To the Trustee

**Kretex International, Inc. 401k Profit Sharing Plan
Moorpark, California**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Kretex International, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits as the December 31, 2021 and 2020, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in the "Information Certified by the Plan's Custodian (Unaudited)" note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statement are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are other conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

As described in the "Risks and Uncertainties" note to the financial statements, there continues to be significant uncertainty surrounding the novel COVID-19 pandemic and the related impacts. As of the date of the report, the future financial impact of the pandemic is unable to be determined.

Kretek International, Inc. 401k Profit Sharing Plan

Notes to Financial Statements

DESCRIPTION OF PLAN

The following description of the Kretek International, Inc. 401k Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

Kretek International Inc. and Subsidiaries (the “Company”) is the sponsor of the Plan. The Plan is a defined contribution retirement plan covering all full-time employees of the Company who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. Participants are entitled to the benefit that can be provided from the participant’s vested account balance.

Contributions

Participant contributions

Each year, participants may elect to contribute any amount of pretax annual compensation up to the limits of the Internal Revenue Service (the “IRS”). Participants direct the investments of their contributions into various options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer’s matching contributions

The Company may make a discretionary matching contribution at a percentage determined by the Company. Matching contributions are limited to \$5,000 per eligible employee per year. In 2021, the Company matched 50% of participant’s contributions up to \$5,000. The Company made matching contributions of \$331,907 for the year ended December 31, 2021. Additionally, the Company may make discretionary profit-sharing contributions to the Plan. The Company did not make discretionary profit-sharing contributions for the year ended December 31, 2021.

Kretek International, Inc. 401k Profit Sharing Plan

Notes to Financial Statements

DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant vesting percentage increases to 100% if, while employed with the Company, the Participant dies or becomes disabled. Vesting in the Company's discretionary matching and profit-sharing contributions are based on years of service according to the following schedules:

<u>Discretionary Matching and Profit-Sharing Contribution</u>	
<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 year	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

The unvested portion of terminated Participant's account will be forfeited and is allocated at the discretion of the Company as defined in the Plan. As defined by the Plan, forfeitures may be reallocated as additional employer contributions, reduction of employer contribution or used to pay Plan expenses for the Plan year. The Plan received \$12,195 of forfeitures for the year ended December 31, 2021. As of December 31, 2021, there was \$28,908 of unapplied forfeitures.

Summary of Plan Amendments

In response to the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which was signed into law on March 27, 2020, the Plan implemented changes to its notes receivable policy, withdrawals and required minimum distribution. The maximum notes receivable limit is temporarily increased to the lesser of \$100,000 or 100% of the eligible participant's vested balance for a period of 180 days from March 27, 2020. During the period between March 27, 2020 and December 31, 2020, an eligible participant can elect to delay notes receivable payments for one year. Repayments will be adjusted to reflect interest accrued during the delay. During 2020, an eligible participant also may take a coronavirus-related distribution from the Plan of up to \$100,000, may elect out of tax withholding on such distribution, and will not be subject to excise taxes on such distribution. In addition, participants are eligible to waive taking their required minimum distributions in 2020.

Kretek International, Inc. 401k Profit Sharing Plan

Notes to Financial Statements

DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants who are active employees of the Company and who are parties-in-interest with respect to the Plan and Trust, as defined by the Plan, are eligible to take a participant notes receivable. Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The minimum notes receivable amount is \$1,000 and employees may only have up to two outstanding notes receivable at any given time. Participant notes receivable shall be repaid in equal installments of principal and interest over a period determined by the Plan administrator, but such repayment period cannot exceed 5 years unless the purpose of the notes receivable is for the purchase of the principal residence of the participant, in which case the repayment period cannot exceed 30 years. Participants may also elect to pay down their notes receivable balance in full or make partial notes receivable payments.

The notes receivable are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a notes receivable in a similar circumstance.

Payment of Benefits

On termination of service due to death, disability, termination or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals with no minimum. Participant's may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$5,000 may be immediately distributed in a lump-sum payment.

The Plan permits hardship distributions from 100% of participants vested interest in all accounts. If a hardship distribution is elected by the participant, the Plan administrator will be responsible for determining whether there is an immediate and heavy financial need based on facts and circumstances.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan and Trust in whole or in part to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Notes to Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Generally accepted accounting principles in the United States of America ("GAAP"), require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefit of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants would have received if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's assets are primarily stated at fair value except for the John Hancock Stable Value Option Fund, a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Contribution Receivable

Contribution receivable are the amounts due, as of the financial statement date, to the Plan from the employee or employer. Contribution receivable from employers was \$0 and \$23,691 for the year ended December 31, 2021 and 2020, respectively.

Notes to Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Participants are responsible for statement mailing fees and notes receivable processing fees. All other plan fees and administrative expenses are generally paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events

For the year ended December 31, 2021, the Plan administrator has evaluated subsequent events for potential recognition and disclosure through September 30, 2022, the date the financial statements were available to be issued.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology included quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. At December 31, 2021 and 2020, no Level 1 inputs were available to the Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts are valued at the daily closing price as reported by the fund. Pooled separate accounts held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 9,760,435	\$ -	\$ -	\$ -
Total investments at fair value (1)	\$ 9,760,435	\$ -	\$ -	\$ -

Assets at Fair Value as of December 31, 2020

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 9,105,921	\$ -	\$ -	\$ -
Total investments at fair value (1)	\$ 9,105,921	\$ -	\$ -	\$ -

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for Plan benefits.

Fair Value of Investments in Entities that use NAV

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The investments have no unfunded commitments and can be redeemed daily with one day notice period.

RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts which are issued and managed by John Hancock Life Insurance Company ("John Hancock"). John Hancock is the recordkeeper and custodian as defined by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund managers, John Hancock, other investment custodians, and investment advisors.

The Plan allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All assets and liabilities at December 31, 2021 and 2020, and investment income for the year ended December 31, 2021, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

TAX STATUS

The Company adopted a Prototype Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently, being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the State Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions, however, there are no audits for any tax periods in progress.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

RISKS AND UNCERTAINTIES (CONTINUED)

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic. The pandemic has led to significant volatility in financial markets. As a result, the potential impact on the Plan is uncertain and cannot be reasonably estimated.

FIDUCIARY BOND

The Employee Retirement Income Security Act ("ERISA"), stipulates that trustees and others who handle retirement plans' investments and other property, must be covered by a fidelity bond to protect the Plan from losses due to fraud and dishonesty. Generally, each person must be bonded in an amount equal to ten percent, but not more than \$500,000, of the amount of funds under their control, at the beginning of the year.

During the 2021 plan year, the Plan trustees were covered by a fidelity bond.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to form 5500:
