Independent Auditor's Report

To the Plan Administrator of
Royal Food Service Company, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Royal Food Service Company, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Royal Food Service Company, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Royal Food Service Company, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the Royal Food Service Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective January 1, 1999, covering substantially all employees of Royal Food Service Company, Inc. (the Plan Sponsor or the Company), except for union employees and nonresident aliens. An employee must complete ninety days of service and be twenty-one years of age to participate in the Plan. In order to participate in the Plan Sponsor's contribution, employees must have completed one thousand hours of service during the calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a provision under the Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit the maximum amount of pre-tax and Roth contributions allowed under the IRC, which was \$19,500 in 2021. Participants may designate all or a portion of their elective deferrals as a Roth 401(k) contribution, effective June 1, 2019. Participants who have attained at least age fifty are eligible to make catch-up contributions of up to the maximum amount established by the IRS, which was \$6,500 in 2021.

The Plan Sponsor makes a non-elective safe harbor matching contribution equal to 100% of participants' salary deferrals that do not exceed 3% of the participants' compensation plus 50% of the participants' salary deferrals between 3% and 5% of the participants' compensation. The Plan Sponsor's non-elective safe harbor matching contribution was \$349,641 in 2021.

Effective January 15, 2018, the Plan was amended to remove discretionary matching contribution and discretionary profit-sharing contribution options, as well as modified eligibility requirements to participate in the Plan.

The Plan also permits rollover contributions from other qualified plans and individual retirement accounts. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the plan administrator.

Administration

Reliance Trust Company (Trustee) serves as Trustee of the Plan and holds title to the assets. The Plan Sponsor serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. Transamerica Life and Annuity Company (Transamerica) serves as custodian of the Plan (the Custodian). The Custodian receives all contributions made under the Plan, hold Plan assets, pay benefits to participants and execute other transactions as directed by the plan administrator (Notes 3 and 7).

Administrative Expenses

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal, accounting and recordkeeping fees. However, individual transaction fees for notes receivable from participants and distributions are paid from the participant's account. For administrative expenses not paid by the Plan Sponsor, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participants' Accounts

Each participant's account is credited with pre-tax and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's safe-harbor matching contributions and plan earnings. Earnings, expenses, and gains and losses on investments are allocated based on participant account balances, as defined in the Plan Document.

Vesting

Participants are vested immediately in their voluntary, rollover contributions, and Plan Sponsor non-elective safe harbor contributions plus actual earnings thereon. Participant vesting in Plan Sponsor discretionary contributions and income earned thereon is based on years of service during which an employee is credited with at least 1,000 hours of service with the Plan Sponsor. An employee must exceed 500 hours of service to avoid a break in vesting service. All participants become 100% vested after six years of credited service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of sixty-five or upon disability or death while an employee of the Plan Sponsor.

Any portion of a participant's account balance attributable to pretax or rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the plan administrator, including options for which the Custodian or their affiliates serve as investment advisors (Notes 3 and 7).

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to one outstanding note at a time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years. A note used for financing the purchase of a participant's principal residence may be repaid over a reasonable period of time as determined at the time the note is made, as defined by IRC Section 121. The interest rate on a participant note is determined by the plan administrator based on prevailing rates at the time of the note. Principal and interest are paid ratably through biweekly payroll deductions.

Benefits Paid to Participants

In general, a participant may withdraw up to 100% of their vested account balance, excluding certain Plan Sponsor contributions, in the event of a participant's financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

Effective August 12, 2020, the Plan was restated to allow for in-service distributions of vested account balances upon the attainment of age 59 ½, limited to two per year.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of their account through a lump sum distribution, as defined in the Plan Document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account, through a lump sum distribution of a portion of the account balance. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if the account balance is \$5,000 or less.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Nonvested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or after five breaks in service, subject to reinstatement before the end of five breaks in service, as defined in the Plan Document. During 2021, forfeited nonvested accounts were not used to reduce administrative expenses. Forfeitures of nonvested account balances incurred in 2021 totaled \$2,307. Forfeitures available for future use as of December 31, 2021 and 2020 were \$14,725 and \$12,322, respectively.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual method of accounting.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Note 3: Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2021	2020
Statements of net assets available for benefits:		
Investments, at fair value	\$ 9,404,454	\$ 8,563,904
Investments, at contract value	913,879	840,354
Statement of changes in net assets available for benefits:		
Investment income:		
Net appreciation in fair value of investments	\$ 1,256,965	
Interest and dividends	6,383	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts (PSAs): PSAs are privately managed through investment companies and are not publicly quoted. PSAs are valued by the Custodian at net asset value (NAV) which is based on the value of the underlying assets owned by the PSA, minus any liabilities, and then divided by the number of shares outstanding. The Plan has concluded that the NAVs reported by the investment companies are used as a practical expedient to approximate the fair value of the investments and are not classified in the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or a reflection of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2021 and 2020, all of the Plan's investments are PSAs, which are valued at NAV¹, or fully-benefit responsive investment contracts, which are valued at contract value (Note 5).

(1) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Fully Benefit-Responsive Investment Contract

The Plan has entered into a traditional investment contract through a group annuity contract with the Custodian. The traditional investment contract held by the Plan is a guaranteed investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest, less participant withdrawals and administrative expenses. The Custodian maintains the contributions in a general account secured by the general assets of the Custodian. Guaranteed interest rates and maturity dates are revised semiannually by the Custodian subject to contractual limitation in the contract. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable of occurring.

Note 6: Tax Status

The Plan Sponsor has entered into a non-standardized adoption agreement for a prototype volume submitter profit sharing plan (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Prototype Plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has been amended since the receipt of the favorable opinion letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize the tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to examinations for years prior to 2018.

Note 7: Party-in-Interest Transactions

The Custodian performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits as of December 31, 2021, and the report date, which is the date these financial statements were available for issuance. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
