REPORT OF INDEPENDENT AUDITOR

TO THE PLAN ADMINISTRATOR

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

I have performed an audit of the financial statements of the Descartes Systems Group Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2; and
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

I draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter- 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held (modified cash basis) as of December 31, 2021 and schedule of delinquent participant contributions (modified cash basis) for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules (modified cash basis), I evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion,

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

I was engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform, and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report dated July 28, 2021, I indicated that (a) because of the significance of the information that I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, I did not express an opinion on the 2020 financial statements (modified cash basis), and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The Descartes Systems Group Employee Retirement Plan (the Plan) was established December 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan covering substantially all non-union employees of Descartes Systems (USA) LLC (the Plan Sponsor or Employer).

The following description of the Plan only provides general information. Participants should refer to the Plan Agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

PLAN TRANSFERS

During March 2021, the Plan Sponsor acquired Vitadex, Inc. dba QuestaWeb, Inc. ("Vitadex"). In connection with this, former employees of Vitadex began participating in the Plan effective March 1, 2021. Effective August 23, 2021, the Vitadex Inc. 401(k) Profit Sharing Plan was merged with the Plan, and approximately \$1,680,000 of assets were transferred into the Plan.

PARTICIPATION

Substantially all non-union employees of the Employer who have attained age 21 and completed three months of service are eligible for participation in the Plan. Employees may enter the Plan on the first day of the month after completing the age and service requirements.

CONTRIBUTIONS

Participants may elect to contribute a specified percentage of their compensation, not to exceed 75% or Internal Revenue Code limitations. Participants may also make after-tax Roth elective contributions.

The Employer makes annual matching contributions equal to 50% of an employee's elective deferral contribution, disregarding any elective deferral contribution in excess of 6% of the participant's compensation, and subject to a \$2,000 annual limit. Participants must be employed on the last day of the Plan year to receive an allocation of matching contributions.

Participants allocate and direct contributions made on their behalf among several investment options offered by the Plan.

EMPLOYEE RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS) (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

VESTING / FORFEITURES

Participant elective deferral contributions are 100 percent vested upon contribution. The participant's vesting percentage in Employer contributions is shown in the following schedule:

<u>Vesting Service (whole years)</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Certain balances transferred from prior plans may be subject to different vesting provisions.

Participants who leave the Employer with less than the required years of service forfeit the nonvested portion of Employer contributions. Forfeited balances are available to reduce expenses associated with the Plan's administration or offset future Employer contributions. Approximately \$10,000 and \$17,000 of forfeited balances were used to reduce Employer contributions during 2021 and 2020, respectively. At December 31, 2021, approximately \$14,000 of forfeited balances are available.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may obtain loans up to the lesser of \$50,000 (reduced by the highest outstanding loan balance the previous year less any current outstanding loan balance), or 50% of the participants' non-forfeitable accrued benefit. Loans are subject to a minimum of \$1,000, and bear interest at the prime rate plus 1%.

PLAN TERMINATION

The Employer intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their Employer contributions.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements and supplemental schedules of the Plan are prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Under this basis, investment assets are reported at fair value, net realized and unrealized appreciation in fair value of investments is recognized, contributions are recognized when received rather than as earned, and benefits and expenses are recognized when paid rather than as incurred.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

VALUATION OF INVESTMENTS

The Plan's investments are recorded at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

USE OF ESTIMATES

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from management's estimates and assumptions.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 *Fair Value Measurements* (ASC Topic 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The financial instruments' fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Registered investment companies – Fair value is based on quoted net asset values of the shares held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair value information for investments held at December 31, 2021 and 2020 is as follows:

December 31, 2021	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:				
Registered investment companies	<u>\$ 53,137,238</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 53,137,238</u>

December 31, 2020	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:				
Registered investment companies	<u>\$ 42,606,123</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,606,123</u>

4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at fair value at December 31, 2021 and 2020, as well as the net gain (loss) from registered investment companies and interest on guaranteed investment contract for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan (a qualified institution).

The Plan Sponsor entered into a group annuity insurance contract with Voya Life Insurance and Annuity Company (Voya). Voya maintains the Plan's original deposits in a general fund to which it adds interest from the underlying investments.

The crediting interest rate is reviewed by Voya on a monthly basis for resetting, with a guaranteed minimum crediting rate of 3.0% through March 2023.

The contract is fully benefit responsive, and accordingly, is valued at contract value as determined by Voya. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and the insurance company's administrative expenses.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Voya. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

4. INVESTMENTS (CONTINUED)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are held in mutual funds and a guaranteed investment contract managed by Voya Life Insurance and Annuity Company, an affiliate of Voya Institutional Trust Company, the trustee of the Plan. Therefore, these transactions and account balances qualify as party-in-interest.

Investment advisory and recordkeeping services are deducted pro-rata against individual participant accounts. Revenue from underlying investments is credited to a recordkeeping expense account. Amounts in this account may be utilized to pay expenses of plan administration. During 2020, fees for audit services were paid from this account. Any revenue credits for a Plan year remaining unutilized as of the subsequent March 31st are allocated to Plan participants. At December 31, 2021 and 2020, approximately \$18,000 and \$14,000, respectively, of credits were available. Any unutilized amounts were allocated in 2022 and 2021.

Other direct expenses paid from Plan assets consist primarily of loan initiation and withdrawal fees deducted from the respective participant accounts. Any other costs of Plan administration are paid by the Plan Sponsor.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Subsequent to the issuance of this opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps to maintain the Plan's qualified status.

**DESCARTES SYSTEMS GROUP
EMPLOYEE RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS) (CONTINUED)

6. TAX STATUS (CONTINUED)

The Plan Sponsor has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to tax examinations for reporting years prior to 2018.

REPORT OF INDEPENDENT AUDITOR

TO THE PLAN ADMINISTRATOR

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

I have performed an audit of the financial statements of the Descartes Systems Group Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2; and
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

I draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter- 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held (modified cash basis) as of December 31, 2021 and schedule of delinquent participant contributions (modified cash basis) for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules (modified cash basis), I evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion,

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

I was engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform, and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report dated July 28, 2021, I indicated that (a) because of the significance of the information that I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, I did not express an opinion on the 2020 financial statements (modified cash basis), and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The Descartes Systems Group Employee Retirement Plan (the Plan) was established December 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan covering substantially all non-union employees of Descartes Systems (USA) LLC (the Plan Sponsor or Employer).

The following description of the Plan only provides general information. Participants should refer to the Plan Agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

PLAN TRANSFERS

During March 2021, the Plan Sponsor acquired Vitadex, Inc. dba QuestaWeb, Inc. ("Vitadex"). In connection with this, former employees of Vitadex began participating in the Plan effective March 1, 2021. Effective August 23, 2021, the Vitadex Inc. 401(k) Profit Sharing Plan was merged with the Plan, and approximately \$1,680,000 of assets were transferred into the Plan.

PARTICIPATION

Substantially all non-union employees of the Employer who have attained age 21 and completed three months of service are eligible for participation in the Plan. Employees may enter the Plan on the first day of the month after completing the age and service requirements.

CONTRIBUTIONS

Participants may elect to contribute a specified percentage of their compensation, not to exceed 75% or Internal Revenue Code limitations. Participants may also make after-tax Roth elective contributions.

The Employer makes annual matching contributions equal to 50% of an employee's elective deferral contribution, disregarding any elective deferral contribution in excess of 6% of the participant's compensation, and subject to a \$2,000 annual limit. Participants must be employed on the last day of the Plan year to receive an allocation of matching contributions.

Participants allocate and direct contributions made on their behalf among several investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS) (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

VESTING / FORFEITURES

Participant elective deferral contributions are 100 percent vested upon contribution. The participant's vesting percentage in Employer contributions is shown in the following schedule:

<u>Vesting Service (whole years)</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Certain balances transferred from prior plans may be subject to different vesting provisions.

Participants who leave the Employer with less than the required years of service forfeit the nonvested portion of Employer contributions. Forfeited balances are available to reduce expenses associated with the Plan's administration or offset future Employer contributions. Approximately \$10,000 and \$17,000 of forfeited balances were used to reduce Employer contributions during 2021 and 2020, respectively. At December 31, 2021, approximately \$14,000 of forfeited balances are available.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may obtain loans up to the lesser of \$50,000 (reduced by the highest outstanding loan balance the previous year less any current outstanding loan balance), or 50% of the participants' non-forfeitable accrued benefit. Loans are subject to a minimum of \$1,000, and bear interest at the prime rate plus 1%.

PLAN TERMINATION

The Employer intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their Employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements and supplemental schedules of the Plan are prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Under this basis, investment assets are reported at fair value, net realized and unrealized appreciation in fair value of investments is recognized, contributions are recognized when received rather than as earned, and benefits and expenses are recognized when paid rather than as incurred.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

VALUATION OF INVESTMENTS

The Plan's investments are recorded at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

USE OF ESTIMATES

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from management's estimates and assumptions.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 *Fair Value Measurements* (ASC Topic 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The financial instruments' fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Registered investment companies – Fair value is based on quoted net asset values of the shares held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair value information for investments held at December 31, 2021 and 2020 is as follows:

December 31, 2021	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:				
Registered investment companies	<u>\$ 53,137,238</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 53,137,238</u>
 December 31, 2020	 Level 1	 Level 2	 Level 3	 Total
Investments in fair value hierarchy:				
Registered investment companies	<u>\$ 42,606,123</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,606,123</u>

4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at fair value at December 31, 2021 and 2020, as well as the net gain (loss) from registered investment companies and interest on guaranteed investment contract for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan (a qualified institution).

The Plan Sponsor entered into a group annuity insurance contract with Voya Life Insurance and Annuity Company (Voya). Voya maintains the Plan's original deposits in a general fund to which it adds interest from the underlying investments.

The crediting interest rate is reviewed by Voya on a monthly basis for resetting, with a guaranteed minimum crediting rate of 3.0% through March 2023.

The contract is fully benefit responsive, and accordingly, is valued at contract value as determined by Voya. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and the insurance company's administrative expenses.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Voya. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

DESCARTES SYSTEMS GROUP EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) (CONTINUED)

4. INVESTMENTS (CONTINUED)

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are held in mutual funds and a guaranteed investment contract managed by Voya Life Insurance and Annuity Company, an affiliate of Voya Institutional Trust Company, the trustee of the Plan. Therefore, these transactions and account balances qualify as party-in-interest.

Investment advisory and recordkeeping services are deducted pro-rata against individual participant accounts. Revenue from underlying investments is credited to a recordkeeping expense account. Amounts in this account may be utilized to pay expenses of plan administration. During 2020, fees for audit services were paid from this account. Any revenue credits for a Plan year remaining unutilized as of the subsequent March 31st are allocated to Plan participants. At December 31, 2021 and 2020, approximately \$18,000 and \$14,000, respectively, of credits were available. Any unutilized amounts were allocated in 2022 and 2021.

Other direct expenses paid from Plan assets consist primarily of loan initiation and withdrawal fees deducted from the respective participant accounts. Any other costs of Plan administration are paid by the Plan Sponsor.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Subsequent to the issuance of this opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps to maintain the Plan's qualified status.

EMPLOYEE RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS) (CONTINUED)

6. TAX STATUS (CONTINUED)

The Plan Sponsor has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to tax examinations for reporting years prior to 2018.
