Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Texas Medical Liability Trust 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and

- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of Schedule of Assets, Line 4i - (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 17, 2021 indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Texas Medical Liability Trust 401(k) Plan

Notes to financial statements

1. Description of the Plan

The following description of the Texas Medical Liability Trust 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, formed January 1, 1992, covering all employees of Texas Medical Liability Trust (the “Company”), meeting participation requirements described below. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) and all requirements of Section 401(a) of the Internal Revenue Code (“IRC”).

Charles Schwab Bank and Charles Schwab Trust Bank served as the Plan’s asset trustee from February 1, 2020 to December 31, 2021. Nationwide Trust Company, FSB served as the Plan’s asset trustee from January 1, 2020 to January 31, 2020.

Effective February 1, 2020, the Plan was amended to comply with the Bipartisan Budget Act (“BBA Act”) of 2018 which required participants to certify that insufficient cash or other liquid assets are unavailable to meet the financial hardship need, and participants are no longer required to be suspended from making elective deferrals for six months following a hardship withdrawal.

During the Plan year ended December 31, 2020, the Plan allowed certain provisions of the Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) to be implemented prior to amending the plan document. The SECURE Act provisions include penalty-free in-service withdrawals for expenses related to childbirth or adoption and an increased required minimum distribution age to 72 from 70.5. The deadline for adopting any SECURE Act plan amendment is December 31, 2022. Early implementation of provisions prior to amending the plan document is allowed.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was signed into law. The Plan was permitted to adopt CARES Act provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

On or after March 27, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

Texas Medical Liability Trust 401(k) Plan

Notes to financial statements

Qualified individuals with outstanding loans on or after March 27, 2020 were permitted to request that their loan payments through December 31, 2020 be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

The normal loan limits were increased from \$50,000 to \$100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after March 27, 2020 and before September 23, 2020.

Suspension of the required minimum distributions for 2020.

Participation

All employees (excluding leased employees and interns) who have reached their 18th birthday and have completed 90 days of employment are eligible for participation in the Plan.

Contributions

Effective January 1, 1992, participants may elect to contribute a portion of their pre-tax compensation pursuant to their salary deferral agreements on file with the Company's manager of payroll and benefits. As required per IRC Section 401(a)(17) as amended by OBRA '93A, participant's compensation taken into account under the Plan was limited to \$290,000 and \$285,000 for the Plan years ended December 31, 2021 and 2020, respectively. An employee participant's elective contribution may not exceed \$19,500 for the Plan years 2021 and 2020. If the participant is age 50 or greater, a "catch-up" contribution of \$6,500 for Plan years 2021 and 2020 is also allowed. Compensation includes the employees' elective contributions.

At its discretion, the Company may make matching contributions. For Plan years 2021 and 2020, the Company matched 100% of employee deferrals, up to a maximum of 6% of their eligible salary.

Participants may elect to begin salary reduction contributions on the following January 1st, April 1st, July 1st, or October 1st after they become eligible.

At the end of the Plan year, at the discretion of the Company, the Company may make profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions were allocated to eligible participants based upon 6.0% and 3.0% of each Participant's compensation for Plan years ended December 31, 2021 and 2020, respectively. The discretionary profit-sharing contributions for the Plan years ended December 31, 2021 and 2020 were \$856,293 and \$427,438, respectively.

Texas Medical Liability Trust 401(k) Plan

Notes to financial statements

Participant's Account

Accounting records for individual participants are maintained by a third-party administrator. Each participant's account is credited with the participant's directed salary deferral, any employer contributions, forfeitures and Plan earnings and losses, net of appreciation and depreciation.

Administrative Expenses

All reasonable expenses of administration including, but not limited to, those involved in retaining necessary professional assistance may be paid from the assets of the Plan. The Company may, at its discretion, pay such expenses. The Plan is required to disclose service provider fees paid directly from Plan assets. Service provider fees paid by Plan assets totaled \$122,248 and \$68,994 for Plan years ended December 31, 2021 and 2020, respectively.

Investments Options

Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds, a stable value collective investment fund, and a participant-directed brokerage account as investment options for participants. If elected, a participant-directed brokerage account allows a participant to direct the investment of the participant's contributions to the Plan among various investments that are not otherwise offered as options under the Plan. Participant contributions may be invested in any or all of the investment options. Participants may change their investment options at any time.

Vesting

Participants are immediately and fully vested in their salary deferral contributions to the Plan plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of service with the Company and is subject to the graduated vesting schedule as follows: 1 year of service – 0% vested, 2 years of service – 50% vested, 3 years of service – 100% vested.

Years of service	Percentage
1	0%
2	50%
3	100%

Payment of Benefits

The Plan does not allow withdrawals of contributions or earnings thereon by active employees of the Company, except for hardship distributions. Hardship distributions may be received from participant accounts that are 100% vested. On termination of service due to attaining normal retirement age, disability or death, a participant or his beneficiary may elect to receive an amount equal to the value of his or her account balance, irrespective of the vesting schedule, in a lump-sum distribution. An employee who terminates employment before reaching normal retirement age may elect to receive a distribution of his or her vested account balance.

Texas Medical Liability Trust 401(k) Plan

Notes to financial statements

Forfeitures

Participant forfeitures of non-vested contributions are used to reduce the Company's future contributions. The forfeitures applied for the Plan years ended December 31, 2021 and 2020 were \$41,584 and \$83,178, respectively.

Notes Receivable – Participant Loans

Except for the CARES Act provisions, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates range from 4.25% to 7.50%. Principal and interest are paid through bi-weekly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Texas Medical Liability Trust 401(k) Plan

Notes to financial statements

Recently Adopted Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. The amendments in this ASU are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019, with early adoption permitted. The Plan adopted this guidance effective January 1, 2020 with no impact on the Plan’s financial statements.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

3. Plan Revision, Amendment and Termination

The Company may revise and / or amend the Plan as deemed necessary. Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

4. Tax Status

The Internal Revenue Service (“IRS”) has determined by letter dated March 31, 2008 that Alliance Benefit Group’s, the Plan’s former third party administrator, prototype non-standardized profit sharing plan with CODA was designed in accordance with applicable sections of the IRC. The IRS has determined by letter dated June 19, 2014 that Schwab Retirement Plan Service Inc.’s prototype non-standardized profit sharing plan with CODA was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letters, the Plan Administrator and tax counsel believe the Plan is currently designed and operated in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Texas Medical Liability Trust 401(k) Plan

5. Information Certified by the Plan's Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB and Charles Schwab Trust Bank have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 52,163,643	\$ 50,627,511
Notes receivable from participants	481,093	405,269
<i>Years ended December 31,</i>	2021	2020
Interest and dividends	\$ 1,513,270	\$ 1,416,973
Net appreciation in fair value of investments	4,927,023	4,145,585
Interest income on notes receivable from participants	23,847	22,502

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Fair Value Measurements

FASB Accounting Standards Codification 820, *Fair Value Measurement*, ("FASB ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the plan can access at the measurement date.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Texas Medical Liability Trust 401(k) Plan

Notes to financial statements

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the Net Asset Value ("NAV") of shares held by the Plan at year end.

Participant-directed brokerage account investments: The participant-directed brokerage account represents various investments, including unit investment trusts, common stock, and interest-bearing cash. Unit investment trusts and common stock are valued at the NAV of shares or units held by the Plan at year end. The carrying value of interest-bearing cash approximates fair value.

Stable value collective investment fund: Valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 47,707,802	\$ -	\$ -	\$ 47,707,802

Investments at fair value	\$ 46,658,195	\$ -	\$ -	\$ 50,627,511

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan does not have Level 3 assets so a separate table representing the changes in those assets is not presented.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021.

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Plan Redemption Notice Period

Notes to financial statements

7. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2021, the date of the most recent statement of net assets available for benefits, through September 20, 2022, the date the financial statements were issued. The Plan does not believe any subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
