SimpliSafe 401(k) Plan
Boston, Massachusetts

We have audited the financial statements of SimpliSafe 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and we will issue our report thereon dated September 20, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Voya Retirement Insurance and Annuity Company and Great-West Trust Company, LLC, the trustees, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 8, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by SimpliSafe 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 20, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

During the audit, we became aware of certain matters that we consider an opportunity for strengthening internal controls and operating efficiency. Listed below are such matters:

Employer Match Made Before Service Requirement Met

During the audit, we noted an instance where an employee received an employer match on their deferrals before meeting the 3-month service requirement. While plan management was notified and corrections have been made, a control should be implemented to ensure that employees do not begin to receive employer match until after the service requirement is satisfied.

Eligible Compensation for Employee Deferrals

During the audit, we noted that certain pay codes were inadvertently excluded from eligible compensation for purposes of calculating employee deferrals and employer matching contributions. While Plan management was notified and corrections are being completed, we recommend reviewing all earnings codes to verify that they are accurately coded as included/excluded for purposes of 401(k) eligible compensation.

Review of Insurance Coverage

During the audit, we noted a lapse in fidelity bond coverage during the change in insurance brokers. Special attention should be given to the area of bonding coverage, which protects an organization in the event of loss due to theft or embezzlement. We recommend consulting with your insurance professional to ensure the policy is renewed timely.

Review of Nondiscrimination Testing

During the audit, it came to our attention that the information used to support the nondiscrimination testing performed by the third party administrator was not adequately reviewed and approved by an appropriate level of management. It is our recommendation the information be reviewed and approved by an appropriate level of management independent of the preparation. The Plan should maintain proper documentation of this review and approval.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Administrator and management of SimpliSafe 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
SimpliSafe 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of SimpliSafe 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of SimpliSafe 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SimpliSafe 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SimpliSafe 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SimpliSafe 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of SimpliSafe 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). Plan management determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions –

Each year, participants may contribute up to 100% of their eligible compensation, on a pre-tax or after-tax Roth basis, as defined in the Plan, subject to the maximum amount allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. With the approval of the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution equal to 100% of participant deferrals up to 4% of each participant’s eligible compensation contributed to the Plan. To be eligible for safe harbor matching contributions, the participant must complete one year of service. Notes Receivable from Participants –

The Plan does not provide for loans to participants.

Payment of Benefits –

Upon termination of service, retirement, disability or death, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account either in a distribution or a rollover. A participant may withdraw from their rollover account at any time. In-service withdrawals from the participant's account are available upon reaching age 59 ½. If a participant's account balance is greater than \$1,000 but equal to or less than \$5,000, the plan administrator can automatically rollover your entire vested account balance into a traditional individual retirement account (IRA). If a participant's account balance is less than \$1,000, the plan administrator can distribute the entire balance in a lump sum amount.

Hardship withdrawals are available from a participant's account, in order to meet a participant's immediate and heavy financial need, as defined in the Plan document.

1. DESCRIPTION OF PLAN (Continued)

CARES Act –

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to qualified plan participants under the CARES Act and implemented the following provisions:

- Special coronavirus related distribution (CRD) up to a maximum of \$100,000 per Plan participant, which may be repaid at any time during the 3-year period beginning on the day after the date on which such distribution was received. CRD's were only available until December 30, 2020.
- Suspension of required minimum distributions for the 2020 Plan year.

Forfeitures –

Forfeitures are used to pay Plan expenses or offset future Company contributions to the Plan. At December 31, 2021, unallocated forfeitures totaled \$3,199. At December 31, 2020, there were no unallocated forfeitures. For the Plan years ended December 31, 2021 and 2020, no forfeitures were used by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting –

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates –

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition –

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits –

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses –

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments, including certain investment advisory fees as they are paid through a revenue sharing agreement, rather than a direct payment.

Date of Management's Review –

The Plan has evaluated subsequent events through September 20, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan was amended to comply with the legislative and regulatory changes set forth in Internal Revenue Service (IRS) Notice 2017-37.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are defined as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts:

Valued daily based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective accumulation unit value (AUV). The AUV is determined daily based on the NAV of shares of the underlying fund, the fund's dividends and the contract's separate account charges. The NAV is a readily determinable fair value of the underlying assets and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value of December 31, 2021				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,367,121	\$ -	\$ -	\$ 16,367,121
Pooled separate accounts	-	-	-	-
Investments, at fair value	<u>\$ 16,367,121</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,367,121</u>

Assets at Fair Value of December 31, 2020				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Pooled separate accounts	-	6,921,726	-	6,921,726
Investments, at fair value	<u>\$ -</u>	<u>\$ 6,921,726</u>	<u>\$ -</u>	<u>\$ 6,921,726</u>

There were no transfers to or from Levels 1, 2, and 3 during the Plan years ended December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS**

4. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan held a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. On January 20, 2021, the Plan converted its assets to Great-West Trust Company, LLC. Accordingly, the Plan invested in another fully benefit-responsive investment contract with Great-West Trust Company, LLC upon conversion. Amounts allocated to the Voya Fixed Account and the Great-West Guaranteed Fixed Fund are held in the insurance companies' general accounts, and there are no segregated or identifiable assets ascribed to the Plan's investment. Net deposits and interest credited become liabilities against Voya Retirement Insurance and Annuity Company and Great-West Trust Company, LLC on the Plan's behalf. The crediting interest rates are set by Voya Retirement Insurance and Annuity Company and Great-West Trust Company, LLC, but may not be less than 1% annually. The crediting rates are declared in advance and is reset quarterly. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions. Contract value is guaranteed by the full faith and credit of Voya Retirement Insurance and Annuity Company and Great-West Trust Company, LLC.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported by Voya Retirement Insurance and Annuity Company and Great-West Trust Company, LLC, represents contributions made under the contract, less participant withdrawals and administrative expenses, plus interest credited. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contracts, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Company may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. There were no material market value adjustments at the time of the contract termination for the Voya Fixed Account. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or Great-West Trust Company, LLC are probable of occurring.

5. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEES

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustees of the Plan. Great-West Trust Company, LLC held the Plan's investment assets and executed investment transactions for the period from January 27, 2021 to December 31, 2021, and Voya Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2020 and for the period from January 1, 2021 to January 26, 2021.

SIMPLISAFE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. TAX STATUS

The Plan has adopted a volume submitter profit sharing plan and relies on the volume submitter plan sponsor's favorable opinion letter from the IRS dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions.

9. PROHIBITED TRANSACTIONS

Under U.S. Department of Labor Regulation Section 2510.3-102, Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible, but in no event later than the fifteenth business day of the month following the Company's withholding. When this regulation is not satisfied, the Company has engaged in a prohibited transaction.

During the Plan year ended December 31, 2020, the Company engaged in prohibited transactions by remitting \$2,028 in deposits to the Plan after the required reporting period. The Company has taken corrective action during the 2021 Plan year related to the prohibited transactions from the 2020 Plan year.

10. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company and Great-West Trust Company, LLC, the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
