INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Expotel Hospitality Services 401(k) Plan,
Metairie, Louisiana.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Expotel Hospitality Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained a certification from a qualified institution as of, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 Financial Statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Expotel Hospitality Services 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**Expotel Hospitality Services 401(k) Plan**

December 31, 2021 and 2020

Note 1 - DESCRIPTION OF THE PLAN

The following description of the Expotel Hospitality Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan was formed and adopted by Expotel Hospitality Services, LLC and its controlled group members (the "Company"), effective January 1, 2001. The Plan is a defined contribution plan covering all employees of the Company who have three months of service (one year of service prior to November 1, 2019), at least 250 hours of service, and are age 21 or older. Service prior to age 18 is excluded from eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Plan Amendments

To comply with the final hardship regulations issued by the Internal Revenue Service, the hardship provisions of the Plan were amended effective January 1, 2020, as follows:

- To permit hardship withdrawals from qualified nonelective contributions.
- To permit hardship withdrawals for expenses for medical care, educational expenses, or burial or funeral expenses for a primary beneficiary.
- To permit hardship withdrawals for expenses and losses from a disaster declared by the federal emergency management agency.
- To remove the requirement that a participant obtain all available nontaxable loans available under the Plan prior to qualifying for a hardship distribution.
- To eliminate the six-month suspension of deferrals following hardship distributions.
- To require a participant to provide a written representation that he or she has insufficient cash or other liquid assets reasonably available to satisfy the need.

Note 1 - DESCRIPTION OF THE PLAN (Continued)

b. Plan Amendments (Continued)

The Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act permitted plans to implement its provisions immediately, provided the plan document is retroactively amended on or before December 31, 2025. Plan management elected to implement, and will formally amend the plan document to adopt, the following provisions of the CARES Act:

- On or after April 20, 2020 and before December 31, 2020, any affected individual, as defined in the CARES Act, could request a distribution from his or her vested account, up to a maximum of \$100,000. Active employees who received a coronavirus-related distribution had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.
- Required minimum distributions (RMDs) are waived for calendar year 2020 and previously withdrawn 2020 RMDs are permitted to be rolled back into the Plan on or before August 31, 2020.

c. Contributions

Each year, participants may contribute, by salary reduction pursuant to Section 401(k) of the Internal Revenue Code (the "Code"), up to 100% of pretax annual compensation, as defined in the Plan, not to exceed statutory limits. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Additionally, the Plan allows participants to contribute to the Plan after-tax salary deferrals. Participants may also rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In any plan year, the Company, at its discretion, may make contributions to the Plan, the amount of which is determined by the Company's board of directors, subject to certain limitations. For the year ended December 31, 2021, the Company matched 50% of each participant's elective deferral up to 6% of the participant's eligible compensation. This percentage is limited to the amount deductible under applicable provisions of the Code. For the year ended December 31, 2021, the Company contributed \$112,717.

Note 1 - DESCRIPTION OF THE PLAN (Continued)

d. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with plan losses and an allocation of administrative expenses that are paid by the Plan. Allocations of the Company's contributions are based on participant compensation or salary deferrals, as defined in the plan document. Allocations of plan earnings or losses and expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their salary deferral contributions and rollovers, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service.

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

f. Investment Options

The Plan provided a participant-directed investment program, whereby participants select the investments for their accounts. The Plan currently offers various investment options under a group annuity contract with Transamerica Life Insurance Company ("Transamerica"), the custodian of the Plan. Participants may direct their investments into the Transamerica Financial Life Insurance Company Stable Value Fund or various pooled separate accounts.

The investment options represented several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

Note 1 - DESCRIPTION OF THE PLAN (Continued)

g. Notes Receivable From Plan Participants

Notes receivable from plan participants are not permitted.

h. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons and for amounts between \$1,000 and \$5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with a vested interest of \$1,000 or less will be subject to the mandatory cash out provisions of the Plan. The Plan allows in-service withdrawals for participants that are age 59½, fully vested, and have a vested balance of \$1,000 minimum. Hardship withdrawals are permitted from the participant's voluntary contribution account for specific financial hardships.

i. Forfeited Accounts

Forfeitures are to be used to pay administrative expenses and then, to the extent available, will be used to reduce future Company contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts plus earnings thereon totaled \$49,436 and \$54,344, respectively. During 2021, forfeitures were used to pay administrative expenses totaling \$13,805.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

f. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2022, the date the financial statements were available to be issued.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

As of December 31, 2021 and 2020 and for year ended December 31, 2021, the Plan's investments were held by Transamerica, the custodian of the Plan. The following information summarizes the Plan's investment information that is included in the financial statements based on the information certified by Transamerica as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	<u>2021</u>	<u>2020</u>
Investments, at fair value	<u>\$3,315,393</u>	<u>\$2,664,645</u>
Net appreciation in fair value of investments	<u>\$ 429,589</u>	
Interest income	<u>\$ 3,198</u>	

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- *Stable Value:* Valued at the net asset value (NAV) of the units of the stable value account. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the amounts contributed or transferred into the account; less any withdrawals or transfers out plus accrued interest. Earnings are determined by the daily crediting of interest which is subject to minimum contractual guarantees.
- *Pooled Separate Accounts:* Valued at the NAV of the units of the pooled separate account. The NAV, as provided by Transamerica is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported fair value.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value on a recurring basis are comprised of and determined as follows:

	Assets at Fair Value as of December 31, 2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Totals</u>

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy presented in the statement of net assets available for benefits.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020.

	2021	2020	Commitments	Frequency	Notice Period

Transamerica Financial Life Insurance Company Stable Value Fund	<u>\$ 425,371</u>	<u>\$ 422,325</u>	N/A	Daily	None ¹

¹ Investments in the Transamerica Financial Life Insurance Company Stable Value Fund are subject to certain potential limitations on the transfer to other investment options and on the timing of withdrawals.

Note 5 - GROUP ANNUITY CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMPANY

Assets of the Plan are invested in a group annuity contract with Transamerica. Transamerica maintains contributions in pooled separate accounts and a stable value option. The accounts are credited with earnings on the underlying investments and charged for participants' withdrawals and investment management and administrative fees assessed by Transamerica. The investment contract is fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Transamerica such as amendments to the plan document and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 - GROUP ANNUITY CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMPANY (Continued)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. In the event of contract discontinuance, no surrender charges will apply to the investment contract. Transamerica has represented to management that fair values were necessary to report on the investments contract value as of December 31, 2021 and 2020. Transamerica guarantees the interest rate earned on funds in the Transamerica Stable Value Fund. The guaranteed rates on the Transamerica Stable Value Fund are declared semi-annually (.75% and .80% annualized rate for the years ended December 31, 2021 and 2020, respectively) and an actual interest earned approximates the semi-annual rate.

The average yield on the Transamerica Stable Value Fund was approximately .75% for the year ended December 31, 2021. The interest rate is based on a formula agreed upon with the issuer.

During 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts appreciated in value by \$429,589. The stable value fund earned interest income of \$3,198 during 2021.

Note 6 - RISKS AND UNCERTAINTIES

The Plan provides for investments in a stable value option. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the underlying investment securities and, therefore, in the investment contract, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Note 8 - TAX STATUS

Effective January 1, 2017, the Plan was amended and restated by the adoption of a SMA Services, Inc. non-standardized prototype profit sharing plan. The document sponsor received a favorable opinion letter as a non-standardized profit sharing plan from the IRS dated March 31, 2014, which states that the non-standardized plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - RELATED PARTY TRANSACTIONS

Plan assets are invested in a group annuity contract offered by Transamerica. Transamerica acted as custodian for only those investments as defined by the Plan and provided administrative and record-keeping services to the Plan. Accordingly, these transactions qualify as party-in-interest transactions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Expotel Hospitality Services 401(k) Plan,
Metairie, Louisiana.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Expotel Hospitality Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained a certification from a qualified institution as of, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 Financial Statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Expotel Hospitality Services 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS**Expotel Hospitality Services 401(k) Plan**

December 31, 2021 and 2020

Note 1 - DESCRIPTION OF THE PLAN

The following description of the Expotel Hospitality Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan was formed and adopted by Expotel Hospitality Services, LLC and its controlled group members (the "Company"), effective January 1, 2001. The Plan is a defined contribution plan covering all employees of the Company who have three months of service (one year of service prior to November 1, 2019), at least 250 hours of service, and are age 21 or older. Service prior to age 18 is excluded from eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Plan Amendments

To comply with the final hardship regulations issued by the Internal Revenue Service, the hardship provisions of the Plan were amended effective January 1, 2020, as follows:

- To permit hardship withdrawals from qualified nonelective contributions.
- To permit hardship withdrawals for expenses for medical care, educational expenses, or burial or funeral expenses for a primary beneficiary.
- To permit hardship withdrawals for expenses and losses from a disaster declared by the federal emergency management agency.
- To remove the requirement that a participant obtain all available nontaxable loans available under the Plan prior to qualifying for a hardship distribution.
- To eliminate the six-month suspension of deferrals following hardship distributions.
- To require a participant to provide a written representation that he or she has insufficient cash or other liquid assets reasonably available to satisfy the need.

Note 1 - DESCRIPTION OF THE PLAN (Continued)

b. Plan Amendments (Continued)

The Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act permitted plans to implement its provisions immediately, provided the plan document is retroactively amended on or before December 31, 2025. Plan management elected to implement, and will formally amend the plan document to adopt, the following provisions of the CARES Act:

- On or after April 20, 2020 and before December 31, 2020, any affected individual, as defined in the CARES Act, could request a distribution from his or her vested account, up to a maximum of \$100,000. Active employees who received a coronavirus-related distribution had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.
- Required minimum distributions (RMDs) are waived for calendar year 2020 and previously withdrawn 2020 RMDs are permitted to be rolled back into the Plan on or before August 31, 2020.

c. Contributions

Each year, participants may contribute, by salary reduction pursuant to Section 401(k) of the Internal Revenue Code (the "Code"), up to 100% of pretax annual compensation, as defined in the Plan, not to exceed statutory limits. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Additionally, the Plan allows participants to contribute to the Plan after-tax salary deferrals. Participants may also rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In any plan year, the Company, at its discretion, may make contributions to the Plan, the amount of which is determined by the Company's board of directors, subject to certain limitations. For the year ended December 31, 2021, the Company matched 50% of each participant's elective deferral up to 6% of the participant's eligible compensation. This percentage is limited to the amount deductible under applicable provisions of the Code. For the year ended December 31, 2021, the Company contributed \$112,717.

Note 1 - DESCRIPTION OF THE PLAN (Continued)

d. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with plan losses and an allocation of administrative expenses that are paid by the Plan. Allocations of the Company's contributions are based on participant compensation or salary deferrals, as defined in the plan document. Allocations of plan earnings or losses and expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their salary deferral contributions and rollovers, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service.

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

f. Investment Options

The Plan provided a participant-directed investment program, whereby participants select the investments for their accounts. The Plan currently offers various investment options under a group annuity contract with Transamerica Life Insurance Company ("Transamerica"), the custodian of the Plan. Participants may direct their investments into the Transamerica Financial Life Insurance Company Stable Value Fund or various pooled separate accounts.

The investment options represented several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

Note 1 - DESCRIPTION OF THE PLAN (Continued)

g. Notes Receivable From Plan Participants

Notes receivable from plan participants are not permitted.

h. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons and for amounts between \$1,000 and \$5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with a vested interest of \$1,000 or less will be subject to the mandatory cash out provisions of the Plan. The Plan allows in-service withdrawals for participants that are age 59½, fully vested, and have a vested balance of \$1,000 minimum. Hardship withdrawals are permitted from the participant's voluntary contribution account for specific financial hardships.

i. Forfeited Accounts

Forfeitures are to be used to pay administrative expenses and then, to the extent available, will be used to reduce future Company contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts plus earnings thereon totaled \$49,436 and \$54,344, respectively. During 2021, forfeitures were used to pay administrative expenses totaling \$13,805.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

f. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events through October 1, 2022, the date the financial statements were available to be issued.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

As of December 31, 2021 and 2020 and for year ended December 31, 2021, the Plan's investments were held by Transamerica, the custodian of the Plan. The following information summarizes the Plan's investment information that is included in the financial statements based on the information certified by Transamerica as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	<u>2021</u>	<u>2020</u>
Investments, at fair value	<u>\$3,315,393</u>	<u>\$2,664,645</u>
Net appreciation in fair value of investments	<u>\$ 429,589</u>	
Interest income	<u>\$ 3,198</u>	

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

- *Stable Value:* Valued at the net asset value (NAV) of the units of the stable value account. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the amounts contributed or transferred into the account; less any withdrawals or transfers out plus accrued interest. Earnings are determined by the daily crediting of interest which is subject to minimum contractual guarantees.
- *Pooled Separate Accounts:* Valued at the NAV of the units of the pooled separate account. The NAV, as provided by Transamerica is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported fair value.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value on a recurring basis are comprised of and determined as follows:

	Assets at Fair Value as of December 31, 2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Totals</u>
Total assets in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

- ^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy presented in the statement of net assets available for benefits.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020.

	Fair Value December 31,		Unfunded	Redemption	Redemption
	2021	2020	Commitments	Frequency	Notice Period

Transamerica Financial Life Insurance Company Stable Value Fund	<u>\$ 425,371</u>	<u>\$ 422,325</u>	N/A	Daily	None ¹

¹ Investments in the Transamerica Financial Life Insurance Company Stable Value Fund are subject to certain potential limitations on the transfer to other investment options and on the timing of withdrawals.

Note 5 - GROUP ANNUITY CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMPANY

Assets of the Plan are invested in a group annuity contract with Transamerica. Transamerica maintains contributions in pooled separate accounts and a stable value option. The accounts are credited with earnings on the underlying investments and charged for participants' withdrawals and investment management and administrative fees assessed by Transamerica. The investment contract is fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Transamerica such as amendments to the plan document and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 - GROUP ANNUITY CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMPANY (Continued)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. In the event of contract discontinuance, no surrender charges will apply to the investment contract. Transamerica has represented to management that fair values were necessary to report on the investments contract value as of December 31, 2021 and 2020. Transamerica guarantees the interest rate earned on funds in the Transamerica Stable Value Fund. The guaranteed rates on the Transamerica Stable Value Fund are declared semi-annually (.75% and .80% annualized rate for the years ended December 31, 2021 and 2020, respectively) and an actual interest earned approximates the semi-annual rate.

The average yield on the Transamerica Stable Value Fund was approximately .75% for the year ended December 31, 2021. The interest rate is based on a formula agreed upon with the issuer.

During 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts appreciated in value by \$429,589. The stable value fund earned interest income of \$3,198 during 2021.

Note 6 - RISKS AND UNCERTAINTIES

The Plan provides for investments in a stable value option. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the underlying investment securities and, therefore, in the investment contract, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Note 8 - TAX STATUS

Effective January 1, 2017, the Plan was amended and restated by the adoption of a SMA Services, Inc. non-standardized prototype profit sharing plan. The document sponsor received a favorable opinion letter as a non-standardized profit sharing plan from the IRS dated March 31, 2014, which states that the non-standardized plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - RELATED PARTY TRANSACTIONS

Plan assets are invested in a group annuity contract offered by Transamerica. Transamerica acted as custodian for only those investments as defined by the Plan and provided administrative and record-keeping services to the Plan. Accordingly, these transactions qualify as party-in-interest transactions.
