INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Affinity Development Group 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Affinity Development Group 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Affinity Development Group 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Affinity Development Group 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Affinity Development Group 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Affinity Development Group 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedules Delinquent Participant Contributions and of Assets Held at End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General

The Plan is a defined-contribution plan. Employees are eligible at the date of hire and provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (“ERISA”).

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Additionally, as a result of the COVID-19 outbreak, on March 27, 2020, U.S. Congress passed the Coronavirus, Aid, Relief, and Economic Security Act (“CARES Act”), which is intended to provide economic relief to retirement plan sponsors and participants in the midst of the global COVID-19 pandemic. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The relief provisions made available to Participants include:

Participants were allowed to withdraw “coronavirus-related distributions” of up to \$100,000 without penalty throughout the remainder of the 2020 calendar year. Such distributions may be repaid to the Plan within three years.

Repayments by certain COVID-19 affected Participants on preexisting Participants loans with payment dates between March 27, 2020 and December 31, 2020 may be suspended until December 31, 2020. Following the period of suspension, loans with suspended payments will be re-amortized and payments will recommence.

Required minimum distributions for Participants were waived for the 2020 calendar year. In addition, all COVID related modifications expired on or before December 31, 2020.

Contributions

Participants may elect to contribute a certain dollar amount of their eligible earnings on a pre-tax basis as allowed by the Internal Revenue Code (“IRC”). Participants may contribute 100% of their pretax annual wages up to \$19,500 to the Plan for the years ended December 31, 2021 and 2020, respectively. In addition, employees who are age 50 or older can elect to defer an additional \$6,500 for the years ended December 31, 2021 and 2020 (called “catch-up contributions”), to the Plan up to maximum contributions allowed by the IRC of \$26,000 for the Plan years ended December 31, 2021 and 2020, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 20 mutual funds and one stable value fund as investment options for participants. Participants may also contribute amounts representing rollover distributions from other qualified plans. Employees are always fully vested in their contributions and earnings on investments.

Affinity Development Group 401(k) Profit Sharing Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

The Company may also contribute to the Plan through discretionary matching contributions, and discretionary profit-sharing contributions. The Company has elected to satisfy the safe harbor provision, and will contribute to the “safe harbor 401(k) plan” contribution. All Company contributions are in cash. Contributions are subject to certain limitations.

Participant-Directed Investments

The Plan offers a Participant-directed brokerage account as an investment option. If elected, a Participant-directed brokerage account, which is administered by the Trustee, allows a Participant to direct the investment of the Participant’s contributions to the Plan among various investments offered by the Trustee, including options that are not otherwise offered under the Plan. Participant-directed brokerage accounts are not monitored or managed by the Company or the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocation of (a) the Plan Sponsor’s contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

All participants and company are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contributions portion of their accounts is immediate.

Rollovers

Participants may at any time elect to rollover amounts from other qualified plans or individual retirement accounts into the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested interest in the Plan, but not to exceed \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes Fund. Loan terms range from one to five years or the Administrator may approve a longer term for purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest at 4.25% and 6.50%. Participant loans outstanding were \$106,567 and \$82,950 at December 31, 2021 and 2020, respectively. Principal and interest are paid via payroll deductions according to the amortization schedule prepared by the Plan Administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any percentage to any of the investment funds offered by TRI-AD Capital Management, Inc. 401(k) Services. Participants may change their investment options at their discretion.

Payment of Benefits

Upon termination, death, disability, retirement or certain hardship cases, a participant will receive a lump-sum amount equal to the value of the participant’s vested interest. Distributions will be made in cash or property. For termination of service due to other reasons, participant may elect to receive the value of the

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

participant's vested interest in his or her account as a lump-sum distribution. If the value of vested benefits upon termination is less than \$1,000 a lump-sum distribution is mandatory.

Expenses

Certain expenses such as loan fees and transaction costs are paid directly out of individual participant funds. All other expenses including administrative fees and audit fees are paid by the Company. Administrative expenses charged to the Plan are reflected in the accompanying Statements of Changes in Net Assets Available for Plan Benefits.

Forfeitures

Forfeitures on non-vested Company contributions may be used to reduce the contribution of the Employer or be used to pay any administrative expenses of the Plan; however, employer matching contributions have historically been fully vested at the time of contribution. There were no forfeitures for the years ended December 31, 2021 and 2020.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The financial statements of the Plan are prepared using the accrual method of accounting. Under this method, revenue (i.e., interest, contributions, and appreciation on investments) is recognized when earned and certain expenses (i.e., depreciation on investments) are recognized when incurred. Benefits paid to the participants are recognized in the period in which they are paid.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document and are reported as taxable income to the participant regardless of whether the loan amount was provided from pre-tax or after-tax accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires administrators to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. During the years ended December 31, 2021 and 2020, the Plan administrator did not perform significant estimates.

Payment of Benefits

Benefits are recorded when paid. There are no outstanding payments allocated to the accounts of persons who have elected to withdraw from the Plan as of December 31, 2021 and 2020.

Investment Valuation and Income Recognition

The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2021 and 2020. Fair value is the price that would be

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note C. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and all amounts credited to the accounts will continue to be 100% vested. Distributions will occur in a manner permitted by the Plan as soon as practicable.

Note D. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note E. Related Party Transactions

Certain Plan Investments are shares of mutual funds managed by Charles Schwab (the "Trustee"). Charles Schwab is the Trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$27,200 and \$25,432 for the years ended December 31, 2021 and 2020, respectively.

Note F. Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

Investments reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020;

Investment activity reflected in the statements of changes in the net assets available for benefits for the years ended December 31, 2021 and 2020;

Investments as of December 31, 2021 as listed in the accompanying Schedule of Assets Held for Investment Purposes (Held at End of Year).

The Plan Administrator instructed the independent auditors not to perform auditing procedures with respect to this information except for comparing such information to the related information in the financial statements and supplemental schedules.

Affinity Development Group 401(k) Profit Sharing Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

Note G. Tax Status

The Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note H. Fair Value Measurements

FASB ASC 820, Fair value measurement and disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the assets or liability; and

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Affinity Development Group 401(k) Profit Sharing Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common stocks and other opened market instruments: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Stable Value Fund: Investments in collective investment trusts are valued at the fair value per share (unit) as determined by using estimated fair value of the underlying assets held in the fund as reported by the investment manager of the trust. The Plan considers the fair value per share (unit) to be a readily determinable fair value which is disclosed and used as the basis for current transactions.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021
