Retirement Savings Plan of Golden Corral Corporation
Raleigh, NC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Retirement Savings Plan of Golden Corral Corporation (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule as of December 31, 2021 listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT SAVINGS PLAN OF GOLDEN CORRAL CORPORATION

Notes To Financial Statements

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Retirement Savings Plan of Golden Corral Corporation (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1992 and subsequently amended and restated on January 1, 2016. It covers eligible employees of Golden Corral Corporation ("the Employer"). The Plan is intended to be a qualified plan under Code Sections 401(a), 401(k), and 401(m) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Branch Banking & Trust Company ("BB&T") served as the Plan trustee and record keeper for the year ended December 31, 2020 and for the period January 1, 2021 through February 28, 2021. Effective March 1, 2021, Ascensus Trust Company serves as the Plan's trustee and record keeper. The change was made because BB&T sold their 401k recordkeeping business to Ascensus.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

Contributions – Since August 1, 2001, an employee's contribution is automatically 4% of base compensation. An employee can elect to change the automatic contribution by providing written notice indicating a preferred amount or electing not to participate in the Plan. Participants may contribute up to the lesser of 25% of their eligible annual compensation or the maximum amount allowed as determined by the Internal Revenue Code. In 2019 and from January 1, 2020 through April 7, 2020, the Employer contributed an amount equal to the participant's contribution up to 4% of base compensation, as defined, after one year of service. On April 8, 2020 the Employer contribution was suspended due to economic hardships caused by COVID-19. Effective with the first payroll check received after the close of the payroll period ending April 7, 2021 the Employer contribution was resumed. Participants may also make contributions from bonus compensation. Currently, the Employer contributes an amount equal to the participant's contribution from bonus compensation up to 2% of bonus compensation. The Employer may also make discretionary profit sharing contributions which would be allocated among eligible participants according to the Plan agreement. There were no discretionary profit sharing contributions made for the years ended December 31, 2021 and 2020. The Employer's matching and discretionary contributions may change on an annual basis.

Eligibility – Salaried employees, who are not considered highly compensated, become eligible and begin participating in the Plan upon completing 60 days of service and reaching an age of 21. If an employee is subsequently determined to be highly compensated, any contribution made would be considered an excess contribution and returned to the employee.

Participant Accounts – Each participant's account is credited with both the participant's and Employer's contributions and is reduced by withdrawals and transaction fees. In addition, gains, losses and investment income are allocated to each participant's account based on respective account balances. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and the actual earnings thereon. Vesting in the remainder of their accounts and the actual earnings thereon is based on years of service. A participant becomes 100% vested at the end of 3 years of credited service. During 2020, the Employer initiated a severance affecting more than 20% of employees. This triggered a partial plan termination requiring affected employees to be considered 100% vested in all Plan matching and profit-sharing contributions.

Investment Election – The Plan offers various investment alternatives which are reviewed periodically. CapFinancial Partners, LLC doing business as CapTrust Financial Advisors ("Captrust") is the fiduciary of the Plan with regard to selection of investment managers, mutual funds and overall investment strategy for the Plan. The Wells Fargo Stable Value Fund is no longer available for future investments, however, any current balances can remain in the fund. Vanguard Target Retirement Funds and Northern Trust Index Funds were added as available funds. All Plan investments are participant directed and participants may change their investment elections daily.

Payment of Benefits – Participants or their beneficiaries are entitled to withdraw vested account balances upon death, retirement due to disability, retirement at age sixty-five or termination of employment. Participants may make a request to withdraw vested funds due to a qualified hardship as defined within the Plan document. For payments of benefits other than death, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his account, or equal monthly installments over a whole number of years not exceeding the life expectancy of the participant or the joint life expectancy of the participant and his designated beneficiary. If a participant dies before distribution of his vested accrued benefit is made, the participant's entire vested accrued benefit will be distributed to his beneficiary in a lump sum payment as soon as administratively feasible following the notification date of the participant's death. If a participant dies after distributions begin, the installment payments shall continue following death only if the benefit was payable in installments due to the participant's election and installments did not exceed the participant's life expectancy or the joint life expectancy of the participant and his designated beneficiary. Any remaining portion of such benefits will continue to be distributed to his beneficiary at least as rapidly as under the method of distribution in effect at the participant's death.

Forfeitures – Participants who terminate employment before they are fully vested in the Employer contributions and earnings forfeit all rights to the non-vested portion. A participant's right to the related non-vested portion can be reestablished upon returning to the Employer within five years of the termination and upon repayment of any lump sum distribution or involuntary cash-out within five years of reemployment. Forfeitures are used first to reinstate the forfeited accounts of participants who have returned to employment and secondly to reduce the matching contributions required by the Employer. Forfeitures were not used to reinstate the forfeited accounts of participants in 2021 or 2020. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$5,798 and \$4, respectively. Forfeitures of \$0 and \$16,389 were used to reduce the Employer's matching contributions required during 2021 and 2020, respectively.

Notes Receivable From Participants – Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance in accordance with the loan provisions of the Plan. The loan

proceeds are distributed from the participant's investment funds and establish a Loan Fund balance. Repayments reduce the Loan Fund balance and are reallocated to the participant's investment funds. Interest is calculated using the prime rate on the first day of the quarter in which the loan originated plus 2%. Participants are required to pay from their vested account balance any fees associated with loans they take from the plan. At December 31, 2021, the interest rates range from 5.25% to 7.50% on outstanding loans. Principal and interest are repaid ratably through payroll deductions.

Plan Termination – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, which require the use of estimates and assumptions that affect the reported amounts of assets at the date of the financial statements, additions to net assets and deductions from net assets during the reporting period and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investments – The Plan's investments consist of the Wells Fargo Stable Value Fund (a bank collective trust) and various mutual funds. Investments in the stable value collective trust fund are valued at the net asset value of the underlying assets. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the terms of the Plan document.

Investment and Interest Income – Dividend income is recorded on the dividend record date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as, held during the year. Interest income on notes receivable from participants is recorded when received.

Benefits – Benefits are recorded when paid to participants.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Employer, as provided by the Plan document. Certain administrative functions are performed by employees of the Employer. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants) are charged directly to the participant's account.

Subsequent Events Consideration – The Plan has evaluated the effects subsequent events would have through October 5, 2022, which is the date the financial statements were available to be issued.

3. FAIR VALUE OF FINANCIAL INVESTMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. The Plan establishes a three-tier fair value hierarchy which requires the maximum use of observable inputs when measuring fair value.

The three levels of inputs used to measure fair value follow:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies at December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable Value Collective Trust Fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by Ascensus as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The assets carried at fair value on a recurring basis as of December 31, 2021 and 2020 are measured as follows:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,200,796	\$ -	\$ -	\$ 13,200,796
Total assets in the fair value hierarchy	\$ 13,200,796	\$ -	\$ -	\$ 13,200,796
Investments measured at NAV (a)				3,472,680
Investments at fair value				\$ 16,673,476

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,850,089	\$ -	\$ -	\$ 13,850,089
Total assets in the fair value hierarchy	\$ 13,850,089	\$ -	\$ -	\$ 13,850,089
Investments measured at NAV (a)				4,408,925
Investments at fair value				\$ 18,259,014

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	\$ 3,472,680	\$ 4,408,925	N/A	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated September 29, 2011, that the Plan and related trust are designed in accordance with applicable provisions of the Internal Revenue Code.

The Plan's management evaluates tax positions taken by the Plan and would recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. FEES AND RELATED PARTY TRANSACTIONS

Fund management fees are charged by the advisors to each fund and are shown net of rebates received by the Plan. These fees reduce the return earned on the respective fund. Plan administrative charges are paid to Ascensus for recordkeeping and trust services. These fees are based on .00245 of total assets and are paid by the Plan. The Employer pays a fee to Captrust for its advisory and fiduciary services.

The fees are summarized in the table below.

	2021	2020
Fees paid by the Plan		
Fund management fees	\$ 72,777	\$ 78,088
Plan administrative charges	25,026	37,399
	<u>\$ 97,803</u>	<u>\$ 115,487</u>
Fees paid by the Employer	<u>\$ 55,525</u>	<u>\$ 39,666</u>
Fees related to participant transactions paid from the participants' account	<u>\$ 4,442</u>	<u>\$ 14,557</u>

6. UNAUDITED INFORMATION CERTIFIED BY TRUSTEES

The accompanying financial statements include the following unaudited information as of and for the years ended December 31, 2021 and 2020 which was obtained from data prepared and certified to be complete and accurate by the Plan's trustees:

	2021	2020
