Independent Auditor's Report

Retirement Plan Committee
World Acceptance Corporation Retirement Savings Plan

Opinion

We have audited the financial statements of World Acceptance Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT SAVINGS PLAN
Notes to Financial Statements

(1) Description of Plan

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan was formed in February 1993 and is a defined-contribution plan subject to the provisions of ERISA. Quarterly, employees of the Plan Sponsor who meet eligibility requirements may elect to become participants in the Plan. Eligibility requirements include a) being at least 21 years of age and b) having completed at least six months of service.

Principal was the Plan's trustee and custodian of all Plan assets until August 31, 2021. Effective September 1, 2021, Fidelity became the Plan's trustee and custodian of all Plan assets.

The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Employer's board of directors.

Administrative Costs

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable charged directly to the participant's account and certain recordkeeping and consulting fees paid by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Contributions

The Plan provides for participant contributions on a pre-tax compensation reduction basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan also allows participants to make contributions on an after-tax basis (Roth-type). Participants may elect to contribute to the Plan by deferring up to 100% of annual compensation up to specified maximum amounts. The Employer matches a specified percentage of employee contributions, as determined by the Employer. For 2021, the Employer matched 50% of each employee's contributions up to the first 6% of the employee's eligible compensation, providing a maximum Employer contribution of 3% of eligible compensation. The Employer may also contribute a discretionary, non-elective Employer contribution as determined annually by the Employer, of which there was none in Plan year 2021. Contributions are subject to certain Internal Revenue Service limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Employer's matching contribution. Discretionary, non-elective Employer contributions are allocated to individual participant accounts based on the proportion of each participant's annual compensation, as defined by the Plan, compared to the total annual compensation of all participants. Investment income (loss) and administrative expenses are allocated to the individual participant accounts based on the proportion of each participant's account balance compared to the total balance within each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting of Employer contributions is based on years of continuous service. A participant is 100% vested after six years of credited service, according to the following schedule:

Years of service	Percent of non-forfeitable interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notwithstanding the aforementioned, upon reaching normal retirement age or upon death or disability, participants become 100% vested.

Investment Options

A participant may direct employee contributions in 1% increments in a variety of investment options. Participants may make changes in their investment elections at any time. Participants may change their deferral percentage as of each payroll period.

Notes Receivable from Participants

The Plan allows participants to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at prime plus 1%. For participant loans outstanding as of December 31, 2021, interest rates ranged from 3.25% to 7.00% and mature through 2030. Principal and interest are paid through payroll deductions although lump sum prepayments are allowed. Effective June 5, 2020, the Plan no longer allows for participant refinancing or re-consolidation of outstanding loan balances. As of the effective date, any outstanding loan must be paid in full prior to a new loan being issued. This change does not affect loans that were outstanding prior to the effective date of the change.

Payment of Benefits

Participants are entitled to receive a distribution of their vested accounts upon the occurrence of retirement, death, total and permanent disability, financial hardship (as defined by the Plan), at age 59 ½ while still employed, or termination of employment for any other reason. The methods of distribution include lump-sum distribution, substantially equal installments, or partial withdrawals, provided the minimum withdrawal is \$1,000.

Forfeitures

Forfeitures are used to reduce Plan expenses or Employer contributions to the Plan. For the year ended December 31, 2021, forfeitures used to reduce Employer contributions totaled \$90,184. There were \$119,274 and \$94,281, respectively, of unapplied forfeitures at December 31, 2021 and 2020.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared on an accrual basis of accounting in accordance with GAAP.

Investments

Plan investments are reported at fair value except, for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 7 for discussion of fair value measurement. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the participant compensation is earned. All participant and Employer contributions are participant-directed.

Refund Payable for Excess Contributions

Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. Refunds payable to participants at December 31, 2021 and 2020 were \$63,358 and \$211,537, respectively. These refunds were due to excess contributions, which were refunded to participants in 2022 for the year ended December 31, 2021, and in 2021 for the year ended December 31, 2020.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Risk

The Plan provides for various registered investment company (mutual fund) investment options in stocks, bonds and fixed income securities, as well as direct common stock investments and a common collect trust fund. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in Employer contributions.

(4) Tax Status

Effective September 1, 2021, the Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by Fidelity Management & Research Company, an affiliate of Fidelity. Fidelity Management & Research Company has obtained an opinion letter from the Internal Revenue Service dated June 30, 2020 as to the non-standardized pre-approved profit sharing plan's qualified status. The Plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code and continues to qualify and to operate as designed.

Prior to September 1, 2021, the Plan had adopted a volume submitter plan sponsored by Principal Life Insurance Co., an affiliate of the trustee of the Plan. The volume submitter plan provider had obtained an advisory letter from the Internal Revenue Service dated August 8, 2014 as to the volume submitter plan's qualified status.

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Deposit Administration Contract

The SAFII represented a deposit administration contract entered into by the Plan with Stancorp that was liquidated on August 31, 2021. Stancorp maintained the contributions in an unallocated fund whose assets were invested with other assets in the general account of Stancorp.

The SAFII was a traditional, fully benefit-responsive guaranteed investment contract, which was recorded at contract value. Contract value represented contributions made under the SAFII, plus earnings, less withdrawals and administrative expenses. The contract crediting rate was established at the end of each quarter and was guaranteed for the subsequent quarter, with a minimum crediting rate of 1%. The effective annual crediting rate and yield for the Contract was approximately 2.21% for the year until liquidated on August 31, 2021. There are no reserves against contract value for the credit risk of the SAFII issuer or otherwise.

(6) Related Party and Party-in-Interest Transactions

As the recordkeeper of the Plan and a related affiliate of the Plan's trustee, Fidelity, Fidelity Management & Research Company qualifies as a party-in-interest to the Plan. As the prior recordkeeper of the Plan and a related affiliate of the Plan's trustee, Principal Trust Company, Principal Life Insurance Company qualifies as a party-in-interest to the Plan. MMC Securities Corporations, serving in its capacity as an investment adviser to the Plan also qualifies as a party-in-interest. Administrative fees remitted to Principal Life Insurance Company, Fidelity Management & Research Company and MMC Securities Corporations totaled \$128,509, \$21,223, and \$45,000 in 2021, respectively. Amounts are included in the administrative expenses line item in the accompanying Statement of Changes in Net Assets Available for Benefits.

Plan assets also include shares of World Acceptance Corporation common stock. World Acceptance Corporation, as the Plan Sponsor, qualifies as a party-in-interest for transactions involving the aforementioned assets. The investment in World Acceptance Corporation common stock was \$4,398,893 and \$3,138,300 at December 31, 2021 and 2020, respectively, and is participant directed.

Participant loans held by the Plan qualify as party-in-interest transactions. All such transactions are exempt from the prohibited transaction rules under ERISA.

(7) Fair Value

The FASB ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices that are observable for assets and liabilities, either directly or indirectly. These inputs include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are less active.
- Level 3 – Unobservable inputs for assets or liabilities reflecting the reporting entity's own assumptions.

The following tables set forth the fair value of the Plan's investments by category within the fair value hierarchy, if applicable, as of December 31, 2021 and 2020.

	December 31, 2021			
	Total	Level 1	Level 2	Level 3
<u>Investments at fair value</u>				
Mutual funds	\$63,124,646	\$63,124,646	\$ —	\$ —

	\$ 9,753,572

¹ In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Total investments at fair value	<u>\$55,732,265</u>	<u>\$55,732,265</u>	<u>\$ —</u>	<u>\$ —</u>

The following table set forth additional disclosures of the Plan's investments for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2021.

	December 31, 2021			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Invesco Stable Value Fund	\$ 9,753,572	\$ —	Daily	3 days

Valuation methodologies for the asset classes listed above are described below. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimated fair value. This practical expedient would not be used to determine to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participants transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(8) **Reconciliation to Form 5500**

The following table reconciles net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2021 and 2020:

December 31, 2020	110,807
Net income per Form 5500	<u>\$ 10,502,981</u>

(9) Nonexempt Transactions

In 2020, the Sponsor inadvertently failed to deposit \$5,931 of participant deferrals and loan repayments within the required timeframe as stated by the DOL regulations. For \$4,163 of the late remittances, the Sponsor will reimburse the Plan for lost interest, file Form 5330, and pay the applicable excise tax in 2022. For \$1,768 of the late remittances, the Sponsor has reimbursed the Plan for lost interest, has filed Form 5330, and paid the applicable excise tax in 2021.

(10) Subsequent Events

The Plan Sponsor is not aware of any significant events occurring subsequent to December 31, 2021 and through June 29, 2022 that would have a material effect on the financial statements thereby requiring adjustment or disclosure.
