SULLIVAN BANK 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 1: DESCRIPTION OF PLAN

The following description of the Sullivan Bank 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Sullivan Bank (Company), who have at least one year of service and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

With effect from January 1, 2021, the name of the Plan was changed from Bank of Sullivan 401(k) Retirement Plan to Sullivan Bank 401(k) Retirement Plan.

Contributions – At the participant's discretion, amounts may be contributed to the plan by the participant up to 90% of their annual compensation in the form of salary reduction not exceeding \$19,500 per year for December 31, 2021, and 2020. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the plan.

The Company may make a discretionary matching employer contribution each year. During 2021 and 2020, the Company contributed an amount equal to 50% of each participants' eligible contributions up to 10% of annual compensation for a maximum matching contribution of 5% of annual compensation.

Participant accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant becomes vested in the Company's contribution portion of their accounts in accordance with the following vesting schedule:

<u>Years of service with the employer</u>	<u>Percent of non-forfeitable accrued benefit</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

SULLIVAN BANK 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - continued – If a participant terminates employment before his/her vested interest is 100%, the non-vested portion is forfeited. The forfeited amount is then used to offset the Plan's expenses, and employer match.

Payment of benefits – If a participant ceases to be an employee of the Plan and his or her account balance is less than \$1,000, the entire vested account balance will be payable to the participant or his or her beneficiaries in a single lump-sum payment. Balances greater than \$1,000, but less than \$5,000 are to be rolled over to an individual retirement account, as designated by the Plan, absent an election by the participant. Participant balances in excess of \$5,000 may remain in the Plan until such time the participant elects to receive a distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts – At December 31, 2021, and 2020, forfeited non-vested accounts totaled \$5,515 and \$3,156, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. In 2020, forfeitures of \$4,291 were used to pay plan expenses. Forfeitures were not used to pay plan expenses in 2021.

Participant investment account options – Investment account options available include various funds. Each participant has the option of directing the Company's contribution to any of the separate investment accounts and may change the allocation daily.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements of the plan are prepared on the accrual basis of accounting.

Cash and cash equivalents – For purposes of Note 9, cash equivalents include time deposits, certificates of deposit, money market funds, and highly liquid debt instruments with maturities of three months or less at the date of their acquisition.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for the discussion of fair value measurements.

Mutual funds are valued at the net asset value of shares held by the plan at year end. Fixed interest accounts are valued at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

SULLIVAN BANK 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 2: SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Investment valuation and income recognition – continued – Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payment of benefits – Benefit payments to participants are recorded upon distribution.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events – The plan has evaluated subsequent events through September 25, 2022, the date the financial statements were available to be issued.

NOTE 3: CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest and dividends for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4: PARTY-IN INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of investments managed by Fidelity Management Trust Company, the custodian of the Plan and, therefore, these transactions qualify as party-in interest transactions.

SULLIVAN BANK 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 4: PARTY-IN INTEREST TRANSACTIONS - CONTINUED

The Plan incurs expenses related to general administration and record keeping. The plan sponsor pays a portion of these expenses and certain accounting and auditing fees relating to the Plan.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the prototype document adopted by the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the issuance of the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 7: SEPARATED PARTICIPANTS

The Plan holds balances of individuals who have elected to withdraw from the Plan but have not yet received their distributions.

At December 31, 2021, and 2020, the total account balances of all terminated employees were \$1,490,723 and \$1,127,043, respectively.

SULLIVAN BANK 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, Fair Value Measurements, establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 9: FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021, and 2020.

<i>Mutual funds:</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Common stocks:</i>	Valued at the closing price reported on the active market on which the individual securities are traded.
<i>Government bonds:</i>	Valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.
<i>Cash and cash equivalents:</i>	Valued at the amortized cost or original cost plus accrued interest.
<i>General accounts:</i>	Valued by the daily crediting of interest which is subject to minimum contractual guarantees. The observable inputs used in determining the value include the contract value, credited rate and contractual minimum rates, MVA formula, and the contract surrender charge schedule, if applicable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
