Report of Independent Auditors

Scripps Health Retirement Committee
Scripps Health 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Scripps Health 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Scripps Health 403(b) Plan

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of the Scripps Health 403(b) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

Effective September 1, 2010, the Plan was established as a defined contribution plan. Employees of Scripps Health (the “Organization” or “Plan Sponsor”) are immediately eligible to join the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Scripps Health Retirement Committee (the “Committee”). The Committee has been given all powers necessary to carry out its respective duties by the Board of Trustees, including as applicable, but not limited to, the power to administer and interpret the Plan and to answer all questions affecting eligibility of participants in the Plan and to authorize disbursements for the payment of benefits. The Trustee, Fidelity Management Trust Company, holds all of the assets of the Plan.

Contributions

Each year, participants may make contributions to the Plan on a pretax or Roth (after-tax) basis, as defined in the Plan. Pretax and Roth contributions are subject to a limitation under Section 402(g)(1) of the Internal Revenue Code (the “Code”). Age 50 catch-up contributions under Section 414(v) are permitted in this Plan. In addition, the special catch-up election under Section 402(g)(7) is also allowable. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may select the BrokerageLink option, whereby they direct their contributions and/or transfer amounts from other investment options offered by the Plan into a separate brokerage account maintained by Fidelity. Contributions for participants who make no investment election are invested in the Plan’s default investment, JP Morgan Smart Retirement target date funds. Contributions are subject to certain limitations of the Code.

Scripps Health 403(b) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participants may elect to make an in-plan transfer of all or part of the participant's vested account to a Roth account as provided under the American Taxpayer Relief Act.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses and Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in employee contributions, and any earnings thereon, immediately upon entry into the Plan.

Participant Loans

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates. At December 31, 2021, interest rates ranged from 4.25%–6.50% on the participants' loan balances, which mature through December 2036. Principal and interest are paid ratably through biweekly payroll deductions.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant or his or her beneficiaries may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not to exceed the assumed life expectancy of the participant or his or her beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Subject to Internal Revenue Service (IRS) safe harbor rules, participants may take hardship distributions. In addition, participants may also take in-service distributions upon attainment of age 59.5 years.

Scripps Health 403(b) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”) was enacted and signed into law. The SECURE Act changes the age requirement for required minimum distributions from age 70½ to age 72 effective after December 31, 2019.

Plan Expenses

Administrative expenses, investment management fees, asset-based fees, and trustee fees, if any, are paid by the Plan and may be reimbursed to the Plan by the Organization at the discretion of the Organization. Investment management, trustee, and record-keeper fees are netted against investment income, including approximately \$2,594,785 and \$2,212,516 of fees paid to the Trustee and its affiliates, for the years ended December 31, 2021 and 2020, respectively.

Fidelity Investments provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Organization and Fidelity Investments. Fidelity Investments receives revenue from mutual fund service providers for services Fidelity Investments provides to the funds. This revenue is used to offset certain amounts owed to Fidelity Investments for its administrative services provided to the Plan.

If the revenue received by Fidelity Investments from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity Investments remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2021 and 2020, excess amounts were applied to pay plan administrative expenses with the remainder allocated to participant accounts, and are shown as other additions on the statement of changes in net assets available for benefits.

CARES Act

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The COVID-19 pandemic is having widespread, rapidly evolving, and unpredictable impacts on global society, economies, and financial markets. On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which is intended to provide economic relief to retirement plan sponsors and participants in the midst of the global COVID-19 pandemic. Under the CARES Act, changes were made impacting certain provisions of qualified retirement plans, including participant loans and distributions. Among other things, the CARES Act provisions, which were adopted by the Plan, increased the limit on participant loans, extended repayment terms, and waived penalties and provided for tax-year spreading for income inclusion and repayments for certain early withdrawals.

Scripps Health 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies

Basis of Presentation

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in a money market fund, mutual funds, and self-directed brokerage accounts. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in a money market fund, mutual funds, and self-directed brokerage accounts are valued based upon quoted market prices on the last business day of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Scripps Health 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded when paid.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The following tables present information about the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2021 and 2020, and indicate the fair value hierarchy of the valuation techniques the Plan utilized to determine such fair value. In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities. Fair values determined by Level 2 inputs utilize data points that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values determined by Level 3 inputs utilize inputs that are unobservable and significant to the fair value measurement.

Scripps Health 403(b) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

Assets and liabilities measured at fair value are valued based on the market approach. The market approach takes prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.

Fair value measurements as of December 31, 2021 and 2020:

Investments	2021 Level 1	2020 Level 1
Mutual funds	\$ 534,707,832	\$ 449,586,834
Self-directed brokerage accounts	25,899,167	22,342,512
Money market fund	15,647,179	16,942,662
Total investments	<u>\$ 576,254,178</u>	<u>\$ 488,872,008</u>

4. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivables from participants at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

5. Tax Status

The underlying volume submitter specimen plan has received an advisory letter from the IRS dated August 7, 2017, stating that the underlying specimen plan is qualified under Section 403(b) of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code and, therefore, the related accounts are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Scripps Health 403(b) Plan

Notes to Financial Statements (continued)

5. Tax Status (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain investments of the Plan are shares of a money market fund and mutual funds managed by affiliates of the Trustee, and therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would receive a distribution of their balance as soon as practicable.

8. Subsequent Events

Management evaluated subsequent events for the Plan through September 30, 2022, the date the financial statements were issued.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients.
