Report of Independent Auditors

To the Plan Administrator and Participants of
the D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 11, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. Description of Plan

D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan (the "Plan") is a defined contribution plan covering eligible employees of D.A. Schoggin, Inc. dba Techlight (the "Plan Sponsor" or the "the Company"). The following description of the Plan provides only general information.

General

The Plan is a defined contribution profit-sharing plan covering substantially all employees of the Plan Sponsor. The Plan became effective January 1, 1998 and was amended and restated as of January 1, 2015. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death. Applicable provisions of the SECURE Act, effective January 1, 2021, include eligibility for long-term part-time employees.

CARES Act

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which contains several provisions that temporarily impact qualified plans. Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt all of the provisions of the CARES Act. The following are the major provisions of the CARES Act affecting the Plan:

- For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or $100,000.

- Required minimum distributions are suspended in 2020.

- Loan repayments during the period March 27, 2020 through December 31, 2020 may be suspended for a 12-month period for qualified individuals with outstanding loans. The term of the loan will be extended by one year to accommodate the suspension period. Subsequent repayments will be adjusted to include accrued interest during the delay period.

Eligibility

Employees who have one year of service and have attained the age of 21 are eligible to participate in the Plan upon their date of hire. Certain classes of employees as defined by the Plan are excluded from participating in the Plan.

1. Description of Plan (continued)

Contributions
Each year, participants may contribute up to 100% of their eligible compensation subject to certain Internal Revenue Code (the "IRC") limitations or the maximum amount allowed by law of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as after-tax "Roth" deferrals. This Plan also allows for catch-up contributions for participants at least 50 years of age, of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor will make a safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 5% of the participant's eligible earnings, as defined in the plan document. Additionally, the Plan allows the Plan Sponsor to make non-safe harbor matching, qualified non-elective, and profit-sharing contributions, although the Plan Sponsor is not required to do so. No non-safe harbor matching, qualified non-elective, or profit-sharing contributions were made by the Plan Sponsor during 2021. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures
Participants are vested immediately in their contributions plus actual earnings thereon, as well as the safe harbor matching contribution and the qualified non-elective contribution made by the Plan Sponsor.

Vesting in the Plan Sponsor's discretionary non-safe harbor matching and profit-sharing contributions is based on a participant's years of vesting service. A participant is 100% vested after six years of credited service as summarized as follows: Less than 2 years, 0% vested, the participant is then credited 20% vesting years two through six to a maximum of 100%.

At December 31, 2021 and 2020, there were no forfeited non-vested accounts. Forfeited accounts may be used to reduce future Plan administrative expenses and employer contributions. In 2021, no forfeited non-vested account balances were utilized to reduce Plan employer contributions.

Investment Options
Participants direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

1. Description of Plan (continued)

Investment Options (continued)
The Plan is a contract holder of a group annuity contract ("Group Annuity Contract") issued by the custodian, John Hancock Life Insurance Company (U.S.A.) ("John Hancock"). The Plan's assets are invested in sub-accounts, which are investment options available under the separate accounts of John Hancock. The separate accounts are segregated from the general funds of John Hancock and any income, gains, or losses whether realized or unrealized, from assets in a separate account are credited to or charged against said account without regard to the other income, gains or losses of John Hancock. Each sub-account holds shares of a single underlying mutual fund, collective investment trust ("CIT"), and/or exchange traded fund ("ETF"). The separate accounts are not direct-filing entities and thus are not considered pooled separate accounts.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate is equal to Prime plus 1%. All notes must be repaid within a specified period of time, not to exceed 60 months, except those that are used for the purchase of a principal residence in which case the note can be extended for 20 years. Principal and interest is paid ratably through payroll deductions. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for loans up to the lesser of $100,000 or 100% of a participants vested account balance. This provision did not apply for the year ended December 31, 2021.

Payment of Benefits
Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, (4) financial hardship, or (5) disability. Benefits are payable as lump sums or rollover distributions.

Terminating employees with vested account balances (including rollovers) below $1,000 will automatically be paid out.

If the participant is terminated and the vested balance exceeds $1,000, but is less than $5,000, the Plan Sponsor will direct the balance to be paid. If the participant has not provided distribution instructions, the balance will be distributed to an individual retirement account established in the participant's name.

If the participant's vested account balance exceeds $5,000, the participant's benefits will not be distributed until the participant requests payment from the Plan administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 72 or terminates employment, whichever is later.

1. Description of Plan (continued)

Payment of Benefits (continued)
During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for eligible participants, as defined in the CARES Act, to request distributions up to $100,000 from their participant account, without being subject to the 10% early distribution tax under the IRS. Participants may elect to repay same or all of their distribution within three years. This provision did not apply for the year ended December 31, 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are in a common investment trust fund and separate accounts, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for discussion of fair value measurements.

Benefit responsive investment contracts are presented at contract value (which represent contributions made under the contract, plus interest less withdrawals and administration expenses). While the stable value collective trust fund itself is considered to be fully benefit-responsive, the overall group annuity contract under which all Plan investments are made, is not considered to be fully benefit-responsive. Accordingly, the stable value collective trust fund is carried at fair value on the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Benefit Payments
Benefits are recorded when paid.

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's accounts. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the items disclosed in Note 9, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Trustee (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan Sponsor instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (U.S.A.), the custodian, of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule:

As of December 31,	**2021**	2020
Investments, at fair value:		
Separate accounts	**3,998,126**	3,454,666
Common collective trust fund	**139,463**	130,741
Total investments, at fair value	**4,137,589**	3,585,407
Notes receivable from participants	**$ 79,980**	$ 89,347

For the Year Ended December 31,	**2021**
Net appreciation in fair value of investments	**$ 418,766**
Interest income on notes receivable from participants	**3,827**

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Separate accounts: valued at the net asset value (or unit value) of the units held by the Plan at year-end based on information reported by the trustee. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the other underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2021 and 2020.

Common / Collective Trust – the Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes NAV provided by the Custodian as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2021:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate Accounts	$3,998,126	N/A	Daily	12 months
Common Collective Trust Funds	$139,463	N/A	Daily	12 months

As of December 31, 2020:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate Accounts	$3,454,666	N/A	Daily	12 months
Common Collective Trust Funds	$130,741	N/A	Daily	12 months

5. Related-Party and Party in Interest Transactions

Certain Plan investments are shares of units of common collective trusts or separate accounts managed by the custodian of the Plan's assets. Accordingly, these transactions qualify as exempt party-in-interest transactions. Certain members of the Company's management perform administrative and fiduciary duties for the Plan that qualify them as parties-in-interest and/or related parties of the Plan. Transactions between such members of management and the Plan were routine in nature and conducted pursuant to the Plan' provisions as of and during the year ended December 31, 2021. Notes receivable from participants also qualify as party-in-interest transactions but are exempt from the prohibited transaction rules.

The Plan made direct payments to the third-party administrator, investment advisor, and recordkeeper totaling $33,309. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Income Tax Status

The Plan uses a prototype plan document sponsored by Premier Pension Solutions, LLC. Premier Pension Solutions, LLC. received a favorable determination letter dated June 30, 2020, from the Internal Revenue Service stating that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. Risk and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

8. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefit per financial statements	**$ 4,232,709**	$ 3,674,754
Less: current year employee contributions receivable	**(11,007)**	-
Less: current year employer contributions receivable	**(4,133)**	-
Net assets available for benefit per form 5500	**$ 4,217,569**	$ 3,674,754

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

	2021
Net increase in net assets per financial statements	**$ 557,955**
Less: current year employee contributions receivable	**(11,007)**
Less: current year employer contributions receivable	**(4,133)**
Net income per form 5500	**$ 542,815**

9. Subsequent Events

Effective January 1, 2022, the Plan was amended and restated to bring the Plan into compliance with certain legislative and regulatory changes set forth in IRS notice 2017-37.

As a part of the restatement, the Plan was amended to include certain provisions of the Bi-Partisan Budget Act, the Coronavirus, Aid, Relief and Economic Security (CARES Act), Setting Every Community Up for Retirement Enhancement (SECURE) Act, and Consolidated Appropriations Act. The age requirement was also changed from 21 years of age to 18, for the purposes of participant elected contributions, employer match, and non-elective contributions.
