Board of Directors
Lozier Corporation Pension Plan for Joplin Production Employees and Trust
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Lozier Corporation Pension Plan for Joplin Production Employees and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits in liquidation as of December 31, 2021, the related statement of changes in net assets available for benefits in liquidation for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 4 to the financial statements, the Plan was terminated effective December 31, 2020. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the going concern basis to the liquidation basis used in presenting the 2021 and 2020 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Lozier Corporation Pension Plan for Joplin Production Employees and Trust

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following brief description of the Lozier Corporation Pension Plan for Joplin Production Employees and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering all production employees of Lozier Corporation's (the Company) Joplin operations. Effective March 1, 2008, employees hired, rehired or transferred from other ineligible Company groups on or after March 1, 2008 are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2020, the Company elected to terminate the Plan and the termination process was completed by December 31, 2021. See Note 4.

Pension Benefits

In accordance with the Plan's termination amendment, all participants are fully vested in their benefits. All participants are to be paid a single sum amount equal to the present value of the participant's accrued benefit determined on the date of distribution. A participant may elect to receive an immediate annuity, provided that all necessary forms are completed within a certain amount of time of the distribution of assets for Plan termination purposes. The optional form is available only if the present value of the participant's accrued benefit exceeds \$1,000.

Death Benefits

If a participant that has been married for at least one year should die before retirement, the Plan contains a death benefit for the surviving spouse. The amount of the monthly spousal benefit depends on the age of the employee at death and years of service.

Funding Policy

Prior to termination of the Plan, the Company's funding policy was to make contributions to the Plan in amounts necessary to at least meet the minimum funding requirements of ERISA as determined by the Plan's actuary. Upon termination in 2021, the Company was required to contribute \$528,102.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below:

Basis of Accounting

Due to the termination of the Plan during 2020, management determined that liquidation of the Plan is imminent and, accordingly, the financial statements for 2021 and 2020 have been prepared using the liquidation basis of accounting as required under Financial Accounting Standards Board ASC 205-30-25.

Under the liquidation basis of accounting, the Plan is to recognize all income and expenses it will incur to liquidate the Plan. The Plan will settle its payments to Plan participants by liquidating the remaining investments and the Plan Sponsor will contribute funds to cover any expenses remaining as necessary. No funds are expected to remain in the Plan after payments are made to participants. All investments were measured at liquidation value as of December 31, 2020 which in most cases approximated fair value. The final liquidation payments from the Plan occurred during the year ended December 31, 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan utilizes various investments. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Investment Valuation and Income Recognition

Investments are reported at fair value, which represents liquidation value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation included in the Plan's statement of changes in net assets available for benefits in liquidation consists of the realized gains and losses and unrealized appreciation or depreciation on the Plan's investments.

Notes to Financial Statements

Plan Expenses

Certain administrative expenses, primarily audit fees and actuary fees, are paid by the Company for the Plan; such administrative expenses are not reflected in the Plan's financial statements. Other administrative expenses, primarily asset management fees, contract administration and record keeping fees, are paid by the Plan; such administrative expenses are reflected in the Plan's financial statements.

Payment of Benefits

Benefit payments are recorded upon distribution.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits in liquidation date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 4, 2022, noting no items requiring disclosure.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their spouses, (b) spouses of employees who have died and (c) present employees or their spouses. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by an independent actuary and was the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

During the Plan year ended December 31, 2020, an election was made to terminate the Plan. The accumulated pension benefit obligation was either fully distributed to participants or transferred to a third party through the purchase of annuity contracts on behalf of the participants during the Plan year ended December 31, 2021. Accordingly, the accumulated pension benefit obligation has been fully satisfied as of December 31, 2021.

4. Plan Termination

The Company exercised the right to terminate the Plan during the year ended December 31, 2020. Upon the termination date, the net assets of the Plan were in the process of being allocated as prescribed by ERISA and its related regulations. The final liquidation payments from the Plan occurred during the year ended December 31, 2021. Upon the termination, all participants became fully vested. Participants had the option to receive their vested benefits in one of the following ways if the present value of the participant's accrued benefit exceeded \$1,000:

- (a) *Single Sum Payment:* A participant who had not commenced receiving payment of Plan benefits before the termination of the Plan in the form of a deferred or immediate annuity may elect to receive a single sum payment in lieu of other benefits under this Plan. The amount of the single sum payment was equal to the present value of the participant's accrued benefit determined on the date of distribution. The election to receive a single sum payment in lieu of all other benefits was made in such form as prescribed by the plan administrator before the distribution date of the Plan benefits upon termination.
- (b) *Immediate Annuity:* A participant may elect to receive an immediate annuity, provided that all necessary forms were completed within 30 days of the distribution of assets for Plan termination purposes. If the participant failed to complete such forms within the 30-day period, this option was revoked, and a deferred annuity was provided to the participant.
 - a. If the participant had not reached a Retirement Date, the following provision related to the immediate annuity shall applied:
 - i. The immediate annuity payable under the normal form was the actuarial equivalent of the deferred monthly retirement benefit the participant would be entitled to on his normal retirement date payable under the normal form.
 - ii. The form of distributions for the immediate annuity was one of the following: Single Life Annuity, 10 Year Certain & Life Annuity; Qualified 75% Joint & Survivorship Annuity; and Qualified 100% Joint & Survivorship Annuity. Such form was the actuarial equivalent of immediate annuity payable under the normal form.
 - iii. Actuarial equivalent as described in (i) and (ii) above was determined on the basis of the applicable interest rate and the applicable mortality table.
- (c) If neither of the above forms of payment were elected, the participant's Plan benefit was distributed in the form of an annuity permitted or required by the Plan that was purchased for the participant.

Certain benefits under the Plan were insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of the benefit protection is subject to certain limitations.

Lozier Corporation Pension Plan for Joplin Production Employees and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically on the amount of an individual's monthly benefit that it guaranteed.

5. Tax Status

The Internal Revenue Service has determined and informed the Company by letters dated September 13, 2021 and September 5, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information Certified by Principal Life Insurance Company and Russell Trust Company (Unaudited)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplementary information, that was prepared by or derived from information prepared by Principal Life Insurance Company, a custodian of the Plan, or Russell Trust Company, the trustee and a custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

7. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means; If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The Common-Collective Trust Funds were valued at the Net Asset Value (NAV) of units of the collective trust. The NAV, provided by the custodian, was used as a practical expedient to estimate the fair value.

The general investment fund was valued at estimated fair value. The method used for determining fair value was a cash flow discounting model, whereby future cash flows are projected for each investment cell and each type of investment (private placement bonds, commercial mortgages, and residential mortgages).

Notes to Financial Statements

December 31, 2021 and 2020

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments at fair value as of December 31, 2021.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

	General Investment Fund
Balance, Beginning of Year	\$ 544,780
Interest Credited	14,293
Unrealized Losses	(62,357)
Purchases	59,897
Sales	(556,613)
Balance, End of Year	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common-Collective Trust Funds **	\$ -	\$ -	\$ -	\$ 7,211,719

Total Investments at Fair Value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 544,780</u>	<u>\$ 7,756,499</u>

** The fair value of investments in the Common-Collective Trust Funds is valued based on the funds' net asset value (NAV) or its equivalent, as supplied by the fund administrator. This classification above excludes a level in line with ASU 2015-07.

General Investment Fund	\$ 544,780	Discounted Cash Flows	Discount Rates Durations	.34% - 6.10% .50 - 30 years

8. Related Party Transactions

Certain Plan investments were common-collective trusts and a general investment fund managed by Principal Life Insurance Company or Russell Trust Company. These transactions qualified as party-in-interest.

9. Reconciliation of Financial Statements to Form 5500

The Company has prepared the financial statements on the liquidation basis of accounting; however, the Company has elected to prepare Form 5500 on the cash basis of accounting.

The following is a reconciliation of net assets available for benefits in liquidation per the financial statements to the Form 5500 at December 31, 2021 and 2020:
