INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Plan Participants of L.A. KOREANA, INC. 401(k) Plan and Trust,
and Board of Directors of L.A. KOREANA, INC.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of L.A. KOREANA, INC. 401(k) Plan and Trust (the "Plan"), an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements. The statement of net assets available for benefits of the Company as of December 31, 2020 was audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the predecessor auditor did not express an opinion on the financial statement in its report dated October 5, 2021.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ending December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for the year ending December 31, 2022.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental information, Schedule H, Part IV, line 4i - Schedule of Assets as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. For information included in the supplemental schedule that is agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion, the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

L.A. Koreana, Inc. (the "Company" and the "Plan Sponsor") sponsors the L.A. Koreana, Inc. 401(k) Plan and Trust (the "Plan"), which is a defined contribution plan. Substantially all employees of the Company who are age of 21 and have completed three consecutive months of service are eligible to participate in the Plan. Collectively bargained employees of YHB QK Hotel, LLC who are at least 21 years of age are also covered by the Plan. Union and collective bargaining employees are excluded unless permitted by the Collective Bargaining agreement for all contribution types. The Plan was established by the Company on January 1, 1997. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants may elect to defer amount up to 100% of pre-tax annual compensation as defined in the Plan, not to exceed the dollar limit, $19,500 for 2021, which is set by law. Participants who have attained at least age 50 are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2021 was $6,500. The Company matches contributions equal to 30% of the employee's contributions up to 4% of the employee's compensation. The Plan also permits rollover contributions from other retirement accounts. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the Plan administrator. The annual dollar limit for combined contributions (excluding catch-up contributions) cannot exceed the lesser of $58,000 or 100% of participants' annual compensation. After 2021, the dollar limit for all contributions may increase for cost-of-living adjustments.

Vesting

Participants are always 100% fully vested in account attributable to salary deferrals including catch-up contribution, rollover contributions, and actual earnings thereon. Participants whose employment terminates for any reason other than death or disability will be vested in matching contributions accounts to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. Participants may only have one outstanding loan at any time and repayment of the loan is secured by participants' vested account balances. The period of repayment cannot exceed five years unless the purpose of the loan is to acquire or construct the primary residence of the participant. Rate of interest is based on the prime interest rate plus 1 percentage points, determined at the time participants take a loan from the Plan.

Participants Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution of Benefits

A participant may receive a distribution of the vested portion of some or all of accounts throughout a single lump-sum payment, upon reaching the normal retirement age, disability, death or termination of employment for reasons other than death, disability or retirement. All distributions from the Plan will require participant consent if vested account (including any rollover contribution account) balance exceeds $5,000. Also, a participant may also withdraw the vested value of a participant's account in the event of a participant's heavy and immediate financial hardship. Hardship distributions may not exceed the amount of participant's financial hardship. If participants have other distributions available under the Plan, participants must take such distributions before requesting hardship distributions.

Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance and receives a distribution of the vested matching contributions, the non-vested portion will be forfeited upon distribution made. Forfeited amount will be used to administrative expenses or applied to reduce future matching contributions. For the year ended December 31, 2021, the non-vested portion that was forfeited totaled $6,482. At December 31, 2021, outstanding balance of forfeited account amounts to $55,808.

Top-Heavy Plan

If the Plan becomes top-heavy, when more than 60% of the Plan's assets are in the accounts of key employees, in any Plan year, then non-key employees will be entitled to certain "top-heavy minimum benefits", and other special rules will apply. Among these top-heavy rules, the Plan Sponsor may be required to make a contribution on a participant's behalf in order to provide with at least "top-heavy minimum benefits".

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

The Plan utilizes various investment instruments including pooled separated accounts and fully benefit-responsive investment contract. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investments

The Plan's investments in pooled separated accounts are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions

Distributions to participants are recorded when the Plan is obligated to pay distributions.

Fair Value of Financial Instruments

Investments are stated at fair value. The carrying amounts for interest-bearing cash and receivables approximate their fair values due to the short-term nature of these instruments.

Corrective Distributions Payable

The Plan performs nondiscrimination tests each year to ensure that the contributions made by and for non-highly compensated employees are proportional to contributions made for highly compensated employees. The Plan has 2 ½ months after the end of the Plan year being tested to correct excess contributions. If the Plan fails the Actual Deferral Percentage ("ADP") or Actual Contribution Percentage ("ACP") test, the Plan distributes excess contributions during the statutory correction period (12 months). For the year ended December 31, 2021, the Plan failed the ADP and ACP test and excess contributions of $21,070 was recognized as corrective distributions payable as of December 31, 2021.

COVID-19

The novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

Note 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Voya Retirement Insurance and Annuity Company ("Contract Issuer"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

	2021	2020
Fully benefit-responsive investment contract	$ 219,214	$ 364,883

The investment contract held by the Plan is a guaranteed investment contract. The Contract Issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The interest rate is based on a formula established by the contract issuer but may not be less than zero percent. The interest rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The Contract Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the Contract Issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Contract Issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

Note 4 – Federal Income Taxes

The Plan document is a prototype document that the Plan Sponsor adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The prototype document has received a favorable determination from the Internal Revenue Service that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Plan Termination

Although it is not intended to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

Note 6 – Investment Funds

For the year ended December 31, 2021, the Plan's investment funds generated net appreciation in the fair value or contract value as follows:

Descriptions	
Pooled separate accounts at fair value	$ 218,731
Fully benefit-responsive investment contract at contract value	2,533
Total value	$ 221,264

Note 7 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *"Fair Value Measurements and Disclosures"*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1	inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date
Level 2	inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability
Level 3	inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used for the year ended December 31, 2021.

Pooled separate accounts	Valued at the daily closing price as reported by the fund which is deemed to be actively traded.
Fully benefit-responsive investment contract	Valued at total cost of the investment, amount paid at time of purchase plus or minus any additional deposits or withdrawals, plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value of reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair-value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

Descriptions	2021	2020
Level 1	$ 1,946,144	$ 1,857,690
Level 2	219,214	364,883
Level 3	-	-
	$ 2,165,358	$ 2,222,573

Note 8 – Party-In-Interest Transactions

The Plan engages in certain transactions involving Voya Retirement Insurance and Annuity Company, the Custodian of the Plan, or its affiliates. These transactions involve investments in pooled separate accounts and a fully benefit-responsive investment contract which managed by Voya Retirement Insurance and Annuity Company or its affiliates. Also, the Plan has notes receivable from participants and the related interest income. The Plan makes payments to parties in interest who provide services to the Plan.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 9 – Financial Information Certified by Custodian

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan, Voya Retirement Insurance and Annuity Company for 2021 and 2020. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate at December 31, 2021 and 2020 and for the year ended December 31, 2021, as follows:

Statements of net assets available for benefits:	2021	2020
Pooled separate accounts at fair value	$ 1,946,144	$ 1,857,690
Fully benefit-responsive investment contract at contract value	219,214	364,883
Investments at fair value	$ 2,165,358	$ 2,222,573
Statements of changes in net assets available for benefits:		
Net appreciation of investments	$ 221,264	

All investment balances and information are included in the supplemental schedule at December 31, 2021.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 2,169,748	$ 2,241,817
Add: Corrective distributions payable	21,070	14,707
Net assets available for benefits per the Form 5500	$ 2,190,818	$ 2,256,524

The following is a reconciliation of the total corrective distributions per the financial statements to the Form 5500 for the year ended December 31, 2021:

	2021
Corrective distributions per the financial statements	$ 21,070
Add: Prior year corrective distributions	14,707
Less: Current year corrective distributions	(21,070)
Corrective distributions per the Form 5500	$ 14,707

Note 11 – Subsequent Event

Management has evaluated subsequent events that occurred subsequent to December 31, 2021 through August 17, 2022, the date at which the financial statements were available to be issued. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements, except for the corrective distributions disclosed in Notes 2 and 10.
