Independent Auditor's Report

To the Plan Administrator of
Dessert Holdings 401(k) Savings Plan
Humble, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dessert Holdings 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report;

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dessert Holdings 401(k) Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Dessert Holdings 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan, sponsored by Lawler Foods, Ltd. (the “Plan Sponsor” or “Plan Administrator”), is a defined contribution plan covering all eligible employees of the Plan Sponsor (and its affiliates) as defined in the plan document who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and its amendments.

Administration of the Plan

The Plan’s investment trustee and record keeper for the participant directed assets is Fidelity Management Trust Company (“Fidelity”) as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of (a) the employer contribution and (b) plan earnings less plan expenses. Allocation of plan earnings are based on the participant’s account balance, while employer profit sharing contributions are allocated based upon participant compensation to total qualifying compensation, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants are able to self-direct their accounts in various funds offered by the investment trustee.

Eligibility

Employees are eligible to participate in the Plan on the first day of each fiscal quarter, January 1, April 1, July 1, and October 1, upon attaining age 21 and completion of six months of service.

Contributions

The Plan’s provisions allow participants to defer a certain percentage or dollar amount of their compensation, on a pre-tax basis, during any plan year subject to limitations imposed by the Internal Revenue Code (“IRC”). The Plan also allows participants to make Roth after-tax contributions. Furthermore, the Plan allows the Plan Sponsor to make contributions under the safe harbor contribution guidelines. These safe harbor contributions are equal up to 4% of the participant’s compensation and are immediately fully vested.

Additionally, the Plan Sponsor may make a discretionary employer profit sharing contribution on behalf of all employees who meet eligibility requirements. The Plan did not have any profit sharing contributions in 2021.

Dessert Holdings 401(k) Savings Plan

Notes to Financial Statements

Vesting

Participants are immediately 100% vested in their contributions and qualified non-elective employer contributions (i.e. safe harbor contributions) plus actual earnings thereon. Vesting of discretionary employer profit sharing contributions is based on years of continuous service. Participants vest in increments of 20% in the second year of service and all subsequent years until they are 100% vested after six years of credited service.

Notes Receivable from Participants

Notes receivable from participants are not available through the Plan.

Forfeitures

Participants terminating from the Plan forfeit the balances in their employer accounts to the extent they have not become vested in such amounts. The Plan's forfeiture account was \$46,803 and \$58,321 at December 31, 2021 and 2020, respectively. Forfeitures may be used to reduce employer contributions, used to offset the Plan's administrative costs, or allocated to Participants in accordance with the plan document. For the year ended December 31, 2021, the Plan Sponsor used \$22,777 to offset the Plan's administrative costs.

Payment of Benefits

Benefits are generally provided upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid as a lump-sum amount or annual installments, as defined in the plan document. Participants are permitted in-service distributions from vested accounts at any time upon or after the occurrence of a participant's attainment of age 59½. Furthermore, participants may request hardship distributions, as defined in the plan document.

Fees and Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of certain participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Furthermore, general investment service fees charged by the investment trustee are paid by the Plan. Direct investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Dessert Holdings 401(k) Savings Plan

Notes to Financial Statements

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and charges therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Investment Valuation and Income Recognition

The Plan's investments are primarily held in various mutual funds as well as a collective trust, which are administered by the investment trustee. The Plan's investments are stated at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. The change in the current value of investments (including investments bought and sold) recorded during the period is reflected in the Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Investments in mutual funds are based upon quoted market prices as reported by the investment trustee of the Plan's assets.

The Federated Investors Capital Presentation Trust ("Collective Trust") is designed to allow retirement trusts to have stability of investment returns, preservation of capital, liquidity to pay plan benefits, high credit quality, and reasonable tracking of interest rates. The fund may invest in conventional, synthetic, and separate account investment contracts issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the markets. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment.

Risk and Uncertainties

The Plan provides for various investments in mutual funds and a collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

Subsequent Events

The Plan has evaluated all subsequent events through October 3, 2022, the date the financial statements were available to be issued and determined that no subsequent events have occurred which would require recognition or disclosure in the financial statements or notes to the financial statements.

Dessert Holdings 401(k) Savings Plan

3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

<i>December 31,</i>	<i>2021</i>	<i>2020</i>
Mutual funds	\$ 19,978,138	\$ 18,350,716
Collective trust	1,268,409	1,408,269

<i>Year Ended December 31,</i>	<i>2021</i>
Net appreciation in fair value of investments	\$ 1,037,050
Dividend income from mutual funds	1,449,312
Interest income from collective trust	19,805

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Disclosures

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, for its investments recognized at fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The standard establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

The three levels of the fair value hierarchy as defined by the standard are as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Dessert Holdings 401(k) Savings Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description for the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

- **Mutual Funds:** The fair values of mutual funds are determined based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission ("SEC"). These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are considered to be actively traded. The change in the current value of investments during the period are reflected in the Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.
- **Collective Trust:** The fund is stated at net asset value ("NAV"), as provided by the trustee, which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (less its liabilities) in relation to the total number of units outstanding. The collective trust has underlying investments in investment contracts which are valued at fair value of the underlying investments. There were no unfunded commitments. One year of notice is typically required to redeem the trust at contract value. The trustee may waive the notice period at its sole discretion. Participants directed redemptions are allowed daily with no restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The assets measured at fair value on a recurring basis subject to the disclosure requirements of the ASC 820 fair value hierarchy levels as of December 31, 2021 and 2020 are as follows:

	<i>Assets as of December 31, 2021</i>			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 19,978,138	\$ -	\$ -	\$ 19,978,138
Investments in the fair value hierarchy	19,978,138	-	-	19,978,138

Investments measured at net asset value ⁽¹⁾				1,408,269
				\$ 19,758,985

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020.

There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Eligible)	Redemption Period Notice

Collective Trust	\$ 1,268,409	N/A	Daily	12 months
December 31, 2020				
Collective Trust	\$ 1,408,269	N/A	Daily	12 months

5. Income Tax Status

The Plan Sponsor adopted a non-standardized pre-approved plan document (“plan document” sponsored by Fidelity. Fidelity received from the Internal Revenue Service (“IRS”) an opinion letter, dated June 30, 2020, informing Fidelity that the form of the plan is acceptable for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2018.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan document to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants become fully vested in their account balances.

Dessert Holdings 401(k) Savings Plan

Notes to Financial Statements

7. Delinquent Contributions

For the year ended December 31, 2020, the Company determined that certain employee deferrals aggregating \$20,723 had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Employer allows. An investigation was held to determine the root cause of the delinquent contributions and corrective measures were taken. The Company calculated the lost earnings as a result of the delinquent contributions, will be processed and deposited to participant accounts during the plan year 2022.

8. Party-In-Interest Transactions

Fidelity is the Plan's investment trustee and record keeper for 2021 and 2020; therefore, certain transactions qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions. Fees paid by the Plan to the recordkeeper for the administrative services were \$75,394 for the year ended December 31, 2021.
