Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Keystone Senior Management Services, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution (Newport Trust Company, trustee of the Plan) as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL; and
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than GAAP. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, permitted by the DOL.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedule of delinquent participant contributions for the year ended December 31, 2021, and the schedule of assets (held at end of year) (modified cash basis) are presented for purposes of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits (modified cash basis) of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated August 23, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Keystone Senior Management Services, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Keystone Senior Management Services, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2018, covering substantially all employees of Keystone Senior Management Services, Inc. and affiliated employers; KSMS Warren Ohio, Inc.; KSMS Connecticut, Inc.; and KSMS Wisconsin, Inc. (the Group or Plan Sponsor). Employees may enter the Plan on the first day of the month after achieving 90 days of service and 21 years of age. Participants are eligible for discretionary employer matching and profit-sharing on the first day of the month after achieving one year of service as defined by the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2022, the Plan was restated and amended to comply with new laws and regulations.

Contributions

Participants may contribute up to 100% of their pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may elect to contribute funds on a pre-tax elective deferral basis, on a post-tax elective deferral basis, or a combination of the two. Participant contributions are presented net of prior year corrective distributions (if any). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

The Group may elect to provide discretionary matching contributions and discretionary profit-sharing contributions each plan year. The extent and amount of each year's contributions, if any, is at the discretion of the Plan Sponsor and are calculated and funded on a quarterly basis. The Group made discretionary matching contributions of \$91,756 in 2021 which was equal to 50% of the participants' contributions that did not exceed 2% of a participant's annual salary. No discretionary profit-sharing contribution was made in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Group's contributions, if any, and Plan earnings, losses, or expenses. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 27 mutual funds as investment options for participants.

Keystone Senior Management Services, Inc. 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Group's contribution portion of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Upon death or total and permanent disability, a participant will become fully vested regardless of the vesting schedule.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to 50% of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 2% (5.25% at December 31, 2021). The interest rate for the loans outstanding as of December 31, 2021 ranged from 5.25% to 7.50%. Equal loan repayments are made through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case, the loan may be repaid over a reasonable period of time (longer than five years). Upon termination, outstanding loan balances are due in full.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant or beneficiary will receive an amount equal to the value of the participant's vested interest in his or her account. In-service distributions are allowed for participants who have attained 59-1/2 years of age. Retirement benefits may be distributed either in a lump sum or in installments over a period of not more than the participant's life expectancy. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Effective January 1, 2022, the Plan was amended to allow the Plan to distribute the entire vested balance out of the Plan if, at termination, the participant's vested balance is \$5,000 or less.

Forfeitures

Forfeitures from nonvested participant accounts may be used to reduce future discretionary Group contributions. Forfeitures used to offset Group contributions during 2021 were \$21,358. Forfeitures included in net assets were \$11,458 and \$20,117 at December 31, 2021 and 2020, respectively.

Keystone Senior Management Services, Inc. 401(k) Plan

Notes to Financial Statements

Administrative Expenses

The Plan Sponsor pays substantially all plan administrative fees which include applicable recordkeeping, accounting, and compliance services and are, therefore, excluded from the accompanying financial statements. Fees for initiation and maintenance of loans and distributions are deducted against the respective participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). The presentation is permitted by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain revenue and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of interest income from participant loans earned at each year-end but not received until the following year.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance. The Plan classifies all participant loans to be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits (modified cash basis). There were no deemed distributions in 2021.

Management Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Keystone Senior Management Services, Inc. 401(k) Plan

Notes to Financial Statements

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – Valued at the net asset value (NAV). The NAV is based on quoted prices in active markets. As a result, the fair value of the account is classified as Level 1.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of:

	Level 1	Total
<u>December 31, 2021</u>		
Mutual funds	\$ 1,644,552	\$ 1,644,552
<u>December 31, 2020</u>		
Mutual funds	\$ 1,075,834	\$ 1,075,834

There were no Level 2 or Level 3 assets at December 31, 2021 or 2020.

Keystone Senior Management Services, Inc. 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan provides investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

The Plan had a concentration in individual investment funds greater than 10% in three funds totaling \$884,317 and in four funds totaling \$600,976 at December 31, 2021 and 2020, respectively.

Excess Contributions

Amounts paid to participants for contributions in excess of amounts allowed by the IRS are recorded as a reduction to contributions when paid. The Plan distributed the 2020 excess contributions of \$36,023 in March 2021. The Plan distributed the 2021 excess contributions of \$31,722 in March 2022. Excess contributions are included in participant contributions in the statement of changes in net assets available for benefits (modified cash basis).

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules as of December 31, 2021 and 2020, and for the year ended December 31, 2021, is complete and accurate:

	December 31,	
	2021	2020
Investments, at fair value - mutual funds	\$ 1,644,552	\$ 1,075,834
Notes receivable from participants	8,178	13,860
	Year Ended	
	December 31,	
	2021	
Net appreciation in fair value of mutual funds	\$ 96,912	
Dividend income from mutual funds	86,273	
Interest income on notes receivable from participants	681	

Keystone Senior Management Services, Inc. 401(k) Plan

Notes to Financial Statements

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Related-party Transactions

The Plan allows participants to obtain loans from the Plan, which are considered party-in-interest transactions. Fees paid by the Plan for administrative services were \$4,114 in 2021. These party-in-interest transactions are not prohibited under ERISA.

5. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and the balance of the net assets of the Plan would be allocated among the participants and beneficiaries as prescribed by ERISA.

6. Tax Status

The Plan has adopted a Volume Submitter Money Purchase Pension Plan sponsored by Newport Trust Company that obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Volume Submitter as then designed, was in compliance with the applicable requirements of the IRC. The determination letter has not been updated for any Plan amendments. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2021 and 2020, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Lost Earnings

The Plan remitted certain employee deferrals of \$14,392 late during 2020. Related lost earnings of \$62 were contributed in August 2021.

8. Subsequent Events

Subsequent events were evaluated through October 5, 2022, the date the financial statements were available to be issued. Except as disclosed at Note 1, no other items were noted requiring disclosure or adjustment.
