Independent Auditor's Report

To the Plan Administrator and Plan Participants of
MOBIS Parts America, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of MOBIS Parts America, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of MOBIS Parts America, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of MOBIS Parts America, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MOBIS Parts America, LLC 401(k) Profit Sharing Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MOBIS Parts America, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MOBIS Parts America, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and (2) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of MOBIS Parts America, LLC 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MOBIS Parts America, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the MOBIS Parts America, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan originally established by MOBIS Parts America, LLC (“Company” or “Employer”) on January 1, 2007 under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of the Company’s employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan covers substantially all employees of the Company.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan except those covered by a collective bargaining agreement and non-resident aliens who do not receive any earned income from the Company which constitutes as U.S. source income. Eligible employees may participate in the Plan upon reaching age 21 and completing 1 month of service. They may enter the Plan on the first day of the month coinciding with or following the date these eligibility requirements are satisfied. Participants are eligible to receive employer contributions on the first day of the month upon completion of 6 months of service and the discretionary profit sharing contributions on the first day of the month upon completion of 6 months of service with a 1,000 hour continuing eligibility requirement.

Contributions

Each participant may elect to contribute a prescribed percentage of their compensation to the Plan, subject to maximum amount as established under the IRC on a pre-tax basis. The Plan allows participants to designate all or any portion of their contributions to be withheld on an after-tax basis as Roth deferral contributions. Participants may also roll over amounts representing distributions from other qualified plans.

The Plan provides that the Company will make matching contributions to participants’ accounts, as defined by the Plan. The Company makes a matching contribution of 66.67% of the participant’s elective deferral amount up to the first 6% of the participant’s compensation, as defined. For the year ended December 31, 2021, Company matching contributions totaled \$1,509,839. The Plan also provides the Company to make profit sharing contributions of 4% of compensation regardless of the Company’s profit. For the year ended December 31, 2021, profit sharing contributions totaled \$1,896,633, net of forfeitures.

Note 1. Description of the Plan (continued)

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in Company matching and profit sharing contributions and earnings thereon is based on years of continuous service. Participants that are employed when they reach normal retirement age, as defined, are automatically 100% vested. All other participants vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than one	0%
One but less than two	25%
Two but less than three	50%
Three but less than four	75%
Four or more years	100%

Forfeited Amounts

Forfeited amounts from terminating participants' non-vested accounts are used to reduce Company contributions and/or pay administrative fees in the Plan year immediately following the Plan year in which the forfeitures occur. During the year ended December 31, 2021, approximately \$154,600 and \$200, respectively, of forfeitures were used to reduce the December 31, 2020 employer contribution receivable and pay 2021 administrative fees. As of December 31, 2021 and 2020, there were approximately \$186,000 and \$149,000, respectively, of forfeitures available. During 2022, approximately \$182,700 of forfeitures were used to reduce the December 31, 2021 employer contribution receivable.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's qualified matching contributions, (b) the Company's discretionary contributions and (c) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Company discretionary contributions are allocated to participants who have obtained at least 1,000 hours of service during the Plan year. Company discretionary contributions are based upon the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiaries may elect to receive an amount equal to the participant's vested interest in their account. These payments may be paid in a lump-sum payment for required minimum distributions.

Note 1. Description of the Plan (continued)

Participants may elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000 may be rolled into an Individual Retirement Account. Subject to certain conditions, participants may withdraw all or part of their aggregate contributions in the event of financial hardship. Participants attaining age 59 ½ may take in-service distributions from their vested account balances.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Expenses related to the administration of notes receivable from participants, distributions and asset based recordkeeping fees are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

The Plan entered into an agreement with Fidelity Management Trust Company in which the Plan is credited with revenue sharing amounts paid by certain investment funds held in the Plan. These amounts are eligible to be used to pay Plan administrative fees related to unallocated revenue sharing credits and/or allocated to participants. As of December 31, 2021 and 2020, there were no significant unallocated revenue sharing credits available. During the year ended December 31, 2021, approximately \$8,800 of Plan administrative fees were paid by the Plan with revenue sharing amounts. For the year ended December 31, 2021, approximately \$8,800 in revenue sharing credits are included as a reduction of administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Note 2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unallocated forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of Plan financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits were paid.

Contribution Funding

The Company makes contributions to the Plan for employee and Company matching contributions on a basis consistent with the related payroll periods. Profit sharing contributions are funded subsequent to year end.

Investment Valuation and Revenue Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Concentrations

As of December 31, 2021 and 2020, one investment accounted for approximately 24% of the Plan's net assets.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules:

** Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual funds: This investment is valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Money market fund: This investment is valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust funds: With the exception of the Fidelity Stable Value Fund, the funds are valued using the Net Asset Value ("NAV") as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market. The Fidelity Stable Value Fund is valued using NAV as a practical expedient based on contract value, which represents invested principal plus accrued interest thereon less expenses. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security.

Note 4. Fair Value Measurements (continued)

While the fair value of the investment in the common/collective trust (stable value fund) is determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as that is the value of that participant's transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

Fair Value Measurements Using Input Type				
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Common/collective trust funds measured at NAV*				<u>39,392,509</u>
Total investments, at fair value				<u>\$ 51,993,692</u>

Note 4. Fair Value Measurements (continued)

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2021 and 2020:

Except for the Fidelity Stable Value Fund, the common/collective trust investment funds are subject to a daily redemption frequency and no other redemption restrictions. The Fidelity Stable Value Fund is subject to a daily redemption frequency and another redemption restriction of direct exchange from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. There are no redemption notice requirements or unfunded commitments related to the common/collective trust funds as of December 31, 2021 and 2020.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status

The Company adopted a volume submitter plan which received a favorable opinion letter on June 30, 2020 from the Internal Revenue Service stating that the plan document as then designed was in compliance with the applicable requirements of the IRC and making it exempt from income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the opinion letter. However, the plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of Internal Revenue Code. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.

Note 6. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 8. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market fund and a common/collective trust fund managed by Fidelity Investments and its affiliates. Fidelity Management Trust Company, the trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity, other investment custodians and investment advisors. Additionally, as noted in Note 2 certain administrative expenses related to participant initiated transactions and asset based recordkeeping fees are paid directly to Fidelity Management Trust Company.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 9. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis accounting.

Note 10. Reconciliation of Financial Statements to the Form 5500 (continued)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021.

	<u>Year Ended December 31, 2021</u>
Net increase in net assets available for benefits per the financial statements	\$ 9,758,995
Less: Change in participant contribution receivable	(435)
Less: Change in employer contribution receivable	(168,287)
Less: Change in adjustment from fair value to contract value for the common/collective trust fund	<u>(27,204)</u>
Net increase in net assets available for benefits per the Form 5500	<u><u>\$ 9,563,069</u></u>

Note 11. Prohibited Transactions

During the Plan year ended December 31, 2021, the plan sponsor inadvertently failed to deposit \$580 of participant deferrals within the required timeframe as stated by ERISA. The deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on these deferrals and deposited the lost earnings during 2021 and 2022.

The Plan Sponsor has self-corrected the prohibited transactions and does not believe this will impact the Plan's tax status.
