Independent Auditor's Report

Plan Administrator
The North Central Group Retirement Plan
Middleton, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The North Central Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The North Central Group Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of The North Central Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all qualifying employees of North Central Staffing, Inc. (the "Employer"). It is designed to comply with Section 401(k) and the regulations thereunder the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan is administered by one or more administrators appointed by the Employer.

Eligibility

The Plan covers all employees of the Employer who have obtained the age of 21 and met certain service requirements, except for employees covered by collective bargaining agreements, nonresident aliens who have no earned income from sources within the United States, and leased employees. The service requirement is six months of service during which the employee completes at least 750 hours of service. If this is not obtained, the service requirement becomes one year in which the employee completes at least 1,000 hours of service.

Contributions

Participants may contribute 1% to 80% of their annual compensation, limited to the maximum allowed by current Internal Revenue Service (IRS) guidelines for approved plans. A participant's contribution may not exceed \$19,500 for 2021. In addition, participants age 50 or over can make catch-up contributions up to \$6,500 in 2021. Participants can contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants may also contribute after-tax dollars under a Roth account provision.

The Employer may make matching contributions equal to a discretionary percentage of the participant's elective deferrals. Eligibility for matching employer contributions require one year in which the employee completes at least 1,000 hours of service. The employer made matching contributions of 100% of the first 3% of participant contributions during the year ended December 31, 2021.

The Employer's board of directors may authorize a discretionary contribution to the Plan. This contribution is allocated to participants based on their annual compensation. There were no discretionary contributions made during the year ended December 31, 2021.

Participants' Accounts

Each participant's account is credited with (a) the participant's salary reduction contributions; (b) rollover contributions; (c) an allocation of the Employer's contributions, and (d) an allocation of

The North Central Group Retirement Plan

Notes to Financial Statements

Plan investment income. Each participant's account is charged with an allocation of: (a) Plan investment losses; (b) administrative expenses; and (c) any distributions requested by the individual participant. Allocations are based on the participant's eligible compensation, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their salary reduction contributions and rollover contributions, including the earnings attributable to them. Participants, who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested in their account balance related to Employer contributions. A participant who terminates, for any reason other than the aforementioned, but has completed one or more years of service shall have a nonforfeitable right to a percentage of the accrued benefit derived from Employer contributions in accordance with the following schedule:

<i>Vesting year of service</i>	<i>Percentage Vested</i>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

A participant is credited with a year of service for each Plan year after the initial year of eligibility in which the participant completes 1,000 hours of service.

Investment Options

Participants are allowed to direct their account balance, their contributions, and the Employer's matching contributions into any of the investment funds offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan Document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump sum payment. Participants experiencing financial hardship may withdraw a portion or all of his or her salary deferral and rollover account balance. As of December 31, 2021 and 2020, no distributions had been requested by participants but not yet distributed.

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay permissible Plan expenses in accordance with the rules under ERISA, and any excess may be allocated as additional Employer contributions or applied as a reduction to other Employer contributions under the Plan.

The North Central Group Retirement Plan

Notes to Financial Statements

Forfeitures occur in any Plan year in which a terminated participant receives the portion of the matching contributions credited to his or her account that has vested in accordance with the Plan's vesting schedule and forfeits the non-vested balance. Forfeited non-vested account balances as of December 31, 2021 and 2020, were \$201 and \$4,360, respectively. Forfeitures used to pay Plan expenses during the year ended December 31, 2021, were \$6,774.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of benefit payments are charged to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. All other expenses are paid directly by the Plan and are allocated to Plan participants proportionately based on their respective balances and are included in administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

In the course of normal operations, the Plan may carry cash balances at a financial institution, which at times may exceed federally insured limits.

Investment Valuation and Income Recognition

Investments are stated at fair value. Shares of registered investment companies ("RICs") are valued at the daily closing price as reported by the fund. Shares of RICs held by the Plan are open-ended mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Shares of RICs held by the Plan are deemed to be actively traded.

Common collective trust funds are valued at the NAV of the units of the fund based on the fair value of the underlying investments of the funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common collective trust funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

The North Central Group Retirement Plan

Notes to Financial Statements

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner. See Note 3 for discussion of fair value measurements. There were no unfunded commitments as of December 31, 2021 and 2020.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation and depreciation in fair value of investments. Net unrealized appreciation and depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification (“ASC”) Topic 820, “*Fair Value Measurements and Disclosure*” defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing an asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Accounting standards also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The standard establishes three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities;
- Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

The North Central Group Retirement Plan

Notes to Financial Statements

- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Investments measured at fair value on a recurring basis consisted of the following types of instruments (Level 1, 2, and 3 inputs are defined above):

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	\$ 13,066,198	\$ -	\$ -	\$ 13,066,198
Assets in the fair value hierarchy	\$ 13,066,198	\$ -	\$ -	\$ 13,066,198
Common/collective trust measured at NAV (1)				256,741
Total Investments, at fair value				\$ 13,322,939
<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	\$ 11,468,730	\$ -	\$ -	\$ 11,468,730
Assets in the fair value hierarchy	\$ 11,468,730	\$ -	\$ -	\$ 11,468,730
Common/collective trust measured at NAV (1)				247,347
Total Investments, at fair value				\$ 11,716,077

- (1) In accordance with Subtopic 820-10, common/collective trusts which are measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The remainder of this page intentionally left blank.

The North Central Group Retirement Plan

Notes to Financial Statements

The following table summarizes investments measured at fair value based on NAV per share practical expedient:

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
OneAmerica Stable Value Z Fund	\$ 256,741	None	Daily	No restrictions

<i>December 31, 2020</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
BMO Employee Benefit Stable Principal Fund	\$ 247,347	None	Daily	No restrictions

The Plan's valuation methodologies used to measure the fair values of its investments are described in Note 2. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Prepared and Certified by the Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the plan's trustees, BMO Harris Bank, N.A and Matrix Trust Company, have certified for the respected periods they were trustee, that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. BMO Harris Bank, N.A. was the Plan's trustee as of December 31, 2020 through March 22, 2021. All cash and investments were then transferred on March 22, 2021, to Matrix Trust Company, which served as the Plan's trustee from that date through December 31, 2021.

- Cash and investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021; and
- The assets held as of December 31, 2021, as shown in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

The North Central Group Retirement Plan

Notes to Financial Statements

The Plan's independent accountants did not perform auditing procedures with respect to the above information, except for comparing such information as certified by the trustee to the related amounts included in the accompanying financial statements and supplement schedule.

5. Tax Status

The Plan uses a volume submitter plan from OneAmerica, which received an opinion letter from the IRS on September 24, 2015, which states that the volume submitter plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Included in investments at December 31, 2021, are investments in the T. Rowe Price Retirement 2030 Fund totaling \$1,348,709, the T. Rowe Price Retirement 2040 Fund totaling \$1,360,119 and the Vanguard 500 Index Fund totaling \$1,990,078, which represent 10% or more of total investments at December 31, 2021. Included in investments at December 31, 2020, are investments in the T. Rowe Price Retirement 2030 Fund totaling \$1,237,651 and the Vanguard 500 Index Fund totaling \$1,487,039, which represent 10% or more of total investments at December 31, 2020.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are interests in common/collective trusts managed by the recordkeeper, One America Retirement Services LLC. The recordkeeper performs administrative and recordkeeping services for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan amounted to \$29,113 for the year ended December 31, 2021.

Certain employees of the Employer provide administrative services to the Plan. These employees are not paid by the Plan for their services.

The North Central Group Retirement Plan

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Employer may terminate the Plan at any time subject to the provisions of ERISA. Upon permanent discontinuance of the Plan, its participants' accounts shall become fully vested. In the event of Plan termination, distributions to participants will be made in accordance with the provisions of the Plan. The trust will continue until all funds have been disbursed.

9. Subsequent Events

Management has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan was amended to make the following changes to the Plan:

- The eligibility requirements to participate in the Plan have changed to age 18 with one hour of service during the first six months of employment.
- Participants will be eligible to participate in the Plan as of the first day of each calendar quarter once the minimum age and service requirements have been met.
- The Employer matching contribution has been replaced with a Safe Harbor matching contribution, in which the Employer will contribute 100% of the first 3% and 50% of the next 2% of participant contributions. Participants will be 100% vested in the Safe Harbor matching contributions.

Fee Schedule and Disclosures OneAmerica

North Central Group Retirement Plan (the "Plan")

This fee schedule pertains to the services ("Services") covered in the Client Agreement with Matrix Trust Company ("Matrix Trust"), and is intended as the service provider disclosure statement to fiduciaries that have the authority to enter into, extend, or renew Matrix Trust's provision of services to the Plan. If you are in receipt of this schedule and are not the responsible Plan fiduciary under 29 C.F.R. Sec. 2550.408b-2 ("408(b)(2)"), please forward this disclosure to that fiduciary's attention.

If Matrix Trust's appointment is as a directed (non-discretionary) trustee, with regard to providing services to the Plan, Matrix Trust is serving in a limited fiduciary capacity under ERISA. If Matrix Trust's appointment is not as trustee, Matrix Trust is not serving in a fiduciary capacity under ERISA except to the extent that Matrix Trust explicitly agrees to and acknowledges its fiduciary capacity.

TERMS, CONDITIONS AND REQUIRED DISCLOSURES

The Plan's third-party administrator may impose administration fees, which are in addition to the afore-mentioned fees. The afore-mentioned fees do not include investment manager or consultant fees. The afore-mentioned fees do not include any brokerage or other sub-custodian commissions, unless otherwise noted. The afore-mentioned fees also do not include mutual fund sales charges/loads or brokerage commissions imposed by broker-dealers or mutual fund families. An applicable mutual fund prospectus or statement of additional information may provide for the waiver of plan level mutual fund sales charges/loads. In order for the fees to be included, the Plan Sponsor or the Responsible Plan Fiduciary or a person identified by the Plan Sponsor or the Responsible Plan Fiduciary to act as the Authorized Person (the "**Authorized Person**") may be required to complete additional documentation. The afore-mentioned fees also do not include real estate appraisal fees, annual inspection costs, insurance premiums or other like costs associated with any real property that may be held in the account.

The fees listed in the Trust/Custody Services section are charged on a per plan basis and include:

- Electronically transmitted transactions • Asset transfer and set-up in one account per plan
- Quarterly and annual statement (maximum of two duplicate sets) • Proxy delivery to the Responsible Plan Fiduciary or other designated party
- Wire receipts for employer and employee contributions and master note loan repayments (if applicable)
- Interest, dividend, and capital gains posting; processing of capital changes (splits, reorganizations, etc.)

Additional fees may be charged for:

- Extraordinary services • Checks received with insufficient funds • Overnight mailing (\$25 per mailing)

Fees are billed quarterly in arrears directly to OneAmerica. Asset based fees will be calculated utilizing a daily average balance for the invoice period. To the extent Matrix Trust fees are paid by the account, the fees represent direct compensation paid to Matrix Trust. To the extent that Matrix Trust fees are paid by OneAmerica or the Plan Sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2). Matrix Trust fees outstanding for more than 90 days from the billing date may be deducted directly from the account.

I. **INDIRECT COMPENSATION**

Matrix Trust may receive indirect compensation in connection with Services:

- in the form of "float" income, and
- through its affiliate(s) and/or other parties as described below, and to the extent applicable, with respect to items (C) through (J) as described below.

A. **CASH SUB-ACCOUNTING SERVICES/FLOAT INCOME**

Matrix Trust also provides sub-accounting services to certain banking institutions, with respect to cash held on a short-term basis in their omnibus accounts. With respect to the Plan, this may occur where, for example, Plan funds are awaiting investment, distribution or other processing. As described below under the section titled: "Matrix Trust - Float Disclosure for Employee Benefit Plans," Matrix Trust may derive compensation from the use of this short-term cash, which is referred to as "float income". Currently, Matrix Trust has arrangements with two banks – JP Morgan Chase and TD Bank – under which the banks pay float income to Matrix Trust in exchange for its sub-accounting services. Float income is reflected as an earnings credit or service fee on monthly bank invoices.

The exact amount of float income credited from these two banks to Matrix Trust cannot be described in precise terms, because the rate of float income paid fluctuates over time (it generally tracks the Federal Funds Rate), and it is also impossible to predict exactly how much Plan cash will be held on a short-term basis, and for how long. Please refer to the section below titled "Matrix Trust - Float Disclosure for Employee Benefit Plans" for more information.

B. MATRIX TRUST - FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS**1. Additional Compensation Attributable to Float**

Matrix Trust may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as “float”. The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust’s provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or “omnibus” bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust’s services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, Matrix Trust’s only banking arrangements described above are with JPMorgan Chase, N.A. and TD Bank, N.A, both of which are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

2. Circumstances and Time Frames During Which Float May Be Earned**a) Contributions**

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan’s cash contribution to the plan’s Matrix Trust account (“**Client Account**”) on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan’s behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A “business day” is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust’s receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (*i.e.*, stocks and bonds) generally occurs within three business days.

b) Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

c) Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

d) Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

3. Rate On Float Earnings

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame.

C. INVESTMENT RELATED ADMINISTRATIVE FEE SERVICES (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the "**Funds**") in the form of 12b-1 fees or firm concessions (*i.e.*, finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees ("**Mutual Fund Fees**").

Matrix Trust will pass through 100% of Mutual Fund Fees to OneAmerica. The amount of such Mutual Fund Fees as paid by the Funds is subject to change at any time.

If the Plan is trading on Matrix Trust's trading platform and Mutual Fund Fees are available for the plan investment options selected for the Plan, available Mutual Fund Fees are identified on the Plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

D. Certain BROKERAGE ACCOUNTS (if elected and to the extent applicable)

If your Plan offers a self-directed brokerage account ("**SDBA**") option to Plan participants, SDBA balances remain subject to the services and fees described under other sections of this schedule, to the extent applicable.

Also, where the named Fiduciary of the Plan and/or its authorized representative(s) has directed Matrix Trust to establish an SDBA that is a TD Ameritrade Brokerage Account, pursuant to an agreement with TD Ameritrade, Matrix Settlement and Clearing Services, LLC ("**MSCS**") will provide account reconciliation services, account set-up and maintenance, movement of cash between the Plan's core accounts and SDBAs, and related administrative tasks. For these services and others, MSCS will receive quarterly, in arrears, an amount equal to 0.0175% (1.75 basis points) of the value of Plan assets in the TD Ameritrade SDBAs during such quarter, based on the average of the Plan assets held in the SDBAs on the last business day of each month in the applicable quarter. This rate shall apply for the calendar quarter ending March 2020 and shall decrease as follows to .01% (1 basis point) for the calendar quarter ending June 2020, then .0075% (0.75 basis points) for the calendar quarter ending September 2020, then .005% (0.5 basis points) for the calendar quarter ending December 2020 with subsequent quarters to be calculated at the rate of .00375% (0.375 basis points). **TD Ameritrade pays these fees to MSCS.**

In all cases, the fees described above do not include brokerage commissions or other fees payable to TD Ameritrade, or other SDBA provider, who are unaffiliated with Matrix Trust, MSCS and MSCS Financial.

E. RETIREMENT CASH ACCOUNT (if elected and to the extent applicable)

Matrix Trust receives fees with respect to the Retirement Cash Account, to the extent permitted by Applicable Rules, for providing services with respect to the account and the accountholders. Pursuant to an arrangement between Matrix Trust and JPMorgan Chase Bank, N.A. ("**JPMCB**"), Matrix Trust receives a servicing fee in exchange for providing sub-accounting and support services, processing transactions and reconciling aggregate account activity with respect to funds deposited in the Retirement Cash Account with JPMCB. The servicing fee is paid by JPMCB; more specifically, the servicing fee is deducted by Matrix Trust from the interest paid to Matrix Trust by JPMCB, and is the difference between the total interest rate paid to Matrix Trust by JPMCB under the arrangement described above and the stated interest rate paid to Plan participants on their investments in the Retirement Cash Account. In other words, the servicing fees paid to Matrix reduce the interest rate paid to Plan participants by a corresponding amount.

The exact amount of the servicing fee is derived using a formula which results in the servicing fee increasing or decreasing from month to month as the Fed Funds Target Rate (“FFTR”) correspondingly increases or decreases by increments of 0.25%.

Specifically, for any month, the formula for calculating the servicing fee (expressed as an annual interest rate) can be stated as follows:

- Where the FFTR is 2.00%, the servicing fee is 1.4875%. These are referred to as the “baseline” FFTR and servicing fee rate, respectively.
- For each decrease in the FFTR of 0.25% (below the 2.00% baseline), the servicing fee decreases (from the 1.4875% baseline) by 0.1625%.
- For each increase in the FFTR of 0.25% (above the 2.00% baseline), the servicing fee increases (from the 1.4875% baseline) by 0.0625%.

For example, if the FFTR for a given month were 1.50%, this is two decreases of 0.25% each (0.50% total) from 2.00%. So the servicing fee for that month would be $(1.4875\%) - (2 \times 0.1625\%) = 1.1625\%$.

Such servicing fees are based on the average daily deposit balances in the Retirement Cash Account. The rate of the servicing fee that Matrix receives may exceed the interest rate or effective yield the depositors receive from the Retirement Cash Account. No portion of these servicing fees will reduce or offset the fees otherwise due to Matrix Trust unless required by Applicable Rules. “Applicable Rules” means all applicable federal and state laws, rules and regulations, rules of any self-regulatory organization, and the constitution and applicable rules, regulations, customs, and usages of the exchange or market and its clearinghouse. Unless stated otherwise in Retirement Cash Account Addendum, there are no separate charges, fees (other than the servicing fee described in above), or commissions paid to Matrix Trust or its affiliates as a result of, or otherwise in connection with, the Retirement Cash Account.

F. ModelTool(K)IT™SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ (“MTK”) for the Plan, a total annual fee of .0035% (3.5 basis points) charged monthly in arrears applies to the market value of assets covered under the MTK agreement. **This fee is deducted directly from the Plan account from the assets covered under the MTK agreement.** Of the total fee, a third-party subcontractor of MSCS, Envestnet Retirement Services (“ERS”) receives approximately (no less than) 0.028% (2.8 basis points) as its compensation for providing services detailed in the Plan’s MTK agreement and MSCS itself will retain approximately (no more than) 0.007% (0.7 basis points) for facilitating MTK as a service on the MSCS trading platform. All other applicable services and fees will continue to apply, except that if investments subject to the MTK agreement generate Mutual Fund Fees, MSCS Financial will collect such Mutual Fund Fees as compensation, but Matrix Trust will credit back Administrative Fees in an amount equal to one hundred percent (100%) of such Mutual Fund Fees to the TPA.

G. LEVEL Compensation SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan has engaged a broker (registered representative) whose firm utilizes the Matrix Trust Level Compensation Services, in addition to any other applicable services and fees, MSCS Financial will serve as Broker of Record for investment transactions, and will retain up to 0.02% (2 basis points) of the Plan’s total assets, with such fees coming from any 12b-1 fees and shareholder servicing (“**Level Compensation Fees**”) it collects from Funds on behalf of the broker. For certain Plans whose investment lineup pays differing compensation per investment, brokers may receive Level Compensation Fees based on an approximate weighted average (“**Weighted Average**”) of fees paid by or on behalf of Funds. Where Weighted Average is in place, MSCS Financial may retain an overage in the amount fees received from or on behalf of the Funds. This overage amount may be an amount up to 0.05% (5 basis points) of Plan assets because Weighted Average Level Compensation Fee percentages are set by MSCS on 0.05% (5 basis point) increments. If you have engaged an investment adviser for your plan whose firm utilizes the RIA Remittance Services of the MSCS Level Compensation Services, in addition to any other applicable services and fees, MSCS will be paid a fee of up to 0.015% (1.5 basis points) of the Plan’s total assets (also referenced as “**Level Compensation Fees**”). With respect to brokers, the Level Compensation Fees are in exchange for MSCS Financial’s administrative services in collecting and distributing Level Compensation Fees to the broker. With respect to investment advisers, the Level Compensation fees are in exchange for MSCS’s administrative services in collecting from the TPA and distributing to the investment adviser the adviser’s advisory fees (*i.e.*, facilitating RIA fee remittance services). Per the agreement setting forth the Level Compensation Services between MSCS and the broker-dealer or investment advisory firm, this compensation is deducted from Level Compensation Fees as received from the Plan’s Funds.

H. ETF TRADING SERVICES (if elected and to the extent applicable)

In addition to all other applicable services and fees, if the Plan offers one or more exchange-traded funds (“ETFs”) as investment options to Plan participants, a third-party subcontractor of MSCS, Virtu Americas LLC; (“**Virtu**”) (formerly known as “**Knight Capital Group**” or “**KCG**”), receives certain commissions for executing ETF trades processed on the MSCS trading platform (per the agreement between Matrix Trust/MSCS and the TPA). Per the agreement with between Matrix Trust/MSCS and the TPA, the commissions paid to Virtu are generally deducted directly from the Plan account (*i.e.*, “netted” from the ETF trade) unless, per the agreement between Matrix Trust/MSCS and the TPA, the TPA is invoiced for such charges instead. Virtu’s commission charges, as the executing ETF broker, are:

MSCS (along with Matrix Trust and MSCS Financial) does not retain any of Virtu's commissions described above; rather, Virtu receives 100% of these additional ETF commissions. However, Virtu's commissions are in addition to, not in lieu of, all other applicable fees, including but without limitation the Administrative Fees described above under the heading "Investment Related Administrative Fee Services".

I. STALE DATED CHECK SERVICES

Matrix Trust provides services to assist with the resolution of Plan participants' stale dated checks, as directed by an Authorized Person. Where the named Fiduciary of the Plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, Risk Compliance Performance Solutions, LLC ("**RCPS**"), receives \$40 per check as direct compensation which is deducted directly from the Plan (*i.e.*, from the stale check amount). This compensation to RCPS is for its services which includes conducting a search, related communications, and distributing funds to affected Plan participants. All float income to Matrix Trust will cease with respect to the stopped check from the time the check is stopped, but float income related to the period beginning with the issuance of the distribution check through the date the check was stopped will be retained by Matrix Trust.

II. NON-MONETARY COMPENSATION

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. **Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors.** Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata basis, exceeds \$250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the \$250 threshold with respect to the plan.

III. MISCELLANEOUS

Matrix Trust reserves the right to decline acceptance of any Plan assets not discussed during the original account acceptance process. Matrix Trust reserves the right to amend this fee schedule at any time with a 30 day advance written notice to the Plan Sponsor, or such other time period as specified within the Client Agreement covering the Services.
