Tools, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Description	2021			
	Total	Level 1	Level 2	Level 3
Insurance company general account	\$ 2,092,429	\$ -	\$ -	\$ 2,092,429
Investments measured at NAV (a)	23,985,135			
	<u>\$ 26,077,564</u>			

Description	2020			
	Total	Level 1	Level 2	Level 3
Insurance company general account	\$ 2,821,803	\$ -	\$ -	\$ 2,821,803
Investments measured at NAV (a)	21,090,109			
	<u>\$ 23,911,912</u>			

In accordance with Subtopic 820-10, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Insurance company pooled separate accounts	<u>\$ 23,985,135</u>	<u>\$ -</u>	Immediate	30 days

	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Insurance company pooled separate accounts	<u>\$ 21,090,109</u>	<u>\$ -</u>	Immediate	30 days

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

The table below sets forth a summary of activity of the Plan's Level 3 asset for the year ended December 31, 2021:

	Insurance Company <u>General Account</u>
Purchases	\$ 503,511

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Insurance company general account— interest accumulation account	\$ 2,092,429	Discounted Cash Flow	1) Discount rate 2) Duration 3) Credit risk	1) 1.68% 2) 5-year maturity 3) A-rated insurer	1) 1.68 2) - 3) -

Note 5. Insurance Contract

The Plan entered into a group annuity contract with Mutual of America Life Insurance Company (MOA) whereby the Plan receives an annually adjusted guaranteed interest rate on amounts invested and maintained in MOA's general account (Interest Accumulation Account). The rate was 1.25% for 2021 and 1.00% in 2020. There is no fixed maturity date.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

Ingersoll Machine Tools, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 7. Related Party and Party-In-Interest Transactions

The Plan's investments are managed by MOA, the plan custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest. There were no fees paid by the Plan for administrative services to MOA for the year ended December 31, 2021.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is received from the Plan.

Note 8. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 15, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,

Note 10. Risks and Uncertainties

The Plan invests in various Investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.
