Human Resources Policy Committee
Laureate Education, Inc. 401(k) Retirement Savings Plan

Opinion

We have audited the financial statements of Laureate Education, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Partial Plan Termination

As discussed in Note 1 of the financial statements, the Plan experienced a partial plan termination as a result of the sale of the Plan Sponsor's Walden University division. On August 12, 2021, all Walden University participants became 100% vested in their accounts. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2021, and of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LAUREATE EDUCATION, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

Note 1. Description of Plan

The following description of Laureate Education, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions. Copies of these documents are available from Laureate Education, Inc.'s (the Company or Plan Sponsor) Corporate Benefits Department.

General - The Plan is a defined contribution plan covering all regular U.S. employees of the Company who have completed one calendar month of service, excluding certain employees as defined in the Plan Document. Participants are eligible to enter the Plan on the first of the month following their completion of one calendar month of service. Generally, participants must work at least 1,000 hours in the Plan year and be actively employed at the end of the Plan year in order to be eligible for employer matching and discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan investments are fully participant-directed.

The Company uses Fidelity Investments (Fidelity) to provide recordkeeping and administrative services to the Plan. Fidelity Management Trust Company (FMT) is the Plan's trustee. At December 31, 2021 and 2020, the Plan offered 30 investment options, into which participants could direct their investments. Participants have the opportunity to change their investment elections daily.

The Plan offers the traditional "pre-tax" 401(k) option, as well as an "after-tax" Roth 401(k) option. The matching provision is the same for both pre-tax and after-tax contributions. The Plan also has an automatic enrollment feature. Employees are automatically enrolled with a 3% salary deferral, unless they elect otherwise within 30 days of the date when they meet the one month of service requirement.

Plan amendment - Effective August 27, 2021, the Plan was amended to permit terminated participants to continue repaying outstanding notes receivable according to their original loan agreements and to include rehired employees in the automatic enrollment provision.

Contributions - Participants may contribute any whole percentage of their annual compensation, up to a maximum of 80% of annual compensation, and may elect to defer up to 100% of their annual cash bonus. Contributions are subject to certain annual limitations imposed by the Internal Revenue Code (the Code or IRC). The total of the combined pre-tax elective deferrals and Roth 401(k) deferrals may not exceed \$19,500 for 2021 and 2020, the maximum dollar limitation allowable per the Internal Revenue Service (IRS). All eligible employees who had attained age 50 before the close of the Plan year were eligible to make "catch-up" contributions, per the Code, up to an additional \$6,500 for 2021 and 2020. Additionally, employees may roll over distributions received from other qualified plans.

For the years ended December 31, 2021 and 2020, the Company made a discretionary matching contribution in cash equal to a percentage of the amount of the compensation that the participant elected to contribute, up to a maximum of 6% of the participant's eligible compensation. During 2021, the Company waived the employer matching contribution eligibility requirements for participants impacted by the partial plan termination discussed on page 8. The matching contribution percentage was 50% of the first 6% of the eligible compensation contributed, up to a maximum matching contribution per employee of \$8,700 and \$8,550 for the years ended December 31, 2021 and 2020, respectively. Additional discretionary contributions may be made at the option of the Company. There were no additional discretionary contributions made by the Company in 2021 or 2020.

Participant accounts - Each eligible participant account is credited with the participant's contribution and company discretionary matching contribution, if any, and an allocation of (a) the Company's additional discretionary contribution, if any, and (b) Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

LAUREATE EDUCATION, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

Vesting - Participants are immediately vested in their contributions, plus earnings thereon. Vesting in the Company's discretionary contributions plus earnings thereon is based on years of continuous service at a rate of 33% per year, including the first year of service. A participant is 100% vested after three years of service or upon reaching the early retirement age of 59 1/2. A participant may also become 100% vested if terminated due to death or disability as defined by the Plan or if the participant is impacted by a partial plan termination.

Forfeitures - Forfeitures are used to reduce the Company's contribution payment which is made to the Plan in the subsequent year. The Plan used \$144,660 and \$136,741 to reduce the Company's contributions for the years ended December 31, 2021 and 2020, respectively. Participants forfeited \$159,545 and \$124,693 of their unvested account balances during the years ended December 31, 2021 and 2020, respectively. All available forfeitures as of December 31, 2021 and 2020 were used to reduce the December 31, 2021 and 2020 employer contributions receivable.

Notes receivable from participants - Participants may borrow from their account balances a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are repaid ratably through payroll deductions over loan terms, which generally do not exceed five years. A participant with the maximum number of existing loans permitted by the Plan may not apply for another loan until 30 days following the date the existing loan is paid in full. As of December 31, 2021 and 2020, loan interest rates in effect ranged from 4.25% to 6.50% with loan maturity dates through 2030.

Payment of benefits - Participants may withdraw voluntary after-tax contributions, qualified rollovers, and transfers into the Plan, and earnings thereon, at any time. Pre-tax deferrals, vested employer matching contributions, and vested employer discretionary contributions, if any, may be withdrawn upon attaining age 59 1/2 or employment termination. All types of vested contributions may be withdrawn in a lump-sum payment upon termination of employment. Annuities are available for participants whose accounts include money purchase plan assets. Hardship withdrawals are allowed but are limited to certain types of contributions, as defined.

Administrative expenses - Certain transaction fees and investment processing fees charged by Fidelity are deducted from the respective participant account balance and are included in the Administrative expenses line item on the Statements of Changes in Net Assets Available for Benefits.

Funding policy - The Company remits employee deferral contributions to the Plan on a per-pay-period basis. The Company's discretionary matching contributions are generally funded in arrears on an annual basis following approval by the Chairman of the Board of Directors in the first quarter following the end of the Plan year. During 2021, the Company funded the employer matching contributions in August 2021 for participants impacted by the partial plan termination discussed below. Employee contributions are recognized as related wages are earned. Employer matching contributions are recognized in the same year as the related employee contributions.

Parties-in-interest - Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fidelity performs recordkeeping services and is, therefore, a party-in-interest. For the years ended December 31, 2021 and 2020 the Plan paid \$497,942 and \$282,123, respectively, to Fidelity and paid \$75,750 and \$19,500 to other service providers for the years ended December 31, 2021 and 2020, respectively.

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity. FMTC is the trustee, as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

Plan termination - Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Partial plan termination - On August 12, 2021, the Company sold its Walden University division which resulted in a partial plan termination. This affected 4,992 participants, 2,304 of whom have taken distributions from the Plan of \$82,710,566 during the year ended December 31, 2021. As of December 31, 2021, \$145,466,375 remains payable to affected participants. All participants affected by the partial plan termination became fully vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

Note 2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Investment valuation and income recognition - Investments are stated at fair value, as more fully disclosed in Note 3, "Investments at Fair Value."

Realized gains or losses on the sale of investments are computed as the difference between the proceeds received and the cost of investments held. The change in the difference between cost and fair value, including realized gains and losses, is included in the Statements of Changes in Net Assets Available for Benefits as net realized and unrealized appreciation of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payments of benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events (events occurring after December 31, 2021) through October 5, 2022, the date the financial statements were available to be issued.

Note 3. Investments at Fair Value

During the years ended December 31, 2021 and 2020, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated in fair value. The net realized and unrealized appreciation of investments in fair value were \$28,729,318 and \$38,663,588 for the years ended December 31, 2021 and 2020, respectively.

Fair value is defined as the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. Fair value has a three-level hierarchy from highest priority (Level 1) to lowest priority (Level 3). The level hierarchy was established based on whether the inputs are observable from independent sources or rely on unobservable inputs based on our market assumptions.

The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices for identical assets or liabilities (unadjusted) in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are supported by little or no market activity and are significant to the fair value measurement.

LAUREATE EDUCATION, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

These levels are not necessarily an indication of the risk of liquidity associated with the financial assets or liabilities disclosed. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at quoted market prices that represent the Net Asset Value (NAV) of shares held by the Plan at year-end. The Plan has concluded that mutual fund values are a Level 1 valuation.

Common collective trust: Valued at the sum of the market value of all of the fund's investments. The common collective trust is measured using the NAV per share as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2020 and 2019:

December 31, 2021	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 251,533,663	\$ 251,533,663	\$ -	\$ -
Total	251,533,663	\$ 251,533,663	\$ -	\$ -
Investments measured at NAV _(a)	7,875,213			
Total	\$ 259,408,876			

December 31, 2020	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 285,959,178	\$ 285,959,178	\$ -	\$ -
Total	285,959,178	\$ 285,959,178	\$ -	\$ -
Investments measured at NAV _(a)	11,523,863			
Total	\$ 297,483,041			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share or its equivalent as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice
	2021	2020			Period
Common collective trust:					
Fidelity Managed Income Portfolio Fund	\$ 7,875,213	\$ 11,523,863	\$ -	Daily	None

LAUREATE EDUCATION, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

Note 4. Tax Status

The Company adopted Fidelity Management & Research Company's Volume Submitter Defined Contribution Plan, a qualified plan under IRC Section 401(a) and 401(k), and conformed the operations of the Plan to the volume submitter document. The Internal Revenue Service (IRS) has determined and informed the volume submitter plan sponsor that their plan document, as then designed, is in accordance with applicable sections of the Code. The Plan is relying on the volume submitter plan's favorable advisory letter and has not applied for its own determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Risks and Uncertainties

The Plan invests in various mutual funds and a common collective trust. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Changes in Net Assets Available for Benefits.

Note 6. Reconciliation of Financial Statements to Form 5500

The financial statements are prepared using the accrual method of accounting while the Plan's Form 5500, as filed with the IRS, is prepared on the cash-basis method of accounting. Therefore, these financial statements differ from the Form 5500, due to differences between NAV as a practical expedient and fair value of the common collective trust, loans deemed distributed and contributions receivable.
