Plan Trustees
Gee Automotive Companies
401(k) Retirement Plan
Liberty Lake, Washington

Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Gee Automotive Companies 401(k) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974 (ERISA)*, as permitted by *ERISA* Section 103(a)(3)(C) (*ERISA* Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Gee Automotive Companies 401(k) Retirement Plan's 2021 financial statements performed in accordance with *ERISA* Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA* (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Gee Automotive Companies 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gee Automotive Companies 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Gee Automotive Companies 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Gee Automotive Companies 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is a supplemental schedule and is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of *Labor's Rules and Regulations for Reporting and Disclosure* under *ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Gee Automotive Companies 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of *Labor's Rules and Regulations for Reporting and Disclosure* under *ERISA*, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under *ERISA*.

GEE AUTOMOTIVE COMPANIES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following brief description of the Gee Automotive Companies 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General. The Plan is a qualified defined contribution plan covering substantially all employees of the participating companies who have been an employee for three consecutive months of service for employee deferrals and one year of service for matching and are age 18 or older. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*.

The Plan received its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as amended through April 2, 2012, was in compliance with the applicable requirements of the *Internal Revenue Code*. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the *Internal Revenue Code*. Therefore, they believe the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan is a multiple-employer plan that covers all the employees of the related companies. There are 2 ownership companies. Gee Automotive Holdings, LLC, and RTC NW, Inc.

Plan Amendments. The adoption agreement was amended effective January 1, 2021, to change the matching contribution determination period to Plan year compensation.

Plan Transfers. Effective March 1, 2021, the ownership company RTC NW, Inc., and related Tonkin Legacy dealerships were rolled out into their own retirement plans. The total assets transferred out of the Plan was \$7,172,118. Total transfers into the Plan was \$424,713. The transfers in were from the Lyle Pearson acquisition in 2020. The Lyle Pearson employees with loan balances were transferred into the Plan to incorporate their existing loans. The majority of the remaining Lyle Pearson employees rolled their account balances to the Plan in 2021.

Contributions. Voluntary contributions are made by each participant up to a maximum of 100 percent of the participant's salary or the annual limits published by the IRS, whichever is less. The Companies may make a discretionary matching contribution for elective deferrals. The Gee locations, including Elliot Bay, have a match of 25 percent of the first 6 percent of eligible participant contributions. The Tonkin locations, including the locations acquired by Gee, have a match of 50 percent of the first 6 percent of eligible participant contributions. The Lyle Pearson locations acquired by Gee on November 18, 2020, have a match of 100 percent of the first 3 percent of participant contributions, and then 50 percent of the next 2 percent of participant contributions.

GEE AUTOMOTIVE COMPANIES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts. Each participant's account is credited each pay period with the participant's contribution. Plan investment income and unrealized gains or losses are allocated to participant accounts daily.

Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25 percent to 6.00 percent, which is commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions. The Plan did allow participant loans under the provisions of the *CARES Act*. These provisions allowed participants to borrow from their fund accounts up to a maximum equal to the lesser of \$100,000 or 100 percent of their vested account balance.

Payment of Benefits. Upon retirement or termination of service, the balance of the participant's account will be distributed as an annuity or as a single lump-sum cash payment. The participant can elect the form of payment at any time before retirement. Benefits are recorded when paid. The Plan did allow distributions under the provisions of the *CARES Act*.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting on the matching contributions is based on years of credited service where the participant accrued 1,000 or more hours of service. Participants are vested at 50 percent in year 1, 65 percent in year 2, 80 percent in year 3, 90 percent in year 4, and 100 percent vested in year 5.

The Plan has allocated \$15,941,607 in vested benefits to participants who have terminated participation in the Plan as of December 31, 2021.

Forfeited Accounts. At December 31, 2021, forfeited non-vested accounts totaled \$26,760. Forfeitures may be used to pay Plan expenses or may be used to reduce future employer contributions. Forfeitures of \$16,500 were used in 2021 to pay Plan expenses.

Expenses. Certain expenses of maintaining the Plan are paid directly by the participating companies and are, therefore, excluded from these financial statements.

Plan Termination. Although management has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

GEE AUTOMOTIVE COMPANIES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Standard. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under *ERISA*. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

NOTES TO FINANCIAL STATEMENTS

3. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Trustee:

	<u>2021</u>	<u>2020</u>
Investments		
Group Annuity Contract, at contract value	\$ 4,121,269	\$ 4,294,102
Pooled Separate Accounts, at fair value	64,768,182	58,791,154
Net change in fair value of investments	7,198,400	8,313,119

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, which such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The fair values of pooled separate accounts are valued daily using quoted prices.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 58,791,154		\$ 58,791,154
Total assets at fair value	\$ 0	\$ 58,791,154	\$ 0	\$ 58,791,154

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 64,768,182		\$ 64,768,182
Total assets at fair value	\$ 0	\$ 64,768,182	\$ 0	\$ 64,768,182

7. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are reported at their unpaid principal balances plus any payments in transit.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 23, 2022, the date the financial statements were available to be issued. There were no subsequent events identified.

9. RELATED PARTY TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions and are disclosed on the financial statements. Plan fees for Plan administration, participant distributions, new participant loans, and Plan auditing qualify as party-in-interest transactions. Distributions and new participant loan fees are only charged to participants that received a distribution or a loan during the year. Fees paid by the Plan for these services in 2021 amounted to \$53,805.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of *ERISA*.
