Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: BDO USA LLP

(2) EIN: 13-5381590

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a	X		67938

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditor's Report

To the Plan Administrator of the
Jackson Offshore Operators, LLC Retirement Trust
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jackson Offshore Operators, LLC Retirement Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Jackson Offshore Operators, LLC Retirement Trust (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was established effective March 1, 2012, as a defined contribution plan covering all employees, as defined in the Plan Document. The Plan, sponsored by Jackson Offshore Operators, LLC (the “Employer” or “Plan Administrator” or “Plan Sponsor”), is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”) and its amendments.

Administration of the Plan

The issuer of the fixed-rate group annuity contract and trustee of the Plan are Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, respectively, (collectively “Great-West”). Empower is the recordkeeper of the Plan. The administrator of the Plan is the Company. The Company determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Employees of the Plan Sponsor are eligible to participate in the Plan as well as begin making contributions on their initial date of employment. Union employees and non-resident aliens are not eligible to participate in the Plan.

Contributions

Participants may make pre-tax deferred or Roth contributions of any percentage or dollar amount of their compensation during the plan year as defined in the Plan Document, up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make additional pre-tax deferred catch-up contributions, subject to Internal Revenue Code (“IRC”) regulations. Participants may also contribute amounts representing rollover distributions from other qualified plans.

The Plan Document permits the Employer to make discretionary contributions in the form of a non-elective matching contribution. The Employer can also make discretionary profit-sharing contributions to employees who are active employees on the last day of the Plan year. There were no employer discretionary or profit sharing contributions for the year ended December 31, 2021.

The Plan permits the Employer to automatically enroll newly eligible employees into the Plan with an automatic contribution of compensation of 3%. Employees receive notice on their initial date of employment before the automatic contributions begin. On the initial date of employment, an employee may opt out of the automatic enrollment by either electing not to contribute or electing a different contribution percentage or specified contribution amount.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the allocation of (a) participant's contributions, (b) employer discretionary non-elective matching and profit-sharing contributions, if any, and (c) plan earnings less an allocation of plan administrative expenses. Allocations are based on either the participant's earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the vested benefit that can be provided from each participant's accounts.

Vesting

Participants are immediately 100% vested in their pre-tax or Roth contributions, rollover contributions and related earnings. Vesting in the employer discretionary non-elective matching and profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants vest in increments of one-third each year after the second year of service and are 100% vested after four years of service.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested balance less the balance of any existing notes. Note terms are not to exceed more than five years and participants may only have one note outstanding at a time. Each note is collateralized by the balance in the participant's vested account and bears interest at a rate determined by the Plan Administrator based on prevailing commercial loan rates. The interest rate is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the employer discretionary contributions. Forfeitures from non-vested account balances are first used to pay plan expenses and then to reduce the employer contributions to the Plan, if any. The Plan's forfeiture account was \$23 at December 31, 2021 and 2020. During the year ended December 31, 2021, no forfeitures were used to pay Plan expenses or reduce employer contributions.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, participants are entitled to receive 100% of their account balance. A participant eligible for a distribution from the Plan may elect to receive an immediate lump sum payment as defined in the Plan Document. In-service distributions are allowed for participants who have reached age 59½ and are 100% vested. Financial hardship withdrawals are permitted, as defined in the Plan Document. For terminated participants with a vested account balance greater than \$1,000, but less than \$5,000, who do not elect either a distribution or rollover to an account of the participant's choice, the vested balance will be rolled over to an IRA, for the benefit of the participant. For participants with a vested account balance less than \$1,000, the vested balance will be distributed to the participant in a lump-sum amount equal to the vested value of their account.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value as further discussed in Note 4 - *Fair Value Measurements*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Great-West.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based upon the terms of the Plan Document.

Benefits

Benefits paid to participants are recorded when paid as a reduction to net assets available for benefits.

Contributions

Participant contributions and related Employer contributions, if any, are recognized in the period during which the Company makes payroll deductions from the participant's compensation. Contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions in the year the excess occurred.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets. Fees and expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Risks and Uncertainties

The Plan provides for various investments in mutual funds and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the Plan's financial statements and participants' account balances.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, qualified institutions, have certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Net investment income and interest earned on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the supplemental schedule - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - As of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

4. Fair Value Measurements

The Plan follows ASC 820, *Fair Value Measurements and Disclosures*, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. As defined by this guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The transaction is based on a hypothetical transaction in the principal or most advantageous market considered from the perspective of the market participant that holds the asset or owes the liability.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements, and accordingly, level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, certain inputs used to measure fair value may be categorized into different levels of the fair value hierarchy. For disclosure purposes, the lowest level that contains significant inputs used in valuation should be chosen. The Plan has classified its investments into these levels depending upon the data relied on to determine fair values.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan’s investment assets and investment liabilities at fair value as of December 31, 2021 and 2020. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,863,224	\$ -	\$ -	\$ 3,863,224
Total assets at fair value	\$ 3,863,224	\$ -	\$ -	\$ 3,863,224

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,274,731	\$ -	\$ -	\$ 3,274,731
Total assets at fair value	\$ 3,274,731	\$ -	\$ -	\$ 3,274,731

5. Guaranteed Investment Contract

The Plan entered into the Key Guaranteed Portfolio Fund (the “Fund”) with Great-West, which is a fixed-rate group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate can never be less than 0 percent and interest earned is compounded daily to the effective annual interest rate. The interest crediting rate is reset quarterly. The method for calculating the interest crediting rate is based on earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions. The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations which may be affected by future economic and regulatory developments.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value; however, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

6. Income Tax Status

The Plan Sponsor uses a Non-standardized Prototype Profit Sharing Plan with Cash or Deferral Arrangements offered by Great-West. Great-West received an opinion letter dated June 30, 2020 from the Internal Revenue Services ("IRS") that their prototype is acceptable under Code section 401(a) for use by employers for the benefit of their employees. The Plan has since been amended; however, the Plan Sponsor believes that the Plan is designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed the intent to do so, the Employer has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

8. Party-in-Interest

The fixed-rate group investment contract with Great-West is part of the general account of Great-West. The Plan also invests in mutual funds managed by Great-West. Great-West may receive certain amounts related to an expense ratio charged within the various investments which varies by investment and is net with the earnings or losses of the investments. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions with related parties qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

9. Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Certain participant contributions, including loan repayments were not remitted within the required time period for the year ended December 31, 2021. The Plan Sponsor remitted lost earnings in September 2022. See supplemental schedule of delinquent participant contributions for the year ended December 31, 2021.

JACKSON OFFSHORE OPERATORS, LLC RETIREMENT TRUST

Notes to Financial Statements

10. Subsequent Events

The Plan Sponsor has evaluated all events through October 5, 2022, the date the financial statements were available for issuance, and determined that no additional events have occurred that require recognition in the financial statements or disclosure in the notes to the financial statements, other than noted below.

Effective January 1, 2022 the Plan was amended to allow a Safe Harbor matching contribution of 100% of the first 3% of participant deferrals and 50% of the next 2% of participant deferrals up to a maximum match of 4% of eligible compensation.
