INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
WABCO 401(k) Retirement Plan
Auburn Hills, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the WABCO 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of WABCO 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WABCO 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WABCO 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WABCO 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of WABCO 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the Company) as defined by the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee was responsible for oversight of the plan and also determined the appropriateness of the Plan's investment offerings and monitored investment performance.

The Plan offered a wide variety of mutual funds and common collective trusts as investment options in the plan. This variety allowed participants to select the option(s) that best reflect their investment style – from conservative to aggressive. Flexible provisions allowed participants to transfer invested assets between funds and redirect the investment of current and future contributions as specified by the governing plan document and contract provisions.

Effective September 24, 2021, the plan document was restated in its entirety as required. Significant changes in provisions of the plan was to change the employer matching formula from a discretionary formula to a safe-harbor match formula and to update the participating employers.

Plan Merger

During 2021, the Plan sponsor approved the merger of this Plan into the ZF North America, Inc. 401(k) & Retirement Plan, effective January 1, 2022. As a result, on December 31, 2021, all Plan assets were transferred from this Plan to the ZF North America, Inc. 401(k) & Retirement Plan. The Company has appointed Fidelity Management Trust Company to serve as the successor trustee, who was also the trustee of the Plan prior to merger. See Note 8 for additional information regarding details on the plan merger.

Plan Spin Off

During 2020, the Plan sponsor approved a spin-off of this plan into the Bendix Commercial Vehicle Systems LLC Savings Plan due to the divestiture of R.H. Sheppard Co. by the Plan sponsor. As a result, on February 12, 2021, plan assets totaling \$45,456,172 were transferred from this Plan to the Bendix Commercial Vehicle Systems LLC Savings Plan. See Note 8 for additional information regarding details on the plan spin off.

Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

All investments were participant-directed and participants could change their investment options at any time. Upon enrollment, a participant could direct employee contributions in percentage increments to any of the Plan's fund options. If a participant was automatically enrolled, their contributions were invested in a Charles Schwab Target Date Fund, based on the assumption that the participant would retire at age 65, until the participant changed the election.

Note 1: Description of Plan (Continued)

Contributions

Each year, participants could contribute up to 50 percent of pretax annual compensation, as defined in the Plan document and subject to various regulatory limitations, through a salary reduction agreement. Participants who had attained the age of 50 before the end of the Plan year were also eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. The Plan included an automatic enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 6 percent of eligible compensation until changed by the participant.

Each pay period, the Company matched participant deferral contributions dollar-for-dollar, up to a maximum of 6 percent of eligible compensation. In addition, each pay period, the Company contributed a basic contribution representing 3 percent of each participant's eligible pay to the participants account regardless of the participants contribution level. During the year ended December 31, 2021, the Company made \$4,572,260 in contributions to the Plan. Additional amounts could be contributed at the discretion of the Company's Board of Directors. No such additional contributions were made during 2021.

Vesting

Participants were immediately 100 percent vested in both their own contributions and the Company's basic and matching contributions.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. Up to 50 percent of a participant's vested account balance could be used as collateral for any loan. Participants could only have two loans outstanding at any given time and could not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans had to be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period, unless the loan was for the purchase of a principal residence, in which case the loan repayment period could not extend beyond 30 years from the date of the loan. All loans bore a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2021, there were no outstanding participant loans.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary could elect to receive a lump-sum amount equal to the vested value of the participants account or installments over a period of time. Hardship distributions were permitted upon demonstration of financial hardship. All fully vested balances were available for distribution after the participant reached the age of 59½. When a participant separated from service, a forced payout would be made for account balances of \$5,000 or less. Any force-out distribution that exceeded \$1,000 would automatically be rolled into an individual retirement account on behalf of the participant.

Forfeited Accounts

Typically, the Plan did not have forfeited accounts as participants were immediately vested in all contribution types. However, during 2017 approximately \$70,000 of forfeitures occurred due to excess contributions of participant dollars. At December 31, 2021 and 2020, forfeited accounts totaled \$0 and \$65,800, respectively. The funds in the forfeited accounts were transferred to the ZF North America, Inc. 401(k) & Retirement Plan as part of the merger as described in Note 1.

Note 1: Description of Plan (Continued)

COVID-19

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to the global outbreak of the novel coronavirus (COVID-19). The CARES Act included several relief provisions available to retirement plans and their participants. The Plan implemented the following relief provisions.

- COVID-19 related distributions: Qualified participants could receive COVID-19 related distributions of up to \$100,000 of their vested Plan account during 2020 without an early withdrawal penalty. These distributions are eligible for repayment within three years.
- Participant loans: Increase of loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments during December 31, 2020. Repayments were required to resume in January 2021. Impacted loans were re-amortized to extend the payoff period by one year and include accrued interest for the suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required the Plan administrator to make estimates and assumptions that affected the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2021 or 2020. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Certain fees related to the administration of the plan were charged directly to the participant's account, were netted against off-setting revenue credits, and were included in administrative expenses.

Subsequent Events

Subsequent Events were evaluated through October 5, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies – Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan held no investments as of December 31, 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value
December 31, 2020				
Mutual Funds	\$ 48,001,164	\$ -	\$ -	\$ 48,001,164
Total Assets in Fair Value Hierarchy	<u>\$ 48,001,164</u>	<u>\$ -</u>	<u>\$ -</u>	48,001,164
Investments Measured at Net Asset Value (a)				<u>81,754,771</u>
Total Assets at Fair Value				<u>\$ 129,755,935</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lined items presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The Plan had no investments measured at fair value based on NAV per share as of December 31, 2021.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020:

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	<u>\$ 81,754,771</u>	\$ -	Daily	N/A

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 4: Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the underlying volume submitter plan by a letter dated June 30, 2020, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Risk and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2020, the Plan had two investments that accounted for approximately 21 percent of the Plan's total assets.

Note 6: Information Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee of the plan:

	2021	2020
Assets as of December 31:		
Interest bearing cash	\$ -	\$ 5,469
Investments, at fair value	-	129,755,935
Notes receivable from participants	-	3,345,170
	2021	
Income for the Year Ended December 31:		
Net appreciation in fair value of investments	\$ 11,433,167	
Dividends and interest	2,742,107	
Interest income on notes receivable from participants	88,992	

Note 7: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Fidelity Management Trust Company, the trustee of the Plan, managed certain Plan investments; therefore, these transactions qualified as party-in-interest transactions. However, the transactions were not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions. Fees incurred by the Plan for the investment management services were included in net appreciation in fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. The plan sponsor paid directly any other fees related to the Plan's operations, except for certain participant transaction fees included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

Notes to the Financial Statements
December 31, 2021 and 2020

Note 8: Plan Transfers and Termination

On February 12, 2021, all plan assets related to the R.H. Sheppard Co., Inc. employees totaling \$45,456,172 were transferred out of the Plan as a result of the Plan sponsor divesting of the R.H. Sheppard Co., Inc. on May 31, 2020. The assets were transferred to the Bendix Commercial Vehicle Systems Saving Plan. The transfer consisted of \$42,678,783 of liquidated assets, \$1,225,185 of in-kind investments, and \$1,558,769 of participant loans.

As described in Note 1, the Plan sponsor approved a merger with the ZF North America, Inc. 401(k) & Retirement Plan effective January 1, 2022. As of December 31, 2021, Plan assets totaling \$99,024,567 were transferred to the ZF North America, Inc. 401(k) & Retirement Plan. The transfer consisted of \$97,444,222 of liquidated assets that were mapped to other investment funds and \$1,580,345 of participant loans. The Plan did not survive the merger.
