Audit Committee and Participants
403(b) Thrift Plan of Goodwill Industries International, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of 403(b) Thrift Plan of Goodwill Industries International, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 11 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters**2021 Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Audit Committee and Participants
403(b) Thrift Plan of Goodwill Industries International, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of 403(b) Thrift Plan of Goodwill Industries International, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 11 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters**2021 Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. GAAP require that these accounts and the related income and distributions be included in the 2020 financial statements.

In our report dated August 24, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

Notes to Financial Statements

Note 1. Description of Plan

The following description of the 403(b) Thrift Plan of Goodwill Industries International, Inc. (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution, participant-directed 403(b) thrift plan covering substantially all employees of Goodwill Industries International, Inc. (GII), and is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan was established in 1987 to enable GII employees to accumulate long-term savings for their retirement while benefiting from favorable tax treatment on their current salaries. GII employees are automatically enrolled as a participant in the Plan on the first day of the month following their date of hire. To be eligible to receive GII's contributions, the employee must be at least 21 years of age and complete six months of service.

Custodians: Each of the Plan's custodians has a specific number of participant accounts, the total of which is higher than the total number of Plan participants at year end due to the fact that certain participants have accounts which are held by more than one custodian.

Principal is the Plan's record-keeper and sends each participant quarterly statements showing the contributions, investment income and gains and losses, charges, and any other transactions the participant has made during the quarter. Participants also receive periodic statements from Mutual of America Life Insurance Company and Voya Retirement Insurance and Annuity Company, but there is no consolidated statement in situations when participants have accounts with more than one of the above companies. In such situations, participants with multiple accounts have been given notification regarding what statements they are to receive and when to expect them.

Contributions: GII employees are automatically enrolled to defer 6% of their pay as of the date they become a participant in the Plan, unless they choose a different percentage or choose not to defer. If participants do not choose a different percentage (including zero), the percentage will also be automatically increased on the first day of each successive plan year by 1% up to a maximum percentage of 10%. Participants can make contributions to the Plan through either specified-percentage or fixed-dollar payroll deductions in any amount up to statutory limitations as specified in the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. Participants may also contribute amounts to the Plan representing rollover distributions from certain other qualified pre-tax benefit plans.

The Plan was amended in December 2019, effective January 1, 2020, which changed the composition of GII contributions to a match component of 4% and an optional, discretionary component. Matching Contributions are calculated based on elective deferral contributions and compensation for the payroll period. Matching contributions are made for all persons who were active participants at any time during that payroll period. For 2021, the 4% match was recorded within the Plan. A discretionary contribution of 3% was made to eligible participants during the 2021 plan year.

Participant accounts: Participants direct the investment of their contributions and GII's contributions into various investment options offered by the Plan. Contributions are credited to the participants' individual accounts on the date received by the custodian. Participants may change their elected investment options/allocations with the custodian at any time via direct phone or internet access by using a personal identification number (PIN).

403(b) Thrift Plan of Goodwill Industries International, Inc.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Each participant's account is credited with the participant's contributions and GII's contributions, as well as allocations of any Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in GII's contributions is based on years of continuous service. See the table below.

Years of Service	Vested %
2	20%
3	40%
4	65%
5	100%

Notes receivable from participants: Participants may borrow from their account balances held by Principal from a minimum of \$1,000 up to a maximum amount which is equal to \$50,000 or 50% of their vested account balance, whichever is less. The loans bear interest at rates available for similar loans from commercial lending institutions. The interest rate remains constant for the term of the loan. The notes receivable outstanding as of December 31, 2021, mature through January 2028, with interest rates ranging from 4.25% to 6.50%.

Payments of benefits: Distributions may be made to participations or their beneficiaries, as applicable upon termination of employment, death, disability, or normal retirement, a participant is entitled to receive the vested percentage of their account balance. Participants may elect to receive a distribution in the form of a single lump-sum payment. Participants who are required to receive minimum required distributions may receive their distributions in the form of partial withdrawals, installments, or annuities. If the participants vested balance is \$1,000 and \$5,000, benefits shall be distributed to the participant through a lump-sum distribution, or, if no election has been made by the participant, through a direct rollover into an Individual Retirement Account (IRA). If the participant's account balance is less than \$1,000, benefits shall be distributed to the participant through a lump-sum distribution.

Participants may receive an in-service distribution from the Plan prior to termination provided they have attained age 59½ or early distributions provided they have attained age 55. In addition, hardship distributions may be made to satisfy certain immediate and heavy financial needs a participant may have, subject to certain limitations as defined in the Plan agreement.

Administrative expenses: Certain administrative functions are performed by officers or employees of GII. However, such employees receive no compensation from the Plan. GII and the Plan participants share in the Plan expenses. Plan expenses, such as transaction fees from receiving a withdrawal or distribution from the Plan, are deducted from participants' accounts.

Forfeitures Participant forfeitures of non-vested balances are used to pay the expenses of the Plan or to fund future GII contributions. During 2021, GII contributions were funded by \$64,151 from forfeited non-vested accounts. Unallocated forfeitures totaled \$22,747 and \$5,132 at December 31, 2021 and 2020, respectively.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments of the Plan are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Reclassification: Amounts previously reported at contract value in Note 4 have been reclassified and reported as a Level 3 investment to conform to the current year presentation, with no effect to the net increase in net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2021. Defaulted loans are treated as distributions based upon the terms of the Plan agreement.

Benefits paid to participants: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 30, 2022, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified and Provided by Principal Trust Company, Mutual of America Life Insurance Company and Voya Retirement Insurance and Annuity Company (the Custodians)

The following is a summary of the Plan's asset and income information as of and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared or derived from information provided by the custodians, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians, related to the following assets, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 26,333,353	\$ 25,418,249
Money market funds	469,665	260,045
Pooled separate accounts	857,286	766,002
Guaranteed interest accounts	202,517	126,494
Investments, at contract value:		
Guaranteed investment contracts	943,254	753,736
Notes receivable from participants	390,330	414,903
	<u>\$ 29,196,405</u>	<u>\$ 27,739,429</u>

The custodians also certified the completeness and accuracy of \$1,876,201 and \$54,189 for Principal and Voya, respectively, of net appreciation in fair value, and \$2,103,072, \$101,596 and \$5,928 for Principal, Mutual of America and Voya, respectively, of net interest and dividends, and \$22,668 from Principal of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

403(b) Thrift Plan of Goodwill Industries International, Inc.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

- **Pooled separate accounts:** Valued at net asset value (NAV) of units held by the Plan at year end as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments divided by the number of units outstanding.
- **Mutual funds:** Mutual funds are reported at fair value based on the quoted market price of the funds and are classified within Level 1 of the valuation hierarchy.
- **Money market funds:** Money market funds are reported at fair value based on the quoted market price of the funds and are classified within Level 1 of the valuation hierarchy.
- **Guaranteed interest accounts:** The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. This fair value is determined by comparing current market interest rates to the interest rate on the account and adjusting for the number of years until the maturity date. These accounts are not fully benefit-responsive and as such are reported at fair value. Since guaranteed interest accounts are not traded on an open market and public prices are not available, the general classification of such items is within Level 3 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

403(b) Thrift Plan of Goodwill Industries International, Inc.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 26,333,353	\$ -	\$ -	\$ 26,333,353
Money market funds	469,665	-	-	469,665
Guaranteed interest accounts	-	-	202,517	202,517
Total investments in the fair value hierarchy	26,803,018	-	202,517	27,005,535
Pooled separate accounts measured at NAV (i)				857,286
Total investments at fair value	\$ 26,803,018	\$ -	\$ 202,517	\$ 27,862,821

December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 25,418,249	\$ -	\$ -	\$ 25,418,249
Money market funds	260,045	-	-	260,045
Guaranteed interest accounts	-	-	126,494	126,494
Total investments in the fair value hierarchy	25,678,294	-	126,494	25,804,788
Pooled separate accounts measured at NAV (i)				766,002
Total investments at fair value	\$ 25,678,294	\$ -	\$ 126,494	\$ 26,570,790

- (i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

During the years ended December 31, 2021 and 2020, there were no transfers, purchases, or issues for assets classified in Level 3, and there were no transfers between levels.

Balanced (g)	154,748	137,994	None	Immediately	None
Total pooled separate accounts	<u>\$ 857,286</u>	<u>\$ 766,002</u>			

- (a) This asset class invests in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money markets.
- (b) This asset class seeks long-term growth of capital or a combination of growth and income by investing in stocks of larger, mature companies.
- (c) This asset class invest primarily in stocks of larger U.S. companies employing an investment style of growth.
- (d) This asset class is generally comprised of investment options that invest in stocks or shares of ownership in a variety of non-U.S. companies.
- (e) This asset class generally invests in fixed income securities primarily seeking income or growth of income, with less emphasis on capital appreciation.
- (f) This asset class seek capital appreciation by investing primarily in stocks of small and medium-sized companies.
- (g) This asset class seeks to balance growth of principal and current income by investing in a combination of stocks and bonds (generally holding 60-70% equity and 30-40% fixed income).

Note 5. Investment Contracts

Guaranteed annuity contracts and guaranteed investment contracts may be considered to be fully benefit-responsive. In accordance with generally accepted accounting principles, fully benefit-responsive investments are presented at contract value in the statements of net assets available for benefits. The Plan has several investments as described below.

Principal Fixed Income Guaranteed Option: Investments in the Principal Fixed Income Guaranteed Option are held within the general account of Principal. Participant accounts are increased by the current rate of interest in effect and decreased by withdrawals and administrative expenses. For the year ended December 31, 2021, the effective yield of the option is guaranteed to be a minimum of 1.30% through May 2022. For the year ended December 31, 2020, the effective annual yield of the guaranteed option was 1.35%.

403(b) Thrift Plan of Goodwill Industries International, Inc.

Notes to Financial Statements

Note 5. Investment Contracts (Continued)

No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the Principal Fixed Income Guaranteed Option. The Plan Administrator considers this to be a fully benefit-responsive investment.

Mutual of America Interest Accumulation Account: Through the Plan's contracts with MOA, investments in the Interest Accumulation Account, a guaranteed annuity contract, are held within the general account of MOA. Participant accounts are increased by the guaranteed rate of interest and decreased by withdrawals and administrative expenses. For the years ended December 31, 2021 and 2020, the effective annual yield was 1%, compounded daily, which is the guaranteed rate specified in the underlying contract. MOA has the option to adjust the guaranteed rate of interest on an annual basis but not below set minimum rates. Contract value equals fair value for this investment option. The Plan Administrator considers this to be a fully benefit-responsive investment.

Voya Fixed Account: Investments in the Voya Fixed Account option are held within the general account of Voya. Participant accounts are increased by the current rate of interest in effect when the rate exceeds a guaranteed rate floor, and decreased by withdrawals and administrative expenses. The annual effective yield of the Voya fixed account option was 4.00% at December 31, 2021 and 2020. Furthermore, the effective yield of the Voya fixed account option is guaranteed to be a minimum of 4.00% through July 2024. Transfers and withdrawals from the Voya Fixed Account option are limited and may be subject to certain limitations, for example installment withdrawals over five years. The Plan Administrator does not consider this to be a fully benefit-responsive investment therefore this investment is presented at fair value.

Voya Guaranteed Accumulation Accounts: Voya Guaranteed Accumulation Accounts include both a short-term and a long-term option. Investments in either of these guaranteed investment options are held within the general account of Voya. However, there were no investments in the long-term option as of December 31, 2021 and 2020. Participant accounts are increased by earnings on the underlying investments and decreased by withdrawals and administrative expenses.

For the years ended December 31, 2021 and 2020, the earnings rate is guaranteed until April 29, 2022, for the short-term option. Investors will receive the full principal deposit amount plus interest upon maturity. Amounts that are withdrawn or transferred prior to maturity are subject to a market value adjustment. The Plan Administrator does not consider this to be a fully benefit-responsive investment therefore this investment is presented at fair value.

No reserves against contract values for credit risk of the contract issuers have been recorded because the Plan Administrator believes that it is not probable that the occurrence of such events would also limit the Plan's ability to transact at contract value with the Plan participants.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract.

Notes to Financial Statements

Note 6. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, GII and certain others. As such, transactions conducted with Principal Trust Company, Mutual of America Life Insurance Company and Voya Retirement Insurance and Annuity Company, the custodians, or GII qualify as party-in-interest transactions.

The Plan's investments are managed and held by the companies which serve as custodians of the Plan and maintain participant accounts. Transactions by the Plan in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA. Fees paid by the Plan directly to the custodians totaled \$5,765 and \$4,626 for the years ended December 31, 2021 and 2020, respectively.

Note 7. Plan Termination

Although it has not expressed any intent to do so, GII has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 8. Income Taxes

The Plan has adopted a non-standardized form of a prototype volume submitter defined contribution plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2017, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version of the prototype plan receiving the opinion letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and balances and the amounts reported in the 2021 statement of net assets available for benefits.

403(b) Thrift Plan of Goodwill Industries International, Inc.

Notes to Financial Statements

Note 10. Reconciliation of Financial Statements to Form 5500

A reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per the Form 5500 consisted of the following as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per financial statements	\$ 29,405,792	\$ 27,785,570
Deemed distribution of participants loans on the Form 5500	(25,577)	(34,232)
Net assets available for benefits per the Form 5500	<u>\$ 29,380,215</u>	<u>\$ 27,751,338</u>

A reconciliation of changes in net assets available for benefits per the financial statements to changes in net assets available for benefits per the Form 5500 consisted of the following as of December 31, 2021:

Net increase in net assets available for benefits per financial statements	\$ 1,620,222
Deemed distributions on the 2021 Form 5500	(25,577)
Net increase in net assets available for benefits per the Form 5500	<u>\$ 1,594,645</u>

Note 11. Net Assets Available for Benefits

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) Plans from annual 5500 reporting, disclosure and audit requirements under Title I of ERISA. The removal of this exemption subjected the Plan to audit and expanded Form 5500 reporting requirements for the first time beginning with the Plan's year ended December 31, 2009. The Plan and Principal, MOA and VOYA have not maintained sufficiently detailed accounting records related to the Plan's annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the completeness of the Plan's net assets available for benefits as of December 31, 2021 and 2020, and changes in net assets available for benefits for the year ended December 31, 2021 could not be verified.
