INDEPENDENT AUDITOR'S REPORT

To the Trustee of
MetLife 401(k) Plan

Opinion

We have audited the financial statements of MetLife 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MetLife 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the MetLife 401(k) Plan, as amended and restated (the “Plan”), is provided for general information purposes only. Employees and former employees of the Participating Affiliates (as defined below) who participate in the Plan (each, a “Participant”) should refer to the Plan document for a more complete description of the Plan, including how certain terms used in these Notes are defined.

General Information

The Plan, a defined contribution plan sponsored by MetLife Group, Inc. (the “Company”), is intended to comply with the applicable requirements of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and the United States Internal Revenue Code (“IRC”). The administrator of the Plan (the “Plan Administrator”) is the Company, which has delegated that duty to one of its officers. Recordkeeping services are performed for the Plan by the Plan’s “Recordkeeper,” a third party unaffiliated with the Company.

The following entities comprise the Participating Affiliates as of December 31, 2021: the Company, MLIC, MetLife Funding, Inc., MetLife Credit Corp., and SafeGuard Health Plans, Inc., a California corporation (collectively, “Participating Affiliates”).

The Plan provides the following investment options through participation in various group annuity contracts (each, a “GAC”), which are Metropolitan Life Insurance Company (“MLIC”) separate account funds:

Separate Account Funds	Separate Account(s)
Fixed Income Fund	Separate Accounts #78, #429, #649
Bond Index Fund	Separate Account #377
Balanced Index Fund	Separate Account #730
Large Cap Equity Index Fund	Separate Account #MI
Large Cap Value Index Fund	Separate Account #593
Large Cap Growth Index Fund	Separate Account #611
Mid Cap Equity Index Fund	Separate Account #612
Small Cap Equity Index Fund	Separate Account #596
International Equity Fund	Separate Account #79

The Fixed Income Fund (Separate Accounts #78, 429, and 649) seeks long term growth of capital and income by investing in a diversified portfolio of domestic, investment grade fixed income securities.

The Bond Index Fund (Separate Account #377) seeks growth of capital and income by approximating the performance of the Bloomberg Barclays Aggregate Bond Index by investing in a sample of the United States-traded intermediate term investment grade bonds that are included in the Index.

The Balanced Index Fund (Separate Account #730) seeks growth of capital and income by approximating the performance of a portfolio that is 50% invested in the S&P 500 Equity Index and 50% invested in the Bloomberg Barclays Aggregate Bond Index. This performance is achieved by investing in all the companies that comprise the S&P 500 Index and a sample of the United States-traded intermediate term investment grade bonds that are included in the Bloomberg Barclays Aggregate Bond Index.

The Equity Index Funds (Separate Accounts# MI, 593, 611, 612, and 596) seek long term capital appreciation by approximating the performance of large cap equity index funds, large cap growth index funds, large cap value index funds, mid cap equity index funds, and small cap equity index funds, adjusted to include the reinvestment of dividends, by investing in the common stock of all the companies that are included in the indexes.

The International Equity Fund (Separate Account #79) seeks to provide long-term capital appreciation by investing in companies domiciled in developed and emerging markets (countries) outside of the United States.

MetLife 401(k) Plan

Notes to the Financial Statements - (Continued)

Contributions to the Plan that are directed by Participants into these funds are remitted by the Participating Affiliates to the Plan and allocated in accordance with the elections of the Participants among each investment fund, including the separate account funds.

The separate account funds constitute the core investment options of the Plan ("Core Funds"). To supplement the Core Funds, the Plan offers to all Participants the ability to transfer funds out of the Core Funds into a Self-Directed Account ("SDA"). The SDA functions in a manner similar to that of a personal brokerage account by providing Participants with direct access to a variety of mutual funds that are available to the general public. The SDA is held in trust by BNY Mellon as trustee.

Participation

Generally, each employee of a Participating Affiliate who is regularly scheduled to work at least 1,000 hours per year is eligible to participate in the Plan on the employee's date of hire. Certain individuals performing services for the Participating Affiliates are not eligible, e.g., an individual classified by the Participating Affiliates as a leased employee or independent contractor, an employee in certain collective bargaining units, or an individual hired by a Participating Affiliate as a cooperative student or intern. A Participant may make contributions to the Plan immediately upon eligibility.

Participant Accounts

The Recordkeeper maintains individual account balances for each Participant. Each Participant's account is credited with contributions, charged with withdrawals, and allocated investment earnings or losses as provided by the Plan document. A Participant is entitled to benefits that are equal to the Participant's vested account balance determined in accordance with the Plan document, as described below.

Contributions

Contributions to the Plan consist of (i) Participant contributions and (ii) Participating Affiliate matching contributions on a portion of the Participants' contributions ("Matching Contributions"), each as described below. Each Participant is eligible for Matching Contributions as of the first day of the month following the date the Participant completes one year of service, provided that the Participant makes the minimum contributions to the Plan. A Participant may contribute from 3% to 45% of the Participant's eligible compensation, as defined in the Plan, subject to the limitations described below on Highly Compensated Employees, as defined below. In December 2018, the Plan was amended effective January 1, 2019, to provide for automatic enrollment of new participants, automatic annual increase of contributions for such participants, and immediate eligibility for matching contributions. Contributions of the Participants and Matching Contributions are credited to the Core Funds in the manner elected by the Participants and as provided by the Plan.

Under the IRC, a Participant who earned in excess of a specified dollar threshold during the preceding plan year (\$130 thousand during 2020 for the 2021 Plan year) is considered a "Highly Compensated Employee." A Participant who is not a Highly Compensated Employee may contribute up to 45% of the Participant's eligible compensation on a before-tax 401(k) contributions basis and Roth 401(k) contributions basis and/or on an after-tax basis, subject to certain IRC and Plan-imposed limitations. Each Highly Compensated Employee may elect to make before-tax 401(k) contributions and Roth 401(k) contributions and/or after-tax contributions up to an aggregate maximum of 16% of such employee's eligible compensation. If such an employee makes after-tax employee contributions, the maximum percentage of after-tax contributions may not exceed 11% of such employee's eligible compensation. In addition, a Participant's combined before-tax 401(k) and/or Roth 401(k) contributions were not permitted to exceed the IRC-imposed limitation of \$19.5 thousand for the year ended December 31, 2021. Participants who are age 50 or older during the year are permitted to make additional catch-up contributions (up to \$6.5 thousand for the year ended December 31, 2021) in excess of such IRC-imposed limitation. A Participant must make elective contributions and/or after-tax contributions (or any combination thereof) of at least 5% of his or her compensation in order to be eligible to make catch-up contributions.

Any Participant for whom a deemed election is made pursuant to Section 2.1(a)(3) of the Plan document may, no later than 90 days after before-tax contributions are first withheld from his/her compensation, request a withdrawal of such before-tax contributions. Spousal consent is not required for such withdrawal. The amount to be distributed from the Plan for such a request is equal to the amount of before-tax contributions made through the earlier of (a) the pay date for the second payroll period that begins after the Participant's withdrawal request and (b) the first pay date that occurs after 30 days after the Participant's request, plus attributable earnings through the date of distribution. Unless the Participant affirmatively elects otherwise, any withdrawal

MetLife 401(k) Plan

Notes to the Financial Statements - (Continued)

request under Section 2.1(a)(4) of the Plan document will be treated as an affirmative election to stop having elective deferrals made on the Participant's behalf. Any Matching Contributions made with respect to before-tax contributions that are subsequently withdrawn by a Participant pursuant to an election under Section 2.1(a)(4) of the Plan document shall be forfeited.

During 2021, each of the Participating Affiliates made a Matching Contribution equal to the sum of (i) 100% of the Participant's contributions that did not exceed 3% of the Participant's eligible compensation, and (ii) 50% of the Participant's contributions that were in excess of 3% of the Participant's eligible compensation but did not exceed 5% of the Participant's eligible compensation.

Subject to the approval of the Plan Administrator, Participants may also rollover into the Plan amounts representing distributions from eligible retirement plans such as individual retirement accounts ("IRAs") (to the extent that the Participant did not make nondeductible contributions) or tax qualified retirement plans. A "rollover" occurs when a Participant transfers funds from an eligible retirement plan into the Plan.

Withdrawals and Distributions

Participants may request withdrawals from the Plan under the conditions set forth in the Plan document. Distributions from the Plan are generally made upon a Participant's or beneficiary's request in connection with his or her retirement, death, or other termination of employment from a Participating Affiliate, or receipt of disability benefits for more than 24 months.

The Plan was amended effective January 1, 2020, to provide that for Participants under age 59 ½ who have less than 60 months of participation in the Plan may not make a withdrawal of that portion of the Participant's Matching Contributions that were made for Plan years beginning prior to January 1, 2020, and after-tax contributions which are not in excess of 3% of the Participant's compensation, to the extent attributable to contributions for the preceding twenty-four months. Matching Contributions made for Plan years beginning on or after January 1, 2020 for these Participants are not available for withdrawal under the Plan.

The Plan was amended effective January 1, 2020, to allow for vested Matching Contributions to be distributed for hardship withdrawals.

Vesting

Both Participant and Matching Contributions vest immediately.

Forfeited Matching Contributions

Forfeited Matching Contributions are attributable to Participants who terminated employment with the Company or its affiliates. As of December 31, 2021 and 2020, the balance in the forfeiture account totaled \$5,872 thousand and \$3,743 thousand, respectively. These amounts have been or will be used to reduce future aggregate Matching Contributions, pay certain administrative expenses or restore previously forfeited balances of partially vested Participants who were or are re-employed. In 2021, \$64 thousand of forfeitures were used to reduce administrative expenses.

Notes Receivable from Participants

A Participant may borrow from the Participant's vested Plan account balance, up to a maximum of the lesser of \$50 thousand (reduced by the highest outstanding balance of loans in the Participant's defined contribution plan account(s) during the one-year period ending the day before the date a loan is to be made) or 50% of the Participant's vested account balance (reduced by outstanding loans on the date of the loan). Such loans are secured by the balance in the Participant's account and bear interest at rates based on the commercial interest rate set forth in the Wall Street Journal as of the first of the month prior to each calendar quarter. The principal of and interest on the loans are paid through payroll deductions. Loan repayments are made to Core Funds in accordance with the Participant's contribution investment allocation at the time of repayment.

Plan Amendments and Other Changes

In January 2021, the Plan was amended to add that participation in the Plan for making Participant Contributions included any individual employed by an employer prior to January 1, 2020 who transfers to an Eligible Employee position on or after January 1, 2020. In addition, the Plan was amended to increase the maximum contribution to 15% for Participants automatically enrolled in the Plan.

MetLife 401(k) Plan

Notes to the Financial Statements - (Continued)

In April 2021, the Plan was amended to update the definition of Participating Affiliate. Effective April 8, 2021, Metropolitan Property and Casualty Insurance Company will no longer be a Participating Affiliate. In addition, the Plan was amended to allow the continued repayment of any outstanding loan for Participants who, in connection with the sale of Metropolitan Property and Casualty Insurance Company to Farmers Group, Inc., had his or her employment transferred to Farmers Group, Inc. or any subsidiary or affiliate thereof.

In December 2021, the Plan was amended to include the Coronavirus Aid, Relief, and Economic Security ("CARES") Act and the Setting Every Community Up for Retirement Enhancement ("SECURE") Act changes. The amendment implements the SECURE Act changes regarding required beginning date, required minimum contributions, and participation by long-term part-time employees. The amendment implements the new hardship withdrawal regulations. In addition, the amendment implements the CARES Act changes regarding coronavirus-related distributions and required minimum distributions ("RMDs") during 2020.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

The preparation of financial statements in accordance with GAAP requires Plan management to adopt accounting policies and make estimates and assumptions that affect amounts reported in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment vehicles, including the MLIC general and separate accounts, and mutual funds. Such investments, in general, are exposed to various risks, such as overall market volatility, interest rate risk, and credit risk. Volatility in interest rates, as well as in the equity and credit markets, could materially affect the value of the Plan's investments as reported in the accompanying financial statements. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Coronavirus disease 2019 ("COVID-19") was first reported in late 2019 and has since dramatically impacted the global health and economic environment, including millions of confirmed cases, business slowdowns or shutdowns, government challenges and market volatility. In March 2020, the World Health Organization characterized COVID-19 as a global pandemic, and the country of the Plan, the U.S., declared a national emergency concerning the COVID-19 outbreak. The impact of COVID-19 continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

We are closely monitoring political and economic conditions that might contribute to global market volatility and impact our business operations and investment portfolio, such as the COVID-19 pandemic, global inflation and the Russia-Ukraine conflict. Governments and central banks around the world responded to the COVID-19 pandemic with unprecedented fiscal and monetary policies, but many of these stimulus programs have concluded due to global economic recovery and rising inflation. In March 2022, the Federal Open Market Committee raised interest rates; further increases in the target range for the federal funds rate are expected throughout 2022 to combat inflation.

Investment Valuation and Income Recognition

The Plan reports investments at estimated fair value, with the exception of the fully benefit-responsive investments. The Plan reports fully benefit-responsive investments (see Note 4) at contract value as a single amount reflected separately in the Statements of Net Assets Available for Benefits. The Statement of Changes in Net Assets Available for Benefits, as it relates to these fully benefit-responsive investments, is presented on a contract value basis.

The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In most cases, the exit price and the transaction (or entry) price will be the same at initial recognition. Subsequent to initial recognition, fair values are based on unadjusted quoted prices for identical assets or liabilities in active

MetLife 401(k) Plan

Notes to the Financial Statements - (Continued)

markets that are readily and regularly obtainable. When such quoted prices are not available, fair values are based on quoted prices in markets that are not active, quoted prices for similar but not identical assets or liabilities, or other observable inputs. If these inputs are not available, or observable inputs are not determinative, unobservable inputs and/or adjustments to observable inputs requiring the judgment of Plan management are used to determine the fair value of assets and liabilities.

The Plan records purchases and sales of securities on a trade-date basis. The Plan records investment income as earned and interest income on an accrual basis. The Plan records dividends on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments.

Contributions

The Plan recognizes contributions when due. Applicable law requires the Plan to return Participant contributions received during the Plan year in excess of IRC limits applicable to such contributions.

Notes Receivable from Participants

The Plan measures notes receivable from Participants at their unpaid principal balance plus any accrued but unpaid interest. The Plan treats defaulted loans as deemed distributions based upon the terms of the Plan.

Investment Management and Administrative Fees

The Plan pays investment management fees out of the assets of the Core Funds, and recognizes such fees as Plan expenses. The Plan deducts investment management fees it is charged for investments in the mutual funds held in the SDA from income earned on a daily basis, and such fees are netted against earnings and are therefore not separately reflected as Plan expenses. Consequently, the Plan reflects investment management fees as a reduction of return on such investments. As provided in the Plan document, non-investment related expenses are paid by both the company that sponsors the Plan and the Plan itself. Expenses relating to specific participant transactions are charged directly to the participant's account.

Payment of Benefits

The Plan recognizes benefit payments to Participants when it pays the benefits. Amounts allocated to accounts of Participants who have elected to withdraw from the Plan, but have not yet been paid, were \$1,446 thousand and \$2,346 thousand as of December 31, 2021 and 2020, respectively.

3. Fair Value Measurements

When developing estimated fair values, the Plan considers three broad valuation techniques: (i) the market approach, (ii) the income approach, and (iii) the cost approach. The Plan determines the most appropriate valuation technique to use given what is being measured and the availability of sufficient inputs, giving priority to observable inputs. The Plan categorizes its assets and liabilities measured at estimated fair value into a three-level hierarchy based on the significant input with the lowest level in its valuation. The input levels are as follows:

Level 1	Unadjusted quoted prices in active markets for identical assets or liabilities. The Plan defines active markets based on average trading volume for equity securities. The size of the bid/ask spread is used as an indicator of market activity for fixed maturity securities.
Level 2	Quoted prices in markets that are not active or inputs that are observable either directly or indirectly. These inputs can include quoted prices for similar assets or liabilities other than quoted prices in Level 1, quoted prices in markets that are not active, or other significant inputs that are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the estimated fair value of the assets or liabilities. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The Fixed Income Fund is comprised of fully benefit-responsive investments with MLIC (see Note 4), and is backed by a portfolio of assets allocated among several separate accounts with MLIC.

MetLife 401(k) Plan

Notes to the Financial Statements - (Continued)

The Plan determines the estimated fair value of the Plan's interests in the Core Funds, other than the Fixed Income Fund, by reference to the underlying assets of the respective separate accounts. The underlying assets of each respective separate account, which are principally comprised of cash investments and marketable equity and fixed income securities, reflect accumulated contributions, dividends and realized and unrealized investment gains or losses apportioned to such contributions, less withdrawals, distributions, loans to Participants, allocable expenses relating to the purchase, sale and maintenance of the assets, and an allocable part of investment-related expenses. The Plan expresses the estimated fair value of the underlying assets in each separate account in the form of a unit value for each respective separate account. MLIC calculates unit values and provides them to the Plan daily. The unit values represent the price at which Participant-directed contributions and transfers are affected. The Plan uses unit value as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments.

The Plan determines the estimated fair value of the funds held in the SDA by reference to the underlying shares of the publicly available mutual funds held within each Participant's respective account. Such estimated fair value is based on the net asset value ("NAV") published by the respective fund managers on the applicable reporting date.

The Plan invests funds held in the Plan's General Account Fund through an investment contract with MLIC. The Plan states amounts at the aggregate amount of accumulated transfers of forfeited non-vested account balances and interest earned thereon, less withdrawals to reduce Matching Contributions or pay certain Plan administrative expenses, as discussed above. The Plan reviews interest crediting rates for reset quarterly by MLIC. MLIC credits interest periodically in a manner consistent with MLIC's general practices for allocating such income. Accordingly, the stated carrying value approximates the estimated fair value.

The estimated fair values and their corresponding fair value hierarchy are summarized as follows:

		Estimated Fair Value Measurements as of December 31, 2021			
		(In thousands)			
	Total Estimated Fair Value	Level 1	Level 2	Level 3	
SDA	\$ 55,486	\$ 55,486	\$ -	\$ -

Total	61,358	\$ 55,486	\$ 5,872	\$ -	
Investments measured at NAV as a practical expedient (a)	5,341,845				
Total investments at fair value	\$ 5,403,203

		Estimated Fair Value Measurements as of December 31, 2020			
		(In thousands)			
	Total Estimated Fair Value	Level 1	Level 2	Level 3	
SDA	\$ 51,131	\$ 51,131	\$ -	\$ -	
General Account Fund	3,743	-	3,743	-	
Total	54,874	\$ 51,131	\$ 3,743	\$ -	
Investments measured at NAV as a practical expedient (a)	4,755,905				
Total investments at fair value	\$ 4,810,779				

(a) The Plan excludes from the fair value hierarchy investments that are measured at NAV per share (or its equivalent) as a practical expedient to estimate fair value (see Note 2).

4. Fully Benefit-Responsive Investments with MLIC

The Plan has investments with MLIC that are considered fully benefit-responsive under GAAP. The Plan includes these investments in the financial statements at contract value as a single amount reflected separately in the Statements of Net Assets Available for Benefits. Contract value represents contributions directed to the investments, plus interest credited, less Participant withdrawals and expenses. Participants may direct withdrawals for benefit payments and loans or transfer all or a portion of their investment to other investments offered under the Plan at contract value. The crediting interest rate is based on a formula agreed upon by MLIC.

The Plan invests these assets in various separate accounts. The Plan determines the contract value for these investments using the annual crediting rate irrespective of the actual performance of the underlying separate account. The contract value was \$2,953,129 thousand and \$3,134,077 thousand as of December 31, 2021 and 2020, respectively. Upon termination of one of these investments by the Plan, proceeds would be paid to the Plan, for the benefit of the Participants, at the greater of the contract value or the estimated fair market value.

The fully benefit-responsive investments have certain restrictions. For example, a partial Plan termination or meaningful divestitures are events that could result in such restrictions that may affect the ability of the Plan to collect the contract value. Plan management believes that the occurrence of events that would cause the Plan to enter into transactions at less than contract value is not probable. MLIC may not terminate the contract at any amount less than the contract value.

While the Plan Administrator may do so at any time, the Plan Administrator is not aware of any intention by MLIC to terminate any of the contracts underlying these investments. The Plan has no reserves against the reported contract value for credit risk of MLIC as the issuer of the contracts that constitute these fully benefit-responsive investments.

5. Related Party Transactions

Related party transactions between the Plan and the Company qualify as exempt party-in-interest transactions as that term is defined under ERISA. Certain Plan investments include separate accounts managed by MLIC. Excluding the Fixed Income Fund, the fair value of these investments was \$5,341,845 thousand and \$4,755,905 thousand as of December 31, 2021 and 2020, respectively. Total net appreciation, including realized and unrealized gains and losses, for these investments was \$873,213 thousand for the year ended December 31, 2021. During the year ended December 31, 2021, MLIC received \$5,036 thousand from the Plan for investment management fees.

MetLife 401(k) Plan

Notes to the Financial Statements - (Continued)

Plan investments in the Fixed Income Fund include separate accounts underlying these investments with MLIC (see Note 4) which are also managed by MLIC. The contract value of these investments was \$2,953,129 thousand and \$3,134,077 thousand as of December 31, 2021 and 2020, respectively. Total investment income was \$76,041 thousand for the year ended December 31, 2021. During the year ended December 31, 2021, MLIC received investment management fees of \$8,318 thousand from these separate accounts.

Certain Participants, who are also employees of the Participating Affiliates, perform services for the Plan. As permitted under the Plan document, certain Participating Affiliates charge the Plan for a portion of the direct expenses incurred by such Participating Affiliates for the employees who provide services for the Plan.

The Plan issues loans to Participants that are secured by the vested balances in the Participants' accounts.

6. Termination of the Plan

Although it has not expressed any intention to do so, the Company reserves the right to amend, modify or terminate the Plan at any time. Each of the Participating Affiliates (with respect to its respective employees) has the right to discontinue its participation in the Plan. In the event of a termination, each Participant employed by a terminating Participating Affiliate would be fully vested in Matching Contributions made to the Plan and would have a right to receive a distribution of his or her interest in accordance with the provisions of the Plan.

7. Federal Income Tax Status

The United States Internal Revenue Service (the "IRS") has determined in a letter dated April 14, 2016, that the terms of the Plan document satisfy the applicable requirements of the IRC. The Plan has been amended since receiving such determination letter. The Plan Administrator believes that the Plan is currently being operated in material compliance with the applicable requirements of the IRC and the Plan document, and the Plan's related trust continues to be tax-exempt under the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2021.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management believes that the Plan has not taken any uncertain tax positions. The Plan is subject to routine audits by the IRS and/or the United States Department of Labor; however, there are currently no audits of the Plan in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and the Form 5500, Schedule H, Part I, Line 11, Asset and Liability Statement, as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 8,388,628	\$ 7,988,671
Benefits payable	(1,446)	(2,346)

Notes to the Financial Statements - (Continued)

The following is a reconciliation of the increase in net assets per the financial statements to net changes in assets per Form 5500, Schedule H, Part II, Line 2k, Income and Expense Statement, for the year ended December 31, 2021:

Change In Net Assets

	For the Year Ended December 31, 2021
	(In thousands)
Increase in Net Assets Per the Financial Statements	\$ 398,280
Benefits Payable at December 31, 2021	(1,446)
Benefits Payable at December 30, 2020	2,346
Current Year Cumulative Deemed Distributions	(1,081)
Prior Year Cumulative Deemed Distributions	1,060
Net Gain Per Form 5500, Schedule H, Part II, Line 2k	<u>\$ 399,159</u>

9. Subsequent Events

In December 2021, the Plan was amended effective January 1, 2022, to reflect the termination of the GACs and the transfer of assets to the Trust. The amendment updated the definition of Core Funds, updated the Trustee to The Northern Trust Company, and added the Trustee to provisions that only referred to the Plan Administrator and the Insurer.

In June 2022, the Plan was amended to add that effective July 1, 2022, the Plan Administrator may annually review the remaining value of the Participant's vested Account Balance after the Participant's Retirement, death, or Termination of Employment and if the value does not exceed \$5,000, the Plan Administrator can make a Direct Rollover of the distribution into an individual retirement plan designated by the Plan Administrator.

The Company has evaluated events related to the Plan subsequent to December 31, 2021, and through October 3, 2022, which is the date these financial statements were available to be issued. Other than those noted above, no other subsequent events were identified that require adjustment to or disclosure in the financial statements.
