Independent Auditor's Report

The Trust Committee

The Savings and Profit Sharing Plan for Employees of
Shelter Insurance Companies
Columbia, Missouri

Opinion

We have audited the financial statements of The Savings and Profit Sharing Plan for Employees of Shelter Insurance Companies ("Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Savings and Profit Sharing Plan for Employees of Shelter Insurance Companies

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of The Savings and Profit Sharing Plan for Employees of Shelter Insurance Companies ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Shelter Mutual Insurance Company ("Plan Sponsor") for the benefit of its employees who are not covered by a collective bargaining agreement, leased employees, salaried agents, or employees who are compensated solely by commissions or bonuses. Employees who are age 18 or older are eligible to contribute to the Plan and participate in the Companies' match upon the first of the month following employment. Related employers who also participate in the Plan include Shelter General Insurance Company; Shelter Reinsurance Company; Shelter Life Insurance Company; Shelter Financial Services, including its subsidiary, Shelter Benefits Management Inc.; Shelter Enterprises, LLC; Shelter Investments, LLC; AmShield Insurance Company; Daniel Boone Agency, LLC and Haulers Insurance Company (collectively, the "Companies"). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). John Hancock Trust Company, LLC serves as Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Companies make annual contributions of 3 percent up to 100 percent of eligible compensation. Employee rollover and Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Companies may match a portion of the contributions of the participants. Depending on the amount of annual profit of the Companies, the first 3 percent of salary deferral contributions could be matched as many as five times. If there are sufficient earnings, an additional matching contribution shall be made equal to the portion of participants' salary deferral contributions in excess of 3 percent but not in excess of 6 percent. Contributions are subject to certain limitations.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 6 percent of eligible compensation unless the participant makes an affirmative election otherwise. Effective April 1, 2019, participants that defer less than 6 percent will be automatically enrolled in the plan's auto-escalation feature to get their rate to 6 percent, unless they opt-out.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Note 1: Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and plan earnings and is charged an annual operating expense based upon the participants' investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions as well as all matching contributions made by the Companies.

Payment of Benefits

Upon retirement, total and permanent disability, death, or any other termination, the participant's account balance will be paid in a lump sum after the end of the year in which the participant terminates, provided the participant's account does not exceed $1,000. If the value of the account is more than $1,000 but less than $5,000, unless the participant makes a timely election to roll over the vested account to an eligible IRA or another eligible retirement plan, or elects to have their vested account distributed in a lump sum, the vested account will be rolled over to an IRA selected by the Plan Administrator. All other participants can request an immediate lump-sum withdrawal, a lump sum after year-end matching, or a periodic payment not to exceed the joint life expectancy of the participant and the spouse or, if the beneficiary is not the spouse, the lesser of 60 months or the beneficiary's life expectancy. Participants may withdraw their account balance at any time, subject to certain restrictions. Benefit payments are recorded upon distribution.

In April 2020, the Plan Sponsor implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to $100,000 from the Plan. Participants who took a CRD had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1.5 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Note 1: Description of the Plan (Continued)

In 2020, the Plan adopted the CARES Act provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of $100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applied to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The pooled separate account is valued at estimated fair value as provided by New York Life Insurance. The pooled separate account invests in investments that pursue multiple strategies to exceed the performance of certain industrial averages.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan Sponsor or the Plan, at the Plan Sponsor's discretion.

Note 3: Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying Statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

Note 3: Fair Value of Plan Assets (Continued)

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2021				
Mutual funds	$ 678,746,772	$ 678,746,772	$ -	$ -
Pooled separate account	10,993,938	-	10,993,938	-
	$ 689,740,710	$ 678,746,772	$ 10,993,938	$ -
December 31, 2020				
Mutual funds	$ 599,742,534	$ 599,742,534	$ -	$ -
Pooled separate account	9,348,841	-	9,348,841	-
	$ 609,091,375	$ 599,742,534	$ 9,348,841	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2021. The Plan had no assets measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan had no Level 3 securities.

Note 4: Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with New York Life Insurance Company (NYL). NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Note 4: Investment Contract with Insurance Company (Continued)

The guaranteed investment contract is fully benefit responsive. The investment is presented at fair value, which approximates contract value. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan also incurs expenses related to general administration and record keeping. The Plan Sponsor pays certain of these expenses and accounting and auditing fees relating to the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7: Tax Status

The Plan obtained its latest determination letter on April 19, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the with applicable sections of the Internal Revenue Code (IRC) and therefore not subjected to tax. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 705,736,728	$ 631,476,771
Less: employer contributions receivable	8,444,455	14,179,530
Net assets available for benefits per Form 5500	$ 697,292,273	$ 617,297,241

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Employer contributions per financial statements	$ 8,444,455	$ 14,181,879
Add: employer contributions earned in prior year, paid in current year	14,179,530	14,436,519
Less: employer contributions earned in current year, paid subsequent to year-end	(8,444,455)	(14,179,530)
Employer contributions per Form 5500	$ 14,179,530	$ 14,438,868

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 27, 2022 which is the date the financial statements were available to be issued.

Independent Auditor's Report

The Trust Committee

The Savings and Profit Sharing Plan for Employees of
Shelter Insurance Companies
Columbia, Missouri

Opinion

We have audited the financial statements of The Savings and Profit Sharing Plan for Employees of Shelter Insurance Companies ("Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Savings and Profit Sharing Plan for Employees of Shelter Insurance Companies

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of The Savings and Profit Sharing Plan for Employees of Shelter Insurance Companies ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Shelter Mutual Insurance Company ("Plan Sponsor") for the benefit of its employees who are not covered by a collective bargaining agreement, leased employees, salaried agents, or employees who are compensated solely by commissions or bonuses. Employees who are age 18 or older are eligible to contribute to the Plan and participate in the Companies' match upon the first of the month following employment. Related employers who also participate in the Plan include Shelter General Insurance Company; Shelter Reinsurance Company; Shelter Life Insurance Company; Shelter Financial Services, including its subsidiary, Shelter Benefits Management Inc.; Shelter Enterprises, LLC; Shelter Investments, LLC; AmShield Insurance Company; Daniel Boone Agency, LLC and Haulers Insurance Company (collectively, the "Companies"). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). John Hancock Trust Company, LLC serves as Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Companies make annual contributions of 3 percent up to 100 percent of eligible compensation. Employee rollover and Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Companies may match a portion of the contributions of the participants. Depending on the amount of annual profit of the Companies, the first 3 percent of salary deferral contributions could be matched as many as five times. If there are sufficient earnings, an additional matching contribution shall be made equal to the portion of participants' salary deferral contributions in excess of 3 percent but not in excess of 6 percent. Contributions are subject to certain limitations.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 6 percent of eligible compensation unless the participant makes an affirmative election otherwise. Effective April 1, 2019, participants that defer less than 6 percent will be automatically enrolled in the plan's auto-escalation feature to get their rate to 6 percent, unless they opt-out.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Note 1: Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and plan earnings and is charged an annual operating expense based upon the participants' investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions as well as all matching contributions made by the Companies.

Payment of Benefits

Upon retirement, total and permanent disability, death, or any other termination, the participant's account balance will be paid in a lump sum after the end of the year in which the participant terminates, provided the participant's account does not exceed $1,000. If the value of the account is more than $1,000 but less than $5,000, unless the participant makes a timely election to roll over the vested account to an eligible IRA or another eligible retirement plan, or elects to have their vested account distributed in a lump sum, the vested account will be rolled over to an IRA selected by the Plan Administrator. All other participants can request an immediate lump-sum withdrawal, a lump sum after year-end matching, or a periodic payment not to exceed the joint life expectancy of the participant and the spouse or, if the beneficiary is not the spouse, the lesser of 60 months or the beneficiary's life expectancy. Participants may withdraw their account balance at any time, subject to certain restrictions. Benefit payments are recorded upon distribution.

In April 2020, the Plan Sponsor implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to $100,000 from the Plan. Participants who took a CRD had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1.5 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Note 1: Description of the Plan (Continued)

In 2020, the Plan adopted the CARES Act provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of $100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applied to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The pooled separate account is valued at estimated fair value as provided by New York Life Insurance. The pooled separate account invests in investments that pursue multiple strategies to exceed the performance of certain industrial averages.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan Sponsor or the Plan, at the Plan Sponsor's discretion.

Note 3: Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying Statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

Note 3: Fair Value of Plan Assets (Continued)

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2021				
Mutual funds	$ 678,746,772	$ 678,746,772	$ -	$ -
Pooled separate account	10,993,938	-	10,993,938	-
	$ 689,740,710	$ 678,746,772	$ 10,993,938	$ -
December 31, 2020				
Mutual funds	$ 599,742,534	$ 599,742,534	$ -	$ -
Pooled separate account	9,348,841	-	9,348,841	-
	$ 609,091,375	$ 599,742,534	$ 9,348,841	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2021. The Plan had no assets measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan had no Level 3 securities.

Note 4: Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with New York Life Insurance Company (NYL). NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Note 4: Investment Contract with Insurance Company (Continued)

The guaranteed investment contract is fully benefit responsive. The investment is presented at fair value, which approximates contract value. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan also incurs expenses related to general administration and record keeping. The Plan Sponsor pays certain of these expenses and accounting and auditing fees relating to the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7: Tax Status

The Plan obtained its latest determination letter on April 19, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the with applicable sections of the Internal Revenue Code (IRC) and therefore not subjected to tax. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 705,736,728	$ 631,476,771
Less: employer contributions receivable	8,444,455	14,179,530
Net assets available for benefits per Form 5500	$ 697,292,273	$ 617,297,241

The following is a reconciliation of employer contributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Employer contributions per financial statements	$ 8,444,455	$ 14,181,879
Add: employer contributions earned in prior year, paid in current year	14,179,530	14,436,519
Less: employer contributions earned in current year, paid subsequent to year-end	(8,444,455)	(14,179,530)
Employer contributions per Form 5500	$ 14,179,530	$ 14,438,868

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 27, 2022 which is the date the financial statements were available to be issued.
