To Abraham Eshkenazi and Management
APICS, Inc. 401(k) Plan

We have audited the financial statements of APICS, Inc. 401(k) Plan (the "Plan") as of and for the year ended December 31, 2021 and have issued our report thereon dated September 23, 2022. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Sections I and II include information that we are required to communicate to those individuals charged with governance of the Plan. Section I communicates a recommendation for management based on our observations of the Plan's internal controls. Section II communicates significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process.

We would like to take this opportunity to thank the Plan's staff for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of Abraham Eshkenazi and management of APICS, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications, and we would be willing to discuss these or any other questions that you might have at your convenience.

Very truly yours,

Plante & Moran, PLLC

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our ERISA Section 103(a)(3)(C) audit of the financial statements of APICS, Inc. 401(k) Plan as of and for the year ended December 31, 2021, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our ERISA Section 103(a)(3)(C) audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. We considered internal control as a basis for designing our procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We did not identify any material weaknesses or significant deficiencies. However, based on our observations of the Plan's internal controls, we have the following recommendation:

SOC-1 Report Review

Based on our internal control testing procedures, we noted that the SOC-1 reports for service organizations are reviewed annually by management. However, there is no formal documentation of this review.

We recommend that management document their review of SOC-1 reports annually via a SOC-1 review checklist, printed report with sign-off, or email indicating date of review.

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 20, 2022, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on June 8, 2022.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2021.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Section II - Required Communications with Those Charged with Governance (Continued)

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 23, 2022.

Form 5500 - Annual Return/Report of Employee Benefit Plan

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Other Information Provided for Your Consideration

Timely Deposit of Employee Deferrals

A Department of Labor regulation requires that benefit plans remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. In no case can this amount of time exceed 15 business days after the end of the month in which the amounts were withheld. The 15-business-day rule, however, is not a safe harbor. The general rule has been interpreted as being as little as zero days for entities with more than 100 employees. The DOL also looks at the consistency of timing and holds employers to the least number of days for deposits when determining if contributions are timely.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
