INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
OPTIONS Minnesota, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of OPTIONS Minnesota, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 OPTIONS Minnesota, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
-
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of OPTIONS Minnesota, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OPTIONS Minnesota, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OPTIONS Minnesota, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OPTIONS Minnesota, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of OPTIONS Minnesota, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated August 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OPTIONS Minnesota, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

This description of OPTIONS Minnesota, Inc. 401(k) Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees age 21 and older. The Plan sponsor, administrator, and employer is OPTIONS Minnesota, Inc. (the "Company"). The Plan allows eligible employees to become participants on the first day of the next month following 90 days after their date of hire for employee contributions. The Plan requires 1,000 hours of service requirement for matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Trustee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee.

Effective February 2, 2021, the plan document was restated in its entirety as required by regulation. There were no significant changes to the provisions of the plan as a result of this restatement.

Participating Employers

In addition to the Plan Sponsor, the Plan includes employees from the following companies (together the Participating Employers). All of these companies are affiliates of the Company.

- Options Residential, Inc.
- River Ridge, LLC
- Community Drug & Alcohol Services, Inc. dba Options Family & Behavior Services

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer contributions, (b) investment earnings, (c) changes in market values and (d) certain plan expenses. The Participating Employers' matching contributions are allocated based on a discretionary percentage of the participant's salary deferral contribution, subject to certain limitations. Investment earnings and changes in market values are allocated daily based on the number of shares in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

The Plan provides for automatic enrollment of participants at 3 percent of their compensation. Participants may elect to contribute up to 100 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement. These contributions may be made on either a pretax basis or after tax basis (through Roth contributions). Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Participating Employers' may, at their discretion, elect to make matching contributions to the Plan. The employer discretionary match for the years ended December 31, 2021 and 2020 was 40 percent of participants' elective deferrals, up to 6 percent of their eligible compensation. During 2021, the Company contributed \$119,386 of matching contributions.

All contributions are subject to certain statutory limits.

OPTIONS Minnesota, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals, including pretax and Roth contributions, catch-up contributions and rollover contributions, plus earnings thereon. The Plan's vesting schedule for Company non-elective contributions is as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants also become fully vested in employer contributions upon death, disability or reaching normal retirement age, as defined by the Plan document.

Forfeited non-vested amounts are used to reduce Company contributions into the Plan or to pay Plan expenses. There were \$3,053 and \$3,201 in unused forfeited accounts at December 31, 2021 and 2020, respectively. During 2021, approximately \$18,000 of forfeited non-vested accounts were used to reduce Company matching contributions.

Payment of Benefits

Distributions to terminated, disabled or retired participants (or in the case of death, the participant's beneficiary) are made in the form the participant chooses in the amount equal to the value of his or her vested account. Participants are also allowed to take in-service distributions beginning at age 59 ½, or in circumstances of financial hardship, as defined in the plan. A participant may elect to receive a lump-sum or substantially equal installment payments over a specified period of time. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of 100 percent of employee contributions and Company contributions into a variety of core funds as selected by the trustees. Currently, participants are not allowed to direct investment outside of this group of core funds. Participants may change their investment options daily.

COVID-19

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to the global outbreak of the novel coronavirus (COVID-19). The CARES Act included several relief provisions available to retirement plans and their participants. The plan implemented the following relief provisions and Plan management intends to formally amend the Plan as required:

- COVID-19 related distributions: Qualified participants could receive COVID-19 related distributions of up to \$100,000 of their vested Plan account during 2020 without an early withdrawal penalty. These distributions are eligible for repayment within three years.
- Required minimum distributions (RMDs): RMDs were waived for 2020

OPTIONS Minnesota, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

The economic impact of COVID-19 or any other pandemic could adversely affect the Plan's financial condition. Resurgence of outbreaks could continue to impact the Plan and given the ongoing uncertainty surrounding the nature of COVID-19, its magnitude, and its duration, future effects remain difficult to predict at this time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for additional information on the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 29, 2022, the date these financial statements were available to be issued.

Subsequent to year-end, the plan sponsor acquired a company, Connections, Inc. The related 401(k) plan of this company was dissolved in January 2022, and all participants of the Connections, Inc. 401(k) plan were allowed to join the Options Minnesota, Inc. 401(k) Plan at that time.

Effective September 16, 2022, the plan was formally amended to adopt the relevant provisions of the CARES Act and the SECURE Act, which the plan had previously adopted informally.

OPTIONS Minnesota, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3: Administrative Fees

The Company can elect to pay administrative fees for the Plan. Alternatively, if the Company elects not to pay Plan administrative fees from Company assets, the Plan assets will be used to pay certain administrative fees. The administrative fees will either be allocated proportionally among all participant accounts or will be allocated directly to the individual participant for certain transactions affecting only the individual participant. Administrative fees paid with plan assets were primarily for recordkeeping expenses and fees paid to the plan's investment advisor.

Transactions affecting only individual participants and, therefore, charged directly to the individual participant's account include, but are not limited to, distributions following termination, administrative processing fees to eliminate certain small account balances, participant loan set up and annual maintenance fees, Qualified Domestic Relations Orders (QDROs) fees, hardship distribution calculation fees, required minimum distributions (RMDs) calculation fees, participant statement preparation and mailing fees and a financial statement fee.

Note 4: Information Prepared and Certified by Great-West

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as being complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively "Great-West"):

	2021	2020
Investments - Fair Value	\$ 3,454,136	\$ 2,624,297
Investments - Contract Value	35,865	67,713
Net Appreciation in fair value from investments	362,664	
Interest and Dividends	96,960	

Note 5: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

OPTIONS Minnesota, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 5: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. In determining fair value, the custodians use the market approach which utilizes process and other relevant information generated by market transactions involving identical generated assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of the custodians. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified as a Level 1 investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
December 31, 2021				
Mutual Funds	\$ 3,454,136	\$ -	\$ -	\$ 3,454,136
December 31, 2020				
Mutual Funds	\$ 2,624,297	\$ -	\$ -	\$ 2,624,297

Note 6: Investment Contract with Insurance Company

The Plan's guaranteed income fund is a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company, an affiliate of the Plan Trustee. Great-West Life & Annuities Insurance Company maintains the contributions to the investment contract in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events initiated at the Plan-level (including but not limited to spin-offs, sales, mergers, and full or partial plan termination) could limit the ability of the Plan to transact at contract value with the contract issuer. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer that have been established. Great-West is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is calculated by Great-West and is reset at least quarterly and will never be less than 0%. The average yield earned by the Plan and credited to participants was .90% and 1.04% for the years ended December 31, 2021 and 2020, respectively.

OPTIONS Minnesota, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 7: Income Tax Status

The Internal Revenue Service (IRS) has determined, by a letter dated June 30, 2020, that the prototype plan adopted by the Company is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied on by the Plan. The Plan and prototype plan have been amended since receiving the opinion letter. The Plan Administrator believes that the Plan, as adopted from the prototype plan, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will become 100 percent vested in their accounts.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively referred to as "Great-West"), the recordkeeper and Custodian of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplementary Schedule of Assets Held at End of Year. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Great-West also provides certain administrative services to the Plan pursuant to an agreement between the Company and Great-West. Great-West receives administrative fees from the Plan for recordkeeping and investment advisory services provided to the Plan. These transactions qualify as party-in-interest transactions; however these transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 11: Concentrations

Three investment fund balances accounted for approximately 50 and 54 percent of total assets held at end of the year as of December 31, 2021 and 2020, respectively.
