Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of BroadStreet 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of BroadStreet 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the BroadStreet 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2003 by BroadStreet Partners, Inc. and its affiliates (the "Company") for the purpose of providing a savings plan for the benefit of its employees.

Under the provisions of the plan, an eligible employee is one engaged in recognized employment that has either completed 30 days of employment and is age 20 or older or a temporary employee who has attained age 21 and has completed 1,000 hours of service during their first year of employment or in any Plan year thereafter. A participant will be automatically enrolled in the Plan upon meeting eligibility requirements unless a different election is affirmatively made by such participant.

Contributions: Under the provisions of the Plan, a participant may contribute from 1% to 50% of his or her eligible pre-tax compensation per Plan year. Subject to certain limitations, the Company makes safe harbor matching contributions for the first 1% of basic contributions of a participant's salary at the rate of \$1.00 for each \$1.00 contributed by the participant and for basic contributions from 2% to 6% of a participant's salary at the rate of \$0.50 for each \$1.00 contributed by the participant. Participants who are automatically enrolled in the Plan contribute an automatic 3% of their salary with automatic increases to 4% in the second year, 5% in the third year and 6% in the fourth and subsequent years.

Catch up contributions are allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and related net earnings or losses. After two years of employment, Plan participants are 100% vested in the safe harbor matching contributions and related earnings or losses thereon. Any employee terminating prior to completing two years of employment will forfeit any employer contributions and related net earnings and losses. In addition, all employer contributions and related net earnings or losses are fully vested upon retirement at age 60, death or total and permanent disability. Any forfeiture of non-vested employer contributions and related net earnings or losses are first used to restore balances of participants who are re-employed and any remaining forfeiture reduces future employer contributions.

Payments of Benefits: The Plan provides for payment of the entire vested balance in the participant's account less outstanding loan balances upon retirement, death, disability or termination of employment.

Subject to certain conditions, participants may withdraw from their vested account balances based on financial hardship. Upon attainment of age 59 ½, the Plan permits for in-service withdrawals of all vested account balances. The Plan also requires mandatory distributions for small balances held by terminated participants (small balances are defined as those less than \$1,000). The method of payment will generally be in the form of a single lump sum.

(Continued)

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current prime rate. Principal and interest is paid ratably through payroll deductions.

Plan Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

Plan Transfers: Effective February 1, 2021, the SullivanCurtisMonroe 401(k) Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of SullivanCurtisMonroe. Net assets available for benefits of \$20,652,949 were transferred into the Plan.

Effective June 1, 2021, the Capital Benefit Group 401(k) Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of Capital Benefit Group. Net assets available for benefits of \$5,397,056 were transferred into the Plan.

Effective June 1, 2021, the Pro Benefits of Washington, LLC 401(k) Profit Sharing Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of Pro Benefits of Washington, LLC. Net assets available for benefits of \$705,557 were transferred into the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. The Plan offers alternatives that mitigate participant risks, including the opportunity to diversify investments across numerous participant-directed fund elections; however, the underlying investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2021 Using		
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Total

	Fair Value Measurements at December 31, 2020 Using			
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Traditional Investment Contract: The Plan holds a fully benefit-responsive traditional investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. The investment's contract value at December 31, 2021 and 2020 was \$5,290,909 and \$5,931,986, respectively.

The Plan holds a direct interest in the fully benefit-responsive investment contract through its investment in the Anchor Account IV, which is a group annuity contract (Stable Value Fund ("SVF")) managed by New York Life Insurance Company ("NYLIC"). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized and the assets of the separate account are accounted for at amortized cost. There are no reserves against contract value of the issuer or otherwise.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor's operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 5% of the Plan's value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. At contract termination, the Plan may receive a book value distribution of the Plan's interest in the SVF, provided twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of thirty days written notice is given. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan Administrator has evaluated events and transactions occurring subsequent to December 31, 2021 through October 4, 2022, the date the financial statements were available to be issued.

Subsequent to year end, the Company acquired 5 companies, transferred the companies' existing 401k plan assets into the Plan and permitted participation by the acquirees' employees in the Plan. The impact on the Plan's net assets available for benefits on the date of the mergers totaled \$37,959,557.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

NOTE 4 - CERTIFIED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 5 - INCOME TAX STATUS

Effective August 17, 2021 the Plan sponsor adopted a pre-approved plan document. The plan provider received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) stating the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Prior to August 17, 2021, the Plan sponsor utilized a volume submitter basic plan document that the IRS had determined and informed the basic plan sponsor, by a letter dated March 31, 2014, that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan had been amended since the March 31, 2014, letter, however, the plan administrator believes the Plan was operated in compliance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2021 and 2020, the Plan invests in certain mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee, and therefore, these investments qualify as party-in-interest investments. The Plan also held notes receivable from participants at December 31, 2021 and 2020, which constitute party-in-interest transactions. The Plan incurred \$117,811 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2021.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of BroadStreet 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of BroadStreet 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the BroadStreet 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2003 by BroadStreet Partners, Inc. and its affiliates (the "Company") for the purpose of providing a savings plan for the benefit of its employees.

Under the provisions of the plan, an eligible employee is one engaged in recognized employment that has either completed 30 days of employment and is age 20 or older or a temporary employee who has attained age 21 and has completed 1,000 hours of service during their first year of employment or in any Plan year thereafter. A participant will be automatically enrolled in the Plan upon meeting eligibility requirements unless a different election is affirmatively made by such participant.

Contributions: Under the provisions of the Plan, a participant may contribute from 1% to 50% of his or her eligible pre-tax compensation per Plan year. Subject to certain limitations, the Company makes safe harbor matching contributions for the first 1% of basic contributions of a participant's salary at the rate of \$1.00 for each \$1.00 contributed by the participant and for basic contributions from 2% to 6% of a participant's salary at the rate of \$0.50 for each \$1.00 contributed by the participant. Participants who are automatically enrolled in the Plan contribute an automatic 3% of their salary with automatic increases to 4% in the second year, 5% in the third year and 6% in the fourth and subsequent years.

Catch up contributions are allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and related net earnings or losses. After two years of employment, Plan participants are 100% vested in the safe harbor matching contributions and related earnings or losses thereon. Any employee terminating prior to completing two years of employment will forfeit any employer contributions and related net earnings and losses. In addition, all employer contributions and related net earnings or losses are fully vested upon retirement at age 60, death or total and permanent disability. Any forfeiture of non-vested employer contributions and related net earnings or losses are first used to restore balances of participants who are re-employed and any remaining forfeiture reduces future employer contributions.

Payments of Benefits: The Plan provides for payment of the entire vested balance in the participant's account less outstanding loan balances upon retirement, death, disability or termination of employment.

Subject to certain conditions, participants may withdraw from their vested account balances based on financial hardship. Upon attainment of age 59 ½, the Plan permits for in-service withdrawals of all vested account balances. The Plan also requires mandatory distributions for small balances held by terminated participants (small balances are defined as those less than \$1,000). The method of payment will generally be in the form of a single lump sum.

(Continued)

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current prime rate. Principal and interest is paid ratably through payroll deductions.

Plan Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

Plan Transfers: Effective February 1, 2021, the SullivanCurtisMonroe 401(k) Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of SullivanCurtisMonroe. Net assets available for benefits of \$20,652,949 were transferred into the Plan.

Effective June 1, 2021, the Capital Benefit Group 401(k) Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of Capital Benefit Group. Net assets available for benefits of \$5,397,056 were transferred into the Plan.

Effective June 1, 2021, the Pro Benefits of Washington, LLC 401(k) Profit Sharing Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of Pro Benefits of Washington, LLC. Net assets available for benefits of \$705,557 were transferred into the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. The Plan offers alternatives that mitigate participant risks, including the opportunity to diversify investments across numerous participant-directed fund elections; however, the underlying investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

(Continued)

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2021 Using

Traditional Investment Contract: The Plan holds a fully benefit-responsive traditional investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. The investment's contract value at December 31, 2021 and 2020 was \$5,290,909 and \$5,931,986, respectively.

The Plan holds a direct interest in the fully benefit-responsive investment contract through its investment in the Anchor Account IV, which is a group annuity contract (Stable Value Fund ("SVF")) managed by New York Life Insurance Company ("NYLIC"). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized and the assets of the separate account are accounted for at amortized cost. There are no reserves against contract value of the issuer or otherwise.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor's operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 5% of the Plan's value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. At contract termination, the Plan may receive a book value distribution of the Plan's interest in the SVF, provided twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of thirty days written notice is given. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan Administrator has evaluated events and transactions occurring subsequent to December 31, 2021 through October 4, 2022, the date the financial statements were available to be issued.

Subsequent to year end, the Company acquired 5 companies, transferred the companies' existing 401k plan assets into the Plan and permitted participation by the acquirees' employees in the Plan. The impact on the Plan's net assets available for benefits on the date of the mergers totaled \$37,959,557.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

NOTE 4 - CERTIFIED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 5 - INCOME TAX STATUS

Effective August 17, 2021 the Plan sponsor adopted a pre-approved plan document. The plan provider received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) stating the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Prior to August 17, 2021, the Plan sponsor utilized a volume submitter basic plan document that the IRS had determined and informed the basic plan sponsor, by a letter dated March 31, 2014, that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan had been amended since the March 31, 2014, letter, however, the plan administrator believes the Plan was operated in compliance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2021 and 2020, the Plan invests in certain mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee, and therefore, these investments qualify as party-in-interest investments. The Plan also held notes receivable from participants at December 31, 2021 and 2020, which constitute party-in-interest transactions. The Plan incurred \$117,811 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2021.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of BroadStreet 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of BroadStreet 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the BroadStreet 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2003 by BroadStreet Partners, Inc. and its affiliates (the "Company") for the purpose of providing a savings plan for the benefit of its employees.

Under the provisions of the plan, an eligible employee is one engaged in recognized employment that has either completed 30 days of employment and is age 20 or older or a temporary employee who has attained age 21 and has completed 1,000 hours of service during their first year of employment or in any Plan year thereafter. A participant will be automatically enrolled in the Plan upon meeting eligibility requirements unless a different election is affirmatively made by such participant.

Contributions: Under the provisions of the Plan, a participant may contribute from 1% to 50% of his or her eligible pre-tax compensation per Plan year. Subject to certain limitations, the Company makes safe harbor matching contributions for the first 1% of basic contributions of a participant's salary at the rate of \$1.00 for each \$1.00 contributed by the participant and for basic contributions from 2% to 6% of a participant's salary at the rate of \$0.50 for each \$1.00 contributed by the participant. Participants who are automatically enrolled in the Plan contribute an automatic 3% of their salary with automatic increases to 4% in the second year, 5% in the third year and 6% in the fourth and subsequent years.

Catch up contributions are allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and related net earnings or losses. After two years of employment, Plan participants are 100% vested in the safe harbor matching contributions and related earnings or losses thereon. Any employee terminating prior to completing two years of employment will forfeit any employer contributions and related net earnings and losses. In addition, all employer contributions and related net earnings or losses are fully vested upon retirement at age 60, death or total and permanent disability. Any forfeiture of non-vested employer contributions and related net earnings or losses are first used to restore balances of participants who are re-employed and any remaining forfeiture reduces future employer contributions.

Payments of Benefits: The Plan provides for payment of the entire vested balance in the participant's account less outstanding loan balances upon retirement, death, disability or termination of employment.

Subject to certain conditions, participants may withdraw from their vested account balances based on financial hardship. Upon attainment of age 59 ½, the Plan permits for in-service withdrawals of all vested account balances. The Plan also requires mandatory distributions for small balances held by terminated participants (small balances are defined as those less than \$1,000). The method of payment will generally be in the form of a single lump sum.

(Continued)

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current prime rate. Principal and interest is paid ratably through payroll deductions.

Plan Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

Plan Transfers: Effective February 1, 2021, the SullivanCurtisMonroe 401(k) Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of SullivanCurtisMonroe. Net assets available for benefits of \$20,652,949 were transferred into the Plan.

Effective June 1, 2021, the Capital Benefit Group 401(k) Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of Capital Benefit Group. Net assets available for benefits of \$5,397,056 were transferred into the Plan.

Effective June 1, 2021, the Pro Benefits of Washington, LLC 401(k) Profit Sharing Plan's assets were transferred into the Plan, subsequent to the Company's acquisition of Pro Benefits of Washington, LLC. Net assets available for benefits of \$705,557 were transferred into the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. The Plan offers alternatives that mitigate participant risks, including the opportunity to diversify investments across numerous participant-directed fund elections; however, the underlying investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit-responsive investment contract, are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

(Continued)

BROADSTREET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2021 Using

Traditional Investment Contract: The Plan holds a fully benefit-responsive traditional investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. The investment's contract value at December 31, 2021 and 2020 was \$5,290,909 and \$5,931,986, respectively.

The Plan holds a direct interest in the fully benefit-responsive investment contract through its investment in the Anchor Account IV, which is a group annuity contract (Stable Value Fund ("SVF")) managed by New York Life Insurance Company ("NYLIC"). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized and the assets of the separate account are accounted for at amortized cost. There are no reserves against contract value of the issuer or otherwise.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor's operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 5% of the Plan's value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. At contract termination, the Plan may receive a book value distribution of the Plan's interest in the SVF, provided twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of thirty days written notice is given. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan Administrator has evaluated events and transactions occurring subsequent to December 31, 2021 through October 4, 2022, the date the financial statements were available to be issued.

Subsequent to year end, the Company acquired 5 companies, transferred the companies' existing 401k plan assets into the Plan and permitted participation by the acquirees' employees in the Plan. The impact on the Plan's net assets available for benefits on the date of the mergers totaled \$37,959,557.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

NOTE 4 - CERTIFIED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 5 - INCOME TAX STATUS

Effective August 17, 2021 the Plan sponsor adopted a pre-approved plan document. The plan provider received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) stating the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Prior to August 17, 2021, the Plan sponsor utilized a volume submitter basic plan document that the IRS had determined and informed the basic plan sponsor, by a letter dated March 31, 2014, that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan had been amended since the March 31, 2014, letter, however, the plan administrator believes the Plan was operated in compliance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2021 and 2020, the Plan invests in certain mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee, and therefore, these investments qualify as party-in-interest investments. The Plan also held notes receivable from participants at December 31, 2021 and 2020, which constitute party-in-interest transactions. The Plan incurred \$117,811 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2021.
